

ASX ANNOUNCEMENT 12 June 2020

REDUCTION IN DEBT FUNDING ARRANGEMENTS

The Board of Directors is pleased to announce that 333D Ltd (ASX:T3D or “**Company**”) has entered into an agreement with LAX Consulting Pte Ltd of Singapore for a reduction and extension to the existing debt funding facility (“the **Loan**”).

The Loan of \$600,000 required interest payable at the rate of 15 percent per annum (in the event of default, 20 percent per annum). The expiry date of the Loan was 30 June 2020.

The Company advises that the Loan will be extended for a period of 12 months expiring on 30 June 2021 at the rate of 10 percent per annum (in the event of default, 10 percent per annum). Additionally, the Company has negotiated with the lender an interest free period of 6 months commencing 1 July 2020. All other terms remain unchanged.

As part of the new debt funding arrangement, the Company has entered into an agreement with the lender to convert the accrued interest totalling to \$135,000 into fully paid ordinary shares in T3D at the conversion price of \$0.001.

T3D Director, Dr Nigel Finch, says “This is a great outcome for shareholders in the current climate and represents continued ongoing support for the Company. The 50% reduction in the default interest rate, along with the generous interest free period of 6 months, will save around \$90,000 in interest expense during FY2021 and the conversion of the accrued interest into shares will further reduce the Company’s cash commitments.”

This announcement has been authorised for release by the **Board of 333D Limited**.
