

FBR signs display home construction contract with Archistruct

Thursday, 2 July 2020 – Robotic technology company **FBR Limited (ASX:FBR)** ('FBR' or 'the Company') is pleased to announce that the Company has signed a contract with Archistruct Builders & Designers ('Archistruct') to supply blocklaying services for the construction of a display home in Western Australia, with the display home to be purchased by FBR.

After completion of the display home, FBR will open the home to the public and to current and potential collaborators, suppliers and customers from international markets to demonstrate and promote the use of the Hadrian X® in residential home construction.

The new contract replaces the previous agreement between Archistruct and Fastbrick Australia following the announcement of the discontinuation of the Fastbrick Australia joint venture.

FBR's Managing Director & CEO, Mike Pivac: "We are pleased to be continuing our relationship with Archistruct, and we are looking forward to demonstrating the capabilities of the Hadrian X® on a residential building site here in Western Australia together."

This announcement has been authorised for release to the ASX by the Company Secretary.
