Kingsgate Consolidated Limited

Quarterly Report

For the period ending 30 June 2020

KEY ISSUES

CORPORATE

- Following the completion of the arbitral hearings in Singapore and lodgement of final submissions earlier this year, the Kingsgate Board maintains that the company has excellent prospects for a successful outcome.
- The arbitral panel is not required to make a decision on the claim by a prescribed date in the future; rather they have now retired to consider the matter and will render a decision in their own time.
- As previously stated, the TAFTA Tribunal has ordered that the proceedings are to be kept confidential, except where disclosure is required to fulfil a legal duty.
- Kingsgate would also like to address the many fake social media stories emanating from Thailand stating that the TAFTA decision has already been handed down. Kingsgate can confirm that the decision has not been handed down, and shareholders/investors should access trusted sources for accurate updates such as the ASX or company websites.
- Kingsgate remains open to seeking a negotiated settlement of the matter with the Thai Government.

CHILE

- The Environmental Impact Assessment (“RCA-64/20”) for the Nueva Esperanza Gold/Silver Project has been granted.
- The RCA-64/20 effectively allows the pre-development, construction and operation of the three project areas: Arqueros, Chimberos and Teterita.[1] This approval is the successful culmination of 18 months of detailed work that saw Kingsgate working closely with environmental consultants, local indigenous communities and the Chilean Government.
- Kingsgate has also agreed terms with Anglo American to defer payment by Kingsgate of approximately US$3.4 million for both the water rights and project royalties until 2025. This arrangement is subject to completion of final documentation.
- The recent rise in commodity prices has seen renewed interest in the Nueva Esperanza Gold/Silver Project in Chile, and has afforded Kingsgate the opportunity to methodically work its way through all the options available for Nueva Esperanza to maximise the outcome for shareholders.

FINANCIAL

- Kingsgate remains corporate debt free.
- Cash at 30 June 2020 totalled A$15.5 million.
- The majority of expenditure for the quarter related to TAFTA arbitration costs. Now that the hearings have been completed, and final submissions have been lodged with the tribunal, future costs associated with the TAFTA arbitration will be materially less than previous periods.

CHATREE GOLD MINE, Thailand

Care and Maintenance

Akara Resources Public Company Limited ("Akara"), a subsidiary of Kingsgate, ceased operating the Chatree Gold Mine on 31 December 2016 in accordance with the closure order by the Thai Government. Chatree was placed on Care and Maintenance effective 1 January 2017. Approximately 25 full-time staff remain at the Chatree Gold Mine to manage the ongoing Care and Maintenance and rehabilitation works.

At mine closure, approximately US$10 million[1] of gold and silver inventory in the form of high-grade sludge (equivalent to approximately 4,750 ounces of gold and 34,800 ounces of silver) remain at the Chatree site.

NUEVA ESPERANZA PROJECT, Chile

Nueva Esperanza is a feasibility-stage development project with a resource base (inclusive of ore reserves) of approximately 0.49 million ounces gold and 83.4 million ounces of silver. (See ASX:KCN released titled "Kingsgate Mineral Resources and Ore Reserves 2016" dated 7 October 2016).

With the successful settlement in March 2019 of the Political Risk Insurance claim that Kingsgate had in place at the time the Chatree Gold Mine was unlawfully closed by the Thai Government in 2016, the Company has time to carefully consider its options with respect to Nueva Esperanza, and the recent rise in commodity prices has seen renewed interest in the project.

Kingsgate has made all non-essential staff redundant to reduce ongoing holding costs of the project. In addition, Kingsgate has also agreed terms with Anglo American that will see a deferral of fees for both the water rights and project royalty payments until 2025, with an approximate value of US$3.4 million, subject to completion of final documentation.

Permitting

On 14 July 2020, Kingsgate advised that its 100% owned Laguna Resources Chile entity ("LRC") has been granted an Environmental Impact Assessment ("RCA-64/20") approval for the Nueva Esperanza Gold/Silver Project in the Atacama region in northern Chile. (See ASX:KCN release titled "Nueva Esperanza Project – EIA Approved").

This approval will enable the development of the project (subject to compliance with local mining laws/ regulations) and follows a public consultation period that resulted in no objections being lodged against the project, and is the successful culmination of 18 months of detailed work that saw Kingsgate working closely with environmental consultants, local indigenous communities and the Chilean Government.

This comes on the back of Kingsgate negotiating an extension of its water supply agreement for the project, until 2024.

Exploration

There were no exploration activities undertaken at Nueva Esperanza during the quarter.

CORPORATE & FINANCE

At the end of June 2020, Kingsgate's Group Cash totalled A$15.5 million excluding approximately US$10 million[1] of gold and silver inventory in the form of high-grade sludge (equivalent to approximately 4,750 ounces of gold and 34,800 ounces of silver) secured at the Chatree mine site.

The Company is working to fully prosecute its claims against the Kingdom of Thailand under the Australia Thailand Free Trade Agreement.

The Company remains open to settlement of the TAFTA Claim.

Kingsgate continues to review expenditure across the Group.
