8.8 If Item 8.7 is less than 2 quarters, please provide answers to the following questions:

1. Does the entity expect that it will continue to have the current level of net operating cash flows for the time being and, if not, why not?

Answer:

Anticipated level of operating cash outflows is lower due to completion of the DX PFS study in the second quarter of 2020. The Company then expects it has more than 2 quarters of funding available.

2. Has the entity taken any steps, or does it propose to take any steps, to raise further cash to fund its operations and, if so, what are those steps and how likely does it believe that they will be successful?

Answer:

Yes, the Company is planning to raise additional capital in H3 2020 to enable it to continue to fund its exploration and development programme and fulfil its working capital requirements. The directors have identified a number of funding options available. The directors note the Company has a history of successfully raising capital on the AIM and JSE, and in the past on the ASX. However, factors beyond the Company's control, including pandemic diseases such as COVID-19 (coronavirus), which affect the stock markets, may in turn have a negative impact on any fund raising.

3. Does the entity expect to be able to continue its operations and to meet its business objectives and, if so, on what basis?

Answer:

Yes. The Company expects to continue its operations and to meet its business objectives in the coming quarters. Please see Answer 2 above for more details.
