8.8 If Item 8.7 is less than 2 quarters, please provide answers to the following questions:	
1. Does the entity expect that it will continue to have the current level of net operating cash flows for the time being and, if not, why not?	

Answer: No, cash outflows from investing activities for the June quarter reflect:

1. Payments for drilling programmes undertaken at the Red Dale and Mulga 4 prospects and resource estimation at Red Dale.
2. \$200,000 of options exercised in Golden State Mining Limited (ASX Code: GSM)

Lefroy Exploration Limited does not expect to have the same level of net operating cash flows for the time being as:

1. It does not expect to undertake the same level of drilling activity within the next 2 quarters.
2. Shares held as a result of GSM options exercised were sold over the course of July 2020, with net proceeds received of approximately \$412,000.

In the June quarter, Lefroy Exploration Limited announced Mineral Resource Estimates on the ASX for the Red Dale and Lucky Strike prospects and is actively considering all options to extract value from the deposits and their strike extensions.

Factoring in the expected decline in net operating cash flows for the time being, the above mentioned proceeds received from the sale of GSM shares held, and the potential commercialisation of the Red Dale and Lucky Strike prospects, Lefroy Exploration Limited believes it's cash available for future operating activities is in excess of 2 quarters of cash outflows for relevant outgoings going forward.

2. Has the entity taken any steps, or does it propose to take any steps, to raise further cash to fund its operations and, if so, what are those steps and how likely does it believe that they will be successful?

Answer: Refer to comments above – Lefroy Exploration Limited has sold shares held in GSM resulting in net proceeds received of approximately \$412,000 which will be used to fund its estimate cash outflows for relevant outgoings. Lefroy has also taken other steps in order to seek a commercial outcome for the Red Dale and Lucky Strike deposits.

3. Does the entity expect to be able to continue its operations and to meet its business objectives and, if so, on what basis?

Answer: Yes – as outlined above.
