Lynas Corporation Limited (ASX:LYC) ("**Lynas**" or the "**Company**") is pleased to announce that the Company is undertaking an equity raising comprising a fully underwritten⁴ pro-rata accelerated non-renounceable entitlement offer and institutional placement to raise approximately A\$425 million (the "**Offer**").

Lynas plans to grow with its markets and deliver a larger, more diverse business in 2025. The Offer will fund the *Lynas 2025* foundation projects expected to be delivered in 2023:

- **The planned *Kalgoorlie Rare Earth Processing Facility* to produce mixed Rare Earths carbonate for shipment to the Lynas Malaysia Plant , and**
- **Associated upgrades at the Lynas Malaysia Plant.**

¹ Excluding the circumstances described in Footnote 1 on page 2 of LYC's investor presentation released to ASX on 17 August 2020 ("**Investor Presentation**"). ² Please refer to Footnote 1

³ The theoretical ex-rights price is the theoretical price at which Lynas shares should trade immediately after the ex-date for the Entitlement Offer. The TERP is a theoretical calculation only and the actual price at which Lynas' shares trade immediately after the ex-date for the Entitlement Offer will depend on many factors and may not equal the TERP. TERP is calculated by reference to Lynas' closing price of A\$2.61 on 14 August 2020. The TERP also includes New Shares to be issued under the Placement.

⁴ Please refer to Footnote 1

The Offer structure provides an opportunity for all eligible existing Lynas shareholders to participate in the entitlement offer on a pro-rata basis. Eligible new investors also have the opportunity to join the *Lynas 2025* growth vision by subscribing for new shares. Lynas Chief Executive Officer and Managing Director, Amanda Lacaze, commented:

“The *Lynas 2025* growth vision announced in May 2019 is an exciting opportunity to transform our business and grow with our key markets. Advanced manufacturing supply chains need Rare Earths and COVID-19 has brought into sharp focus the need for resilient and diversified supply chains.

“Lynas is ideally placed to meet this need as we are a proven and profitable operation and the only significant producer of separated Rare Earths outside of China.

“By strengthening our balance sheet, we can mitigate global economic uncertainties and continue to progress our foundation project which is the Kalgoorlie Rare Earth Processing Facility. This facility provides the opportunity to develop a Critical Minerals processing hub in the Goldfields. The project has received strong support from the Kalgoorlie-Boulder City Council, Western Australian and Australian governments.”
