This announcement has been approved in accordance with the Company's published continuous disclosure policy and has been approved by the Board.

## ABOUT AUSTRALIAN VANADIUM LIMITED

AVL is an Australian owned resource company focused on production of high value vanadium products in Australia. AVL is seeking to offer investors a unique exposure to all aspects of the vanadium value chain – from resource through to steel and energy storage opportunities. AVL is advancing the development of its world-class Australian Vanadium Project at Gabanintha and intends to produce a value-added vanadium product in Australia, prior to sale to steel, battery and specialty chemical customers.

AVL has developed a local production capability for ultra-high purity vanadium electrolyte, which forms a key component of vanadium redox flow batteries (VRFB). AVL, through its 100% owned subsidiary VSUN Energy Pty Ltd, is actively marketing the VRFB in Australia.
