As foreshadowed in section 4.2 of the Company's prospectus dated 3 August 2020 (as supplemented by the supplementary prospectuses dated 18 August 2020 and 1 September 2020 respectively), the Board is considering undertaking a follow-up placement on the same terms as the Entitlement Offer. The Company is currently liaising with other investors, the underwriter and sub-underwriters in relation to a potential follow-up placement that is expected to be finalized in the coming days.

The Company encloses a second supplementary prospectus which provides for a "Cleansing Offer" of up to 4,000 Shares at an issue price of \$0.025 (2.5 cents) per Share along with, for each Share issued, one (1) free Attaching Option. The Cleansing Offer will allow for any options to be issued

under a follow-up placement to be quoted in the same class as the Quoted Options (that will be issued under the Entitlement Offer). A copy of the second supplementary prospectus has been lodged with ASIC on the date of this announcement.

Further information on any follow-up placement will be provided in due course.
