CASTILE RESOURCES DRILLING PROGRAM UPDATE

Castile Resources Limited (ASX:CST) (“Castile” or “the Company”) is pleased to announce that the first two holes of the 2020 field season drilling program have been completed on schedule. Core samples from the first hole have been prepared and sent to the Bureau Veritas laboratory in Adelaide for assay with results anticipated in approximately two weeks. The results of the assays will be announced to the market as they are received by Castile. Preparation of core samples from the second hole are underway.

The third hole of the program has commenced into the conceptual Western Deeps target.
