

Birimian Gold
Limited

Annual General Meeting 21 November 2014

Kevin Joyce – Managing Director

ASX: BGS

www.birimiangold.com

This presentation has been prepared by Birimian Gold Limited (BGS) for general information purposes only. The presentation is not and should not be considered as an offer or invitation to subscribe for or purchase any securities in BGS, or as an inducement to make an offer or invitation with respect to those securities. No agreement to subscribe for securities in BGS will be entered into on the basis of this presentation. This presentation may contain certain forward-looking statements which have not been based solely on historical facts but rather on BGS's current expectations about future events and a number of assumptions which are subject to significant uncertainties and contingencies many of which are outside the control of BGS and its directors, officers and advisers. Due care and attention has been taken in the preparation of this presentation. However, the information contained in this presentation (other than as specifically stated) has not been independently verified for BGS or its directors and officers, nor has it been audited. Accordingly, the company does not warrant or represent that the information contained in this presentation is accurate or complete. To the fullest extent permitted by law, no liability, however arising, will be accepted by BGS or its directors, officers or advisers, for the fairness, accuracy or completeness of the information contained in the presentation.

Forward Looking Statements

Statements regarding plans with respect to the Company's mineral properties are forward looking statements. There can be no assurance that the Company's plans for development of its mineral properties will proceed as expected. There can be no assurance that the Company will be able to confirm the presence of mineral deposits, that any mineralisation will prove to be economic or that a mine will successfully be developed on any of the Company's mineral properties

Competent Persons Statement

The information in this report that relates to exploration results is based on information compiled by or under the supervision of Kevin Anthony Joyce. Mr Joyce is Managing Director of Birimian Gold and a Member of the Australian Institute of Geoscientists. Mr Joyce has sufficient experience which is relevant to the style of mineralisation and type of deposit under consideration and the activity he is undertaking to qualify as a Competent Person as defined in the 2012 Edition of the "Australasian Code for Reporting of Exploration Results. Mr Joyce consents to the inclusion in the report of the matters based on his information in the form and context in which it appears.

Previous Reported Results

There is information in this presentation that relates to previously reported Exploration Results. The Company confirms that it is not aware of any new information or data that materially affects the information included in the original market announcement, and that all material assumptions and technical parameters have not materially changed. The Company confirms that the form and context in which the Competent Person's findings are presented have not been materially modified from the original market announcement.

Emerging West African Gold Explorer – Operations in Southern Mali and Liberia

VISION

To become a self funded gold exploration company, targeting a multi-million ounce resource inventory

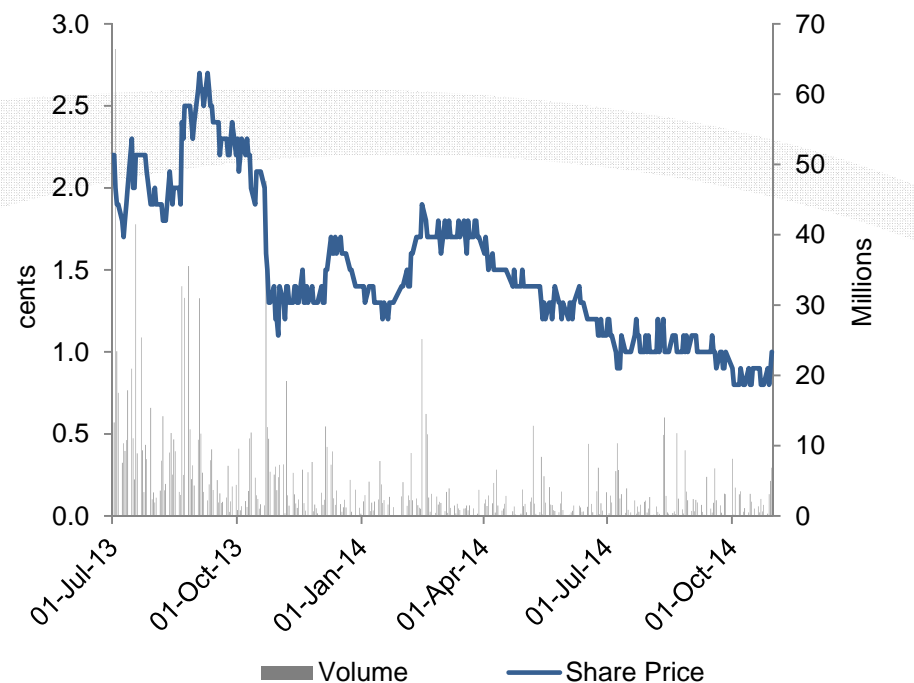

BIRIMIAN GOLD STRATEGY

- ▶ Leverage extensive knowledge of local geology and in-country networks
- ▶ Increase gold inventory through targeted exploration
- ▶ Selectively expand portfolio via strategic asset acquisition

Corporate Overview

Birimian Gold
Limited

Shares on Issue	824.8m
Options	201m
Market Cap (@ 1.0c)	\$8.2m
Cash (at 30 September 2014)	\$1.7m
Enterprise Value	\$6.5m

Board & Management

Winton Willesee	<ul style="list-style-type: none"> • Non -Executive Chairman • Finance - Extensive corporate experience
Kevin Joyce	<ul style="list-style-type: none"> • Managing Director • Geologist – 20 years experience • +8 years Mali, ex-Resolute Mining
Hugh Bresser	<ul style="list-style-type: none"> • Non Executive Director • Geologist - 22 years experience

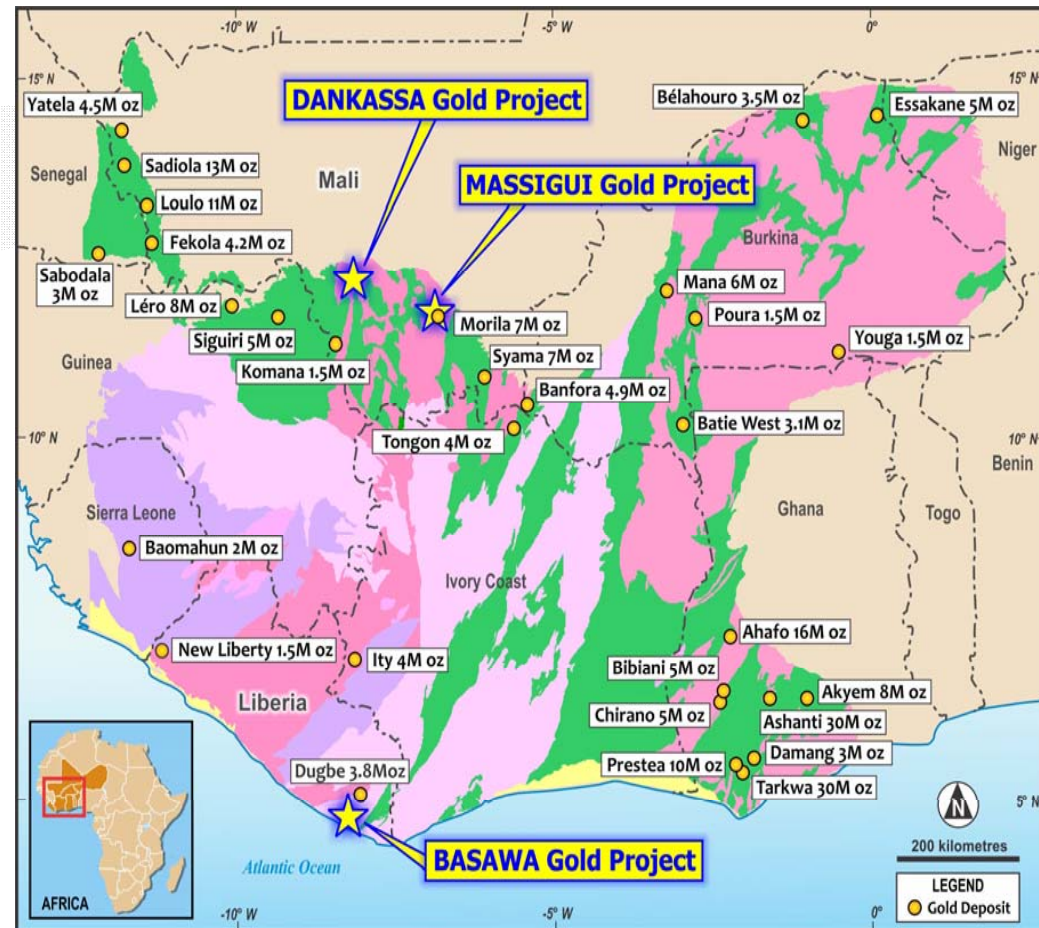

Major Shareholders

Sprott Global Resource Investments	14%
Directors	3%

West Africa Focused Explorer

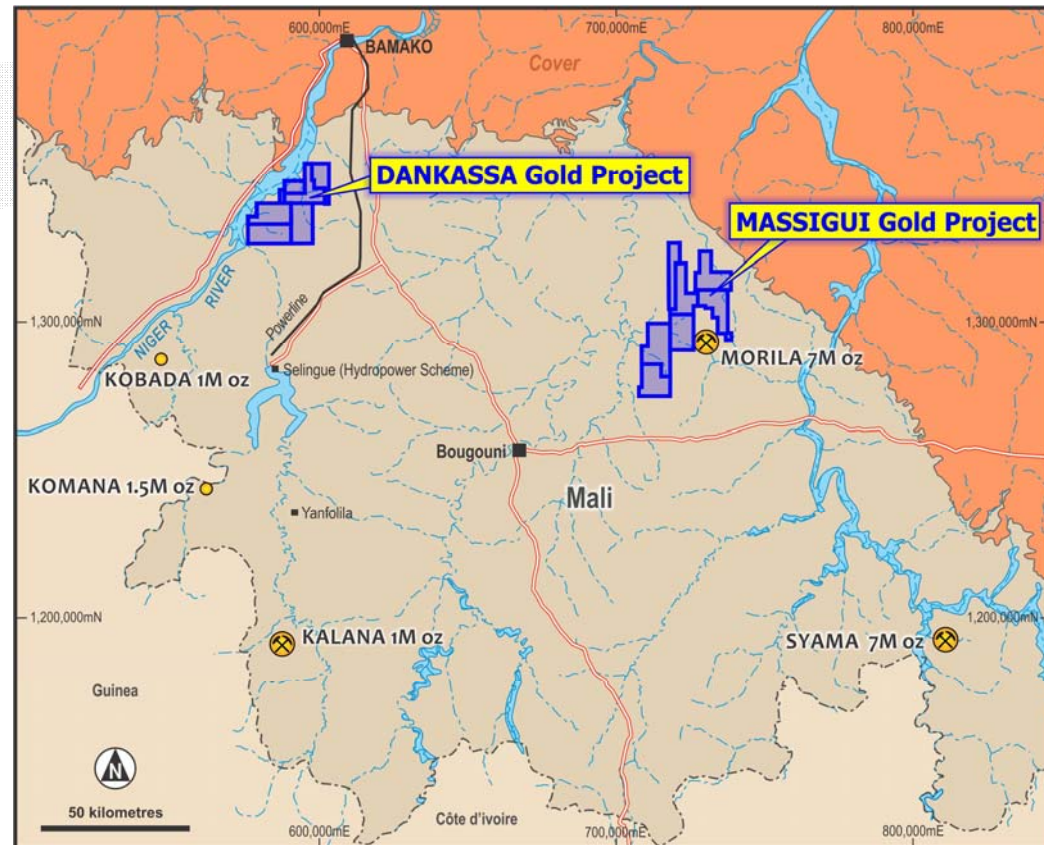

Birimian Gold
Limited

- ▶ 2,100km² tenements located in highly prospective Birimian Greenstone Belt
- ▶ Targeting multi-million ounce gold deposits in Southern Mali and Liberia
- ▶ Multi-year in-country experience and advanced knowledge of regional geology
- ▶ Ongoing M&A activity in the region
 - ✓ PMI / Asanko (Feb 2014)
 - ✓ Centamin / Ampella (March 2014)
 - ✓ B2Gold / Papillon (October 2014)
 - ✓ Semafo / Orbis Gold (ongoing)

Southern Mali Overview

- ▶ 3rd Largest Gold Producer in Africa
- ▶ Hosts a number of world class high grade gold mines, including:
 - Morila (7Moz);
 - Syama (7Moz);
 - Sadiola (13Moz); and
 - Papillion/Fekola (5Moz)
- ▶ Government supportive of mining industry; strong track record of permitting & approvals
- ▶ Good fiscal terms
- ▶ Politically stable environment – constitutional democracy since 1992
- ▶ Ebola situation closely monitored and contained

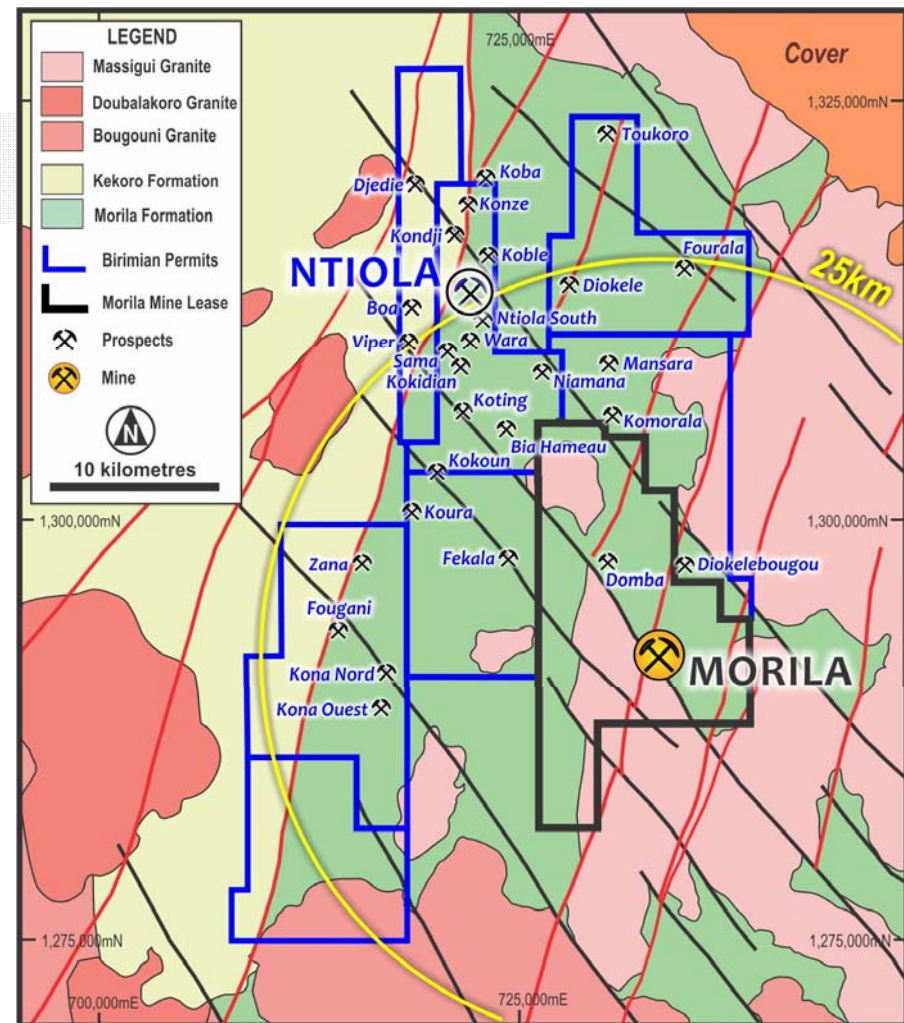

BIRIMIAN GOLD'S SOUTHERN MALI GOLD PROJECTS

Massigui Gold Project

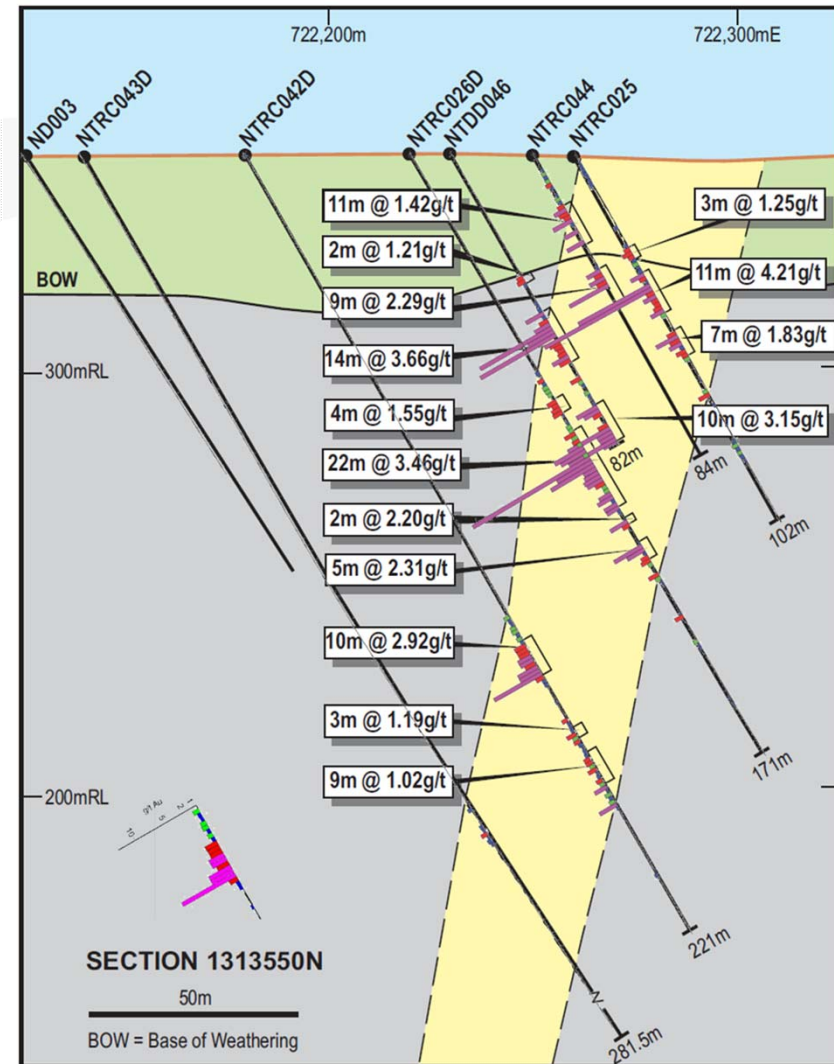

Birimian Gold
Limited

- ▶ Large (674 km²) land holding
- ▶ Excellent potential for high grade, large tonnage, free milling gold mineralisation
- ▶ **Ntiola** discovery in 2013 proves high prospectivity
- ▶ Multiple gold prospects under evaluation including Viper, Koting and Koble
- ▶ Ntiola deposit located 25km from 7Moz Morila Gold Mine
- ▶ 25,000m of drilling completed in 18 months to June 2014

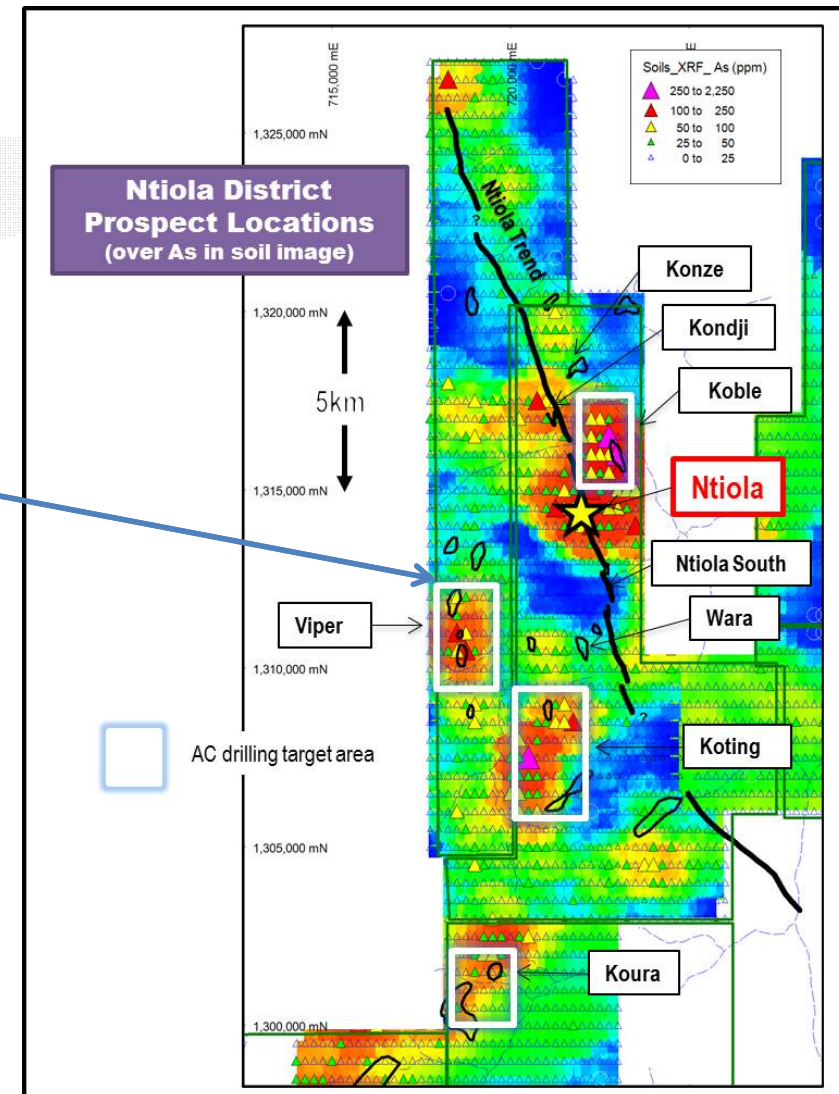

Ntiola Deposit

- ▶ Robust, well defined, shallow gold zone; amenable to open pit mining
- ▶ Preliminary metallurgy indicates ore is highly amenable to CIL processing; recoveries of up to 98.4%
- ▶ High proportion of gravity recoverable gold; up to 64.2%
- ▶ Positive social and environmental studies along potential haul road route
- ▶ **Next phase of evaluation work to include –**
 - Infill drilling to define JORC-compliant resource
 - Advanced metallurgy studies
 - Formal Environmental & Social Impact Assessment

Massigui - New Discovery Potential

- ▶ Early success at Viper, Koting, Koble and Koura Prospects
- ▶ **Viper Prospect** - Scout AC drilling returning significant new shallow intercepts, including:
 - ✓ 15m @ 3.45 g/t Au from 4m
 - ✓ 16m @ 2.23 g/t Au from 17m
 - ✓ 8m @ 2.92 g/t Au from surface
 - ✓ 10m @ 2.54 g/t Au from 14m
 - ✓ 4m @ 6.27 g/t Au from 41m
- ▶ Excellent scope for delineation of multiple new gold sources
 - Major impact on development potential at Ntiola Deposit of open pit mine operation
- ▶ Multiple prospects investigated in recent drilling campaigns
- ▶ **Assays pending for RC drilling**

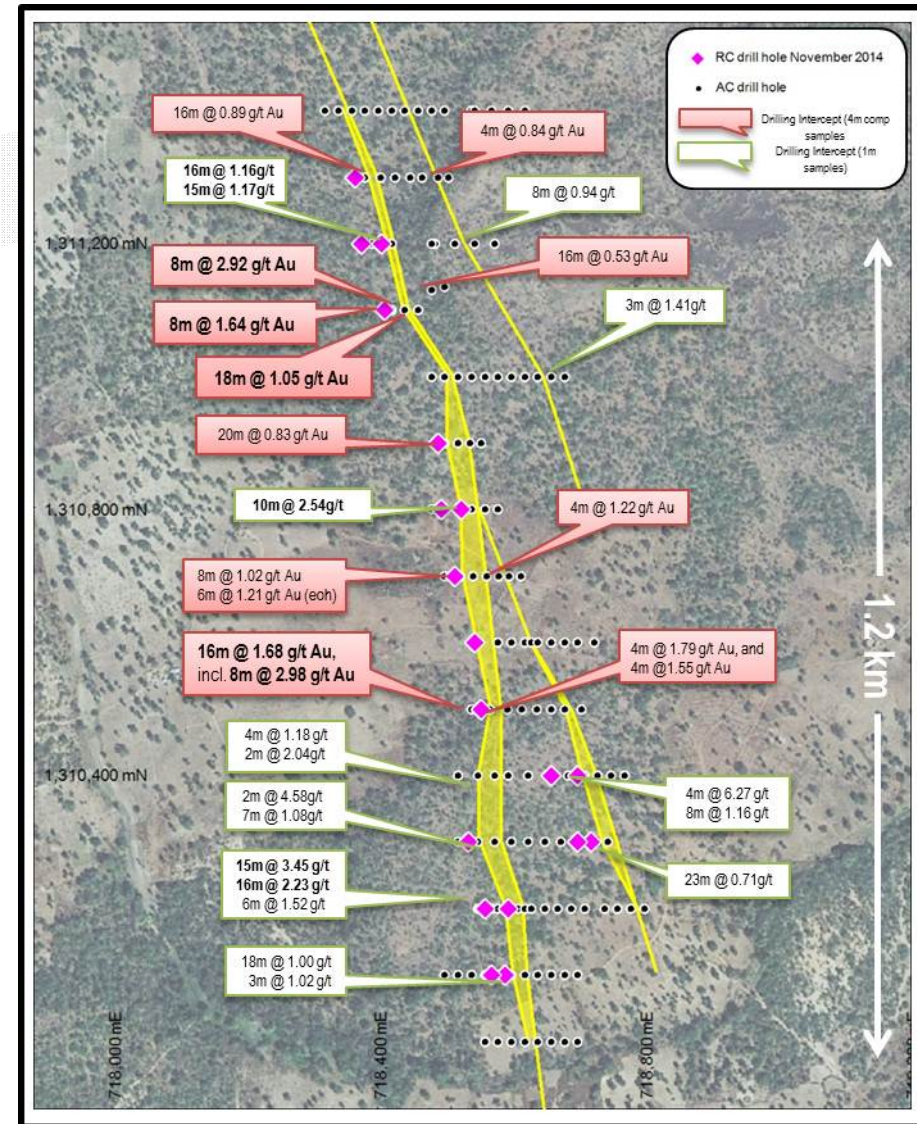

Ntiola District. Prospects are shown in black outline over arsenic in soil image

Massigui - New Discovery Potential

Viper Prospect

- ▶ Excellent scope for additional open-pit mineable gold resources.
- ▶ 1.2km long gold trend is open at depth and along strike.
- ▶ Multiple stacked gold zones.
- ▶ 1st phase of shallow RC drill testing complete. Assays pending.
- ▶ Highly encouraging potentially gold bearing sulphides and alteration logged in multiple drill holes.
- ▶ Recent shallow ore grade intercepts in wide-spaced drilling, including:
 - ✓ 15m @ 3.45 g/t Au from 4m
 - ✓ 16m @ 2.23 g/t Au from 17m
 - ✓ 8m @ 2.92 g/t Au from surface
 - ✓ 10m @ 2.54 g/t Au from 14m
 - ✓ 4m @ 6.27 g/t Au from 41m

Morila SA – Potential Opportunity

- ▶ Morila Gold Mine – Historic Production 6Moz Au since Oct 2000; 4 million tonnes pa throughput
 - *Randgold Resources 40% & Operator*
 - *AngloGold Ashanti 40%*
 - *Government of Mali 20%*
- ▶ Massigui Project located adjacent to and surrounding the Morila Plant
 - March 2013 - Exploration Data Access Agreement signed with Randgold
- ▶ Current Mill feed at Morila will be exhausted in 2015
 - Plant to be reconfigured to reprocess low grade tailings
- ▶ Significant potential for Massigui higher grade ore to be processed at Morila
 - June 2013 - MOU for Toll Treatment signed with Morila SA
 - Randgold has first Right of Refusal over any JV or farm out on all or part of the Massigui project

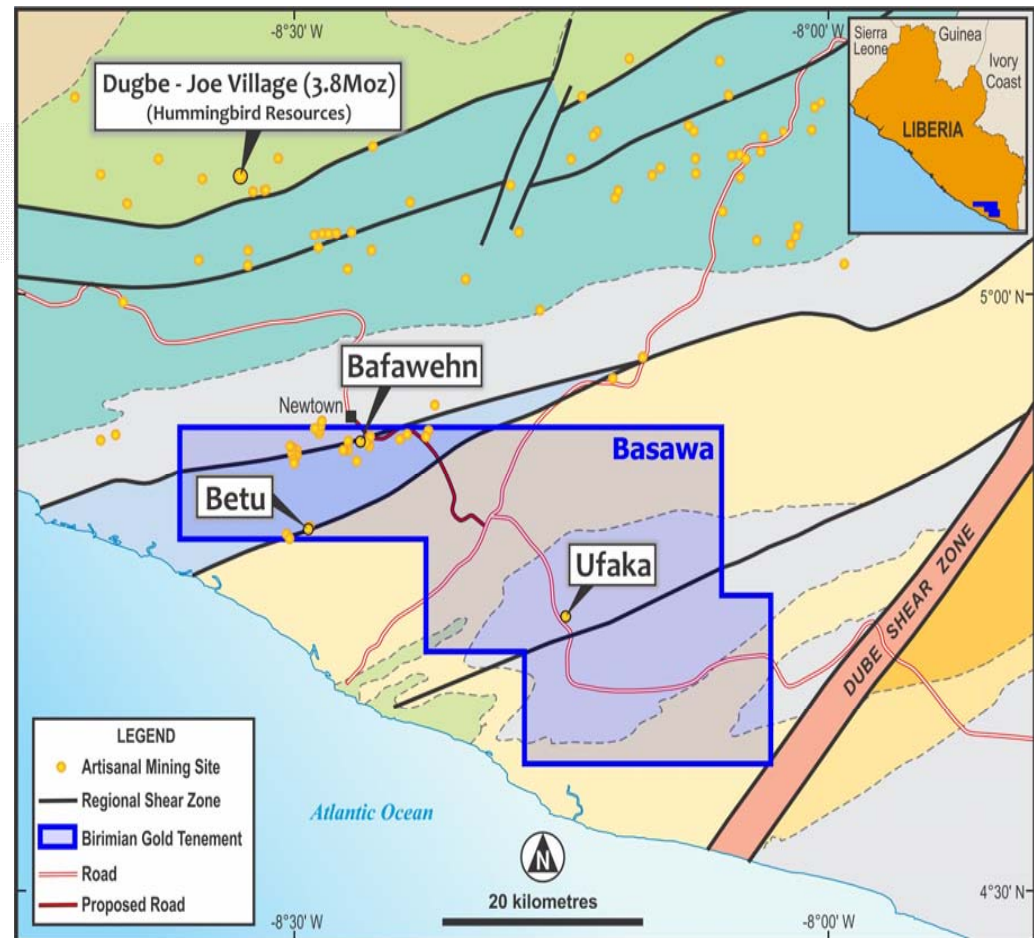

Liberia - Basawa Gold Project

Birimian Gold
Limited

- ▶ 100% interest over highly prospective 1,000km² license
- ▶ Early stage exploration project with huge potential
- ▶ Extensive artisanal gold workings
- ▶ Close proximity to Hummingbird Resources Ltd (AIM:HUM) - Dugbe Project (3.8Moz)
- ▶ First modern exploration work commenced by Birimian Gold

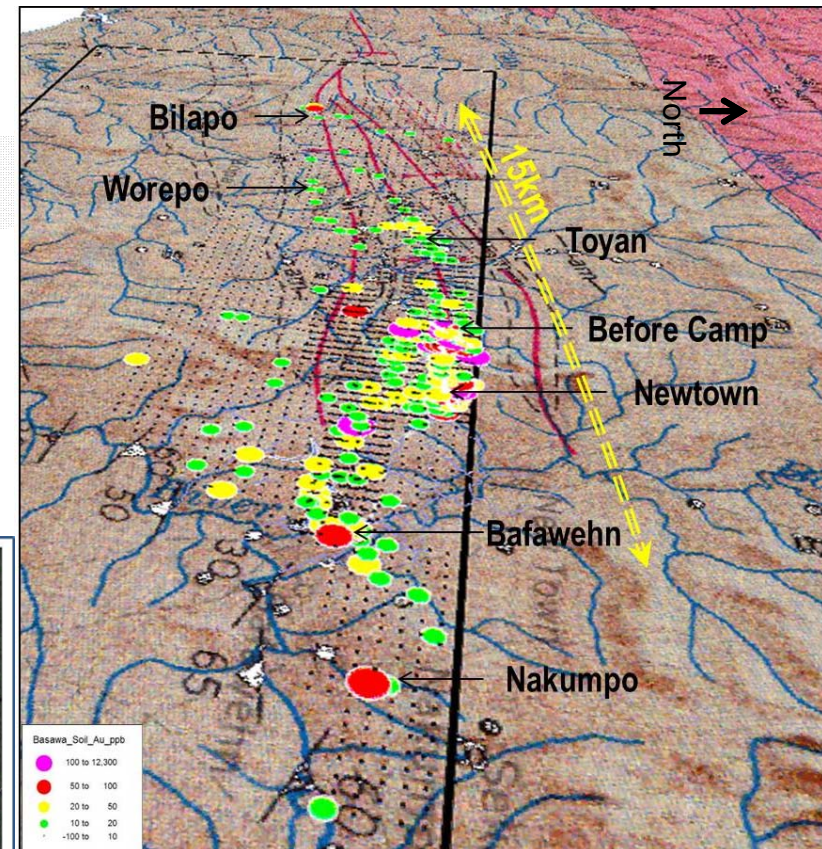

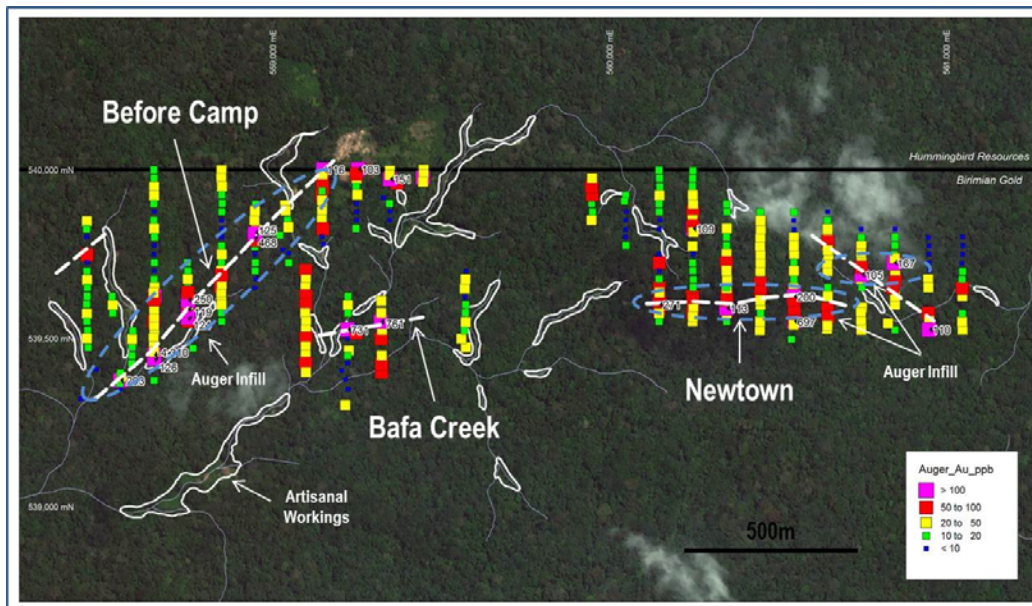

Artisanal workings at Basawa

Simplified geology with gold occurrences (yellow) and gold projects (labelled).

Basawa Gold Project – Target

- ▶ 15km long Bafawehn Gold Trend
- ▶ Initial results of up to 4.3 g/t Au in auger.
- ▶ High priority targets defined in auger sampling at Before Camp, Newtown and Bafa Creek
- ▶ Monitoring Ebola
- ▶ Trenching to define drill targets is anticipated to commence in 2015

Bafawehn Gold Trend

Birimian is committed to defining new gold resources via exploration of existing tenements and new opportunities

Massigui Gold Project, Mali

- Quality ground holding in world class gold district
- Potential cash flow from mine development at Ntiola
- New target generation yielding additional highly prospective drill targets
- Aggressive exploration program currently underway
- Results pending for recent drilling campaigns.

Basawa Gold Project, Liberia

- New gold trend defined in an area with no previous modern gold exploration
- Extensive artisanal mining activity
