## ASG confirmed as Australia and New Zealand's premier Oracle Business Partner.

**ASG's New World solutions have contributed to ASG being recognised as Australia and New Zealand's premier Oracle Business Partner.**

ASG has been presented with four Global and Australia/New Zealand awards at the recent Oracle ANZ Partner Forum. This is an endorsement of ASG's capability in delivering innovative business 'as a Service' solutions with Oracle technology. In a market that is rapidly adopting 'New World' offerings, these awards recognise ASG's unique position as the leader in providing business outcomes based solutions to their clients by transforming applications, business analytics and technology.

These latest awards come on top of the Global Excellence Award presented to ASG at the Oracle World Conference held in September 2014 - the first ever achieved by an ANZ partner.

ASG receiving an unprecedented four out of 14 awards is both validation of the innovative business transformation model ASG is able to provide to its clients, and further cements ASG's position as the premier Oracle Business Partner in Australia.

"This is further confirmation by a global partner organisation that ASG's strategy, encompassing 'New World', is delivering outstanding results for our customers," said Geoff Lewis, ASG CEO.

"We are extremely honoured to receive these awards. I would like to extend my congratulations and thanks to the entire ASG Team who continue to ensure that we at the forefront of business innovation through technology."
