Dear Ben,

**REQUEST FOR EXTENSION OF VOLUNTARY SUSPENSION**

Forte Energy NL (**Company**) requests that its securities on the ASX remain in voluntary suspension and provides the following information in accordance with Listing Rule 17.2:

- The reason for the extension of the voluntary suspension is to allow the Company to finalise an announcement concerning a resource upgrade and compilation of a JORC compliant resource. As this will be the initial "JORC" compliant resource statement for the Slovakian assets, there is a significant amount of technical data needed to be compiled and translated. Our consultants have experienced delays in receiving some of this information from Slovakia.
- In light of the above the Company anticipates that it will be in a position to make a further announcement in this regard within seven days.
- The Company expects that the voluntary suspension will be ended by the Company making an announcement of the kind referred to above.
- The Company is not aware of any reason why the requested voluntary suspension should not be granted.

Yours sincerely,

**Murray Wylie**  
**Company Secretary**
