Completion of Unmarketable Share Sale Facility

Kingston Resources Limited (ASX: KSN) would like to advise of the completion of the Unmarketable Share Sale Facility following the sale of 5,038,707 shares on market.

The Unmarketable Share Sale Facility allowed shareholders with less than a marketable parcel of shares to exit the Company's register without brokerage fees, reducing administrative and other share registry fees associated with those small holdings.

KSN advises that it will remit all proceeds from the sale of unmarketable parcels to participants by no later than 10 business days after the last sale.

Yours faithfully
Kingston Resources Limited
