Diversified contractor Brierty Limited (ASX: BYL) is pleased to announce it has been awarded an \$11 million contract by LandCorp to construct Stage 1 of the Broome Road Industrial Park in the Kimberley region of Western Australia.

The project involves earthworks, drainage, roadworks, water reticulation and services installation.

Works are expected to commence on site in March 2015 and be completed by late 2015.

Brierty Managing Director Peter McBain said the contract further built on the Company's strong track record in delivering land development projects in regional Western Australia, following on from similar contracts being delivered in Newman, Roebourne, Wickham and Kalgoorlie.

"LandCorp is a highly valued blue-chip client for Brierty, at both rural and metropolitan projects across Western Australia, and we look forward to delivering on these works in the Kimberley," Mr McBain said.

"This contract is one of a number of projects Brierty has performed for LandCorp since 2010, demonstrating the importance in our strategy of delivering projects safely and with certainty for clients."
