

10 March 2015

APPOINTMENT OF CEVAT ER

Anatolia Energy Limited (the "Company" or "Anatolia") is pleased to announce that it has appointed Mr. Cevat Er as General Manager – Turkey. Cevat is a mining executive with over 25 years of professional experience, at various stages of mine project development, in Turkey and around the world. He established SRK in Turkey in 2001, and has an excellent knowledge of local mining and environmental regulations which he utilised as General Manager at Caldag Nickel Project discovered by European Nickel, where he was responsible for permitting the project.

Cevat's role will be to manage operational activities in Turkey including the Plant Optimisation Study and the Sefaattli drilling program, in addition to overseeing the remaining EIA and permitting requirements at Temrezli.

The Company's CEO & Managing Director, Mr Paul Cronin said:

"I am very pleased that Cevat Er has accepted our offer to join the Company. His knowledge and experience of the Turkish regulatory framework will be invaluable in permitting the Temrezli uranium project in 2015. We already have strong relationships with our regulators in Turkey, and I have no doubt that Cevat's appointment will strengthen those relationships. Cevat's skill set will complement those of our COO, Tom Young, ensuring that Anatolia has a first class management team capable of permitting, building and operating the Temrezli uranium project. "
