ABOUT ALEATOR ENERGY

Aleator Energy Limited is an active explorer for oil and gas with international operations based in Ukraine and the United States. The Company also retains mineral royalties in Australia.

The Povorotnoye Gas and Condensate Field in the Autonomous Region of Crimea, Ukraine, is part of the very attractive East European oil and gas rich sector. The project is located in the prolific “Foredeep” sector of the Azov Kuban Basin which straddles the highly productive gas and oil fields of the most western oil region in Russia and the eastern Crimean peninsula.

The Golden Eagle Gas Field in Grand County Utah, USA, is located in the northern part of the Paradox Basin. Western Australia. Cliffs will pay Aleator a gross royalty of 2% on the iron ore sales from the tenements as well as a 2% gross royalty on the sale of all other minerals. It is expected that mining will commence in 2013.
