

ASX ANNOUNCEMENT | COVATA LIMITED

Covata Signs a Ten-Year Global Licence Agreement with Cisco

SYDNEY - 26 March 2015 – Covata Limited (ASX:CVT) (Covata or the Company) is pleased to announce it has executed a long term licencing agreement with Cisco for the Covata platform and related products, with a focus on delivering this technology to Cisco clients.

- **Cisco will license both the Covata Product and Platform technologies on a SaaS (Software as a Service) basis to affiliates and clients, and/or incorporate the Covata Platform technologies into Cisco products on a non-exclusive basis.**
- **The contract between Cisco and Covata has a term of ten years, with a minimum four-year term.**
- **Similar to NSC Global, license revenue received from Cisco clients utilising the Covata Product and Platform technologies will be shared between the two companies.**

Industry leader Cisco is driving the future of IT, cloud and Internet of Everything through their Service Exchange Platform (SXP). SXP allows businesses to consolidate multiple information and data sources into a single managed environment, providing them with the ultimate level of flexibility and support.

Cisco Systems Inc, a Nasdaq listed company with a market capitalisation of circa \$142 billion USD, currently supports around 70,000 businesses in more than 165 countries.

“For over three decades Cisco has been pioneering the IT space and we are delighted to be working with them to bring a new security service component to their global customers,” Trent Telford, Founder and CEO of Covata said.

“This agreement is a monumental step for the company in terms of both the validation of the technology, and the Company’s capacity to deliver world-class deals.”

“We are building out a team to focus on supporting Cisco’s strategic path over the coming years and we look forward to working with them on future joint initiatives.”

Covata has deployed the product to Cisco and the initial customer engagement has already commenced.

Further details of the terms of the deal are confidential and subject to a range of commercial provisions under a Non-Disclosure Agreement.

The company will provide ongoing updates as and when appropriate under the conditions of the agreement.

Integration, use and delivery of Safe Share, the Covata Platform and any future products delivered by Covata will be done subject to Cisco's business objectives and strategic direction.

About Covata

Covata enables true ownership and control over your data in the cloud and over mobile services. We deliver data-centric security solutions without compromising simple usability; providing true end-to-end security. Your data is always protected wherever it may travel – inside your network, beyond the domain, to mobile devices and to the cloud – with granular access controls that extend to external ad hoc users, view-only restrictions, real time revocation and complete visibility and auditability.

Own Your Data, control your data and choose where it is stored – with complete assurance that it is protected and secure. For further information please visit Covata.com.
