**Cove Resources Limited**  
**(Subject to a Deed of Company Arrangement)**  
**Directors' report**  
**For the year ended 30 June 2014**

The directors present their report, together with the financial statements, on the consolidated entity (referred to hereafter as the 'consolidated entity') consisting of Cove Resources Limited (referred to hereafter as the 'company' or 'parent entity') and the entities it controlled at the end of, or during, the year ended 30 June 2014.

**Directors**

The following persons were directors of Cove Resources Limited during the whole of the financial year and up to the date of this report, unless otherwise stated:

Winton Willesee (Executive Chairman)\*  
Greg Miles (Non-executive Director)  
Erlyn Dale (Non-executive Director) - appointed 23 February 2015  
Garry Hemming (Managing Director) - resigned 12 September 2014  
Grant Freeman (Non-executive Director) - resigned 22 October 2013

\*Non-Executive Chairman during the period and Executive Chairman at the date of this report.

**Principal activities**

During the financial year the principal activities of the consolidated entity consisted of continued activities exploring for gold and base metals on its tenements whilst concurrently seeking to fund, resource and progress the development of the Koivu ilmenite project. The Company was unable to obtain the required funding for the acquisition of the project and as a result, the acquisition could not be completed. As further discussed under the significant changes in the state of affairs section, the Company's securities had previously been voluntarily suspended from trading on the official list of ASX on 22 July 2013 and the Company had appointed Mr Bryan Hughes of Pitcher Partners as Administrator of the Company pursuant to section 436A of the Corporations Act 2001 on 17 January 2014. The listed options were also suspended from trading on 22 July 2013 and subsequently expired without any being exercised on 27 January 2014.

**Dividends**

There were no dividends paid, recommended or declared during the current or previous financial year.

**Review of operations and significant changes in the state of affairs**

The loss for the consolidated entity after providing for income tax amounted to \$593,020 (30 June 2013: loss of \$10,010,664). The decrease in loss is attributed to the fact that last year result an impairment loss recognised on the Group's exploration and evaluation assets of \$8,298,875. The decrease in the loss is also due to the fact that the Group voluntarily appointed an administrator on 17 January 2014. The operating activities after this date were minimal.

As at 30 June 2014 the consolidated entity had net current liabilities of \$1,743,219, net liabilities of \$1,743,219 and there is material uncertainty in relation to the Group's ability to continue as a going concern as discussed further in note 2 to the financial statements, the significant changes in the state of affairs and matters subsequent to the end of the financial year section.

**Significant changes in the state of affairs**

On 22 July 2013, the securities of the Company were suspended from official quotation on the Official List of the ASX at the request of the Company.

On 17 January 2014, Bryan Hughes was appointed Administrator of the Company pursuant to section 436A of the Corporations Act 2001 by resolution of the directors of the Company.

On 20 December 2013 (prior to the appointment of the Administrator), the Company entered into a reconstruction deed with Cygnet Capital Pty Ltd ('Proponent') for the reconstruction and recapitalisation of the Company ('Reconstruction Deed').

Following his appointment, the Administrator called for proposals to recapitalise the Company with a view to seeking reinstatement to trading of the Company's securities on ASX. The Administrator ultimately accepted the proposal put forward by the Proponent in the Reconstruction Deed with some minor variations ('Reconstruction Proposal').

On 24 February 2014, the Company obtained the approval of its creditors to enter into a Deed of Company Arrangement ('DOCA') to facilitate acceptance of the Reconstruction Proposal.

On 5 March 2014 the Administrator provided an update to the market and announced that following meetings of creditors of the Company and its subsidiary, Blenheim Resources Pty Ltd ('Blenheim') held on 24 February 2014 and 26 February 2014 respectively, creditors resolved that the Company and Blenheim execute deeds of company arrangement to facilitate the proposal from the Proponent for the recapitalisation and restructure of the Company. The transaction is subject to the

**Cove Resources Limited**  
**(Subject to a Deed of Company Arrangement)**  
**Directors' report**  
**For the year ended June 2014**

completion of certain conditions precedent, including shareholder approval and ASX approval and once completed, would see funds injected into the Company to provide for a return to creditors and enable the Company to be reinstated to official quotation on the ASX.

**Matters subsequent to the end of the financial year**

On 12 March 2015, the Administrator provided an update to the market on the Reconstruction Proposal as well as advising on recent changes to Directors and Company Secretary appointments and resignations. The Deed Administrator advised that the Proponent recently requested changes to the capital raising structure of the Reconstruction Proposal and at a meeting of creditors held on 11 March 2015, creditors agreed to vary the DOCA for the Company to facilitate these changes. Since initial creditor approval the Proponent has been working towards meeting the obligations required to complete the Reconstruction Proposal. While it was originally anticipated that the recapitalisation and restructure would be completed in July 2014, this has been delayed. Barring any further delays, the Proponent currently anticipates that the Reconstruction Proposal will be complete and the Company will be in a position to seek reinstatement to official quotation on the ASX in the second quarter of 2015.

The revised Reconstruction Proposal from the Proponent can be summarised as follows:

- (a) all liabilities, contingent liabilities, obligations, warranties and long term commitments of the Company capable of being released by a deed of company arrangement will be released and compromised by the DOCA;
- (b) the Company will undertake the following capital raisings and issues of securities:
  - (i) an issue of 125,000,000 Shares to White Swan Nominees Pty Ltd (and/or its nominees) pursuant to the conversion of its Class A Convertible Notes;
  - (ii) an issue of 155,000,000 Shares to Exempt Investors pursuant to the conversion of their Class B Convertible Notes to raise \$310,000;
  - (iii) an issue of up to 600,000,000 Shares at an issue price of 0.0025 cents each to raise up to \$1,500,000, together with up to 300,000,000 free attaching Bonus Options on the basis of 1 Bonus Option for every 2 Shares issued exercisable at \$0.005 each expiring on 30 June 2019;
  - (iv) an issue of 250,000,000 New Options exercisable at \$0.005 each to Cygnet Capital Pty Ltd (and/or its nominees) expiring on 30 June 2019;
  - (v) an issue of 11,369,000 Shares to Mr Mark Whittle (and/or his nominees)
  - (vi) an issue of 36,000,000 Shares and 18,000,000 New Options exercisable at \$0.005 each to brokers and capital providers (and/or their nominees) expiring on 30 June 2019;
  - (vii) an issue of 14,000,000 Shares and 7,000,000 New Options exercisable at \$0.005 each to Leydin Freyer Corporate Pty Ltd (and/or its nominees) expiring on 30 June 2019;
  - (viii) an issue of 20,000,000 Shares and 10,000,000 New Options exercisable at \$0.005 each to Mr Winton Willesee (and/or his nominees) expiring on 30 June 2019;
  - (ix) an issue of 4,000,000 Shares and 2,000,000 New Options exercisable \$0.005 each to Mr Greg Miles (and/or his nominees) expiring on 30 June 2019;
- (c) of the funds referred to above, \$180,000 will be made available to the creditors of the Company to be allocated to unsecured creditors (inclusive of priority employee claims and the Administrator's costs); and
- (d) following completion of all of the matters set out above, the DOCA will be fully effectuated, the Deed Administrator will retire and the Company will be fully released and discharged from all creditor claims capable of being released by a DOCA and the Company will seek reinstatement of its Shares to trading on ASX.

**Cove Resources Limited**  
**(Subject to a Deed of Company Arrangement)**  
**Directors' report**  
**For the year ended 30 June 2014**

A meeting notice was sent out to the Shareholders on 2 April 2015. The Resolutions proposed in the Notice will enable the terms of the DOCA to be completed. If the Resolutions are passed and the proposed restructuring and recapitalisation is completed, the Company will seek reinstatement of its Shares to trading on ASX.

If any of the relevant Resolutions are not passed by the Shareholders, the Company will remain subject to the DOCA, the trading suspension imposed by the ASX will remain in force and the Administrator will need to consider other alternatives, which is likely to include placing the Company into liquidation (in which event no return to Shareholders is anticipated).

As part of the Recapitalisation Proposal, the Company has restructured its Board with Garry Hemming ceasing to be a Director, and Erlyn Dale joining Winton Willesee and Greg Miles on the Board in February 2015.

The Class B Convertible Notes were issued in accordance with convertible note agreements pursuant to which the company have been advanced the sum of \$310,000 to facilitate the DOCA process.

All options outstanding as at 30 June 2014 subsequently expired without any being exercised.

No other matter or circumstance has arisen since 30 June 2014 that has significantly affected, or may significantly affect the consolidated entity's operations, the results of those operations, or the consolidated entity's state of affairs in future financial years.

**Likely developments and expected results of operations**

The Company is preparing to seek the relevant shareholder approvals to facilitate the effectuation of the deed of company arrangement and a quotation of its securities on ASX. Should the shareholders approve the relevant resolutions the Company intends to seek the equity funds to complete the aforementioned effectuation of the deed of company arrangement and quotation of its securities on ASX.

**Environmental regulation**

The consolidated entity is not subject to any significant environmental regulation under Australian Commonwealth or State law.

**Information on directors**

Name:	Winton Willesee
Title:	Executive Chairman
Qualifications:	BBus., DipEd., PGDipBus., MCom., FFin, CPA, MAICD, ACIS/ACSA

He has also fulfilled the role of Executive Director at other Investment Banking and Management Consultancy Firms. Since graduating from Bond University with a Master of Finance and Master of Business Administration, Grant has completed many corporate, debt and equity transactions in Africa, North America, Europe and Australia.

Other current directorships: Nil  
Former directorships (last 3 years): Nil  
Special responsibilities: Nil  
Interests in shares: 125,000 fully paid ordinary shares

'Other current directorships' quoted above are current directorships for listed entities only and excludes directorships of all other types of entities, unless otherwise stated.

**Company secretary**

Miss Erlyn Dale was appointed Company Secretary on 23 February 2015. Miss Dale has a broad range of experience in company administration and corporate governance having been involved with several listed and unlisted public and other companies. Miss Dale holds a Bachelor of Commerce (Accounting and Finance) and is currently undertaking a Graduate Diploma in Applied Corporate Governance with the Governance Institute of Australia.

Mr Sam Wright retired as Company Secretary on 23 February 2015.

**Meetings of directors**

The number of meetings of the company's Board of Directors ('the Board') held during the year ended 30 June 2014, and the number of meetings attended by each director were:

	Full Board	
	Attended	Held
Winton Willesee	7	7
Garry Hemming	7	7
Greg Miles	7	7
Grant Freeman	1	1

Held: represents the number of meetings held during the time the director held office.

NB: The full board fulfilled the role of Nomination and Remuneration Committee and of Audit Committee and no separate committee meetings were held outside directors meetings.

**Remuneration report (audited)**

The remuneration report, which has been audited, outlines the key management personnel remuneration arrangements for the consolidated entity, in accordance with the requirements of the Corporations Act 2001 and its Regulations.

The remuneration report is set out under the following main headings:

- Principles used to determine the nature and amount of remuneration
- Details of remuneration
- Service agreements
- Share-based compensation
- Additional disclosures relating to key management personnel

**Principles used to determine the nature and amount of remuneration**

The objective of the consolidated entity's executive reward framework is to ensure reward for performance is competitive and appropriate for the results delivered. The framework aligns executive reward with the achievement of strategic objectives and the creation of value for shareholders, and conforms to the market best practice for delivery of reward. The Board of Directors ('the Board') ensures that executive reward satisfies the following key criteria for good reward governance practices:

- competitiveness and reasonableness
- acceptability to shareholders
- performance linkage / alignment of executive compensation
- transparency

The Board is responsible for determining and reviewing remuneration arrangements for its directors and executives. The performance of the consolidated entity depends on the quality of its directors and executives. The remuneration philosophy is to attract, motivate and retain high performance and high quality personnel.

In accordance with best practice corporate governance, the structure of non-executive directors and executive remunerations are separate.

*Non-executive directors remuneration*

Shareholders approve the maximum aggregate remuneration for non-executive directors. The Remuneration Committee recommends the actual payments to directors and the Board is responsible for ratifying any recommendations, if appropriate. ASX listing rules require the aggregate non-executive directors remuneration be determined periodically by a general meeting. The aggregate approved remuneration for non-executive directors is \$500,000.

It is recognised that non-executive directors' remuneration is ideally structured to exclude equity based remuneration. However, whilst the Company remains small and the full Board, including the non-executive directors, are included in the operations of the Company more closely than may be the case with larger companies the non-executive directors are entitled to participate in equity based remuneration schemes.

All directors are entitled to have their indemnity insurance paid by the Company.

*Executive remuneration*

The Company's remuneration policy for executive directors and senior management is designed to promote superior performance and long term commitment to the Company. Executives receive a base remuneration which is market related, and may be entitled to performance based remuneration at the ultimate discretion of the Board.

Overall remuneration policies are subject to the discretion of the Board and can be changed to reflect competitive market and business conditions where it is in the interests of the Company and shareholders to do so.

Executive remuneration and other terms of employment are reviewed annually by the Remuneration Committee having regard to performance and relevant comparative information. No independent remuneration expert was used in the current year.

The Committee's reward policy reflects its obligation to align executive's remuneration with shareholders' interests and to retain appropriately qualified executive talent for the benefit of the Company. The main principles of the policy are:

- reward reflects the competitive market in which the Company operates;
- individual reward should be linked to performance criteria on a discretionary basis; and
- executives should be rewarded for both financial and non-financial performance.

The remuneration policy has been tailored to increase goal congruence between shareholders and directors and executives.

**Cove Resources Limited**  
**(Subject to a Deed of Company Arrangement)**  
**Directors' report**  
**For the year ended 30 June 2014**

The total remuneration of executives consists of the following:

- salary - executive directors receive a sum payable in cash;
- bonus - executive directors are eligible to participate in a bonus or profit participation plan if deemed appropriate;
- long term incentives - executive directors may participate in share option schemes with the prior approval of shareholders. Executives may also participate in employee share option schemes, with any option issues generally being made in accordance with thresholds set in plans approved by shareholders. The Board however, considers it appropriate to retain the flexibility to issue options to executives outside of approved employee option plans in exceptional circumstances; and
- other benefits - executive directors and senior managers are eligible to participate in superannuation schemes and other appropriate additional benefits.

The Annual General Meeting (AGM) for 2013 has not been held as the Company is under administration. The Board plans to hold the 2013 AGM in May 2015.

**Details of remuneration**

*Amounts of remuneration*

Details of the remuneration of the key management personnel of the consolidated entity are set out in the following tables.

	Short-term benefits			Post-employment benefits	Long-term benefits	Share-based payments

Mr Willesee was to receive a fee of \$60,000 per annum and a further \$1,000 per day (inclusive of superannuation) for each day of executive work completed (as approved by the Board). Mr Willesee has agreed to forgo amounts totalling \$80,000 that were owed but not paid at the time of the administration\*. A new agreement is being contemplated whereby Mr Willesee will be entitled to be paid an amount of \$4,000 per calendar month for his services as Executive Chairman after the Company achieves a relisting on ASX.

Name: Greg Miles  
Title: Non-executive Director  
Term of agreement: Ongoing – ceased on appointment of administrator  
Details: During the period prior to the administration Cove entered into an agreement with Mr Miles on normal commercial terms for the provision of Non-Executive Director services. Mr Miles was to receive a fee of \$40,000 per annum and a further \$1,000 per day (inclusive of superannuation) for each day of executive work completed (as approved by the Board). Mr Miles has agreed to forgo amounts totalling \$53,333 that were owed but not paid at the time of the administration. A new agreement is being contemplated whereby Mr Miles will be entitled to be paid an amount of \$2,500 per calendar month for his services as a director after the Company achieves a relisting on ASX.

Name: Grant Freeman  
Title: Non-executive Director  
Term of agreement: Ceased on resignation on 22 October 2013  
Details: During the period prior to the administration Cove entered into an agreement with Mr Freeman on normal commercial terms for the provision of Non-Executive Director services. Mr Freeman was entitled to receive a fee of \$40,000 per annum and a further \$1,000 per day (inclusive of superannuation) for each day of executive work completed (as approved by the Board). Mr Freeman has agreed to forgo amounts totalling \$40,000 that were owed but not paid at the time of the administration.

Name: Garry Hemming  
Title: Managing Director  
Term of agreement: Ongoing – ceased on appointment of administrator  
Details: Cove entered into an executive employment agreement with Mr Garry Hemming with a salary of \$220,000 per annum exclusive of superannuation. Mr Hemming has agreed to forgo amounts totalling \$128,323 that were owed but not paid for the period 1 July 2013 up until the time of the administration\*. The period of notice required to terminate the contract was 4 months

Name: Erlyn Dale  
Title: Non-executive Director and Company Secretary  
Details: An agreement is being contemplated whereby Miss Dale will be entitled to be paid an amount of \$2,500 per calendar month for her services as a director after the Company achieves a relisting on ASX. A separate agreement will be struck for Company Secretarial services on arm's length commercial terms.

\* It should be noted that significant amounts of these cash payments were foregone at the time of the administration in order to increase the amounts available to other creditors under the DOCA.

**Cove Resources Limited**  
**(Subject to a Deed of Company Arrangement)**  
**Directors' report**  
**For the year ended 30 June 2014**

Key management personnel have no entitlement to termination payments in the event of removal for misconduct.

**Share-based compensation**

*Issue of shares*

There were no shares issued to directors and other key management personnel as part of compensation during the years ended 30 June 2014 and 30 June 2013.

*Options and performance rights issued as part of remuneration*

There were no options or performance rights issued to directors and other key management personnel as part of compensation during the years ended 30 June 2014 and 30 June 2013.

No options were modified since their award date and no options were exercised during the period. Subsequent to year end all the performance options held by management lapsed.

**Additional disclosures relating to key management personnel**

*Shareholding*

The number of shares in the company held during the financial year by each director and other members of key management personnel of the consolidated entity, including their personally related parties, is set out below:

	Balance at the start of the year	Received as part of remuneration	Additions	Disposals/ other	Balance at the end of the year
<i>Ordinary shares</i>					
Winton Willesee	700,000	-	-	-	700,000
Greg Miles	125,000	-	-	-	125,000
Grant Freeman	125,000	-	-	-	125,000
	<u>950,000</u>	<u>-</u>	<u>-</u>	<u>-</u>	<u>950,000</u>

*Option holding*

The number of options over ordinary shares in the company held during the financial year by each director and other members of key management personnel of the consolidated entity, including their personally related parties, is set out below:

	Balance at the start of the year	Granted	Exercised	Expired/ forfeited/ other	Balance at the end of the year
<i>Options over ordinary shares</i>					
Winton Willesee	1,000,000	-	-	(1,000,000)	-
Greg Miles	557,500	-	-	(557,500)	-
Garry Hemming	9,000,000	-	-	(3,000,000)	6,000,000
Grant Freeman	9,000,000	-	-	(3,000,000)	6,000,000
	<u>19,557,500</u>	<u>-</u>	<u>-</u>	<u>(7,557,500)</u>	<u>12,000,000</u>

On 27 January 2014, 7,557,700 options previously granted and vested as remuneration to Key Management Personnel and Directors expired without being exercised. The fair value of these options at the expiry date was nil.

Subsequent to year end, the remaining 12,000,000 options expired without being exercised.

*Related party transactions – non-remuneration related*

An amount of \$79,792 (2013: \$26,943) was owed to Roscorio Pty Ltd, a related party of Garry Hemming for expense reimbursements. There were no other trade receivables from or trade payables to related parties at the current and previous reporting date.

**Cove Resources Limited**  
**(Subject to a Deed of Company Arrangement)**  
**Directors' report**  
**For the year ended 30 June 2014**

**Additional information**

The earnings of the consolidated entity for the four years to 30 June 2014 since listing are summarised below:

	2014	2013	2012	2011
	\$	\$	\$	\$
Revenue	44,157	22,611	192,757	80,961
Net loss before tax	(593,020)	(10,010,664)	(919,788)	(588,555)
Net loss after tax	(593,020)	(10,010,664)	(919,788)	(588,555)

The factors that are considered to affect total shareholders return ('TSR') are summarised below:

	2014	2013	2012	2011
Share price at financial year end (\$)	0.01	0.01	0.10	0.19
Basic loss per share (cents per share)	(0.91)	(16.62)	(2.17)	(2.52)

**This concludes the remuneration report, which has been audited.**

**Shares issued on the exercise of options**

There were no ordinary shares of Cove Resources Limited issued on the exercise of options during the year ended 30 June 2014 and up to the date of this report.

There were 12,000,000 options outstanding as at 30 June 2014. These options subsequently expired without being exercised.

**Indemnity and insurance of officers**

In accordance with the constitution, except as may be prohibited by the Corporations Act 2001 every Officer of the Company shall be indemnified out of the property of the Company against any liability incurred by him in his capacity as officer or agent of the Company or any related corporation in respect of any act or omission whatsoever and howsoever occurring or in defending any proceedings, whether civil or criminal. No indemnity has been paid with respect to the Company's auditors.

During the financial year, the company paid a premium in respect of a contract to insure the directors and executives of the company against a liability to the extent permitted by the Corporations Act 2001. The contract of insurance prohibits disclosure of the nature of liability and the amount of the premium.

**Indemnity and insurance of auditor**

To the extent permitted by law, the Company has agreed to indemnify its auditors, Ernst & Young, as part of the term of its engagement agreement against claims by third parties arising from the audit (for an unspecified amount). No payment has been made to indemnify Ernst & Young during or since the financial year.

**Proceedings on behalf of the company**

No person has applied to the Court under section 237 of the Corporations Act 2001 for leave to bring proceedings on behalf of the company, or to intervene in any proceedings to which the company is a party for the purpose of taking responsibility on behalf of the company for all or part of those proceedings.

**Non-audit services**

There were no non-audit services provided during the financial year by the auditor.

**Officers of the company who are former audit partners of Ernst & Young**

There are no officers of the company who are former audit partners of Ernst & Young.

**Cove Resources Limited**  
**(Subject to a Deed of Company Arrangement)**  
**Directors' report**

**Auditor's independence declaration**

A copy of the auditor's independence declaration as required under section 307C of the Corporations Act 2001 is set out on the following page.

**Auditor**

Ernst & Young continues in office in accordance with section 327 of the Corporations Act 2001.

This report is made in accordance with a resolution of directors, pursuant to section 298(2)(a) of the Corporations Act 2001.

On behalf of the directors

---

Winton Willesee  
Chairman

8 April 2015

## **Auditor's Independence Declaration to the Directors of Cove Resources Limited (Subject to a Deed of Company Arrangement)**

In relation to our audit of the financial report of Cove Resources Limited (Subject to a Deed of Company Arrangement) for the year ended 30 June 2014, to the best of my knowledge and belief, there have been no contraventions of the auditor independence requirements of the *Corporations Act* 2001 or any applicable code of professional conduct.

Ernst & Young

**Cove Resources Limited**  
**(Subject to a Deed of Company Arrangement)**  
**Corporate Governance Statement**  
**For the year ended 30 June 2014**

The Company is committed to implementing high standards of corporate governance. In determining what those high standards should involve, the Company has turned to the ASX Corporate Governance Council's Principles of Good Corporate Governance and Best Practice Recommendations. The Company is pleased to advise that the Company's practices are largely consistent with those ASX guidelines where they are appropriate in the context of the Company's size and nature.

Unless disclosed below, all the best practice recommendations of the 2nd edition of ASX Corporate Governance Council have been applied for the financial year ended 30 June 2014.

The Company is currently undertaking a review of its corporate governance policies with the view to adopting the 3rd edition of ASX Corporate Governance Council's Principles of Good Corporate Governance and Best Practice Recommendations within the coming months.

Principal No	Recommendation	Compliance	Reason for Non-compliance
1.1	Establish the functions reserved to the Board and those delegated to senior executives and disclose those functions.	The Board has adopted a formal board charter setting out the responsibilities of the Board.  This charter can be accessed at the Company's website.	Comply
1.2	Disclose the process for evaluating the performance of senior executives.	The process for evaluating board performance is set out in the board evaluation policy which can be accessed at the Company's website.	Comply
1.3	Provide the information indicated in the Guide to reporting on Principal 1.	The Board charter can be accessed at the Company's website.  During the 2014 financial year the Company did not undertake a formal performance appraisal of management.	Comply
2.1	A majority of the Board should be independent of Directors.	During the 2014 financial year the Company had three independent directors, Mr Willesee, Mr Miles and Mr Freeman and one non-independent Director, Garry Hemming.	Comply
2.2	The chair should be an independent Director.	The Chairman, Mr Willesee, was during the 2014 financial year an independent Director.	Comply
2.3	The roles of Chair and Chief Executive Officer should not be exercised by the same individual.	During the 2014 financial year, the Company's Chairman and Managing Director were not the same person.	Comply
2.4	The Board should establish a nomination committee.	The Company currently does not have a separate Nomination Committee. The roles and responsibilities of the Nomination Committee assumed by the full Board.  This Nomination Committee	Given the size of the Board, the Directors believe it is sufficient for the full board to assume those responsibilities that are ordinarily assigned to the Nomination

**Cove Resources Limited**  
**(Subject to a Deed of Company Arrangement)**  
**Corporate Governance Statement**  
**For the year ended 30 June 2014**

Principal No	Recommendation	Compliance	Reason for Non-compliance
		charter can be assessed at the Company's website.	Committee.
2.5	Disclose the process for evaluating the performance of the Board, its committee and individual Directors.	The performance evaluation of Board members occurs by way of an informal review by the full Board (in the absence of the relevant Board member). An informal performance evaluation of the board was undertaken during the financial year in accordance with the above process.	Comply
2.6	Provide the information indicated in the Guide to reporting on Principle 2.	<p>The skills, experience and expertise and period of office relevant to each Director is disclosed in the Directors' Report which forms part of the Annual Report.</p> <p>The Directors are entitled to take independent professional advice at the expense of the Company.</p>	Comply
3.1	<p>Establish a code of conduct and disclose the code for a summary of the code as to:</p> <ul style="list-style-type: none"> <li>the practice necessary to maintain confidence in the Company's integrity;</li> <li>the practices necessary to take into account their legal obligations and the reasonable expectations of their stakeholders;</li> <li>the responsibility and accountability of individuals for reporting and investigating reports of unethical practices.</li> </ul>	The Company has adopted a Code of Conduct, which can be accessed at the Company's website.	Comply
3.2	Establish a policy concerning diversity and disclose that policy or a summary of that policy. The policy should include requirements for the Board to establish measurable objectives for achieving gender diversity and for the Board to assess annually the objectives and the progress in achieving them.	The Company has adopted a Diversity Policy which can be accessed at the Company's website.	Comply
3.3	Disclose in each annual report the measurable objectives for achieving gender diversity set	Does not comply	The Board is currently developing a set of measurable objectives in

**Cove Resources Limited**  
**(Subject to a Deed of Company Arrangement)**  
**Corporate Governance Statement**  
**For the year ended 30 June 2014**

Principal No	Recommendation	Compliance	Reason for Non-compliance
	by the Board in accordance with the diversity policy and progress towards achieving them.		accordance with the diversity policy. Once this has been achieved, the Company will be in a position to disclose these measurable objectives and its progress towards achieving them.
3.4	Companies should disclose in each annual report the proportion of women employees in the whole organization, women in senior executive positions and women on the Board.	During the financial year the Company did not employ any women within its organisation.	Comply
3.5	Provide the information indicated in the Guide to reporting on Principle 3.	A copy of the code of conduct and the diversity policy is available at the Company's website.	Comply
4.1	The Board should establish an audit committee.	The Company currently does not have a separate Audit Committee. The roles and responsibilities of the Audit Committee are assumed by the full Board.	Given the size of the Board, the Directors believe it is sufficient for the full board to assume those responsibilities that are ordinarily assigned to an audit committee.
4.2	The audit committee should be structured so that it: <ul style="list-style-type: none"> <li>consists only of Non-Executive Directors;</li> <li>consists of a majority of independent Directors;</li> <li>is chaired by an independent chair, who is not chair of the Board;</li> <li>has at least three members.</li> </ul>	As above.	Not satisfied. As the full board participates in the audit committee function, executive and non-executive directors are included.
4.3	The audit committee should have a formal charter.	The audit committee charter can be accessed at the Company's website.	Comply
4.4	Provide the information in the Guide to reporting on Principle 4.	Disclosed at points 4.1 to 4.4 above.	Comply
5.1	Establish written policies and procedures designed to ensure compliance with ASX Listing Rule disclosure requirements and to ensure accountability at a senior executive level for that compliance and disclose those policies or a summary of those policies.	The Company has adopted a Continuous Disclosure Policy which can be accessed at the Company's website.	Comply

**Cove Resources Limited**  
**(Subject to a Deed of Company Arrangement)**  
**Corporate Governance Statement**  
**For the year ended 30 June 2014**

Principal No	Recommendation	Compliance	Reason for Non-compliance
5.2	Provide the information indicated in the Guide to reporting on Principle 5.	The Company's Continuous Disclosure Policy can be accessed at the Company's website.	Comply
6.1	Design a communications policy for promoting effective communication with shareholders and encouraging their participation at general meetings and disclose that policy or a summary of that policy.	The Company has adopted a Shareholder Communications Policy which can be accessed at the Company's website.	Comply
6.2	Provide the information indicated in the Guide to reporting on Principle 6.	The Company communicates with its shareholders publicly via announcements to the ASX which also appear on the Company's website.	Comply
7.1	Establish policies for the oversight and management of material business risk and disclose a summary of those policies.	The Company has adopted a Risk Management Policy which can be accessed at the Company's website. This policy outlines the key material risks faced by the Company as identified by the Board.	Comply
7.2	The Board should require management to design and implement the risk management and internal control system to manage the Company's material business risks and report to it on whether those risks are being managed effectively. The Board should disclose that management has reported to it as to the effectiveness of the Company's management of its material business risks.	Did not comply	The Board will adopt a robust internal risk management process.
7.3	The Board should disclose whether it has received assurance from the Chief Executive Officer (or equivalent) and the Chief Financial Officer (or equivalent) that the declaration provided in accordance with section 295A of the Corporations Act is founded on a sound system of risk management and internal control and that the system is operating effectively in all material respects in relation to financial reporting risks.	The Board received assurances from management as required by the Corporations Act.	Comply

**(Subject to a Deed of Company Arrangement)**  
**Corporate Governance Statement**  
**For the year ended 30 June 2014**

Principal No	Recommendation	Compliance	Reason for Non-compliance
7.4	Companies should provide the information indicated in the Guide to reporting on Principle 7.	Disclosed at points 7.1 to 7.3 above.	Comply
8.1	The Board should establish a remuneration committee.	The Company has not established a separate remuneration committee. The roles and responsibilities of a Remuneration are currently undertaken by the full Board.	Given the size of the Board, the Directors believe it is sufficient for the full board to assume those responsibilities that are ordinarily assigned to a remuneration committee.
8.2	The Remuneration Committee should be structured so that it: <ul style="list-style-type: none"> <li>• consists of a majority of independent directors;</li> <li>• is chaired by an independent director; and</li> <li>• has at least three members.</li> </ul>	As above.	As above
8.3	Companies should clearly distinguish the structure of Non-Executive Directors' remuneration from that of Executive Directors and senior executives.	This information is set out in the Remuneration Report which forms part of this Annual Report.	Comply
8.4	Companies should provide the information indicated in the Guide to reporting on Principle 8.	<p>This information is set out in the Remuneration Report which forms part of this Annual Report.</p> <p>There are no schemes or retirement benefits for non-executive directors.</p>	Comply

**Cove Resources Limited**  
**(Subject to a Deed of Company Arrangement)**  
**Notes to the financial statements**  
**For the year ended 30 June 2014**

**Note 1. General information**

The financial statements cover Cove Resources Limited as a consolidated entity consisting of Cove Resources Limited and its subsidiaries. The financial statements are presented in Australian dollars, which is Cove Resources Limited's functional and presentation currency.

Cove Resources Limited is a listed public company limited by shares, incorporated and domiciled in Australia. Its registered office and principal place of business is:

Suite 25  
145 Stirling Highway  
Nedlands, Western Australia, 6009

A description of the nature of the consolidated entity's operations and its principal activities are included in the directors' report, which is not part of the financial statements. On 17 January 2014 the Board resolved to appoint Mr Bryan Hughes of Pitcher Partners as Administrator of the Company pursuant to section 436A of the Corporations Act 2001. Further details of the activities under administration are included under note 2 – Inherent uncertainty – Going concern and note 22 Events after the reporting period.

The financial statements were authorised for issue, in accordance with a resolution of directors, on 8 April 2015. The directors have the power to amend and reissue the financial statements.

**Note 2. Significant accounting policies**

The principal accounting policies adopted in the preparation of the financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

**New, revised or amending Accounting Standards and Interpretations adopted**

The consolidated entity has adopted all of the new, revised or amending Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period.

Any new, revised or amending Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

Impact on the accounting policies of the consolidated entity from the adoption of relevant Accounting Standards and Interpretations effective the current reporting are disclosed below. The adoption of these Accounting Standards and Interpretations did not have any significant impact on the financial performance or position of the consolidated entity.

*AASB 2011-4 Amendments to Australian Accounting Standards to Remove Individual Key Management Personnel Disclosure Requirement*

These amendments are applicable to annual reporting periods beginning on or after 1 July 2013, with early adoption not permitted. They amend AASB 124 'Related Party Disclosures' by removing the disclosure requirements for individual key management personnel ('KMP'). Corporations and Related Legislation Amendment Regulations 2013 and Corporations and Australian Securities and Investments Commission Amendment Regulation 2013 (No.1) now specify the KMP disclosure requirements to be included within the directors' report for annual reporting periods beginning 1 July 2013. The adoption of these amendments from 1 July 2013 has not have a material impact on the consolidated entity as the change will impact the location of disclosures only.

**Cove Resources Limited**  
**(Subject to a Deed of Company Arrangement)**  
**Notes to the financial statements**  
**For the year ended 30 June 2014**

**Note 2. Significant accounting policies (continued)**

*AASB 13 Fair Value Measurement and AASB 2011-8 Amendments to Australian Accounting Standards arising from AASB 13*

This standard and its consequential amendments are applicable to annual reporting periods beginning on or after 1 January 2013. The standard provides a single robust measurement framework, with clear measurement objectives, for measuring fair value using the 'exit price' and it provides guidance on measuring fair value when a market becomes less active. The 'highest and best use' approach would be used to measure assets whereas liabilities would be based on transfer value. As the standard does not introduce any new requirements for the use of fair value, its impact on adoption by the consolidated entity from 1 July 2013 should be minimal, although there will be a change in the way fair value is determined as well as increased disclosures where fair value is used.

*AASB 10 Consolidated Financial Statements*

This standard is applicable to annual reporting periods beginning on or after 1 January 2013. The standard has a new definition of 'control'. Control exists when the reporting entity is exposed, or has the rights, to variable returns (e.g. dividends, remuneration, returns that are not available to other interest holders including losses) from its involvement with another entity and has the ability to affect those returns through its 'power' over that other entity. A reporting entity has power when it has rights (e.g. voting rights, potential voting rights, rights to appoint key management, decision making rights, kick out rights) that give it the current ability to direct the activities that significantly affect the investee's returns (e.g. operating policies, capital decisions, appointment of key management). The consolidated entity will not only have to consider its holdings and rights but also the holdings and rights of other shareholders in order to determine whether it has the necessary power for consolidation purposes. The adoption of this standard from 1 July 2013 did not have a material impact on the consolidated entity.

*AASB 11 Joint Arrangements*

This standard is applicable to annual reporting periods beginning on or after 1 January 2013. The standard defines which entities qualify as joint ventures and removes the option to account for joint ventures using proportional consolidation. Joint ventures, where the parties to the agreement have the rights to the net assets will use equity accounting. Joint operations, where the parties to the agreements have the rights to the assets and obligations for the liabilities will account for the assets, liabilities, revenues and expenses in accordance with the standards applicable to the particular asset, liability, revenue or expense. The adoption of this standard from 1 July 2013 did not have a material impact on the consolidated entity.

*AASB 12 Disclosure of Interests in Other Entities*

This standard is applicable to annual reporting periods beginning on or after 1 January 2013. It contains the entire disclosure requirement associated with other entities, being subsidiaries, associates and joint ventures. The disclosure requirements have been significantly enhanced when compared to the disclosures previously located in AASB 127 'Consolidated and Separate Financial Statements', AASB 128 'Investments in Associates', AASB 131 'Interests in Joint Ventures' and Interpretation 112 'Consolidation - Special Purpose Entities'. The adoption of this standard from 1 July 2013 has significantly increased the amount of disclosures required to be given by the consolidated entity such as significant judgements and assumptions made in determining whether it has a controlling or non-controlling interest in another entity and the type of non-controlling interest and the nature and risks involved.

**Basis of preparation**

These general purpose financial statements have been prepared in accordance with Australian Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') and the Corporations Act 2001, as appropriate for for-profit oriented entities. These financial statements also comply with International Financial Reporting Standards as issued by the International Accounting Standards Board ('IASB').

*Historical cost convention*

The financial statements have been prepared under the historical cost convention.

*Critical accounting estimates*

The preparation of the financial statements requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the consolidated entity's accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements, are disclosed in note 3.

**Cove Resources Limited**  
**(Subject to a Deed of Company Arrangement)**  
**Notes to the financial statements**  
**For the year ended 30 June 2014**

**Note 2. Significant accounting policies (continued)**

**Inherent Uncertainty - Going concern**

The financial report has been prepared on the going concern basis as it is the Directors' intention to continue the business for the foreseeable future. There is a material inherent uncertainty regarding whether the Company will continue as a going concern due to the following:

- As at 30 June 2014 the consolidated entity had net current liabilities of \$1,743,219, net liabilities of \$1,743,219 and generated a net loss after tax of \$593,020 for the year then ended and subsequently were voluntarily suspended from trading on the official list of ASX on 22 July 2013.
- On 17 January 2014 the Company appointed Mr Bryan Hughes of Pitcher Partners as Administrator of the Company pursuant to section 436A of the Corporations Act 2001. On 20 December 2013 (prior to the appointment of the Administrator), the Company entered into a reconstruction deed (Reconstruction Deed) with Cygnet Capital Pty Ltd (the Proponent) for the reconstruction and recapitalisation of the Company.

Following his appointment, the Administrator called for proposals to recapitalise the Company with a view to seeking reinstatement to trading of its securities on ASX. The Administrator ultimately accepted the Reconstruction Deed put forward by the Proponent with some minor variations (Reconstruction Proposal). On 24 February 2014, the Company obtained the approval of its creditors to enter into a Deed of Company Arrangement (DOCA) to facilitate acceptance of the Reconstruction Proposal. On 11 March 2015 the Company obtained approval of its creditors to vary the DOCA to facilitate acceptance of some further variations to the Reconstruction Proposal.

A summary of the revised Reconstruction Proposal from the Proponent is included under note 22 Events after the reporting period. Details of the proposed resolutions required for the execution of the Reconstruction Proposal are included in the Notice of Meeting sent to the Company's shareholders on 2 April 2015. Following the completion of all of the matters detailed in note 22 including the transferring of \$180,000 to the Creditor Trust set up under the DOCA, the DOCA will be fully effectuated. Consequently, the Deed Administrator will retire and the Company will be fully released and discharged from all creditor claims capable of being released by a DOCA. The Company will seek reinstatement of its Shares to trading on ASX for further capital raisings and therefore continue as a going concern. ASX requires that the Company has available at least \$1,000,000 in cash, net of liabilities, immediately prior to Reinstatement. Insufficient interest in the capital raising would result in the Group not being able to re-list in the ASX.

This basis of preparation of the financial report assumes that the Company will be able to:

- obtain necessary approval from the Shareholders in relation to its proposed resolutions as outlined in the Notice of Meeting sent to the Company's shareholders on 2 April 2015
- raise sufficient funds to meet its payment obligations under the DOCA and minimum cash requirements and other listing requirements stipulated by the ASX
- complete the restructuring and associated capital raising in accordance with the Restructuring Proposal to recapitalise
- raise further capital in the future to continue its exploration activities

The Directors cannot be certain of the success or of the timing of the intended fund raising activities, however it is planned that these will commence subsequent to the completion and lodgement of the Financial Reports of the Consolidated Entity for the periods ended 30 June 2013, 31 December 2013, 30 June 2014 and 31 December 2014. In the event that the Company is not recapitalised, the Company will not resume as a going concern.

The financial report does not include:

- the impact due to the Company's ability to obtain the required funding; or
  - adjustments relating to the recoverability and classification of recorded asset amounts; or
  - the amounts and classification of liabilities that might be necessary
- should the Company and consolidated entity not continue as a going concern.

**Parent entity information**

In accordance with the Corporations Act 2001, these financial statements present the results of the consolidated entity only. Supplementary information about the parent entity is disclosed in note 18.

**Cove Resources Limited**  
**(Subject to a Deed of Company Arrangement)**  
**Notes to the financial statements**  
**For the year ended 30 June 2014**

**Note 2. Significant accounting policies (continued)**

**Principles of consolidation**

The consolidated financial statements incorporate the assets and liabilities of all subsidiaries of Cove Resources Limited ('company' or 'parent entity') as at 30 June 2014 and the results of all subsidiaries for the year then ended. Cove Resources Limited and its subsidiaries together are referred to in these financial statements as the 'consolidated entity'.

Subsidiaries are all those entities over which the consolidated entity has control. The consolidated entity controls an entity when the consolidated entity is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the consolidated entity. They are de-consolidated from the date that control ceases.

Intercompany transactions, balances and unrealised gains on transactions between entities in the consolidated entity are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of the impairment of the asset transferred. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the consolidated entity.

The acquisition of subsidiaries is accounted for using the acquisition method of accounting. A change in ownership interest, without the loss of control, is accounted for as an equity transaction, where the difference between the consideration transferred and the book value of the share of the non-controlling interest acquired is recognised directly in equity attributable to the parent.

Where the consolidated entity loses control over a subsidiary, it derecognises the assets including goodwill, liabilities and non-controlling interest in the subsidiary together with any cumulative translation differences recognised in equity. The consolidated entity recognises the fair value of the consideration received and the fair value of any investment retained together with any gain or loss in profit or loss.

**Operating segments**

Operating segments are presented using the 'management approach', where the information presented is on the same basis as the internal reports provided to the Chief Operating Decision Makers ('CODM'). The CODM is responsible for the allocation of resources to operating segments and assessing their performance.

**Revenue recognition**

Revenue is recognised when it is probable that the economic benefit will flow to the consolidated entity and the revenue can be reliably measured. Revenue is measured at the fair value of the consideration received or receivable.

*Interest*

Interest revenue is recognised as interest accrues using the effective interest method. This is a method of calculating the amortised cost of a financial asset and allocating the interest income over the relevant period using the effective interest rate, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the net carrying amount of the financial asset.

*Other revenue*

Other revenue is recognised when it is received or when the right to receive payment is established.

**Note 2. Significant accounting policies (continued)**

**Income tax**

The income tax expense (revenue) for the year comprises current income tax expense (income) and deferred tax expense (income)

Current income tax expense charged to the profit or loss is the tax payable on taxable income calculated using applicable income tax rates enacted, or substantially enacted, as at reporting date. Current tax liabilities (assets) are therefore measured at the amounts expected to be paid to (recovered from) the relevant taxation authority.

Deferred tax reflects movements in deferred tax asset and deferred tax liability balances during the year as well as unused tax losses.

Current and deferred income tax expense (income) is charged or credited directly to equity instead of the profit or loss when the tax relates to items that are credited or charged directly to equity.

Deferred tax assets and liabilities are ascertained based on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred tax assets also result where amounts have been fully expensed but future tax deductions are available. No deferred income tax will be recognised from the initial recognition of an asset or liability, excluding a business combination, where there is no effect on accounting or taxable profit or loss.

Deferred tax assets and liabilities are calculated at the tax rates that are expected to apply to the year when the asset is realised or the liability is settled, based on tax rates enacted or substantively enacted at reporting date. Their measurement also reflects the manner in which management expects to recover or settle the carrying amount of the related asset or liability.

Deferred tax assets relating to temporary differences and unused tax losses are recognised only to the extent that it is probable that future taxable profit will be available against which the benefits of the deferred tax asset can be utilised.

**Exploration and evaluation expenditure**

Exploration, evaluation and development expenditure incurred is accumulated in respect of each identifiable area of interest. These costs are only carried forward to the extent that they are expected to be recouped through successful development of the area or where activities in the area have not yet reached a stage which permits reasonable assessment of the existence of economically recoverable reserve.

Accumulated costs in relation to an abandoned area are written off in full against profit in the year in which the decision to abandon the area is made.

Exploration and evaluation assets are transferred to Development Assets once feasibility and commercial viability of an area of interest are demonstrable. When production commences, the accumulated costs for the relevant area of interest are amortised over the life of the area according to the rate of depletion of the economically recoverable reserves.

A regular review is undertaken of each area of interest to determine the appropriateness of continuing to carry forward costs in relation to that area of interest.

**Employee benefits**

*Share-based payments*

Equity-settled and cash-settled share-based compensation benefits are provided to employees.

Equity-settled transactions are awards of shares, or options over shares, that are provided to employees in exchange for the rendering of services. Cash-settled transactions are awards of cash for the exchange of services, where the amount of cash is determined by reference to the share price.

**Note 2. Significant accounting policies (continued)**

The cost of equity-settled transactions are measured at fair value on grant date. Fair value is independently determined using the Black-Scholes option pricing model that takes into account the exercise price, the term of the option, the impact of dilution, the share price at grant date and expected price volatility of the underlying share, the expected dividend yield and the risk free interest rate for the term of the option, together with non-vesting conditions that do not determine whether the consolidated entity receives the services that entitle the employees to receive payment and market conditions. No account is taken of any other vesting conditions.

The cost of equity-settled transactions are recognised as an expense with a corresponding increase in equity over the vesting period. The cumulative charge to profit or loss is calculated based on the grant date fair value of the award, the best estimate of the number of awards that are likely to vest and the expired portion of the vesting period. The amount recognised in profit or loss for the period is the cumulative amount calculated at each reporting date less amounts already recognised in previous periods.

The cost of cash-settled transactions is initially, and at each reporting date until vested, determined by applying the Black-Scholes option pricing model, taking into consideration the terms and conditions on which the award was granted. The cumulative charge to profit or loss until settlement of the liability is calculated as follows:

    during the vesting period, the liability at each reporting date is the fair value of the award at that date multiplied by the expired portion of the vesting period.

    from the end of the vesting period until settlement of the award, the liability is the full fair value of the liability at the reporting date.

All changes in the liability are recognised in profit or loss. The ultimate cost of cash-settled transactions is the cash paid to settle the liability.

Market conditions are taken into consideration in determining fair value. Therefore any awards subject to market conditions are considered to vest irrespective of whether or not that market condition has been met, provided all other conditions are satisfied.

If equity-settled awards are modified, as a minimum an expense is recognised as if the modification has not been made. An additional expense is recognised, over the remaining vesting period, for any modification that increases the total fair value of the share-based compensation benefit as at the date of modification.

If the non-vesting condition is within the control of the consolidated entity or employee, the failure to satisfy the condition is treated as a cancellation. If the non-vesting condition is not within the control of the consolidated entity or employee and is not satisfied during the vesting period, any remaining expense for the award is recognised over the remaining vesting period, unless the award is forfeited as a result of failure to satisfy a non-market vesting condition.

If equity-settled awards are cancelled, it is treated as if it has vested on the date of cancellation, and any remaining expense is recognised immediately. If a new replacement award is substituted for the cancelled award, the cancelled and new award is treated as if they were a modification.

**Fair value measurement**

When an asset or liability, financial or non-financial, is measured at fair value for recognition or disclosure purposes, the fair value is based on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date; and assumes that the transaction will take place either: in the principal market; or in the absence of a principal market, in the most advantageous market.

Fair value is measured using the assumptions that market participants would use when pricing the asset or liability, assuming they act in their economic best interest. For non-financial assets, the fair value measurement is based on its highest and best use. Valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, are used, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

**Cove Resources Limited**  
**(Subject to a Deed of Company Arrangement)**  
**Notes to the financial statements**  
**For the year ended 30 June 2014**

**Note 2. Significant accounting policies (continued)**

**Issued capital**

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

**Business combinations**

The acquisition method of accounting is used to account for business combinations regardless of whether equity instruments or other assets are acquired.

The consideration transferred is the sum of the acquisition-date fair values of the assets transferred, equity instruments issued or liabilities incurred by the acquirer to former owners of the acquiree. For each business combination, the non-controlling interest in the acquiree is measured at either fair value or at the proportionate share of the acquiree's identifiable net assets. All acquisition costs are expensed as incurred to profit or loss.

On the acquisition of a business, the consolidated entity assesses the financial assets acquired and liabilities assumed for appropriate classification and designation in accordance with the contractual terms, economic conditions, the consolidated entity's operating or accounting policies and other pertinent conditions in existence at the acquisition-date.

Where the business combination is achieved in stages, the consolidated entity remeasures its previously held equity interest in the acquiree at the acquisition-date fair value and the difference between the fair value and the previous carrying amount is recognised in profit or loss.

Contingent consideration to be transferred by the acquirer is recognised at the acquisition-date fair value. Subsequent changes in the fair value of contingent consideration classified as an asset or liability is recognised in profit or loss. Contingent consideration classified as equity is not remeasured and its subsequent settlement is accounted for within equity.

The difference between the acquisition-date fair value of assets acquired, liabilities assumed any non-controlling interest in the acquiree, the fair value of the consideration transferred and the fair value of any pre-existing investment in the acquiree is recognised as goodwill. If the consideration transferred is less than the fair value of the identifiable net assets acquired, being a bargain purchase to the acquirer, the difference is recognised as a gain directly in profit or loss by the acquirer on the acquisition-date, but only after a reassessment of the identification and measurement of the net assets acquired, the non-controlling interest in the acquiree, if any, the consideration transferred and the acquirer's previously held equity interest in the acquirer.

Business combinations are initially accounted for on a provisional basis. The acquirer retrospectively adjusts the provisional amounts recognised and also recognises additional assets or liabilities during the measurement period, based on new information obtained about the facts and circumstances that existed at the acquisition-date. The measurement period ends on either the earlier of (i) 12 months from the date of the acquisition or (ii) when the acquirer receives all the information possible to determine fair value.

**Earnings per share**

*Basic earnings per share*

Basic earnings per share is calculated by dividing the profit attributable to the owners of Cove Resources Limited, excluding any costs of servicing equity other than ordinary shares, by the weighted average number of ordinary shares outstanding during the financial year, adjusted for bonus elements in ordinary shares issued during the financial year.

*Diluted earnings per share*

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account the after income tax effect of interest and other financing costs associated with dilutive potential ordinary shares and the weighted average number of shares assumed to have been issued for no consideration in relation to dilutive potential ordinary shares.

**Cove Resources Limited**  
**(Subject to a Deed of Company Arrangement)**  
**Notes to the financial statements**  
**For the year ended 30 June 2014**

**Note 2. Significant accounting policies (continued)**

**Goods and Services Tax ("GST")**

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Tax Office ("ATO"). In these circumstances the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense. Receivables and payables in the statement of financial position are shown inclusive of GST.

The net amount of GST recoverable from, or payable to, the ATO is included as a current asset or liability in the statement of financial position.

Cash flows are included in the statement of cash flows on a gross basis. The GST components of cash flows arising from investing and financing activities which are recoverable from, or payable to, the ATO are classified as operating cash flows.

**New Accounting Standards and Interpretations not yet mandatory or early adopted**

Relevant Australian Accounting Standards and Interpretations that have recently been issued or amended but are not yet mandatory, have not been early adopted by the consolidated entity for the annual reporting period ended 30 June 2014. The consolidated entity's assessment of the impact of these new or amended Accounting Standards and Interpretations, most relevant to the consolidated entity, are set out below.

*AASB 9 Financial Instruments and its consequential amendments*

This is a new Principal standard which replaces AASB 139. This new Principal version supersedes AASB 9 issued in December 2009 (as amended) and AASB 9 (issued in December 2010) and includes a model for classification and measurement, a single, forward-looking 'expected loss' impairment model and a substantially-reformed approach to hedge accounting. The final version of AASB 9 introduces a new expected-loss impairment model that will require more timely recognition of expected credit losses. Specifically, the new Standard requires entities to account for expected credit losses from when financial instruments are first recognised and to recognise full lifetime expected losses on a more timely basis.

Amendments to AASB 9 (December 2009 & 2010 editions) (AASB 2013-9) issued in December 2013 included the new hedge accounting requirements, including changes to hedge effectiveness testing, treatment of hedging costs, risk components that can be hedged and disclosures. AASB 9 includes requirements for a simpler approach for classification and measurement of financial assets compared with the requirements of AASB 139. AASB 9 also removes the volatility in profit or loss that was caused by changes in the credit risk of liabilities elected to be measured at fair value. This change in accounting means that gains caused by the deterioration of an entity's own credit risk on such liabilities are no longer recognised in profit or loss.

Consequential amendments were also made to other standards as a result of AASB 9, introduced by AASB 2009-11 and superseded by AASB 2010-7, AASB 2010-10 and AASB 2014-1 – Part E. The consolidated entity will adopt this standard and the amendments from 1 July 2018 but the impact of its adoption is yet to be assessed by the consolidated entity.

*AASB 2012-3 Amendments to Australian Accounting Standards - Offsetting Financial Assets and Financial Liabilities*

The amendments are applicable to annual reporting periods beginning on or after 1 January 2014. The amendments add application guidance to address inconsistencies in the application of the offsetting criteria in AASB 132 'Financial Instruments: Presentation', by clarifying the meaning of 'currently has a legally enforceable right of set-off'; and clarifies that some gross settlement systems may be considered to be equivalent to net settlement. The adoption of the amendments from 1 July 2014 will not have a material impact on the consolidated entity.

*AASB 1031 Materiality*

The revised AASB 1031 is an interim standard that cross-references to other Standards and the Framework (issued December 2013) that contain guidance on materiality.

AASB 1031 will be withdrawn when references to AASB 1031 in all Standards and Interpretations have been removed. AASB 2014-1 Part C issued in June 2014 makes amendments to eight Australian Accounting Standards to delete their references to AASB 1031. The amendments are effective from 1 July 2014.

**Cove Resources Limited**  
**(Subject to a Deed of Company Arrangement)**  
**Notes to the financial statements**  
**For the year ended 30 June 2014**

**Note 2. Significant accounting policies (continued)**

*AASB 2013-3 Amendments to AASB 136 - Recoverable Amount Disclosures for Non-Financial Assets*

These amendments are applicable to annual reporting periods beginning on or after 1 January 2014. The disclosure requirements of AASB 136 'Impairment of Assets' have been enhanced to require additional information about the fair value measurement when the recoverable amount of impaired assets is based on fair value less costs of disposals. Additionally, if measured using a present value technique, the discount rate is required to be disclosed. The adoption of these amendments from 1 July 2014 may increase the disclosures by the consolidated entity.

*Annual Improvements to IFRSs 2010-2012 Cycle*

These amendments are applicable to annual reporting periods beginning on or after 1 July 2014 and affects several Accounting Standards as follows: Amends the definition of 'vesting conditions' and 'market condition' and adds definitions for 'performance condition' and 'service condition' in AASB 2 'Share-based Payment'; Amends AASB 3 'Business Combinations' to clarify that contingent consideration that is classified as an asset or liability shall be measured at fair value at each reporting date; Amends AASB 8 'Operating Segments' to require entities to disclose the judgements made by management in applying the aggregation criteria; Clarifies that AASB 8 only requires a reconciliation of the total reportable segments assets to the entity's assets, if the segment assets are reported regularly; Clarifies that the issuance of AASB 13 'Fair Value Measurement' and the amending of AASB 139 'Financial Instruments: Recognition and Measurement' and AASB 9 'Financial Instruments' did not remove the ability to measure short-term receivables and payables with no stated interest rate at their invoice amount, if the effect of discounting is immaterial; Clarifies that in AASB 116 'Property, Plant and Equipment' and AASB 138 'Intangible Assets', when an asset is revalued the gross carrying amount is adjusted in a manner that is consistent with the revaluation of the carrying amount (i.e. proportional restatement of accumulated amortisation); and Amends AASB 124 'Related Party Disclosures' to clarify that an entity providing key management personnel services to the reporting entity or to the parent of the reporting entity is a 'related party' of the reporting entity. The adoption of these amendments from 1 July 2014 will not have a material impact on the consolidated entity.

*Annual Improvements to IFRSs 2011-2013 Cycle*

These amendments are applicable to annual reporting periods beginning on or after 1 July 2014 and affects four Accounting Standards as follows: Clarifies the 'meaning of effective IFRSs' in AASB 1 'First-time Adoption of Australian Accounting Standards'; Clarifies that AASB 3 'Business Combination' excludes from its scope the accounting for the formation of a joint arrangement in the financial statements of the joint arrangement itself; Clarifies that the scope of the portfolio exemption in AASB 13 'Fair Value Measurement' includes all contracts accounted for within the scope of AASB 139 'Financial Instruments: Recognition and Measurement' or AASB 9 'Financial Instruments', regardless of whether they meet the definitions of financial assets or financial liabilities as defined in AASB 132 'Financial Instruments: Presentation'; and Clarifies that determining whether a specific transaction meets the definition of both a business combination as defined in AASB 3 'Business Combinations' and investment property as defined in AASB 140 'Investment Property' requires the use of the guidance in AASB 3. The adoption of these amendments from 1 January 2015 will not have a material impact on the consolidated entity.

*AASB 15 Revenue from Contracts with Customers*

In May 2014, the IASB issued IFRS 15 Revenue from Contracts with Customers, which replaces IAS 11 Construction Contracts, IAS 18 Revenue and related Interpretations (IFRIC 13 Customer Loyalty Programmes, IFRIC 15 Agreements for the Construction of Real Estate, IFRIC 18 Transfers of Assets from Customers and SIC-31 Revenue—Barter Transactions Involving Advertising Services).

The core principle of IFRS 15 is that an entity recognises revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. An entity recognises revenue in accordance with that core principle by applying the following steps:

- (a) Step 1: Identify the contract(s) with a customer
- (b) Step 2: Identify the performance obligations in the contract
- (c) Step 3: Determine the transaction price
- (d) Step 4: Allocate the transaction price to the performance obligations in the contract
- (e) Step 5: Recognise revenue when (or as) the entity satisfies a performance obligation

The standard is effective 1 January 2017 and will be applicable to the group effective 1 July 2017. Early application of this standard is permitted.

AASB 2014-5 incorporates the consequential amendments to a number Australian Accounting Standards (including Interpretations) arising from the issuance of AASB 15. The Group is in the process of assessing the impact of the standard on its financial statements.

**Cove Resources Limited**  
**(Subject to a Deed of Company Arrangement)**  
**Notes to the financial statements**  
**For the year ended 30 June 2014**

**Note 3. Critical accounting judgements, estimates and assumptions**

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts in the financial statements. Management continually evaluates its judgements and estimates in relation to assets, liabilities, contingent liabilities, revenue and expenses. Management bases its judgements, estimates and assumptions on historical experience and on other various factors, including expectations of future events, management believes to be reasonable under the circumstances. The resulting accounting judgements and estimates will seldom equal the related actual results. The judgements, estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities (refer to the respective notes) within the next financial year are discussed below.

**Estimates**

*Share-based payment transactions*

The consolidated entity measures the cost of equity-settled transactions with employees by reference to the fair value of the equity instruments at the date at which they are granted. The fair value is determined by using the Black-Scholes model taking into account the terms and conditions upon which the instruments were granted. The accounting estimates and assumptions relating to equity-settled share-based payments would have no impact on the carrying amounts of assets and liabilities within the next annual reporting period but may impact profit or loss and equity.

*Impairment of exploration and evaluation costs*

The future recoverability of exploration and evaluation costs are dependent on a number of factors, including the level of proved, probable and inferred mineral resources, future technological changes which could impact the cost of mining, future legal changes (including changes to environment restoration obligations) and changes to commodity prices. To the extent that deferred exploration and evaluation costs is determined not to be recoverable in the future, this will reduce profits and net assets in the period in which this determination is made.

*Recovery of deferred tax assets*

Deferred tax assets are recognised for deductible temporary differences only if the consolidated entity considers it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

**Judgements**

*Going Concern*

The consolidated financial report has been prepared on a going concern basis, which contemplates the continuity of normal business activity and the realisation of assets and the settlement of liabilities in the normal course of business.

An inherent uncertainty regarding whether the Company will continue as a going concern arises as, at 30 June 2014 the consolidated entity had net current liabilities (being current assets less current liabilities) and subsequently ceased trading. On 17 January 2014 the Company appointed Mr Bryan Hughes of Pitcher Partners as Administrator. On 24 February 2014, the Company obtained the approval of its creditors to enter into a DOCA to facilitate acceptance of the Reconstruction Proposal. On 11 March 2015 the Company obtained approval of its creditors to vary the DOCA to facilitate acceptance of some further variations to the Reconstruction Proposal. Further details of the going concern assumption are detailed under note 2.

The Directors cannot be certain of the success or of the timing of the intended fund raising activities, however it is planned that these will commence subsequent to the completion and lodgement of the Financial Reports of the Consolidated Entity for the periods ended 30 June 2013, 31 December 2013, 30 June 2014 and 31 December 2014.

**Note 4. Operating segments**

*Identification of reportable operating segments*

Identification and measurement of segments – AASB 8 requires the ‘management approach’ to the identification measurement and disclosure of operating segments. The ‘management approach’ requires that operating segments be identified on the basis of internal reports that are regularly reviewed by the entity’s chief operating decision maker (being the Board of Directors), for the purpose of allocating resources and assessing performance. This could also include the identification of operating segments which sell primarily or exclusively to other internal operating segments. The Group considers its operations as one segment, being mineral exploration within Australia

(\*) This represents the money held in trust by Azalea Consulting Pty Ltd for the benefits of the Group. In accordance with the invitation to invest in the Group's convertible notes as outlined in the proposed Reconstruction Plan, subscription monies are paid into this trust account. Part of the proceeds will be transferred to the administrator to continue to oversee the care and maintenance of the Group's assets required to be retained to facilitate the recapitalisation and restructure of the Company. The remaining will be used by the Directors to engage various services providers necessary for the execution of the proposed Reconstruction Plan.

	<b>Consolidated</b>	
	<b>30 June 2014</b>	<b>30 June 2013</b>
	<b>\$</b>	<b>\$</b>
Exploration and evaluation	-	-

*Reconciliations*

Reconciliations of the written down values at the beginning and end of the current and previous financial year are set out below:

<b>Consolidated</b>	<b>Exploration &amp; Evaluation \$</b>	<b>Total \$</b>
Balance at 1 July 2012	4,035,668	4,035,668
Expenditure during the year	1,218,382	1,218,382
Deposit paid for Koivu Titanium Project	3,044,825	3,044,825
Impairment of exploration and evaluation (a)	(8,298,875)	(8,298,875)
Balance at 30 June 2013	-	-
Balance at 30 June 2014	-	-

(a) The consolidated entity's accounting policy in relation to Exploration and Evaluation expenditure is described under Note 2. Expenditure on an area of interest is capitalised and carried forward where rights to tenure of the area of interest are current and:

- (i) it is expected to be recouped through successful development and exploitation of the area of interest or alternatively by its sale; or
- (ii) exploration and evaluation activities are continuing in an area of interest but at reporting date have not yet reached a stage which permits a reasonable assessment of the existence or otherwise of economically recoverable reserves.

Significant judgement is required in determining whether it is likely that future economic benefits will be derived from the capitalised exploration and evaluation expenditure. In the prior year, the Directors had performed an assessment of all areas of interest to determine whether the respective capitalised exploration and evaluation costs continued to meet the criteria outlined above taking into the material uncertainty surrounding the Group's ability to continue as a going concern as disclosed under note 2. This resulted in the carrying value of the exploration and evaluation assets was fully impaired to nil at 30 June 2013, which represents the Group's estimated fair value of these tenements under the current market conditions (Level 3 fair value). The impairment expense is shown as a separate line item in the Statement of Comprehensive Income.

**Cove Resources Limited**  
**(Subject to a Deed of Company Arrangement)**  
**Notes to the financial statements**  
**For the year ended 30 June 2014**

**Note 9. Current liabilities - trade and other payables**

	<b>Consolidated</b>	
	<b>30 June 2014</b>	<b>30 June 2013</b>
	<b>\$</b>	<b>\$</b>
Trade payables - subject to the DOCA	843,638	494,912
Trade payable – not subject to the DOCA	21,436	-
Payable to the administrator	82,713	-
Other payables – subject to the DOCA	572,667	435,567
	<u>1,437,741</u>	<u>930,479</u>

Refer to note 15 for further information on financial instruments.

As noted throughout this report, the Company appointed an Administrator on 17 January 2014. All trade and other payables subject to DOCA and payable to the Administrator have been recorded at their amortised cost until such time where the creditors have agreed to settlement of amounts owing. Under the Reconstruction Proposal, an Agreed amount of \$180,000 will be available to settle creditors' claims under the DOCA and the Administrator's fees upon the completion of required restructuring and capital raising activities as described under note 22 Events after the reporting date.

**Note 10. Current liabilities - borrowings**

	<b>Consolidated</b>	
	<b>30 June 2014</b>	<b>30 June 2013</b>
	<b>\$</b>	<b>\$</b>
Convertible notes payable – Class A	292,822	262,822
Convertible notes payable – Class B	40,000	-
	<u>332,822</u>	<u>262,822</u>

In 2013, the Company entered into a convertible note agreement with White Swan Nominees Pty Ltd, pursuant to which the Company issued five Class A Convertible Notes in exchange for a total of \$250,000 (i.e. \$50,000 per note). The convertible notes have an 18 month facility, with an interest rate of 12% and are secured against all of the Company present and future acquired property. At the holders' discretion, the notes can be converted to the Company's ordinary shares at a conversion price per share equal to 80% of the five-day VWAP of shares on the ASX prior to the date on which written notice of the election to convert is given. Under the Reconstruction Proposal, the notes will be settled via an issue of 125,000,000 Shares to White Swan Nominees Pty Ltd (and/or its nominees) as described under note 22 Events after the reporting date.

During the financial year, pursuant to the Reconstruction Proposal, the Group issued \$40,000 worth of convertible notes to investors. The note is interest-free and can be converted to shares at the Group's discretion at a conversion share price of \$0.002 per share when the Company obtains shareholder approval for the issue of the shares. In the event that shareholder approval for the issue of the Conversion Shares is not obtained within six months from the date of advance, in the absence of any alternative agreement the noteholder may require the amount advanced to be repaid to the noteholders. Money advanced under the notes have been treated as a loan to the Group until such time that the Company obtains shareholder approval for the issue of the shares.

**Note 11. Equity - issued capital (continued)**

*Movements in ordinary share capital*

Details	Date	Shares	Issue price	\$
Balance	1 July 2012	46,186,987		6,396,187
Acquisition of Koivu Titanium Project	3 October 2012	19,050,000	\$0.15	2,845,000
Share based Payment RFCM	8 April 2013	185,873	\$0.09	16,171
Balance	30 June 2013	65,422,860		9,257,358
Balance	30 June 2014	65,422,860		9,257,358

*Ordinary shares*

Ordinary shares entitle the holder to participate in dividends and the proceeds on the winding up of the company in proportion to the number of and amounts paid on the shares held. The fully paid ordinary shares have no par value and the company does not have a limited amount of authorised capital.

On a show of hands every member present at a meeting in person or by proxy shall have one vote and upon a poll each share shall have one vote.

*Share buy-back*

There is no current on-market share buy-back.

*Capital risk management*

The consolidated entity's objectives when managing capital is to safeguard its ability to continue as a going concern, so that it can provide returns for shareholders and benefits for other stakeholders and to maintain an optimum capital structure to reduce the cost of capital.

In order to maintain or adjust the capital structure, the consolidated entity may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debt.

The consolidated entity would look to raise capital when an opportunity to invest in a business or company was seen as value adding relative to the current company's share price at the time of the investment. The consolidated entity is not actively pursuing additional investments in the short term as it continues to integrate and grow its existing businesses in order to maximise synergies.

The capital risk management policy remains unchanged from the date of this Annual Report.

**Note 12. Equity - reserves**

	<b>Consolidated</b>	
	<b>30 June 2014</b>	<b>30 June 2013</b>

Profit/(loss) after income tax expense for the year	<u>(593,020)</u>	<u>(10,010,664)</u>
Accumulated losses at the end of the financial year	<u><u>(12,181,387)</u></u>	<u><u>(11,588,097)</u></u>

**Note 14. Equity - dividends**

There were no dividends paid, recommended or declared during the current or previous financial year.

**Cove Resources Limited**  
**(Subject to a Deed of Company Arrangement)**  
**Notes to the financial statements**  
**For the year ended 30 June 2014**

**Note 15. Financial instruments**

**Financial risk management objectives**

**a) Financial Risk Management**

The Group's financial instruments consist mainly of deposits with banks, accounts receivable and payable and convertible note.

The main purpose of non-derivative financial instruments is to raise finance for the Group's operations.

Derivatives are not currently used by the Group for hedging purposes. The Group does not speculate in the trading of derivative instruments.

**i. Treasury Risk Management**

The full board of the Company meets on a regular basis to analyse interest rate exposure and to evaluate treasury management strategies in the context of the most recent economic conditions and forecasts.

**ii. Financial Risks**

The main risks the Group is exposed to through its financial instruments are interest rate risk, liquidity risk, commodity risk and credit risk.

*Interest rate risk*

The Group does not have any debt that may be affected by interest rate risk.

*Sensitivity analysis*

As at June 2014 if interest rates moved by +/- 75 basis points from the weighted average rate for the year with all other variables held constant, post tax loss would have been \$150 higher/lower (2013 - \$295 lower/higher) as a result of higher/lower interest income from cash and cash equivalents.

*Liquidity risk*

Liquidity risk arises from the possibility that the Group might encounter difficulty in settling its debts or otherwise meeting its obligations related to financial liabilities. The Group manages this risk by preparing forward looking cash flow analysis in relation to its operational, investing and financing activities and monitoring its cash assets and assets readily convertible to cash in the context of its forecast future cash flows. The Group continually monitors its access to additional equity capital should that be required, maintains a reputable credit profile and manages the credit risk of its financial assets. Refer to note 2 for further discussion about going concern basis of preparation.

*Commodity price volatility*

Commodities prices, including current and expected future prices of illmenite, fluctuate and are affected by numerous factors beyond the control of Cove Resources. These factors include worldwide and regional supply and demand for commodities, general world economic conditions and the outlook for interest rates, inflation and other economic factors on both a regional and global basis. These factors may have a positive or negative effect on Cove Resources' exploration, project development and production plans and activities, together with the ability to fund those plans and activities.

*Price risk*

The consolidated entity is not exposed to any significant price risk.

**Cove Resources Limited**  
**(Subject to a Deed of Company Arrangement)**  
**Notes to the financial statements**  
**For the year ended 30 June 2014**

**Note 15. Financial instruments (continued)**

**Credit risk**

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the consolidated entity. The consolidated entity has a strict code of credit, including obtaining agency credit information, confirming references and setting appropriate credit limits. The consolidated entity obtains guarantees where appropriate to mitigate credit risk. The maximum exposure to credit risk at the reporting date to recognised financial assets is the carrying amount, net of any provisions for impairment of those assets, as disclosed in the statement of financial position and notes to the financial statements. The consolidated entity does not hold any collateral.

The Group does not have any material credit risk exposure to any single receivable or group of receivables under financial instruments entered into by the economic entity.

*Remaining contractual maturities*

The following tables detail the consolidated entity's remaining contractual maturity for its financial instrument liabilities. The tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the financial liabilities are required to be paid. The tables include both interest and principal cash flows disclosed as remaining contractual maturities and therefore these totals may differ from their carrying amount in the statement of financial position.

	Weighted average interest rate %	1 year or less \$	Between 1 and 2 years \$	Between 2 and 5 years \$	Over 5 years \$	Remaining contractual maturities \$
<b>Consolidated - 30 June 2014</b>						

**Non-derivatives**

Trade and other payables	-%	1,437,741	-	-	-	1,437,741
Borrowings	12%	332,822	-	-	-	332,822
Total non-derivatives		<u>1,770,563</u>	<u>-</u>	<u>-</u>	<u>-</u>	<u>1,770,563</u>

	Weighted average interest rate %	1 year or less \$	Between 1 and 2 years \$	Between 2 and 5 years \$	Over 5 years \$	Remaining contractual maturities \$
<b>Consolidated - 30 June 2013</b>						

**Non-derivatives**

*Non-interest bearing*

Trade and other payables	-%	930,479	-	-	-	930,479
Borrowings	12%	262,822	-	-	-	262,822
Total non-derivatives		<u>1,193,301</u>	<u>-</u>	<u>-</u>	<u>-</u>	<u>1,193,301</u>

The cash flows in the maturity analysis above are not expected to occur significantly earlier than contractually disclosed above.

**Fair value of financial instruments**

Unless otherwise stated, the carrying amounts of financial instruments reflect their fair value. Refer to note 9, note 10 and note 22 for the proposed settlement of the trade and other payables and borrowings under the proposed Reconstruction Plan.

<b>Name</b>	<b>Principal place of business / Country of incorporation</b>	<b>Ownership interest</b>	
		<b>30 June 2014</b>	<b>30 June 2013</b>
		<b>%</b>	<b>%</b>
Blenheim Resources Pty Ltd	Australia	100.00%	100.00%
Cove Resources Finland Oy	Finland	100.00%	100.00%

**Note 22 Events after the reporting period**

On 5 March 2014 the Administrator provided an update to the market and announced that following meetings of creditors of the Company and Blenheim held on 24 February 2014 and 26 February 2014 respectively, creditors resolved that the Company and Blenheim execute DOCAs to facilitate the proposal from the Proponent for the recapitalisation and restructure of the Company. The transaction is subject to the completion of certain conditions precedent, including shareholder approval and ASX approval and once completed, would see funds injected into the Company to provide for a return to creditors and enable the Company to be reinstated to official quotation on the ASX.

On 12 March 2015, the Administrator provided an update to the market on the reconstruction proposal, as well as advising on recent changes to Directors and Company Secretary appointments and resignations. The Administrator advised that the Proponent had recently requested changes to the capital raising structure of the Reconstruction Proposal and at a meeting of creditors of the Company held on 11 March 2015, creditors agreed to vary the DOCA for the Company to facilitate these changes. Since initial creditor approval the Proponent has been working towards meeting the obligations required to complete the Reconstruction Proposal. While it was originally anticipated that the recapitalisation and restructure would be completed in July 2014, this has been delayed. Barring any further delays, the Proponent currently anticipates that the Reconstruction Proposal will be complete and the Company will be in a position to seek reinstatement to official quotation on the ASX in the second quarter of 2015.

**Cove Resources Limited**  
**(Subject to a Deed of Company Arrangement)**  
**Notes to the financial statements**  
**For the year ended 30 June 2014**

**Note 22 Events after the reporting period**

The revised Reconstruction Proposal from the Proponent can be summarised as follows:

- (a) all liabilities, contingent liabilities, obligations, warranties and long term commitments of the Company capable of being released by a deed of company arrangement will be released and compromised by the DOCA;
- (b) the Company will undertake the following capital raisings and issues of securities:
  - (i) an issue of 125,000,000 Shares to White Swan Nominees Pty Ltd (and/or its nominees) pursuant to the conversion of its Class A Convertible Notes;
  - (ii) an issue of 155,000,000 Shares to Exempt Investors pursuant to the conversion of their Class B Convertible Notes to raise \$310,000;
  - (iii) an issue of up to 600,000,000 Shares at an issue price of 0.0025 cents each to raise up to \$1,500,000, together with up to 300,000,000 free attaching Bonus Options on the basis of 1 Bonus Option for every 2 Shares issued exercisable at \$0.005 each expiring on 30 June 2019;
  - (iv) an issue of 250,000,000 New Options exercisable at \$0.005 each to Cygnet Capital Pty Ltd (and/or its nominees) expiring on 30 June 2019;
  - (v) an issue of 11,369,000 Shares to Mr Mark Whittle (and/or his nominees);
  - (vi) an issue of 36,000,000 Shares and 18,000,000 New Options exercisable at \$0.005 each to brokers and capital providers (and/or their nominees) expiring on 30 June 2019;
  - (vii) an issue of 14,000,000 Shares and 7,000,000 New Options exercisable at \$0.005 each to Leydin Freyer Corporate Pty Ltd (and/or its nominees) expiring on 30 June 2019;
  - (viii) an issue of 20,000,000 Shares and 10,000,000 New Options exercisable at \$0.005 each to Mr Winton Willesee (and/or his nominees) expiring on 30 June 2019; and
  - (ix) an issue of 4,000,000 Shares and 2,000,000 New Options exercisable \$0.005 each to Mr Greg Miles (and/or his nominees) expiring on 30 June 2019;
- (c) of the funds referred to above, \$180,000 will be made available to the creditors of the Company to be allocated to unsecured creditors (inclusive of priority employee claims and the Administrator's costs); and
- (d) following completion of all of the matters set out above, the DOCA will be fully effectuated, the Deed Administrator will retire and the Company will be fully released and discharged from all creditor claims capable of being released by a DOCA and the Company will seek reinstatement of its Shares to trading on ASX.

A meeting notice was sent out to the Shareholders on 2 April 2015. The Resolutions proposed in the Notice will enable the terms of the DOCA to be completed. If the Resolutions are passed and the proposed restructuring and recapitalisation is completed, the Company will seek reinstatement of its Shares to trading on ASX.

If any of the relevant Resolutions are not passed by the Shareholders, the Company will remain subject to the DOCA, the trading suspension imposed by the ASX will remain in force and the Administrator will need to consider other alternatives, which is likely to include placing the Company into liquidation (in which event no return to Shareholders is anticipated). As part of the Recapitalisation Proposal, the Company has restructured its Board with Garry Hemming ceasing to be a Director, and Erlyn Dale joining Winton Willesee and Greg Miles on the Board in February 2015.

The Class B Convertible Notes were issued in accordance with convertible note agreements pursuant to which the company have been advanced the sum of \$310,000 to facilitate the DOCA process.

All options outstanding as at 30 June 2014 was subsequently expired without being exercised.

No other matter or circumstance has arisen since 30 June 2014 that has significantly affected, or may significantly affect the consolidated entity's operations, the results of those operations, or the consolidated entity's state of affairs in future financial years.

	<b>Consolidated</b>	
	<b>2014</b>	<b>2013</b>
	<b>\$</b>	<b>\$</b>
Loss after income tax attributable to the owners of Cove Resources Limited	<u>(593,020)</u>	<u>(10,010,664)</u>
	<b>Number</b>	<b>Number</b>
Weighted average number of ordinary shares used in calculating basic loss per share	<u>65,422,860</u>	<u>60,231,035</u>
Weighted average number of ordinary shares used in calculating diluted loss per share	<u>65,422,860</u>	<u>60,231,035</u>
	<b>Cents</b>	<b>Cents</b>
Basic loss per share	(0.91)	(16.62)
Diluted loss per share	(0.91)	(16.62)

Options on issue are considered to be potential ordinary shares and have been included in the determination of diluted loss per share only to the extent to which they are dilutive. There are 12,000,000 options as at 30 June 2014 (2013: 46,699,823 options). These options have not been included in the determination of basic loss per share because they are considered to be anti-dilutive.

**Note 24. Share-Based Payments**

*Options*

During the year, nil (2013: nil) options and performance rights were issued.

Options granted carry no dividend or voting rights. When exercisable, each option is convertible into one ordinary share of the Company with full dividend and voting rights.

	<b>2014</b>		<b>2013</b>	
	<b>Number of options</b>	<b>Weighted average exercise price (cents)</b>	<b>Number of options</b>	<b>Weighted average exercise price (cents)</b>
Outstanding at the beginning of the year	46,699,823	30	46,699,823	30
Granted	-	-	-	-
Performance rights issued	-	-	-	-
Forfeited	(34,699,823)	25	-	-
Exercised	-	-	-	-
Outstanding at year end	<u>12,000,000</u>	<u>45</u>	<u>46,699,823</u>	<u>30</u>

The options outstanding at 30 June 2014 had a weighted average exercise price of \$0.45 (2013: \$0.30) and a weighted average remaining contractual life of 0.5 year (2013: 0.8 years).

Historical volatility has been the basis for determining expected share price volatility as it is assumed that this is indicative of future tender, which may not eventuate.

The life of the options is based on the historical exercise patterns, which may not eventuate in the future.

*Shares*

No shares were issued during the current financial year. During the prior year, the Company issued 19,253,873 shares, most of which relates to the acquisition of the Koivu Titanium Project. The fair value of the shares at the date of transactions of \$2,861,171 was used to as approximate of the fair value of the assets acquired as the fair value of the underlying assets cannot be measured reliably.

**Cove Resources Limited**  
**(Subject to a Deed of Company Arrangement)**  
**Notes to the financial statements**  
**For the year ended 30 June 2014**

In the directors' opinion:

the attached financial statements and notes thereto comply with the Corporations Act 2001, the Accounting Standards, the Corporations Regulations 2001 and other mandatory professional reporting requirements;

the attached financial statements and notes thereto comply with International Financial Reporting Standards as issued by the International Accounting Standards Board as described in note 2 to the financial statements;

the attached financial statements and notes thereto give a true and fair view of the consolidated entity's financial position as at 30 June 2014 and of its performance for the financial year ended on that date; and

subject to the achievement of the matters described in note 2, there are reasonable grounds to believe that the company will be able to pay its debts as and when they become due and payable.

The directors have been given the declarations required by section 295A of the Corporations Act 2001.

Signed in accordance with a resolution of directors made pursuant to section 295(5)(a) of the Corporations Act 2001.

On behalf of the directors

## **Independent auditor's report to the members of Cove Resources Limited (Subject to a Deed of Company Arrangement)**

### **Report on the financial report**

We have audited the accompanying financial report of Cove Resources Limited (Subject to a Deed of Company Arrangement), which comprises the consolidated statement of financial position as at 30 June 2014, the consolidated statement of comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration of the consolidated entity comprising the company and the entities it controlled at the year's end or from time to time during the financial year.

### **Directors' responsibility for the financial report**

The directors of the company are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal controls as the directors determine are necessary to enable the preparation of the financial report that is free from material misstatement, whether due to fraud or error. In Note 2, the directors also state, in accordance with Accounting Standard AASB 101 *Presentation of Financial Statements*, that the financial statements comply with *International Financial Reporting Standards*.

### **Auditor's responsibility**

Our responsibility is to express an opinion on the financial report based on our audit. We conducted our audit in accordance with Australian Auditing Standards. Those standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance about whether the financial report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal controls relevant to the entity's preparation and fair presentation of the financial report in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal controls. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the financial report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Independence**

In conducting our audit we have complied with the independence requirements of the *Corporations Act 2001*. We have given to the directors of the company a written Auditor's Independence Declaration, a copy of which is included in the directors' report.

## Opinion

In our opinion:

- a. the financial report of Cove Resources Limited (Subject to a Deed of Company Arrangement) is in accordance with the *Corporations Act 2001*, including:
  - i. giving a true and fair view of the consolidated entity's financial position as at 30 June 2014 and of its performance for the year ended on that date; and
  - ii. complying with Australian Accounting Standards and the *Corporations Regulations 2001*; and
- b. the financial report also complies with *International Financial Reporting Standards* as disclosed in Note 2.

## Report on the remuneration report

We have audited the Remuneration Report included in the directors' report for the year ended 30 June 2014. The directors of the company are responsible for the preparation and presentation of the Remuneration Report in accordance with section 300A of the *Corporations Act 2001*. Our responsibility is to express an opinion on the Remuneration Report, based on our audit conducted in accordance with Australian Auditing Standards.

## Opinion

In our opinion, the Remuneration Report of Cove Resources Limited (Subject to a Deed of Company Arrangement) for the year ended 30 June 2014 complies with section 300A of the *Corporations Act 2001*.

## Emphasis of Matter

Without qualifying our opinion, we draw attention to Note 2 in the financial report which describes the principal conditions that raise doubt about the consolidated entity's ability to continue as a going concern. These conditions indicate the existence of a material uncertainty that may cast significant doubt about the consolidated entity's ability to continue as a going concern and therefore, the consolidated entity may be unable to realise its assets and discharge its liabilities in the normal course of business.
