The Board of Dampier Gold Limited (ASX: DAU) ("Dampier" or "the Company") is pleased to present its Quarterly Activities Report for the period ending 31 March 2015.

Dampier currently owns a 55% interest (and diluting) in the Plutonic Dome Gold Project comprising 412sqkm of mineral tenements of a gold bearing Archaean greenstone belt in central Western Australia.

On 18 February 2015, Dampier announced that Vango Mining Limited (ASX: VAN) ("Vango") had satisfied the conditions for the next stage of the Farm-in Joint Venture on the Plutonic Dome Gold Project ("Project") by the expenditure of \$1M, increasing Vango's equity in the Project by 15% to 45%.

The Measured + Indicated + Inferred Resources for the Project are reported by Vango as being 8.3 million tonnes at 3.1g/t for a total of 820,000 ounces of gold, including 415,000 at 7.7g/t (103,000 ounces) in the K2 deposit which has been earmarked for early development.

Vango continues to evaluate development options for the Project, including the possible utilisation of the adjacent gold processing and treatment facility of the Plutonic Mine.

ASX ANNOUNCEMENT

Dampier continues to provide its full support to Vango under the terms of the Joint Venture and remains committed to investigating all avenues for the Project.

Throughout the quarter, the Directors of Dampier continued their review process of a number of stand-alone project opportunities. Considerable evaluation work has now been undertaken on the most prospective of these opportunities.

Malcolm Carson
CHAIRMAN
DAMPIER GOLD LIMITED

Competent Person Statement

The information in this announcement that relates to Mineral Resources for K2 and Plutonic Dome Project Exploration Results is based on information compiled and fairly represented by Mr Jonathan King, consultant geologist, who is a Member of the Australian Institute of Geoscientists and employed by Geonomics Australia Pty Ltd. Mr King has sufficient experience relevant to the style of mineralisation and type of deposit under consideration, and to the activity which he has undertaken, to qualify as a Competent Person as defined in the 2012 Edition of the Joint Ore Reserves Committee (JORC) Australasian Code for Reporting of Exploration Results, Mineral Resources and Ore Reserves. Mr King consents to the inclusion in this report of the matters based on this information in the form and context in which it appears.
