

8 May 2015

Dear Norton Shareholder

### **Supplementary disclosure - increase in scheme consideration**

On 6 February 2015, Norton Gold Fields Limited (**Norton** or **Company**) announced that it had entered into a binding Scheme Implementation Agreement with its majority shareholder, Zijin Mining Group Co., Ltd (**Zijin**) under which Zijin will acquire all of the shares that it does not already own in Norton for \$0.20 per share.

On 25 February 2015, Norton received written notice from Zijin nominating its wholly owned subsidiary, Jinyu (H.K.) International Mining Company Limited (**Jinyu**), as the acquiring entity.

We are pleased to advise that Zijin has increased the consideration under the proposed scheme to \$0.23 per Norton Share (**Revised Scheme**).

If the Scheme is implemented, you will receive \$0.23 for each Norton share you hold on the Record Date.

Zijin will fund the increased scheme consideration from the sources described in the Scheme Booklet dated 8 April 2015.

### **Recommendations and voting Intentions**

The Independent Directors unanimously recommend that, in the absence of a Superior Proposal, Shareholders vote in favour of the Revised Scheme at the Scheme Meeting. As at the date of this letter, no Superior Proposal has emerged.

The reasons for the Independent Directors' recommendation in favour of the revised proposal have not changed from their reasons in support of the original proposal. These reasons and other relevant considerations are set out in the Scheme Booklet dated 8 April 2015.

In the absence of a Superior Proposal, the Independent Directors intend to vote the Shares they control in favour of the Revised Scheme. I urge you to attend the Scheme Meeting, or, if you are unable to do so, to complete and return the proxy form. Information on how to vote is on page 12 of the original Scheme Booklet and the proxy form (which remains valid for use) which accompanied the Scheme Booklet – additional forms can be obtained from the share registry by calling +61 1300 554474.

### **Information on the Revised Scheme**

The Scheme Booklet dated 8 April 2015 has been sent to you. This letter supplements and should be read together with the original Scheme Booklet. Terms defined in the Scheme Booklet have the same meaning in this document. The Scheme Booklet, together with this letter (including the revised Notice of Meeting), contain all the information relevant to the Revised Scheme. Other than as outlined in this letter, no other terms or conditions of the original proposal have changed. Shareholders are encouraged to read the Scheme Booklet and this letter carefully and in full, and seek their own investment or professional advice.

In addition to increasing the consideration under the Scheme, Zijin also increased (via a variation to the Cancellation Deed) the consideration payable to Drock International Pty Ltd (associated with director, Dianmin Chen) for the cancellation of the OPT1 Options, from \$0.025 to \$0.055 per OPT1 Option.

Further, Dianmin Chen will, as a result of the increase to the scheme consideration, now receive a cash payment of \$391,424 (as opposed to \$340,368 as disclosed in the Scheme Booklet) upon the vesting of his 1,701,843 Performance Units.

As a result of the increase to the scheme consideration, the Independent Expert has provided an addendum dated 5 May 2015 to the Independent Expert's Report dated 2 April 2015. The Independent Expert's conclusions remain unchanged, such that in light of the increase to the scheme consideration:

- the Scheme is fair and reasonable and in the best interests of Non-Associated Shareholders; and
- no collateral benefit has been provided to Dianmin Chen to induce him to vote in favour of the Proposed Scheme as a result of the increase to the consideration payable for the cancellation of the OPT1 Options.

The full addendum is **attached** to this letter.

### **Scheme Meeting and Voting**

The Scheme Meeting and the time for lodging proxies have not changed. Norton shareholders will vote on the Revised Scheme at the Scheme Meeting to be held at 2:30pm on 21 May 2015 at Level 8, Exchange Plaza, 2 The Esplanade, Perth Western Australia. This is done by first approving the amendments to the original scheme and then voting on the Revised Scheme. A revised notice of meeting is attached to this letter.

**You may have already submitted a proxy in relation to the Scheme. If so that proxy will remain valid unless revoked in writing or by returning a new proxy form.** Directors who hold proxies will consider a direction to vote in favour of the Scheme as a general authority to vote in favour of the Scheme at the higher price (ie in favour of the Revised Scheme). However, in the circumstances, the Independent Directors strongly encourage all Shareholders unable to attend the Scheme Meeting in person to complete and return a proxy form directing their proxy to vote in favour of the Scheme. **A new proxy will be taken to revoke any existing proxy.**

**To be valid, proxy forms must be received by the Registry by no later than 2.30pm on 19 May 2015.**

### **Additional information**

The Company, Zijin and Jinyu have entered into a deed of variation to the Scheme Implementation Agreement in respect of the increased consideration, and Zijin and Jinyu have executed an amending Deed Poll to confirm their obligation to pay the increased consideration to Norton shareholders upon implementation of the scheme. A copy of the deed of variation of the Scheme Implementation Agreement and the amending Deed Poll were released on the ASX on 30 April 2015.

A copy of this letter has been provided to ASIC, and a copy has been released on ASX. Neither ASIC nor ASX nor any of their officers takes any responsibility for the contents of this letter. The fact that the Court has reviewed this letter (which forms part of the Explanatory Statement) does not mean that the Court has formed any view as to the merits of the Revised Scheme or as to how Norton shareholders should vote at the Scheme Meeting (on this matter Norton Shareholders must reach their own decision) or has prepared, or is responsible for, this letter or the Scheme Booklet.

Dear Directors

**Re: Scheme of arrangement relating to Zijin's acquisition of Norton's shares and variation to the Cancellation Deed**

On 2 April 2015, Deloitte Corporate Finance Pty Limited (Deloitte) issued an independent expert's report (IER) in relation to the proposed scheme of arrangement under which Zijin Mining Group Co. Ltd (Zijin) would acquire all of the shares in Norton Gold Fields Limited (Norton) it does not already own (the Proposed Scheme). Our opinion was that the Proposed Scheme was fair and reasonable and in the best interests of Non-Associated Shareholders.

Deloitte also provided an opinion on whether any collateral benefits are being provided to Dianmin Chen, the CEO of Norton, in relation to the cancellation of options (OPT1 Options) he holds through Drock International Pty Ltd, to induce him to vote in favour of the Proposed Scheme. Our opinion was that no collateral benefit has been provided to Dianmin Chen to induce him to vote in favour of the Proposed Scheme.

Regulatory Guide 112 issued by the Australian Securities and Investments Commission requires us to consider all new information that may have a material impact on our opinion subsequent to its issue.

On 27 April 2015, Norton announced that Zijin had agreed to increase the offer under the Proposed Scheme from \$0.20 to \$0.23 per Norton share (the New Information). We have considered the New Information and movements in relevant market information since providing our previous opinion.

Our opinion remains that the Proposed Scheme is fair and reasonable and in the best interests of Non-Associated Shareholders.

Zijin has also agreed to increase the consideration payable to Dianmin Chen for the cancellation of the OPT1 Options, from \$0.025 to \$0.055 per OPT1 Option via a variation of the Cancellation Deed. The consideration payable has therefore increased from \$200,000 to \$440,000. We have updated our valuation of the OPT1 options which now represents a range of \$410,000 to \$550,000. The revised consideration payable now falls within, but towards the lower end, of our valuation range.

Our opinion therefore remains that no collateral benefit has been provided to Dianmin Chen to induce him to vote in favour of the Proposed Scheme.

Yours faithfully

### **INTRODUCTION**

This Explanatory Memorandum is provided to Shareholders of Norton Gold Fields Limited (**Norton**) to explain the Resolution to be put to Shareholders at the Court Ordered Scheme Meeting to be held at Level 8, Exchange Plaza, 2 The Esplanade, Perth, Western Australia on 21 May 2015 commencing at 2:30pm (WST).

### **Required voting majority**

- at least 75% of the votes cast on the resolution.

The Court has a discretion under Section 411(4)(a)(ii)(A) of the Corporations Act to approve the Scheme if it is approved by at least 75% of the votes cast on the resolution, but not by a majority in number of Scheme Shareholders present and voting at the Scheme Meeting.
