PARTIALLY UNDERWRITTEN RIGHTS ISSUE TO RAISE UP TO APPROXIMATELY \$1.522 MILLION

The directors of Korab Resources Limited (ASX Code: "KOR") (**Korab**) are pleased to formally announce a partially underwritten one for three non-renounceable pro rata rights issue at an issue price of three cents per new Korab share to raise up to approximately \$1.522 million (before costs and expenses) (**Rights Issue**).

The issue price for the Rights Issue represents a discount of approximately 21.5% to the volume weighted average market price of Korab shares on the 5 ASX trading days on which those shares traded up to and including 25 May 2015.

The maximum number of shares to be issued under the Rights Issue is 50,750,435 (based on the diluted share capital of Korab as at the close of trade on 25 May 2015 without taking into account the impact of rounding).

The Rights Issue is non-renounceable. This means that shareholders' right to subscribe for new Korab shares under the Rights Issue are not transferable.

Rheingold Investments Corporation Pty Ltd (an entity controlled by Executive Chairman, Andrej Karpinski) (**Underwriter**) has agreed to underwrite \$600,000 worth of shares offered under the Rights Issue for a fee equal to 1% of the funds raised under the underwritten portion of the Offer. As a result, the Rights Issue will raise a minimum amount of approximately \$600,000 (before costs and expenses), subject to the terms and conditions of the underwriting agreement. The Underwriter may engage sub-underwriters at its own cost and expense.

Proceeds from the Offer will be applied to the costs of the Offer, the Company's ongoing working capital requirements, consistent with the strategy disclosed to date and to reduce the Company's debt (currently approximately \$2.3 million). Korab's strategy includes progressing Winchester magnesite deposit towards development as a direct shipping ore quarry, securing offtake and sale agreements for Geolsec phosphate quarry and exploration and evaluation of other Korab's properties. The Directors reserve the discretion in respect of this. The exact allocation of amounts will depend on how much is raised under the Offer and how much is underwritten (as the Underwriter may offset subscription monies against the debt owed to it).

Shares being offered under the Rights Issue will only be offered to registered holders of shares with registered addresses in Australia or New Zealand as at 5 pm AWST on Monday, 1 June 2015 (**Eligible Shareholders**).

Holders of existing options for Korab shares have been given notice of their right to exercise their options in order to be eligible to participate in the Rights Issue in respect of the shares underlying their options.

The Rights Issue will be conducted without a prospectus in accordance with section 708AA of the *Corporations Act 2001* (Cth) (**Act**).

investors generally or in the Offer Memorandum and Appendix 3B lodged with ASX today;

- (4) the potential effect the Rights Issue will have on the control of Korab's undiluted share capital will depend on the extent shareholders take up their entitlements. If all shareholders take up their entitlements in full the Rights Issue will have no effect on the control of Korab. No shareholder currently has 20% or more voting power (the voting power of the current largest shareholder is 13.85% and no shareholder will exceed 20% voting power as a result of the Rights Issue (as applications for shortfall in excess of entitlements will be scaled back to the extent it would cause a shareholder to exceed 20% voting power). The Rights Issue is also partially underwritten by related party, Rheingold Investments Corporation Pty Ltd (an entity controlled by Executive Chairman, Andrej Karpinski, (**Underwriter**) and if no shareholder takes up their entitlements under the Rights Issue, the Underwriter and its associates (being Andrej Karpinski and Rheingold Investments Corporation Pty Ltd as trustee for the Rubicon Superannuation Fund) took up their entitlements in full and the Underwriter took up the full underwritten amount of new shares, the number of shares held by the Underwriter and its associates would increase from 21,079,693 to 48,106,258.00 and the percentage of the total issued share capital of Korab controlled by the Underwriter and its associates will increase from 13.85% to a maximum of 26.83% .
- (5) The consequences of the potential effect on control of Korab referred to in paragraph 4 above will be an increase in the voting power of the parties referred to in those paragraphs by an amount equal to the percentage increase in their control of Korab's undiluted share capital. As a result, the maximum control that any of the parties (in this case, the Underwriter and its associates) will have post the Rights Issue is 26.83% (based on the issued share capital of Korab as at the date of this notice). However, this will only occur in the situation where no shareholders (with the exception of the Underwriter and its associates) take up their entitlements under the Rights Issue. Notwithstanding this, the Board considers that such an effect is acceptable in the circumstances as it would occur where eligible shareholders have had an equitable opportunity to participate in the Rights Issue.

Shareholders with queries concerning the Rights Issue should contact Andrej Karpinski on (08) 9474 6166.
