

ASX Release

17<sup>th</sup> June 2015

## SHAREHOLDER CONFERENCE CALL

**Structural Monitoring Systems plc (ASX: SMN)**("the Company" or "SMS") is pleased to invite existing and prospective shareholders to participate in a Company conference call to be held on Thursday, 25<sup>th</sup> June at 9:00am WST, 11:00am (EST), 6:00pm (PST). The call will be hosted via the web-based conferencing service, WebEx.

Key staff from SMS and Anondyne Electronics Manufacturing Corp ("AEM") will be present on the call, and the Company has received confirmation that both Dr Dennis Roach, Senior Scientist and Head of the FAA Airworthiness Assurance Center, Sandia Laboratories, and Dave Piotrowski, Principal Engineer, TechOps, Delta Airlines will be joining the call.

Roach and Piotrowski will each speak for approximately 15-20 minutes, and cover a broad base of important content directly related to the current Boeing/Delta in-flight Program, as well as broader topics concerning the Company's CVM technology, the outlook and long term vision for the current, and future, programs, commercial scale/opportunities etc.

Investors will be required to register for the call, and will only be provided with call-in details once registered. As the call format will be "listen only", shareholders wishing to ask questions will be able to submit questions they would like addressed in the call's Q&A session. Any questions must be submitted to the Company Secretary via email to [sam@straightlines.net.au](mailto:sam@straightlines.net.au), no later than close of business Monday 21<sup>st</sup> June WST.
