ASX Announcement - 13 July 2015

ASX Code: BOA

Boadicea Resources Awarded Drilling Grant for Symons Hill Project

Highlights

- **Boadicea Resources awarded \$40,000 drill funding for Symons Hill Project**
- **Planning and preparation for drilling underway**

Summary

Boadicea Resources Ltd (ASX: BOA, "Boadicea" or "the Company") is pleased to announce that it has successfully received a grant under the Western Australian Government's Exploration Incentives Scheme (EIS) grant. The EIS is offered to explorers as part of a Government and Industry scheme to co-fund drilling programmes across Western Australia, with the aim of potentially identifying further mineral discoveries.

Boadicea has been awarded up to \$40,000 to fund a diamond drill hole at the Company's Symons Hill Project, located directly adjacent to Sirius' Nova Nickel Mine. Further updates on the drilling planning and scheduled commencement of drilling will be provided.

Information included in this release constitutes forward looking statements. Often, but not always, forward looking statements can generally be identified by the use of forward looking words such as "may", "will", "expect", "intend", "plan", "estimate", "anticipate", "continue" and "guidance" or other similar words, and may include, without limitation, statements regarding plans, strategies and objectives of management, anticipated production or construction commencement dates and expected costs or production outputs.

Forward looking statements inherently involve known and unknown risks, uncertainties and other factors that may cause the company's actual results, performance and achievements to differ materially from any future results, performance or achievements. Relevant factors may include, but are not limited to, changes in commodity prices, foreign exchange fluctuations and general economic conditions, increased costs and demand for production inputs, the speculative nature of exploration and project development, including the risks of obtaining necessary licenses and permits and diminishing quantities or grades of reserves, political and social risks, changes to the regulatory framework within which the company operates or may in the future operate environmental conditions including extreme weather conditions, staffing and litigation.

Forward looking statements are based on the company and its management's assumptions made in good faith relating to the financial, market, regulatory and other relevant environments that exist and effect the company's business operations in the future. Readers are cautioned not to place undue reliance on forward looking statements.

Forward looking statements are only current and relevant for the date of issue. Subject to any continuing obligations under applicable law or any relevant stock exchange listing rules, in providing this information the company does not undertake any obligation to publicly update or revise any of the forward looking statements or advise of any change in events, conditions or circumstances on which such statement is based.
