NEWZULU SIGNS PARTNERSHIP WITH RUSSIAN NEWS AGENCY

Newzulu Limited (ASX: **NWZ**) is pleased to announce that it has entered a strategic partnership and content syndication agreement (the “Agreement”) with ITAR TASS (**TASS**) (<http://tass.ru/en>), Russia’s national news agency and leading supplier of multimedia content to Russian media outlets, and commercial clients, which was founded in 1902. The Agreement between TASS and Newzulu extends to the distribution of Newzulu’s news content in Russia and joint initiatives to both crowd-source news and content within Russia and for the marketing of the Newzulu Platform and Newzulu Live products to Russian media companies.

Newzulu and TASS will collaborate on the development of crowd-sourced content sourcing, distribution and syndication in Russia, with the objective to grow revenues through the sales and licensing of Newzulu’s crowd-sourced content to TASS clients (editorial, creative and commercial), in Russia and worldwide. According to PwC, the Russian media market is one of the fastest growing in the world and is now predicted to be worth USD\$35.7 billion per annum with growth rates exceeding its counterparts across all major media industry sectors both traditional and digital. Russia has overtaken the UK and Germany as the largest TV advertising market in Europe, the Middle East and Africa recording \$USD6.1 billion in annual revenues in 2012.

Newzulu expects the Agreement with TASS will deliver a material increase in revenues for Newzulu’s editorial business, while the specific commercial terms of the Agreement were not disclosed. The Agreement covers terms for distribution and licensing of Newzulu content by TASS on a non-exclusive basis, with a focus on high-quality, validated crowd-sourced videos, live video streams and photography.

“Newzulu is pleased to announce our partnership with TASS, Russia’s national news agency, with an unrivalled position in the Russian media market. This partnership will provide a channel for Newzulu’s international community of contributors to sell content into Russia and for any Russian citizen with a smartphone and a story to get published and get paid both nationally and internationally” said Alexander Hartman, Executive Chairman of Newzulu.
