

28 July 2015, PERTH

Quarterly Activities Report: June Quarter 2015

Volta Mining Limited (Volta, the Company) (ASX: VTM), is pleased to present its quarterly activities report for the period 1 April 2015 to 30 June 2015.

Key Points

- » The Company continues to consider acquisition opportunities, as they arise, both within the resources sector and non-resources sector.
- » Iron ore price continues to show volatility and downward pressure.

Pilbara Region Iron Ore Projects - Update

There were no exploration activities on the Company's Pilbara projects during the quarter. The Company intends to keep on-hold any exploration plans for the immediate future, given the current iron ore price.

Full ASX releases are available on the ASX website (www.asx.com.au) or Volta Mining's website (www.voltamining.com.au).

About Volta Mining Limited

Volta Mining Limited (ASX: VTM) is an iron ore company based in Perth, Australia with current interests in the acquisition, exploration and development of iron ore assets in Australia.

Volta Mining strengthened its iron ore portfolio in the Pilbara region of Western Australia with the acquisition of the entire issued share capital of Pilbara Commodities, in January 2014. Pilbara Commodities held a 100% interest in a number of exploration licences including the prospective Hancock Ranges Iron Ore Project.

Volta Mining listed on the ASX on 19 October 2011.
