¹ Under Listing Rule 4.7.3, an entity must lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of rule 4.10.3.

³ Mark whichever option is correct and then complete the page number(s) of the annual report, or the URL of the web page, where the entity’s corporate governance statement can be found.

CORPORATE GOVERNANCE STATEMENT

Approved by the Board of BauMart Holdings Limited on 28 August 2015.

The Board is responsible for the overall corporate governance of the Company. The Board monitors the operational and financial position and performance of the Company and oversees its business strategy including approving the strategic goals of the Company. The Board is committed to maximising performance, generating financial returns and greater value for Shareholders, and achieving growth and success of the Company. In conducting the Company's business with these objectives, the Board seeks to ensure that the Company is properly managed to protect and enhance Shareholder interests, and that the Company, and its Directors, officers and personnel operate in an appropriate environment of corporate governance. Accordingly, the Board has created a framework for managing the Company including adopting corporate governance policies and practices which it believes are appropriate for the Company's business and which are designed to promote the responsible management and conduct of the Company.

The main policies and practices adopted by the Company are summarised below. In addition, many governance elements are contained in the Constitution. The Company's code of conduct outlines how the Company expects Directors and other personnel to behave and conduct business in a range of circumstances. In particular, the code specifies standards of honesty, integrity, ethical and law-abiding behaviour expected of Directors, management and employees and requires awareness of, and compliance with, laws and regulations relevant to the Company's operations as well as other policies that Directors and employees are required to comply with, including occupational health and safety, privacy and fair dealing and conflict of interest. Details of the Company's key policies and practices and the charters for the Board and each of its committees (if any) are available on the Company's website, www.baumart.com.au.

The ASX Corporate Governance Council has developed and released its Corporate Governance Principles and Recommendations for Australian listed entities ("ASX Recommendations") in order to promote investor confidence and to assist companies in meeting stakeholder expectations. The ASX Recommendations are not prescriptive, but guidelines. However, under ASX Listing Rules, the Company is required to provide a statement disclosing the extent to which it has followed the ASX Recommendations. Where the Company has not followed a recommendation, it must separately identify the recommendation and state its reasons for not following the recommendation. The Company's compliance with the ASX Recommendations is noted in Section 10 below, with reference to commentary in other sections as appropriate.

This Statement is current as at 28 August 2015 and has been approved by the Board of Directors of BauMart Holdings Limited.

1. Board of Directors

The Board of Directors comprises one Executive Director, Mr Berthus Budiman (31 October 2014) and two Non-Executive Directors, Mr Anson Gan (appointed 19 March 2015) and Mr Michael Crichton (appointed 19 March 2015). The Company presently does not have a chairman.

The Board charter sets out guidelines for the purpose of determining the independence of Directors, primarily having regards to the factors set out in the ASX Recommendations. The Board considers an Independent Director to be a Non-Executive Director who is not a member of the Company's Management and who is free of any business or other relationship that could materially interfere with, or reasonably be perceived to interfere with, the independent exercise of their judgement. The Board reviews the independence of each Director in light of interests disclosed to the Board from time to time.

The Board considers Mr Michael Crichton to be an Independent Director for the purpose of the ASX Recommendations as he is free from any interest, position, association or relationship that could materially interfere with, or reasonably be perceived to materially interfere with, the independent exercise of his judgement. Berthus Budiman is an Executive Director of the Company and therefore not independent. Anson Gan is a substantial shareholder of the Company and therefore not considered to be independent.

Accordingly, the Board consists of 33% Independent Directors and no Chairman has been appointed. Despite these circumstances, the Board considers that both of the Non-Executive Directors bring objective and independent judgement to the Board's deliberations and both make a valuable contribution to the Company through the skills they bring to the Board and their understanding of the Company's business.

However, a formal Board skills matrix setting out the mix of skills and diversity that the Board currently has or is looking to achieve in its membership has not been established, and therefore the Company does not comply with Recommendation 2.2. The Board will periodically give consideration to the establishment of such a matrix.

2. Board Charter

The Board considers that strong and effective corporate governance can add to the Company's performance, create value for Shareholders, and engender investor confidence. To that end, the Board has adopted a written charter to provide a framework for the effective operation of the Board, which sets out:

- the Board's composition;
- the Board's role and responsibilities;
- the relationship and interaction between the Board and Management; and
- the authority delegated by the Board to Management and Board committees (if established).

The Board's role is to, among other things:

- represent and serve the interests of Shareholders by overseeing and appraising the Company's strategies, policies and performance;
- oversee the Company, including its control and accountability systems;
- oversee the nomination and appointment, and monitor the performance of, Management;
- conduct succession planning for Management;
- review performance, operations and compliance reports from the Executive Director, including reports and updates on strategic issues and risk management matters;
- review, ratify and monitor systems of risk management, internal compliance and control, codes of conduct and legal compliance;
- monitor Management's performance, implementing strategy and seeking to ensure appropriate resources are available;
- approve and monitor the progress of major capital expenditure, capital management and acquisitions and divestments;
- approve budgets;
- monitor the Company's financial performance and liaise with the Company's external auditor; and
- adopt appropriate procedures to ensure compliance with all laws, governmental regulations and accounting standards, including establishing procedures to ensure the financial results are appropriately and accurately reported on a timely basis in accordance with all legal and regulatory requirements.

Matters which are specifically reserved for the Board or its committees include:

- appointment of the Chairman;
- appointment and removal of the CEO;
- appointment of Directors to fill a vacancy or as an additional Director;
- establishment of Board committees, their membership and their delegated authorities;
- approval of dividends;
- review of corporate codes of conduct;
- approval of major capital expenditure, acquisitions and divestments in excess of authority levels delegated to Management;
- calling of meetings of Directors or Shareholders; and
- any other specific matters nominated by the Board from time to time.

The management function is conducted by, or under the supervision of, the Executive Director as directed by the Board (and by officers to whom the management function is properly delegated by the Executive Director). Management must supply the Board with information in a form, timeframe and quality that will enable the Board to discharge its duties effectively. Directors are entitled to access Management and to request additional information at any time they consider it appropriate. The Board collectively, and individual Directors, may seek independent professional advice at the Company's reasonable expense, and the advice received being made available to the Board as a whole.

3. Board Committees

The Board may from time to time establish appropriate committees to assist in the discharge of its responsibilities.

The Board has not established any committees at the present time. Committees may be established by the Board at any time as considered appropriate. Membership of Board committees will be based on the needs of the Company, relevant legislative and other requirements and the skills and experience of individual Directors.

The Company does not comply with **Recommendations 2.1, 4.1, 7.1 and 8.1**, as it has not established a nomination and remuneration committee or an audit and risk committee. The Board considers that the current size and level of activities of the Company are not of a sufficient level to justify having these committees. The whole Board conducts the functions of the committees and is guided by the charter for the Nomination and Remuneration Committee and the charter for the Audit and Risk Committee which is available on the Company's website.

As the operations of the Company develop, the Board will reassess the requirement for the Committees.

4. Risk Management Policy

The identification and proper management of the Company's risks is an important function of the Board. The Company has adopted a risk management policy appropriate for its business. The policy highlights the Company's commitment to designing and implementing systems and methods appropriate to minimise and control its risks.

The Board is responsible for overseeing and approving risk management strategy and policies, including reviewing and ratifying the risk management structure, process and guidelines which are to be developed, maintained and implemented by Management. The responsibilities include overseeing the establishment and implementation of risk management and internal compliance and control systems and reviewing the Company's financial risk management procedures to ensure that it complies with its legal obligations, including assisting the CEO and CFO (or equivalents) to provide declarations required under section 295A of the Corporations Act. A review of the Company's risk management framework was undertaken during the reporting period.

5. Continuous Disclosure Policy

The Company is required to comply with the continuous disclosure requirements of the ASX Listing Rules and the Corporations Act. Subject to the exception contained in the ASX Listing Rules, the Company is required to disclose to the ASX any information concerning the Company which is not generally available and which a reasonable person would expect to have a material effect on the price or value of the Shares. The Company is committed to observing its disclosure obligations under the ASX Listing Rules and the Corporations Act.

The Company has adopted a Continuous Disclosure Policy which establishes procedures aimed at ensuring that Directors and Management are aware of and fulfil their obligations in relation to the timely disclosure of material price-sensitive information.

Under the Policy, the Board is responsible for managing the Company's compliance with its continuous disclosure obligations. Continuous disclosure announcements are also available on the Company's website, www.baumart.com.au.

6. Securities Trading Policy

The Company has adopted a Securities Trading Policy which applies to the Company and its Directors, officers and employees, including those persons having authority and responsibility for planning, directing and controlling the activities of the Company, whether directly or indirectly. The policy explains the prohibited type of conduct in relation to dealings in securities under the Corporations Act and the procedures established in relation to dealings in the Company's securities by Directors, Management or employees.

The policy defines certain closed periods during which trading in Shares by the Company's Directors and employees (and any associates of those people, including spouses and dependants under 18 years of age) is prohibited. The closed periods are currently defined as:

- the period commencing one month prior to the release of the Company's half-yearly results to ASX and ending 24 hours after such release;
- the period commencing one month prior to the release of the Company's full year results to ASX and ending 24 hours after such release;
- the period commencing two weeks prior to the Company's annual general meeting and ending 24 hours after the annual general meeting; and
- any additional periods determined by the Board from time to time.

During closed periods, unless certain exceptions (set out in the Policy) apply, Directors, employees and other affected parties must receive clearance for any proposed dealing in Shares, which will only be provided in exceptional circumstances. In all instances, buying or selling of Shares is not permitted at any time by any person who possesses price-sensitive information.

7. Code of Conduct

The Board recognises the need to observe high standards of corporate practice and business conduct. Accordingly, the Board has adopted a formal code of conduct to be followed by Directors, officers and employees.

The key aspects of this code are that Directors, officers and employees are to:

- act with honesty, integrity and fairness and in the best interests of the Company as a whole;
- act in accordance with all applicable laws, regulations, policies and procedures;
- have responsibility and accountability for reporting and investigating reports of unethical practices; and
- use the Company's resources and property properly.

The Code of Conduct sets out or refers to separate documents outlining the Company's policies on various matters including ethical conduct, fair dealing, compliance, privacy, confidentiality, integrity and conflicts of interest.

8. Shareholder Communications Policy

The Board's aim is to ensure that Shareholders are provided with sufficient information to assess the performance of the Company and to inform them of major developments affecting the state of affairs of the Company in accordance with all applicable laws. Information is communicated to Shareholders through the lodgement of all relevant financial and other information with the ASX as well as publishing information on the Company's website, www.baumart.com.au.

In particular, the Company's website contains information about the Company, including media releases, key policies and the terms of reference of its Board committees (if any). All relevant announcements made to the market and any other relevant information are posted on the Company's website after release to the ASX (subject to applicable securities laws).

9. Additional Information

The Company does not comply with **Recommendation 1.5** as it has not established a diversity policy that requires the Board to set measurable objectives for achieving gender diversity nor disclosed a policy or summary of that policy. The Board considers that at this time no efficiencies or other benefits would be gained by introducing a formal diversity policy. In the future, as the Company grows and increases in size and activity, the Board will consider the adoption of a formal diversity policy. As a consequence of not having a diversity policy, and until such time as a diversity policy is adopted, the Company will not disclose at the end of each reporting period the measurable objectives for achieving gender diversity and progress towards achieving them.

The Company does not comply with **Recommendations 1.6 and 1.7** as it has yet to establish a performance evaluation process and undertake performance evaluations of its board and its individual directors as the current reporting period comprises the period from incorporation on 31 October 2014 to 30 June 2015 and the Company was admitted to the Official List of ASX on 16 June 2015. A performance evaluation process will be established and performance reviews will be undertaken in the subsequent reporting period.

The Company does not comply with **Recommendation 6.2** as it has not developed a formal investor relations program, relying instead on the traditional lines of communication with shareholders. The Board will continue to monitor the demand for such a program from the Company's shareholders.

The Company does not presently have an **internal audit function**. However, the Board and Management continually monitor and endeavour to improve the effectiveness of the Company's risk management and internal control procedures. The Board's interaction with the Company's external auditor also provides additional oversight in this area. The Board does not consider the Company has any material exposure to economic, environmental or social sustainability risks at the present time.

The Company does not presently have a policy on determining whether participants are permitted to enter into transactions which limit the economic risk of participating in its **incentive option scheme**. At the date of this Statement, no grants have been made under the Company's incentive option scheme. The scheme's rules allow the Board discretion to apply restrictions over the options, and the Board will consider imposing restrictions on hedging arrangements by participants at the time of making offers under the scheme.
