Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of rule 4.10.3.

² "Corporate governance statement" is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

Principle 2: Structure the Board to add value

The Board operates in accordance with the broad principles set out in its charter. The charter details the Board's composition and responsibilities.

The Board seeks to ensure that :

- at any point in time, its membership represents an appropriate balance between directors with experience and knowledge of the Group and directors with an external or fresh perspective; and
- the size of the Board is conducive to effective discussion and efficient decision-making.

The board's skills matrix indicates the mix of skills, experience and expertise that are considered necessary at the Board level for optimal performance of the Board. The matrix reflects the Board's objective to have appropriate mix of industry and professional experience including skills such as leadership, governance, strategy, finance, and international business. The board continuously monitors its collective skills and attributes to ensure it maintains the following skills and attributes in its membership:

Skills and Attributes
Senior management positions (past and present)
Experience and knowledge of the oil and gas industry
Strategy – growth of business
Governance procedures
Other past and present executive or non-executive director roles of ASX and non ASX listed companies

As at 30 June 2015 the board believes that its membership adequately represents the required skills as set out in the above matrix.

New directors undertake an induction process coordinated by the company secretary and managing director who briefs and informs the directors on all relevant aspects of the company's operations and background.

Directors' independence

The Board has adopted specific principles in relation to directors' independence. These state that when determining independence, a director must be a non-executive and the Board should consider whether the director:

- is a substantial shareholder of the company or an officer of, or otherwise associated directly with, a substantial shareholder of the company;
- is or has been employed in an executive capacity by the company or any other Group member within three years before commencing to serve on the Board;
- within the last three years has been a principal of a material professional adviser or a material consultant to the company or any other Group member, or an employee materially associated with the service provided;
- has a material contractual relationship with the company or a controlled entity other than as a director of the Group; and
- is free from any business or other relationship which could, or could reasonably be perceived to, materially interfere with the director's independent exercise of their judgement.

Materiality for these purposes is determined on both quantitative and qualitative bases. A transaction of any amount or a relationship is deemed material if knowledge of it may impact the shareholders' understanding of the director's performance.

The Board assesses independence each year. To enable this process, the directors must provide all information that may be relevant to the assessment.

Board members

Details of the board of directors is as follows:

Name	Appointment Date	Length of Service	Executive Status	Independence
David Breeze	20 April 2005	10 Years	Executive	Independent

Deborah Ambrosini	15 February 2010	5 Years	Executive	Independent

At the date of signing the directors' report, there are two non-executive directors and two executive directors, all four of whom have no relationships adversely affecting independence and so are deemed independent under the principles set out above.

- Mr Breeze has business dealings with the Group as disclosed in note 23 to the financial report.

The company's Constitution specifies that all non-executive directors must retire from office no later than the third annual general meeting (AGM) following their last election. Where eligible, a director may stand for re-election, subject to the following limitations:

- on attaining the age of 72 years a director will retire, by agreement, at the next AGM and will not seek re-election.

Chair and Managing Director

The Chair is responsible for leading the Board, ensuring directors are properly briefed in all matters relevant to their role and responsibilities, facilitating Board discussions and managing the Board's relationship with the company's senior executives. In accepting the position, the Chair has acknowledged that it will require a significant time commitment and has confirmed that other positions will not hinder his effective performance in the role of Chair.

The Managing Director is responsible for implementing Group strategies and policies.

Committees

The number of meetings of the company's Board of Directors and of each Board committee held during the year ended 30 June 2015 and the number of meetings attended by each director is disclosed on page 9 of the annual financial report in the section directors report.

It is the company's practice to allow its executive directors to accept appointments outside the company. No appointments of this nature were accepted during the year ended 30 June 2015.

Principle 3: Promote ethical and responsible decision making

The company has developed a statement of values which has been fully endorsed by the Board and applies to all directors and employees. The Statement is regularly reviewed and updated as necessary to ensure it reflects the highest standards of behaviour and professionalism and the practices necessary to maintain confidence in the Group's integrity and to take into account legal obligations and reasonable expectations of the company's stakeholders.

The Statement requires that at all times all company personnel act with the utmost integrity, objectivity and in compliance with the letter and the spirit of the law and company policies.

The company's share trading policy is set out on the company's website.

The purchase and sale of company securities by directors and employees is monitored by the Board.

The company's policy regarding diversity is set out on the company's website.

The company's diversity policy does not include measurable objectives as the Board believes that the company will not be able to successfully meet these given the size and stage of development of the company. If the company's activities increase in size, nature and scope in the future, the suitable measurable objectives will be agreed and put into place. The company is committed to Diversity and Equal Opportunity within its workforce, placing particular focus on the level of gender diversity at senior levels of the organisation. The company ensures this is achieved by :

- ensuring recruitment and selection practices enable the availability of a diverse candidate pool for appointments at senior levels;
- development of high potential women;
- implementation of flexible working arrangements; and
- ensuring remuneration practices are free from gender bias.

Given the size of the company the Directors do not consider it appropriate to set and include measurable objectives in relation to diversity within the annual report. Notwithstanding this, the company strives to provide the best possible opportunities for current and prospective employees of all backgrounds in such a manner that best adds to overall shareholder value and which reflects the values, principles and spirit of the Company's Diversity Policy.

At conclusion of the reporting year, one of MEC's four directors is female.

Principle 4: Safeguard integrity in financial reporting

Adopted except as follows:-

The company does not have a separate Audit Committee. The full Board carries out the functions of an Audit Committee. The Board has the authority, within the scope of its responsibilities, to seek any information it requires from any employee or external party.

Due to the status of the company and the relatively straight forward accounts of the company, the Directors at the moment can see no additional benefits to be obtained by establishing such a committee.

The Board follows the Audit Committee Charter, a copy of which is available on request.

The company is not of a size at the moment that justifies having an internal audit division.

External auditors

The Board's policy is to appoint external auditors who clearly demonstrate quality and independence. The performance of the external auditor is reviewed annually and applications for tender of external audit services are requested as deemed appropriate, taking into consideration assessment of performance, existing value and tender costs. Nexia was appointed as the external auditor in 2012. It is the Corporation Act's policy to rotate audit engagement partners on listed companies at least every five years. A partner should not be re-assigned to a listed entity audit engagement if this equates to the partner serving in this role for more than 5 out of 7 successive years.

An analysis of fees paid to the external auditors, including a break-down of fees for non-audit services, is provided in the directors' report and in note 4 to the financial statements. The external auditors provide an annual declaration of their independence to the Board.

The external auditor will attend the annual general meeting and be available to answer shareholder questions about the conduct of the audit and the preparation and content of the audit report.

Principle 5&6: Make timely and balanced disclosures and respect the rights of shareholders

Continuous disclosure and shareholder communication

The company has policies and procedures on information disclosure that focus on continuous disclosure of any information concerning the Group that a reasonable person would expect to have a material effect on the price of the company's securities. These policies and procedures also include the arrangements the company has in place to promote communication with shareholders and encourage effective participation at general meetings.

The company will holds its AGM before 30 November 2015 and the chairman and company secretary will engage with shareholders in advance of the AGM, as appropriate. The board encourages full participation of shareholders at the AGM to ensure a high level of accountability and identification with the company's strategy and goals. Shareholders who are unable to attend the AGM are encouraged to vote on the proposed motions by appointing a proxy via the proxy form accompanying the Notice of Meeting. The company will publish the results of the meeting to the ASX on its website following the conclusion of the AGM.

The company recognises the importance of its relationships with investors and analysts. The managing director is primary contact for communicating with the investment community.

When analysts are briefed on aspects of the Group's operations, the material used in the presentation is released to the ASX and posted on the company's web site. Procedures have also been established for reviewing whether any price sensitive information has been inadvertently disclosed and, if so, this information is also immediately released to the market.

All shareholders receive a copy of the company's annual (full or concise) and half-yearly reports. The Board receives monthly updates as to the effectiveness of the company's management of material risks that may impede meeting business objectives.

The Board is responsible for ensuring that management's objectives and activities are aligned with the expectations and risks identified by the Board. It has a number of mechanisms in place to ensure this is achieved, including the following:

- Board approval of a strategic plan, designed to meet shareholder needs and manage business risk;
- Implementation of operating plans and budgets by management and Board monitoring progress against budget; and
- Procedures to allow directors, in the furtherance of their duties, to seek independent professional advice at the company's expense.

Control procedures cover management accounting, financial reporting, project appraisal, IT security, compliance and other risk management issues. The Managing Director is required to ensure that appropriate controls are in place to effectively manage the identified risks. This is monitored by the Board on a monthly basis.

The environment

Information on compliance with significant environmental regulations is set out in the directors' report of the annual financial report.
