1-Page Limited (ASX: 1PG) ("1-Page" or the "Company"), the enterprise cloud-based talent acquisition platform changing the way companies hire talent, is pleased to announce it has formed strategic partnerships with a number of companies in which will assist the sales of the 1-Page products.

The partnerships include, but are not limited to:

Accredited Referral Partners: 1-Page is introduced to the leading enterprises in the world, through our relationships with RPO, RAA, and other industry partners, as their clients plan budgets and look to add the most innovative products in the industry. Recruitment Process Outsourcing (RPO) is strategic consulting for talent acquisition, sourcing for select departments or skills, or total outsourcing of the recruiting function within an enterprise. Recruitment Advertising Agencies (RAA) work with enterprises on recruitment communication, campaign planning and hiring initiatives.

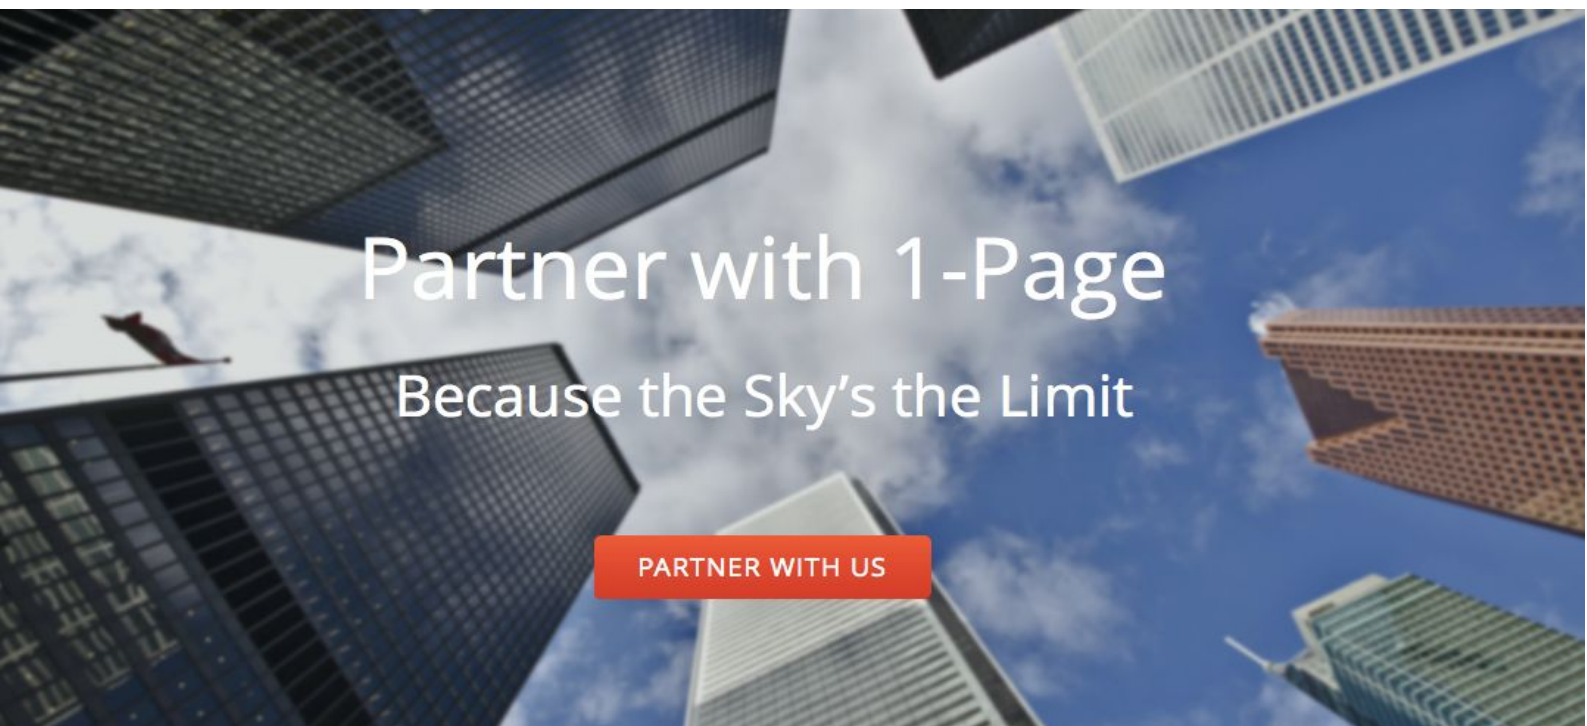

Integrations: Seamlessly integrating with Customer Relationship Software (CRM), Applicant Tracking Systems (ATS), Vendor Management Systems (VMS) and other technologies gives 1-Page clients the ability to leverage the power of 1-Page within the systems they use everyday.

Marketplaces: Partnering with leading cloud service marketplaces provides distribution to businesses that can directly browse, purchase, and manage 1-Page subscriptions.

Commenting on the forming of the partnerships, Jeff Mills, 1-Page Chief Revenue and Operations Officer said *“the ability to scale quickly and efficiently is paramount to our success. These partners have thousands of employees with existing relationships to our target accounts. Forming partnerships with these leading organizations provides 1-Page the distribution network needed to overachieve on our mission.”*

“This is only the beginning. We are finalizing agreements with several other impactful partners that will be added to the partner network shortly.”
