REVIEW OF OPERATIONS

The loss for the half-year after income tax was \$1,303,253 (30 June 2014: \$435,416 loss).

Exploration Activities

On 3 April 2014, Carbine announced that it had entered an agreement to acquire the Mount Morgan Gold & Copper Project in Queensland. The historic Mount Morgan Mine is 38km from Rockhampton on the central Queensland coast. Mining operations at Mount Morgan spanned nearly 100 years, producing 8.4Moz of gold, 400,000t of copper and 1.2Moz of silver from approximately 50Mt of ore. The operations produced substantial tailings resources which remain on the mining leases. The Queensland Department of Natural Resources and Mines holds all environmental liabilities associated with the current status and legacy of the Mount Morgan Mine and surface tailings. Carbine is assessing the potential for restarting tailings operations at Mount Morgan to economically recover gold, copper and pyrite resources.

During the half year ended 30 June 2015, the Company undertook exploration work including drilling, metallurgical testing and desktop studies. Subsequent to the half year, the Company was pleased to announce the completion of a successful pre-feasibility study (PFS) on the Mount Morgan Project (see ASX: 13 August 2015). The PFS confirmed a low-cost multi-product operation with All-in Sustaining Costs of US\$234/oz for a minimum eight year mine life. The PFS is based on the current JORC resources leaving scope for further improvement as the Company undertakes drilling to target exploration potential at the Project.

SUBSEQUENT EVENTS

Subsequent to the reporting period:

- On 7 July 2015, 2,500,000 unlisted share options exercisable at \$0.065 each on or before 7 July 2018 and 2,500,000 unlisted share options exercisable at \$0.10 each on or before 7 July 2018, were issued.

- On 15 July 2015, the Company announced receipt of \$511,308 as part of the Australian Taxation Office's Research and Development Tax Incentive (R&D rebate) Program. No amount has been recognised for this at 30 June 2015 as it did not meet the recognition criteria for a financial asset at that date.
- On 1 September 2015, the Company was issued with 10,000,000 unlisted share options in Boss Resources Limited (ASX: BOE) exercisable at \$0.02 per share on or before 31 August 2018. 1. BASIS OF PREPARATION

These general purpose interim financial statements of Carbine Resources Limited and its controlled entity (the Group) for the half-year reporting period ended 30 June 2015 have been prepared in accordance with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Act 2001.

This half-year report was authorised for issue in accordance with a resolution of the Board of Directors on 11th September 2015. Carbine Resources Limited is a company incorporated in Australia and limited by shares, which are publicly traded on the Australian Securities Exchange.

The interim financial statements do not include all notes of the type normally included within the annual financial statements. Accordingly, this report is to be read in conjunction with the annual report for the year ended 31 December 2014 and any public announcements made by Carbine Resources Limited during the interim financial reporting period in accordance with the continuous disclosure obligations arising under the *Corporations Act 2001*.

For the purpose of preparing these half-year financial statements, the half-year has been treated as a discrete reporting period.

The same accounting policies and methods of computation have been followed in the interim financial report as were applied in the most recent annual financial statements except in relation to the matters discussed below:

None of the new standards and amendments to standards that are mandatory for the first time for the financial year beginning 1 January 2015 affected any of the amounts recognised in the current period or any prior period, although it caused minor changes to the Group's disclosures.

The Group has not elected to adopt any new Accounting Standards or Interpretations prior to their applicable date of implementation.

a. Impaired VAT Receivable

As at 30 June 2015 the Group had VAT receivable in Burkina Faso of \$865,465 (2014: \$879,804). The VAT is recoverable against generation of revenue for which the Group would be required to remit VAT. The Group determined that at this stage of exploration it was not yet probable that it would generate this revenue and the whole of the VAT receivable has been treated as impaired. The decrease in the impairment of VAT receivable of \$14,339 (2014: decrease of \$32,092) includes \$15,352 (2014: \$35,260) caused by exchange differences on translation of foreign operations less an increase in the amount receivable in the functional currency of the local operations of \$1,013 (2014: increase of \$3,168) that has been recognised as an expense in profit or loss. No other receivables are past due or impaired.

Due to the short term nature of the receivables, their carrying value is assumed to approximate their fair value. The maximum exposure to credit risk at the end of the reporting period is the total mentioned above.

INDEPENDENT AUDITOR'S REVIEW REPORT TO THE MEMBERS OF CARBINE RESOURCES LIMITED

Report on the Half-Year Financial Report

We have reviewed the accompanying half-year financial report of Carbine Resources Limited, which comprises the consolidated statement of financial position as at 30 June 2015, the consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in equity, and consolidated statement of cash flows for the half-year ended on that date, condensed notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration for Carbine Resources Limited (the consolidated entity). The consolidated entity comprises both Carbine Resources Limited (the Company) and the entities it controlled during the half year.

Directors' Responsibility for the Half-Year Financial Report

The directors of Carbine Resources Limited are responsible for the preparation of the halfyear financial report that gives a true and fair view in accordance with Australian Accounting Standards (including the Australian Accounting Interpretations) and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half year financial report is not in accordance with the *Corporations Act 2001* including: giving a true and fair view of the consolidated entity's financial position as at 30 June 2015 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*. As the auditor of Carbine Resources Limited, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

15

Whilst we considered the effectiveness of management's internal controls over financial reporting when determining the nature and extent of our procedures, our review was not designed to provide assurance on internal controls.

Our review did not involve an analysis of the prudence of business decisions made by the directors or management.

Independence

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*. We confirm that the independence declaration required by the *Corporations Act 2001*, has been provided to the directors of Carbine Resources Limited on 11 September 2015.

Conclusion

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Carbine Resources Limited is not in accordance with the *Corporations Act 2001* including:

- (a) giving a true and fair view of the consolidated entity's financial position as at 30 June 2015 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 Interim Financial Reporting and Corporations Regulations 2001.
