Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of rule 4.10.3.

Throughout this form, where you are given two or more options to select, you can, if you wish, delete any option which is not applicable and just retain the option that is applicable. If you select an option that includes "<u>OR</u>" at the end of the selection and you delete the other options, you can also, if you wish, delete the "OR" at the end of the selection.

¹ Under Listing Rule 4.7.3, an entity must lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX. Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

CORPORATE GOVERNANCE STATEMENT (Approved by the Board on 21 September 2015)

Corpo	orate Governance Council recommendation	
PRING	CIPLE 1 – LAY SOLID FOUNDATIONS FOR MANAGEMENT AND O	VERSIGHT
1.1	A listed entity should disclose: (a) the respective roles and responsibilities of its board and management; and (b) those matters expressly reserved to the board and those delegated to management.	The roles and responsibilities of the Company's Board are described in the Company's Board Charter included in the Corporate Governance Plan on the Company's website. Specific responsibilities of the Board include: • appointing a CEO and determining the CEO's remuneration; • driving the strategic direction of the Company; • overseeing risk management systems; • approving an annual budget and major capital expenditure; and • ensuring that appropriate corporate governance practices are adopted by the Company. The Board Charter provides that the day to day management of the Company is delegated to a Chief Executive Officer or Executive Director. In the Company's current circumstances the role of the CEO is divided between the Executive Chairman and an Executive Director. The Company's Corporate Code of Conduct included in the Corporate Governance Plan also describes responsibilities of management and employees.
1.2	A listed entity should: (a) undertake appropriate checks before appointing a person, or putting forward to security holders a candidate for election, as a director; and (b) provide security holders with all material information in its possession relevant to a decision on whether or not to elect or re-elect a director.	Appointments to the Board are determined by the full Board (rather than a Board Committee). Prior to Board appointments being made the skills, expertise and experience of incumbent and proposed Directors are assessed to ensure there is an optimal blend of skills, expertise and experience represented on the Board. It should be noted that several major shareholders have contractual rights to nominate a Director. Material information regarding the election of nominees to the Board is provided to shareholders in the relevant Notice of Meeting despatched to all shareholders and available on the Company's website.
1.3	A listed entity should have a written agreement with each director and senior executive setting out the terms of their appointment.	The Company has written agreements in place with all Directors and senior management regarding the terms of their appointment.
1.4	The company secretary of a listed entity should be accountable directly to the board, through the chair, on all matters to do with the proper functioning of the board.	The Board Charter included in the Corporate Governance Plan provides that Board is responsible for the appointment and removal of the Company Secretary and describes the responsibilities of the Company Secretary.

PRINCI	PLE 2 - STRUCTURE THE BOARD TO ADD VALUE	
2.1	The board of a listed entity should: (a) have a nomination committee which: (1) has at least three members, a majority of whom are independent directors; and (2) is chaired by an independent director, and disclose: (3) the charter of the committee; (4) the members of the committee; and (5) as at the end of each reporting period, the number of times the committee met throughout the period and the individual attendances of the members at those meetings; or (b) if it does not have a nomination committee, disclose that fact and the processes it employs to address board succession issues and to ensure that the board has the appropriate balance of skills, knowledge, experience, independence and diversity to enable it to discharge its duties and responsibilities effectively.	The Board has not established a Nomination Committee. In accordance with the Board Charter, where the Board considers that the Company will not gain any benefit from a particular separate committee, the full Board will carry out the duties that would ordinarily be assigned to that Committee – which duties are set out in the Nomination Committee Charter in the Company's Corporate Governance Plan. The Board periodically considers whether it has the appropriate mix of skills, expertise and experience required to enable it to discharge its duties and responsibilities effectively.
2.2	A listed entity should have and disclose a board skills matrix setting out the mix of skills and diversity that the board currently has or is looking to achieve in its membership.	As noted above, the Board periodically considers whether it has the appropriate mix of skills, expertise and experience required to enable it to discharge its duties and responsibilities effectively. In the Board's view, considering the current size and activities of the Company and composition of the Board, a Board skills matrix is not required.
2.3	A listed entity should disclose: (a) the names of the directors considered by the board to be independent directors; (b) if a director has an interest, position, association or relationship of the type described in Box 2.3 but the board is of the opinion that it does not compromise the independence of the director, the nature of the interest, position, association or relationship in question and an explanation of why the board is of that opinion; and (c) the length of service of each director.	(a) Mr M Young is considered by the Board to be Independent. (b) N/A (c) Mr P Kopejtka was appointed as a Director on 10 December 2012. Mr A Caruso was appointed on 27 March 2013. Mr DeSouza was appointed on 21 September 2011. Messrs McClements, Featherby and Richyal were appointed on 15 October 2014. Mr Young was appointed on 12 June 2015.

Corpor	ate Governance Council recommendation	
2.4	A majority of the board of a listed entity should be independent directors.	The Board does not comprise a majority of Independent Directors. In accordance with contractual commitments major shareholders have appointed a total of three (non-independent) Directors and two Directors are executives. One Director has been employed as a consultant during the last three years. The Board considers its current composition is adequate having regard to the current size of the Company, its financial position and the stage of its projects.
2.5	The chair of the board of a listed entity should be an independent director and, in particular, should not be the same person as the CEO of the entity.	The Company has an Executive Chairman. The Board considers this structure is adequate having regard to the current size of the Company, its financial position and the stage of its projects.
2.6	A listed entity should have a program for inducting new directors and provide appropriate professional development opportunities for directors to develop and maintain the skills and knowledge needed to perform their role as directors effectively.	The Company Secretary provides an induction for new Directors as required.
