Directors' report

Your Directors present their report together with the financial report of Lithex Resources Limited ('the Company' or 'Parent Entity') and its controlled entity ('the Group' or 'consolidated entity') for the year ended 30 June 2015 and the auditor's report thereon.

Directors

The names and details of the Company's Directors in office during the financial year and until the date of this report are as follows. Directors were in office for this entire period unless otherwise stated.

Names, qualifications, experience and special responsibilities

Mr Jason Peterson - Non Executive Director

Mr Peterson has more than 20 years of experience in the financial advisory sector, which he obtained by working in both local and international stockbroking companies such as Patersons, Tolhurst, and Merrill Lynch. Mr Peterson specialises in corporate structuring, capital raisings, corporate and strategic advice to small and medium size companies and reverse takeovers. Mr Peterson holds a Bachelor of Commerce degree from Curtin University in Australia and a Graduate Diploma of Finance from FINSIA (Financial Services Institute of Australia)/SDIA (Securities & Derivatives Institute of Australia). Mr Peterson is a Director and major shareholder of stock broking and corporate advisory firm, CPS Capital Pty Ltd.

Mr Peterson is currently a Non-Executive Director for ASX listed company Wolf Petroleum Ltd.

Mr Joe Graziano - Non Executive Director

Mr Graziano has 25 years' experience providing a wide range of business, financial and taxation advice to small cap unlisted and listed public companies and privately owned businesses in Western Australia's resource-driven industries, particularly mining, banking and finance, professional services and logistics.

Mr Graziano has the knowledge and experience in Corporate Advisory and strategic planning with Corporations and Private Businesses going through a growth phase and restructuring those businesses to assist with the next phase of their growth and strategy. Mr Graziano also has experience in Capital Raisings, ASX compliance and regulatory requirements. Mr Graziano has specific expertise in the mining services and resource exploration sectors, as well as in banking, finance, professional services businesses and privately owned businesses.

Mr Graziano is currently a Non-Executive Director for ASX listed companies Oz Brewing Ltd, Kin Mining NL, Antares Mining Limited, Castillo Copper Limited.

Mr Graziano has a Bachelor of Commerce from Murdoch University, is a Chartered Accountant and a Graduate of the Institute of Company Directors.

Ms Paula Cowan - Non Executive Director (appointed 29 January 2015)

Ms Cowan provides accounting, secretarial and advisory advice to private and public companies, government and other stakeholders. Ms Cowan has over 10 years of experience in chartered accounting specialising in corporate advisory and reconstruction.

Ms Cowan holds a Bachelor of Commerce/Law (Hons), is a qualified Chartered Accountant and a Graduate of the Australian Institute of Company Directors.

Names, qualifications, experience and special responsibilities (continued)

Mr Jack James - Non Executive Director (resigned 29 January 2015)

Mr James provides accounting, secretarial and advisory advice to private and public companies, government and other stakeholders. Mr James has over 15 years of experience in chartered accounting specialising in corporate advisory and reconstruction.

Mr James is currently the Non-Executive Chairman for ASX listed company Eumeralla Resources Ltd, Antares Mining Ltd and Premiere Energy Ltd.

Mr James has a Bachelor of Business from the Queensland University of Technology and is a Chartered Accountant.

Paula Cowan	Nil		

Directors' Interests

The relevant interests of each Director in the shares and options of the Company at the date of this report are as follows:

	Ordinary shares	Options over ordinary shares	Performance Shares
Jason Peterson	10,225,869	9,087,080	Nil
Joe Graziano	1,500,000	Nil	Nil
Paula Cowan	Nil	Nil	Nil

Company Secretary

Mr Peter Webse - Company Secretary B.Bus, FGIA, FCPA, MAICD

Mr Webse was appointed as Company Secretary on 11 March 2014. He has over 24 years' company secretarial experience and is the managing director of Platinum Corporate Secretariat Pty Ltd, a company specialising in providing company secretarial, corporate governance and corporate advisory services to listed companies.

Remuneration of key management personnel

Information about the remuneration of key management personnel is set out in the remuneration report of this director's report, on pages 12 to 16. The term 'key management personnel' refers to those persons having authority and responsibility for planning, directing and controlling the activities of the consolidated entity, directly or indirectly, including any director (whether executive or otherwise) of the consolidated entity.

No shares or options have been issued for compensation purposes during or since the end of the financial year to any employee of the Company.

Operating and financial review

Principal activities

The principal activities of the Company during the year were mineral exploration. The appointed Board undertook a review of the Company's future strategy and implemented initiatives to reduce costs. As a result of the review, the following key matters took place:

- Preliminary discussions held with a number of parties regarding future investment opportunities aimed at improving shareholder value; and
- Rationalisation of tenements to reduce expenditure commitments.

These matters are discussed in more detail elsewhere in this report.

Corporate structure

The Company is a listed public company, incorporated and domiciled in Australia. The Company has prepared a consolidated financial report incorporating the entity that it controlled during the financial year which is listed in note 21 to the financial statements.

Operating results for the year

A summary of the salient operating results for the year ended 30 June 2015 is as follows:

- Operating loss after tax was (\$454,244) representing a 76% reduction on FY2014 (\$1,871,745).
- Net cash outflow from operating activities was (\$458,509) representing a 10% reduction on FY2014 (\$475,787).

The table below sets out summary information about the consolidated entity's earnings and movement in shareholder wealth for the five years to 30 June 2015.

		30 June 2015	30 June 2014	30 June 2013	30 June 2012	30 June 2011

Review of operations

As announced on 10 July 2014, Lithex Resources Limited (“Lithex” or “the Company”) entered into a binding Heads of Agreement (“HOA”) with Livelynk Group Pty Ltd (“Livelynk”) and Zhenya Holdings Pty Ltd to acquire the Mpire Media business (“Mpire Media”).

The Company completed a placement on 17 July 2014 of 14,152,950 shares to sophisticated investors to raise a total of \$283,059 (“Sophisticated Placement”).

In accordance with the prospectus dated 4 August 2015, the Company undertook a fully underwritten rights issue at 2 cents per share (“Rights Issue”). The Company received valid acceptances on 16 September 2014 of 9,826,426 new shares raising \$196,529 and a shortfall of 17,300,046 new shares was placed by the underwriter CPS Capital Group Pty Ltd on 10 October 2014 raising \$346,001. The Rights Issue raised \$542,530 (before costs).

In accordance with the HOA, a \$1.2 million secured loan agreement between the Company and Livelynk, was executed. The loan was due for repayment on 31 March 2015. Interest at the rate of 7% per annum was attributable to the loan with effect from 1 January 2015.

On 30 September 2014, the Company entered into a Share Sale and Purchase Agreement (“SPA”) with Zhenya Holdings Pty Ltd to formalise the terms of the HOA.

Whilst the parties had worked to satisfy a number of the conditions precedent, as announced on 3 November 2014, the Company requested that its securities be placed in voluntary suspension as it was not in a position to provide the market with an update on the Mpire Media transaction. As announced on 15 January 2015, the Company, in conjunction with Livelynk, terminated the SPA.

In addition, agreement was reached in December 2014 for the Company to be reimbursed 50% of the costs incurred in relation to the transaction, amounting to \$165,000, with \$50,000 received on 20 January 2015 and the balance upon repayment of the loan on 31 March 2015.

On 19 March 2015, the Company advised that it had reached an agreement with Livelynk to extend the repayment date of the secured loan to the earlier of:

- a) 30 June 2015;
- b) completion of the acquisition of Livelynk by a company whose shares are listed on the Australian Securities Exchange; and
- c) an event of default occurring.

In consideration for the Company agreeing to the variation of the loan agreement, Livelynk agreed to pay a facility extension fee of \$5,000 per month from 1 April 2015.

On 26 March 2015, Fortunis Resources Limited (“Fortunis”) announced to the market that it had entered into an option agreement to acquire 100% of Livelynk, the operator of the Mpire Media business. As part of the completion by Fortunis of the acquisition, Livelynk were to repay all monies owing to the Company.

On 29 June 2015, the Company announced that Livelynk had repaid the loan in full along with associated costs and interest. The total amount received was \$1,372,745.

On 21 April 2015, the Company requested a trading halt pending the announcement regarding a potential acquisition and capital raising. On 24 April 2015, the Company was placed in to voluntary suspension as it had not had time to finalise matters in relation to the proposed acquisition and capital raising.

Subsequent to the end of the year, as announced on 14 July 2015, the Company advised the proposed acquisition did not pass the Company’s due diligence requirements, and as a result, any agreement to acquire the proposed asset was terminated. On 14 July 2015, the suspension of trading of the Company’s securities was lifted by ASX.

Exploration activities – review and rationalisation

During the year, Lithex has continued a review and assessment of all tenements held, with an aim of reducing tenement expenditure commitments across the project portfolio balanced against the commercial prospectivity of those tenements. The remaining tenements were maintained in good standing during the year.

Risk management

The Directors identify and manage risk and consider the business of mineral exploration, by its nature, contains elements of risk, with no guarantee of success. The success of these activities is, amongst other things, dependent upon:

- The discovery and/or acquisition of economically recoverable reserves;
- Access to adequate capital;
- Securing and maintaining title to interests;
- Obtaining consents and approvals to undertake exploration and associated activities; and
- Access to appropriately qualified and experienced operational management, contractors and other personnel.

Significant changes in the state of affairs

During the period there were no changes in the state of affairs of the Group other than those referred to elsewhere in this report of the financial statements or notes thereto.

Events subsequent to balance date

There has not been in the interval between the end of the financial year and the date of this report any item, transaction or event of a material and unusual nature likely, in the opinion of the directors of the company, to affect significantly the operations of the Company, the results of those operations, or the state of affairs of the Company, in future financial years.

Likely developments and expected results

Further information about likely developments in the operations of the Group in future years, the expected results of those operations, the strategies of the Group and its prospects for future financial years has not been included in this report.

Environmental regulation

The Group is subject to and compliant with all aspects of environmental regulation of its exploration activities. The Directors are not aware of any environmental law that is not being complied with.

Dividends

No dividends were paid or declared since the end of the previous financial year. The Directors do not recommend a payment of a dividend in respect of the current financial year.

Share options

Unissued shares under options

At the date of this report unissued ordinary shares of the Company under option are:

Listed Options - LTXOA

Expiry date	Exercise price	Number of shares
31/12/2015	0.08	36,882,754

Unlisted options

Expiry date	Exercise price	Number of shares
12/12/2015	0.25	250,000
10/05/2016	0.20	3,500,000
31/12/2016	0.16	10,000,000
		13,750,000

These options do not entitle the holder to participate in any share issue of the Company or any other body corporate.

Shares issued on exercise of options

No Ordinary shares have been issued as a result of the exercise of options by the Company, during or since the end of the financial year.

Indemnification and insurance of officers and auditors

The Company has agreed to indemnify the following current Directors of the Company, Mr Jason Peterson, Mr Joe Graziano, Ms Paula Cowan and Mr Peter Webse against all liabilities to any other person (other than the Company) that may arise from their position as Directors and Officers of the Company, except where the liability arises out of conduct involving a lack of good faith. This agreement stipulates that the Company will meet the full amount of any such liabilities, including costs and expenses.

The parent entity has paid premiums during the financial year in respect of a contract insuring the Directors and officers of the Group in respect of liability resulting from these indemnities. The terms of the insurance arrangements and premiums payable are subject to a confidentiality clause.

To the extent permitted by law, the parent entity has agreed to indemnify its auditors, Ernst & Young, as part of the terms of its audit engagement agreement against claims by third parties arising from the audit (for an unspecified amount). No payment has been made to indemnify Ernst & Young during or since the financial year.

Director's meetings

The number of meetings of Directors held during the year (including meetings of committees of Directors) and the number of meetings attended by each Director were as follows:

	Board meetings	
	Held	Attended
Jason Peterson	6	6
Joe Graziano	6	6
Jack James ¹	2	2
Paula Cowan ²	4	4

Note:

- 1) Mr James resigned on 29 January 2015 and attended all meetings up to his resignation.
- 2) Ms Cowan was appointed on 29 January 2015 and has attended all meetings since her appointment.

A total of six meetings were held during the year.

Proceedings on behalf of the Company

No person has applied for leave of court to bring proceedings on behalf of the Company or intervene in any proceedings to which the Company is a party for the purpose of taking responsibility on behalf of the Company for all or any part of those proceedings.

Non-audit services

The Company's auditor, Ernst & Young was appointed auditor of the Company in November 2014.

A copy of the auditor's independence declaration as required under Section 307C of the Corporations Act is included in the Directors' report.

Remuneration of the auditor (Ernst & Young) of the entity for: \$

The audit and review of the financial report of the Group:

Amounts paid	12,875
Amounts payable	20,000
	<hr/>
	32,875

Non audit services provided during the year Nil

Lead Auditor's Independence Declaration under Section 307C of the Corporations Act 2001

The lead auditor's independence declaration is set out on page 24 and forms part of the directors' report for the year ended 30 June 2015.

On behalf of the board of directors, I would like to take this opportunity to thank all of our employees and consultants for their time and effort over the past 12 months. In addition to our employees, I also take this opportunity to thank our shareholders for their continued support and encouragement.

Signed in accordance with a resolution of the Board of Directors:

Jason Peterson
Chairman

Note: Please refer to the relevant ASX announcements for further details relating to exploration results detailed throughout this report.

Competent Person Statements

Information in this report relating to Exploration Results is based on data compiled by Mr Brendan Borg, who is a Member of the Australasian Institute of Mining and Metallurgy, and who is a contractor of the Company. Mr Borg has sufficient relevant experience to qualify as a Competent Person as defined by the 2004 Edition of the Australasian Code for reporting of Exploration Results, Mineral Resources and Ore Reserves. Mr Borg consents to the inclusion of the data in the form and context in which it appears.

Audited Remuneration Report

The Remuneration Report sets out information relating to the remuneration of the Company's key management personnel.

Other than the short-term and long-term performance incentives, remuneration is not linked to the performance of the Company.

The Remuneration Report is set out under the following main headings:

- A. Remuneration policies
- B. Details of Directors and Company Executives (Key Management Personnel)
- C. Options and rights over equity instruments granted as compensation

All remuneration is presented in Australian dollars (unless otherwise stated).

A. Remuneration policies

The Board has adopted a framework for corporate governance, including policies dealing with Board and Executive remuneration. These corporate governance policies are described more fully on pages 17 to 23 of the Directors' Report. Policies adopted by the Board reflect the relative stage of development of the Company, having regard for the size and structure of the organisation.

Remuneration levels are competitively set to attract and retain appropriately qualified and experienced Directors and Senior Executives. The remuneration packages of Executive Directors provide for a fixed level of remuneration. Other than as noted below Executive remuneration packages do not have guaranteed equity based components or performance based components.

Fixed remuneration

Fixed remuneration consists of base remuneration (salary or consulting fees) including any FBT charges as well as employer contributions to superannuation funds, where applicable.

Remuneration levels are reviewed annually by the Board of Directors.

Performance linked remuneration

During the previous financial period, the Board of Directors completed a review of compensation and benefit structures.

Long-term incentives can be provided as ordinary shares and options over ordinary shares of the Company. As determined, shareholders in general meeting will be asked to approve specific grants of shares and options to Non-Executive and Executive Directors as a form of remuneration.

Consequences of performance on shareholders wealth

In view of the relatively early stage of development of the Company's business current remuneration policies and are not directly linked to company performance.

The table below shows the performance of the Group as measured by loss per share:

		30 June 2015	30 June 2014	30 June 2013	30 June 2012	30 June 2011

Jack James	-	1,500,000 ²	-	1,500,000 ³	-
Paula Cowan ⁴	-	-	-	-	-

(1) Shares acquired by KMP were obtained on-market.

(2) Shares acquired by KMP were obtained via the uptake of the shortfall available from the of the underwritten rights issue.

(3) Shares held at date of resignation.

(4) Shares held at date of appointment.

End of Remuneration Report.

Corporate governance statement

This Corporate Governance Statement ("Statement") outlines the key aspects of Lithex Resources Limited ('Lithex' or 'the Company') governance framework and main governance practices. The Company's charters, policies, and procedures are regularly reviewed and updated to comply with law and best practice. These charters and policies can be viewed on Lithex's website located at www.lithex.com.au.

This Statement is structured with reference to the Australian Securities Exchange Corporate Governance Council's ("the Council's") "Principles of Good Corporate Governance and Best Practice Recommendations 3rd Edition" ("the Recommendations").

The Board of Directors has adopted the Recommendations to the extent that is deemed appropriate considering current the size and operations of the Company. Therefore, considering the size and financial position of the Company, where the Board considers that the cost of implementing a recommendation outweighs any potential benefits, those recommendations have not been adopted.

This Statement was approved by the Board of Directors and is current as at 25 September 2015.

Principle 1: Lay solid foundations for management and oversight

Roles of the Board & Management

The Board is responsible for evaluating and setting the strategic direction for the Company, establishing goals for management and monitoring the achievement of these goals. The Managing Director (where one is appointed) is responsible to the Board for the day-to-day management of the Company.

The principal functions and responsibilities of the Board include, but are not limited to, the following:

- Appointment, evaluation and, if necessary, removal of the Managing Director (where one is appointed), any other executive directors, the Company Secretary and the Chief Financial Officer and approval of their remuneration;
- Determining, in conjunction with management, corporate strategy, objectives, operations, plans and approving and appropriately monitoring plans, new investments, major capital and operating expenditures, capital management, acquisitions, divestitures and major funding activities;
- Establishing appropriate levels of delegation to the Managing Director to allow the business to be managed efficiently;
- Approval of remuneration methodologies and systems;
- Monitoring actual performance against planned performance expectations and reviewing operating information at a requisite level to understand at all times the financial and operating conditions of the Company;
- Monitoring the performance of senior management, including the implementation of strategy and ensuring appropriate resources are available;
- Overseeing the management of business risks, safety, occupational health and environmental issues;
- Satisfying itself that the financial statements of the Company fairly and accurately set out the financial position and financial performance of the Company for the period under review;
- Satisfying itself that there are appropriate reporting systems and controls in place to assure the Board that proper operational, financial, compliance, risk management and internal control processes are in place and functioning appropriately;
- Assuring itself that appropriate audit arrangements are in place in relation to the Company's financial affairs;
- Authorising the issue of any shares, options, equity instruments or other securities within the constraints of the Corporations Act and the ASX Listing Rules; and
- Ensuring that the Company acts legally and responsibly on all matters and assuring itself that the Company has adopted, and that its practice is consistent with, a number of guidelines including:
 - Code of Conduct;
 - Continuous Disclosure Policy;
 - Diversity Policy;
 - Performance Evaluation Policy;
 - Procedures for Selection and Appointment of Directors;

- Remuneration Policy;
- Risk Management and Internal Compliance and Control Policy.
- Securities Trading Policy; and
- Shareholder Communications Policy.

Subject to the specific authorities reserved to the Board under the Board Charter, the Board delegates to the Managing Director (where one is appointed) responsibility for the management and operation of Lithex. The Managing Director (where one is appointed) will be responsible for the day-to-day operations, financial performance and administration of Lithex within the powers authorised to him from time-to-time by the Board. The Managing Director (where one is appointed) may make further delegation within the delegations specified by the Board and will be accountable to the Board for the exercise of those delegated powers.

Further details of Board responsibilities, objectives and structure are set out in the Board Charter on the Lithex website.

Board Committees

The Board considers that the Company is not currently of a size, nor are its affairs of such complexity to justify the formation of separate committees at this time including audit, risk, remuneration or nomination committees, preferring at this stage of the Company's development, to manage the Company through the full Board of Directors. The Board assumes the responsibilities normally delegated to the audit, risk, remuneration and nomination Committees.

If the Company's activities increase, in size, scope and nature, the appointment of separate committees will be reviewed by the Board and implemented if appropriate.

Board Appointments

The Company undertakes comprehensive reference checks prior to appointing a director, or putting that person forward as a candidate to ensure that person is competent, experienced, and would not be impaired in any way from undertaking the duties of director. The Company provides relevant information to shareholders for their consideration about the attributes of candidates together with whether the Board supports the appointment or re-election.

The terms of the appointment of a non-executive director, executive directors and senior executives are agreed upon and set out in writing at the time of appointment.

The Company Secretary

The Company Secretary is accountable directly to the Board, through the Chairman, on all matters to do with the proper functioning of the Board, including agendas, Board papers and minutes, advising the Board and its Committees (as applicable) on governance matters, monitoring that the Board and Committee policies and procedures are followed, communication with regulatory bodies and the ASX and statutory and other filings.

Diversity

The Company has adopted a formal Diversity Policy and is committed to workplace diversity, with a particular focus on supporting the representation of women at the senior level of the Company and on the Company Board.

The Company, which currently has no employees, is at a stage of its development such that the application of measurable objectives in relation to gender diversity, at various levels of the Company's business, is not considered to be appropriate nor practical.

The Board will review this position on an annual basis and will implement measurable objectives as and when they deem the Company to require them.

The participation of women in the Company at the date of this report is as follows:

- | | |
|--|-----|
| • Women employees in the Company | 0% |
| • Women in senior management positions | 0% |
| • Women on the Board | 33% |

The Company's Diversity Policy is available on its website.

Board & Management Performance Review

On an annual basis, the Board conducts a review of its structure, composition and performance

The annual review includes consideration of the following measures:

- comparing the performance of the Board against the requirements of its Charter;
- assessing the performance of the Board over the previous 12 months having regard to the corporate strategies, operating plans and the annual budget;
- reviewing the Board's interaction with management;
- reviewing the type and timing of information provided to the Board by management;
- reviewing management's performance in assisting the Board to meet its objectives; and
- identifying any necessary or desirable improvements to the Board Charter.

The method and scope of the performance evaluation will be set by the Board and may include a Board self-assessment checklist to be completed by each Director. The Board may also use an independent adviser to assist in the review.

The Chairman has primary responsibility for conducting performance appraisals of Non-Executive Directors, in conjunction with them, having particular regard to:

- contribution to Board discussion and function;
- degree of independence including relevance of any conflicts of interest;
- availability for and attendance at Board meetings and other relevant events;
- contribution to Company strategy;
- membership of and contribution to any Board committees; and
- suitability to Board structure and composition.

Given, the size of the Board, the change to the composition of the Board during the financial year and the current level of operations of the Company, no formal appraisal of the Board was conducted during the financial year.

The Board conducts an annual performance assessment of the Managing Director (where one is appointed) against agreed key performance indicators.

Independent Advice

Directors have a right of access to all Company information and executives. Directors are entitled, in fulfilling their duties and responsibilities, to obtain independent professional advice on any matter connected with the discharge of their responsibilities, with prior notice to the Chairman, at Lithex's expense.

Principle 2: Structure the board to add value

Board Composition

During the financial year and to the date of this report the Board was comprised of the following members:

Mr Jason Peterson	Non-Executive Chairman (appointed 4 December 2013);
Mr Giuseppe Graziano	Non-Executive Director (appointed 4 December 2013);
Ms Paula Cowan	Non-Executive Director (appointed 29 January 2015)
Mr Jack James	Non-Executive Director (appointed 4 December 2013, resigned 29 January 2015).

The Board currently consists entirely of Non-Executive Directors.

Lithex has adopted a definition of 'independence' for Directors that is consistent with the Recommendations.

The Company's Chairman, Mr Jason Peterson, is not considered to be an independent director as the Company as a result of a transaction that the Company has previously entered into with CPS Capital Group Pty Ltd (a company of which Mr Peterson is both a director and shareholder) in July 2014 in respect to a rights issue. The Board values the insight and advice provided by Mr Peterson and considers that the materiality of his relationship is such that it does

not interfere with his capacity to bring an independent judgement on issues before the Board and to act in the best interests of Lithex and its security holders generally.

The Board consists of a majority of independent directors as both Mr Graziano and Ms Cowan are considered to be independent as they are not members of management and are free of any business or other relationship that could materially interfere with – or could reasonably be perceived to materially interfere with – the independent exercise of their judgement.

Board Selection Process

The Board considers that a diverse range of skills, backgrounds, knowledge and experience is required in order to effectively govern the Lithex. The Board believes that orderly succession and renewal contributes to strong corporate governance and is achieved by careful planning and continual review.

The Board is responsible for the nomination and selection of directors. The Board reviews the size and composition of the Board regularly and at least once a year as part of the Board evaluation process. The Company does not have an established Board skills matrix on the mix of skills and diversity for Board membership. The Board continues to monitor the mix of skills and diversity on the Board. However, due to the size of the Company, the Board does not consider it appropriate at this time to formally establish a matrix on the mix of skills and diversity for Board membership. When the need for a new director is identified, the Board considers the required skills, experience and competencies of candidates and the mix of skills of the existing directors.

Generally a list of potential candidates is identified based on these skills required and other issues such as geographic location and diversity criteria. Candidates are assessed against the required skills and on their qualifications, backgrounds and personal qualities. In addition, candidates are sought who have a proven track record in creating security holder value and the required time to commit to the position.

Induction of New Directors and Ongoing Development

New Directors are issued with a formal Letter of Appointment that sets out the key terms and conditions of their appointment, including Director's duties, rights and responsibilities, the time commitment envisaged, and the Board's expectations regarding involvement with any Committee work.

An induction program is in place and new Directors are encouraged to engage in professional development activities to develop and maintain the skills and knowledge needed to perform their role as Directors effectively.

Principle 3: Act ethically and responsibly

The Company has implemented a Code of Conduct, which provides guidelines aimed at maintaining high ethical standards, corporate behaviour and accountability within the Company.

All employees and Directors are expected to:

- respect the law and act in accordance with it;
- maintain high levels of professional conduct;
- respect confidentiality and not misuse Company information, assets or facilities;
- avoid real or perceived conflicts of interest;
- act in the best interests of shareholders;
- by their actions contribute to the Company's reputation as a good corporate citizen which seeks the respect of the community and environment in which it operates;
- perform their duties in ways that minimise environmental impacts and maximise workplace safety;
- exercise fairness, courtesy, respect, consideration and sensitivity in all dealings within their workplace and with customers, suppliers and the public generally; and
- act with honesty, integrity, decency and responsibility at all times.

An employee that breaches the Code of Conduct may face disciplinary action including, in the cases of serious breaches, dismissal. If an employee suspects that a breach of the Code of Conduct has occurred or will occur, he or she must report that breach to the Company Secretary. No employee will be disadvantaged or prejudiced if he or she reports in good faith a suspected breach. All reports will be acted upon and kept confidential.

Principle 4: Safeguard integrity in corporate reporting

The Board as a whole fulfills to the functions normally delegated to the Audit Committee as detailed in the Audit Committee Charter.

The Board is responsible for the initial appointment of the external auditor and the appointment of a new external auditor when any vacancy arises. Candidates for the position of external auditor must demonstrate complete independence from the Company through the engagement period. The Board may otherwise select an external auditor based on criteria relevant to the Company's business and circumstances. The performance of the external auditor is reviewed on an annual basis by the Board.

The Board receives regular reports from management and from external auditors. It also meets with the external auditors as and when required.

The external auditors attend Lithex's AGM and are available to answer questions from security holders relevant to the audit.

Prior approval of the Board must be gained for non-audit work to be performed by the external auditor. There are qualitative limits on this non-audit work to ensure that the independence of the auditor is maintained.

There is also a requirement that the audit partner responsible for the audit not perform in that role for more than five years.

Director and CFO Certifications

The Board has received certifications from a Director and the CFO in connection with the financial statements for the Lithex for the Reporting Period. The certifications state that the declaration provided in accordance with Section 295A of the Corporations Act as to the integrity of the financial statements is founded on a sound system of risk management and internal control which is operating effectively.

Principle 5: Make timely and balanced disclosure

The Company has a Disclosure Policy which outlines the disclosure obligations of the Company as required under the ASX Listing Rules and Corporations Act. The policy is designed to ensure that procedures are in place so that the market is properly informed of matters which may have a material impact on the price at which Company securities are traded.

The Board considers whether there are any matters requiring disclosure in respect of each and every item of business that it considers in its meetings. Individual Directors are required to make such a consideration when they become aware of any information in the course of their duties as a Director of the Company.

The Company is committed to ensuring all investors have equal and timely access to material information concerning the Company.

The Board has designated the Company Secretary as the person responsible for communicating with the ASX. The Chairman, Managing Director (where one is appointed) and the Company Secretary are responsible for ensuring that:

- a) Company announcements are made in a timely manner, that announcements are factual and do not omit any material information required to be disclosed under the ASX Listing Rules and Corporations Act; and
- b) Company announcements are expressed in a clear and objective manner that allows investors to assess the impact of the information when making investment decisions.

Principle 6: Respect the rights of security holders

The Company recognizes the value of providing current and relevant information to its shareholders.

The Company respects the rights of its shareholders and to facilitate the effective exercise of those rights the Company is committed to:

- communicating effectively with shareholders through releases to the market via ASX, the company website, information mailed to shareholders and the general meetings of the Company;
- giving shareholders ready access to clear and understandable information about the Company; and

- making it easy for shareholders to participate in general meetings of the Company.

The Company also makes available a telephone number and email address for shareholders to make enquiries of the Company. These contact details are available on the “contact us” page of the Company’s website.

Shareholders may elect to, and are encouraged to, receive communications from Lithex and Lithex’s securities registry electronically.

The Company maintains information in relation to its Constitution, governance documents, Directors and senior executives, Board and committee charters, annual reports and ASX announcements on the Company’s website.

Principle 7: Recognise and manage risk

The Board is committed to the identification, assessment and management of risk throughout Lithex’s business activities.

The Board is responsible for the oversight of the Company’s risk management and internal compliance and control framework. The Company does not have an internal audit function. Responsibility for control and risk management is delegated to the appropriate level of management within the Company with the Managing Director (where one is appointed) having ultimate responsibility to the Board for the risk management and internal compliance and control framework. Lithex has established policies for the oversight and management of material business risks.

Lithex’s Risk Management and Internal Compliance and Control Policy recognises that risk management is an essential element of good corporate governance and fundamental in achieving its strategic and operational objectives. Risk management improves decision making, defines opportunities and mitigates material events that may impact security holder value.

Lithex believes that explicit and effective risk management is a source of insight and competitive advantage. To this end, Lithex is committed to the ongoing development of a strategic and consistent enterprise wide risk management program, underpinned by a risk conscious culture.

Lithex accepts that risk is a part of doing business. Therefore, the Company’s Risk Management and Internal Compliance and Control Policy is not designed to promote risk avoidance. Rather Lithex’s approach is to create a risk conscious culture that encourages the systematic identification, management and control of risks whilst ensuring we do not enter into unnecessary risks or enter into risks unknowingly.

Lithex assesses its risks on a residual basis; that is it evaluates the level of risk remaining and considering all the mitigation practices and controls. Depending on the materiality of the risks, Lithex applies varying levels of management plans.

Given that the Company does not currently have any executives, there has been no report to the Board from management of its material business risks. The management of the Company’s material risks is currently undertaken by the Board. The Company faces risks inherent to its business, including economic risks, which may materially impact the Company’s ability to create or preserve value for security holders over the short, medium or long term. The Company has in place policies and procedures, including a risk management framework (as described in the Company’s Risk Management and Internal Compliance and Control Policy), which is developed and updated to help manage these risks. The Board does not consider, given the current nature of the Company’s activities, that it has a material exposure to environmental or social sustainability risks.

The Company’s process of risk management and internal compliance and control includes:

- identifying and measuring risks that might impact upon the achievement of the Company’s goals and objectives, and monitoring the environment for emerging factors and trends that affect those risks.
- formulating risk management strategies to manage identified risks, and designing and implementing appropriate risk management policies and internal controls.
- monitoring the performance of, and improving the effectiveness of, risk management systems and internal compliance and controls, including regular assessment of the effectiveness of risk management and internal compliance and control.

The Board reviews the Company’s risk management framework at least annually to ensure that it continues to effectively manage risk.

Principle 8: Remunerate fairly and responsibly

The Board as a whole fulfills to the functions normally delegated to the Remuneration Committee as detailed in the Remuneration Committee Charter.

Lithex has implemented a Remuneration Policy which was designed to recognise the competitive environment within which Lithex operates and also emphasise the requirement to attract and retain high caliber talent in order to achieve sustained improvement in Lithex's performance. The overriding objective of the Remuneration Policy is to ensure that an individual's remuneration package accurately reflects their experience, level of responsibility, individual performance and the performance of Lithex.

The key principles are to:

- link executive reward with strategic goals and sustainable performance of Lithex
- apply challenging corporate and individual key performance indicators that focus on both short-term and long-term outcomes
- motivate and recognise superior performers with fair, consistent and competitive rewards
- remunerate fairly and competitively in order to attract and retain top talent
- recognise capabilities and promote opportunities for career and professional development
- through employee ownership of Lithex shares, foster a partnership between employees and other security holders

The Board determines the Company's remuneration policies and practices and assesses the necessary and desirable competencies of Board members. The Board is responsible for evaluating Board performance, reviewing Board and management succession plans and determines remuneration packages for the Managing Director (where one is appointed), Non-Executive Directors and senior management based on an annual review.

Lithex's executive remuneration policies and structures and details of remuneration paid to directors and senior managers where appointed) are set out in the Remuneration Report.

Non-Executive Directors receive fees (including statutory superannuation where applicable) for their services, the reimbursement of reasonable expenses and, in certain circumstances options. They do not receive any termination or retirement benefits, other than statutory superannuation.

The maximum aggregate remuneration approved by shareholders for Non-Executive Directors is \$250,000 per annum. The Directors set the individual Non-Executive Directors fees within the limit approved by shareholders.

The total fees paid to Non-Executive Directors during the reporting period were \$120,000.

Executive directors and other senior executives (where appointed) are remunerated using combinations of fixed and performance based remuneration. Fees and salaries are set at levels reflecting market rates and performance based remuneration is linked directly to specific performance targets that are aligned to both short and long term objectives.

In accordance with the Company's share trading policy, participants in an equity based incentive scheme are prohibited from entering into any transaction that would have the effect of hedging or otherwise transferring the risk of any fluctuation in the value of any unvested entitlement in the Company's securities to any other person.

Further details in relation to the company's remuneration policies are contained in the Remuneration Report, within the Directors' report.

Auditor's Independence Declaration to the Directors of Lithex Resources Limited

In relation to our review of the financial report of Lithex Resources Limited for the year ended 30 June 2015, to the best of my knowledge and belief, there have been no contraventions of the auditor independence requirements of the *Corporations Act 2001* or any applicable code of professional conduct.

Cash and cash equivalents at end of financial year	10	1,550,575	1,163,874

The accompanying notes form part of these financial statements.

Notes to the consolidated financial statements for the year ended 30 June 2015

Note 1: Statement of significant accounting policies

The following is a summary of the significant accounting policies adopted by the Group in the preparation of the financial report. The accounting policies have been consistently applied, unless otherwise stated.

The financial report covers the consolidated entity of Lithex Resources Limited ("the Parent") and its subsidiary ("the Group"). Lithex Resources Limited (LTX) is a listed public company, incorporated and domiciled in Australia.

Reporting basis and conventions

The financial report is a general purpose financial report that has been prepared in accordance with Australian Accounting Standards including Australian Accounting Interpretations, other authoritative pronouncements of the Australian Accounting Standards Board and the Corporations Act 2001.

Australian Accounting Standards set out accounting policies that the AASB has concluded would result in a financial report containing relevant and reliable information about transactions, events and conditions to which they apply. Compliance with Australian Accounting Standards ensures that the financial statements and notes also comply with International Financial Reporting Standards.

Going concern basis of accounting

Notwithstanding the loss for the year, negative cash flow from operations and historical financial performance, the financial report has been prepared on a going concern basis. This assessment is based on cash at bank balance at balance date of \$1,550,575 (2014: \$1,163,874). The Company intends to continue to review and evaluate a number of potential acquisitions to increase shareholder value.

Changes in Accounting Policies

The accounting policies adopted are consistent with those of the previous financial reporting period except as follows:

Exploration and evaluation expenditure

The Group re-assessed its accounting for exploration and evaluation expenditure. The Group previously capitalised exploration and evaluation expenditure and assessed capitalised exploration and evaluation expenditure for impairment.

During the year, Lithex has continued a review and assessment of all tenements held, with an aim of reducing tenement expenditure commitments across the project portfolio. The accounting policy was changed from capitalising exploration expenditure to expensing exploration expenditure when it was incurred, as the Directors considered this approach to be a more relevant and reliable measure of the Company's performance as this displays the review and assessment of all tenements held, with the aim of reducing tenement expenditure commitments across the project portfolio balanced against the commercial prospectively of those tenements to users of this report.

New and amended standards adopted by the Group

The following standards and interpretations were applied for the first time and they have not had a material impact on the Group's financial statements.

Reference	Title
AASB 2013-3	<i>Amendments to AASB 136 – Recoverable Amount Disclosures for Non-Financial Assets</i> AASB 2013-3 amends the disclosure requirements in AASB 136 <i>Impairment of Assets</i> . The amendments include the requirement to disclose additional information about the fair value measurement when the recoverable amount of impaired assets is based on fair value less costs of disposal.
AASB 1031	<i>Materiality</i> The revised AASB 1031 is an interim standard that cross-references to other Standards and the <i>Framework</i> (issued December 2013) that contain guidance on materiality. AASB 1031 will be withdrawn when references to AASB 1031 in all Standards and Interpretations have been removed.

Reference	Title
	AASB 2014-1 Part C issued in June 2014 makes amendments to eight Australian Accounting Standards to delete their references to AASB 1031.
AASB 2013-9	<i>Amendments to Australian Accounting Standards – Conceptual Framework, Materiality and Financial Instruments</i> The Standard contains three main parts and makes amendments to a number Standards and Interpretations. Part B makes amendments to particular Australian Accounting Standards to delete references to AASB 1031 and also makes minor editorial amendments to various other standards.
AASB 2014-1 Part A -Annual Improvements 2010–2012 Cycle	AASB 2014-1 Part A: This standard sets out amendments to Australian Accounting Standards arising from the issuance by the International Accounting Standards Board (IASB) of International Financial Reporting Standards (IFRSs) <i>Annual Improvements to IFRSs 2010–2012 Cycle</i> and <i>Annual Improvements to IFRSs 2011–2013 Cycle</i> . Annual Improvements to IFRSs 2010–2012 Cycle addresses the following items: <ul style="list-style-type: none"> ▶ AASB 2 - Clarifies the definition of 'vesting conditions' and 'market condition' and introduces the definition of 'performance condition' and 'service condition'. ▶ AASB 3 - Clarifies the classification requirements for contingent consideration in a business combination by removing all references to AASB 137. ▶ AASB 8 - Requires entities to disclose factors used to identify the entity's reportable segments when operating segments have been aggregated. An entity is also required to provide a reconciliation of total reportable segments' asset to the entity's total assets. ▶ AASB 116 & AASB 138 - Clarifies that the determination of accumulated depreciation does not depend on the selection of the valuation technique and that it is calculated as the difference between the gross and net carrying amounts. ▶ AASB 124 - Defines a management entity providing KMP services as a related party of the reporting entity. The amendments added an exemption from the detailed disclosure requirements in paragraph 17 of AASB 124 for KMP services provided by a management entity. Payments made to a management entity in respect of KMP services should be separately disclosed.
AASB 2012-3	<i>Amendments to Australian Accounting Standards - Offsetting Financial Assets and Financial Liabilities</i> AASB 2012-3 adds application guidance to AASB 132 <i>Financial Instruments: Presentation</i> to address inconsistencies identified in applying some of the offsetting criteria of AASB 132, including clarifying the meaning of "currently has a legally enforceable right of set-off" and that some gross settlement systems may be considered equivalent to net settlement.
Interpretation 21	<i>Levies</i> This Interpretation confirms that a liability to pay a levy is only recognised when the activity that triggers the payment occurs. Applying the going concern assumption does not create a constructive obligation.

The following applicable accounting standards and interpretations have been issued or amended but are not yet effective. These standards have not been adopted by the Group for the year ended 30 June 2015:

Reference	Title	Summary	Impact on Group's financial report	Application date for Group
AASB 9	<i>Financial Instruments</i>	<p>AASB 9 (December 2014) is a new Principal standard which replaces AASB 139. This new Principal version supersedes AASB 9 issued in December 2009 (as amended) and AASB 9 (issued in December 2010) and includes a model for classification and measurement, a single, forward-looking 'expected loss' impairment model and a substantially-reformed approach to hedge accounting.</p> <p>AASB 9 is effective for annual periods beginning on or after 1 January 2018. However, the Standard is available for early application. The own credit changes can be early applied in isolation without otherwise changing the accounting for financial instruments.</p> <p>The final version of AASB 9 introduces a new expected-loss impairment model that will require more timely recognition of expected credit losses. Specifically, the new Standard requires entities to account for expected credit losses from when financial instruments are first recognised and to recognise full lifetime expected losses on a more timely basis.</p> <p>Amendments to AASB 9 (December 2009 & 2010 editions and AASB 2013-9) issued in December 2013 included the new hedge accounting requirements, including changes to hedge effectiveness testing, treatment of hedging costs, risk components that can be hedged and disclosures.</p> <p>AASB 9 includes requirements for a simpler approach for classification and measurement of financial assets compared with the requirements of AASB 139.</p> <p>The main changes are described below.</p>	The Group has not yet determined the likely impact on the Group's financial statements.	1 July 2018

Reference	Title	Summary	Impact on Group's financial report	Application date for Group
		<p>a. Financial assets that are debt instruments will be classified based on (1) the objective of the entity's business model for managing the financial assets; (2) the characteristics of the contractual cash flows.</p> <p>b. Allows an irrevocable election on initial recognition to present gains and losses on investments in equity instruments that are not held for trading in other comprehensive income. Dividends in respect of these investments that are a return on investment can be recognised in profit or loss and there is no impairment or recycling on disposal of the instrument.</p> <p>c. Financial assets can be designated and measured at fair value through profit or loss at initial recognition if doing so eliminates or significantly reduces a measurement or recognition inconsistency that would arise from measuring assets or liabilities, or recognising the gains and losses on them, on different bases.</p> <p>d. Where the fair value option is used for financial liabilities the change in fair value is to be accounted for as follows:</p> <ul style="list-style-type: none"> ► The change attributable to changes in credit risk are presented in other comprehensive income (OCI) ► The remaining change is presented in profit or loss <p>AASB 9 also removes the volatility in profit or loss that was caused by changes in the credit risk of liabilities elected to be measured at fair value. This change in accounting means that gains caused by the deterioration of an entity's own credit risk on such liabilities are no longer recognised in profit or loss.</p> <p>Consequential amendments were also made to other standards as a result of AASB 9, introduced by AASB 2009-11 and superseded by AASB 2010-7, AASB 2010-10 and AASB 2014-1 – Part E.</p> <p>AASB 2014-7 incorporates the consequential amendments arising from the issuance of AASB 9 in Dec 2014.</p> <p>AASB 2014-8 limits the application of the existing versions of AASB 9 (AASB 9 (December 2009) and AASB 9 (December 2010)) from 1 February 2015 and applies to annual reporting periods beginning on after 1 January 2015.</p>		
AASB 2014-4	Clarification of Acceptable Methods of Depreciation and Amortisation (Amendments to AASB 116 and AASB 138)	<p>AASB 116 and AASB 138 both establish the principle for the basis of depreciation and amortisation as being the expected pattern of consumption of the future economic benefits of an asset.</p> <p>The IASB has clarified that the use of revenue-based methods to calculate the depreciation of an asset is not appropriate because revenue generated by an activity that includes the use of an asset generally reflects factors other than the consumption of the economic benefits embodied in the asset.</p> <p>The amendment also clarified that revenue is generally presumed to be an inappropriate basis for measuring the consumption of the economic benefits embodied in an intangible asset. This presumption, however, can be rebutted in certain limited circumstances.</p>	The Group has determined the likely impact on the Group's financial statements will not be material.	1 July 2016
AASB 2015-1	Amendments to Australian Accounting Standards – Annual Improvements to Australian Accounting Standards 2012–2014 Cycle	<p>The subjects of the principal amendments to the Standards are set out below:</p> <p><i>AASB 5 Non-current Assets Held for Sale and Discontinued Operations:</i></p> <ul style="list-style-type: none"> • Changes in methods of disposal – where an entity reclassifies an asset (or disposal group) directly from being held for distribution to being held for sale (or visa versa), an entity shall not follow the guidance in paragraphs 27–29 to account for this change. <p><i>AASB 7 Financial Instruments: Disclosures:</i></p> <ul style="list-style-type: none"> • Servicing contracts - clarifies how an entity should apply the guidance in paragraph 42C of AASB 7 to a servicing contract to decide whether a servicing 	The Group has determined the likely impact on the Group's financial statements will not be material.	1 July 2016

Reference	Title	Summary	Impact on Group's financial report	Application date for Group
		<p>contract is 'continuing involvement' for the purposes of applying the disclosure requirements in paragraphs 42E–42H of AASB 7.</p> <ul style="list-style-type: none"> Applicability of the amendments to AASB 7 to condensed interim financial statements - clarify that the additional disclosure required by the amendments to AASB 7 <i>Disclosure–Offsetting Financial Assets and Financial Liabilities</i> is not specifically required for all interim periods. However, the additional disclosure is required to be given in condensed interim financial statements that are prepared in accordance with AASB 134 <i>Interim Financial Reporting</i> when its inclusion would be required by the requirements of AASB 134. <p>AASB 119 Employee Benefits:</p> <ul style="list-style-type: none"> Discount rate: regional market issue - clarifies that the high quality corporate bonds used to estimate the discount rate for post-employment benefit obligations should be denominated in the same currency as the liability. Further it clarifies that the depth of the market for high quality corporate bonds should be assessed at the currency level. <p>AASB 134 Interim Financial Reporting:</p> <ul style="list-style-type: none"> Disclosure of information 'elsewhere in the interim financial report' -amends AASB 134 to clarify the meaning of disclosure of information 'elsewhere in the interim financial report' and to require the inclusion of a cross-reference from the interim financial statements to the location of this information. 		
AASB 2015-3	Amendments to Australian Accounting Standards arising from the Withdrawal of AASB 1031 Materiality	The Standard completes the AASB's project to remove Australian guidance on materiality from Australian Accounting Standards.	The Group has determined the likely impact on the Group's financial statements will be not material.	1 July 2015
AASB 15	Revenue from Contracts with Customers	<p>AASB 15 Revenue from Contracts with Customers replaces the existing revenue recognition standards AASB 111 Construction Contracts, AASB 118 Revenue and related Interpretations (Interpretation 13 Customer Loyalty Programmes, Interpretation 15 Agreements for the Construction of Real Estate, Interpretation 18 Transfers of Assets from Customers, Interpretation 131 Revenue—Barter Transactions Involving Advertising Services and Interpretation 1042 Subscriber Acquisition Costs in the Telecommunications Industry). AASB 15 incorporates the requirements of IFRS 15 Revenue from Contracts with Customers issued by the International Accounting Standards Board (IASB) and developed jointly with the US Financial Accounting Standards Board (FASB).</p> <p>AASB 15 specifies the accounting treatment for revenue arising from contracts with customers (except for contracts within the scope of other accounting standards such as leases or financial instruments).The core principle of AASB 15 is that an entity recognises revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. An entity recognises revenue in accordance with that core principle by applying the following steps:</p> <ol style="list-style-type: none"> Step 1: Identify the contract(s) with a customer Step 2: Identify the performance obligations in the contract Step 3: Determine the transaction price Step 4: Allocate the transaction price to the 	The Group has not yet determined the likely impact on the Group's financial statements.	1 July 2017

Reference	Title	Summary	Impact on Group's financial report	Application date for Group
		<p>performance obligations in the contract (e) Step 5: Recognise revenue when (or as) the entity satisfies a performance obligation</p> <p>Currently, AASB 15 is effective for annual reporting periods commencing on or after 1 January 2017. Early application is permitted.</p> <p>AASB 2014-5 incorporates the consequential amendments to a number Australian Accounting Standards (including Interpretations) arising from the issuance of AASB 15.</p> <p>The International Accounting Standards Board (IASB) has issued an amendment to IFRS 15 (the international equivalent of AASB 15) formalising the deferral of the effective date of IFRS 15 by one year to 1 January 2018. At this time, it is expected that the AASB will make a corresponding amendment to AASB 15, which will mean that the application date of this standard for the Group will move from 1 July 2017 to 1 July 2018.</p>		
AASB 2015-2	Amendments to Australian Accounting Standards – Disclosure Initiative: Amendments to AASB 101	The Standard makes amendments to AASB 101 <i>Presentation of Financial Statements</i> arising from the IASB's Disclosure Initiative project. The amendments are designed to further encourage companies to apply professional judgment in determining what information to disclose in the financial statements. For example, the amendments make clear that materiality applies to the whole of financial statements and that the inclusion of immaterial information can inhibit the usefulness of financial disclosures. The amendments also clarify that companies should use professional judgment in determining where and in what order information is presented in the financial disclosures.	The Group has not yet determined the likely impact on the Group's financial statements.	1 July 2016

The financial report has been prepared on an accruals basis and is based on historical costs.

All amounts presented are Australian dollars unless otherwise stated. Lithex Resources Limited is a for profit entity.

The financial report was authorised for issue by the Directors on 25 September 2015.

Accounting policies

a. Basis of consolidation

The consolidated financial statements incorporate the financial statements of the Company and entities controlled by the Company and its subsidiaries. Control is achieved when the Company:

- has power over the investee;
- is exposed, or has rights, to variable returns from its involvement in with the investee; and
- has the ability to use its power to affect its returns.

The Company reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements listed above.

When the Company has less than a majority of the voting rights of an investee, it has the power over the investee when the voting rights are sufficient to give it the practical ability to direct the relevant activities of the investee unilaterally. The Company considers all relevant facts and circumstances in assessing whether or not the Company's voting rights are sufficient to give it power, including,

- the size of the Company's holding of voting rights relative to the size and dispersion of holdings of the other vote holders;
- potential voting rights held by the Company, other vote holders or other parties; rights arising from other contractual arrangements; and

Note 1: Statement of significant accounting policies (continued)

a. Basis of consolidation (continued)

- any additional facts and circumstances that indicate that the Company has, or does not have, the current ability to direct the relevant activities at the time that decisions need to be made, including voting patterns at previous shareholder meetings.

Consolidation of a subsidiary begins when the Company obtains control over the subsidiary and ceases when the Company loses control of the subsidiary. Specifically income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated statement of comprehensive income from the date the Company gains control until the date when the Company ceases to control the subsidiary.

Profit or loss and each component of other comprehensive income are attributed to the owners of the Company and to the non-controlling interests. Total comprehensive income of subsidiaries is attributed to the owners of the Company and to the non-controlling interests even if this results in the controlling interest having a deficit balance.

When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies in line with the Group's accounting policies. All intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between members are eliminated in full on consolidation.

Changes in the Group's ownership interest in existing subsidiaries

Changes in the Group's ownership interest in subsidiaries that do not result in the Group losing control over the subsidiaries are accounted for as equity transactions. The carrying amounts of the Group's interests and the non-controlling interests are adjusted to reflect the changes in their relative interests in subsidiaries. Any difference between the amount paid by which the non-controlling interests are adjusted and the fair value of the consideration paid or received is recognised directly in equity and attributed to the owners of the Company.

When the Group loses control of a subsidiary, a gain or loss is recognised in profit or loss and is calculated as the difference between:

- The aggregate of the fair value of the consideration received and the fair value of any retained interest; and
- The previous carrying amount of the assets (including goodwill), and liabilities of the subsidiary and any non-controlling interests.

All amounts previously recognised in other comprehensive income in relation to that subsidiary are accounted for as if the Group had directly disposed of the related assets or liabilities of the subsidiary (i.e. reclassified to profit and loss or transferred to another category of equity as specified/permitted by the applicable AASBs). The fair value of any investment retained in the former subsidiary at the date when control is lost is regarded as the fair value on initial recognition for subsequent accounting under AASB 139, when applicable, the cost on initial recognition of an investment in an associate or a joint venture.

b. Revenue Recognition

Revenue is recognised and measured at the fair value of the consideration received or receivable to the extent that it is probable that the economic benefits will flow to the Group and that revenue can be measured reliably. Amounts disclosed as revenue are net of returns, trade allowances and duties and taxes paid. The following specific recognition criteria must also be met before revenue is recognised:

Sale of goods

Revenue is recognised when the goods are delivered and titles have passed, at which time all the following conditions are satisfied:

Note 1: Statement of significant accounting policies (continued)

b. Revenue Recognition (continued)

- the Group has transferred to the buyer the significant risks and rewards of ownership of the goods;
- the Group retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold;
- the amount of revenue can be measured reliably;
- it is probable that the economic benefits associated with the transaction will flow to the Group; and
- the costs incurred or to be incurred in respect of the transaction can be measured reliably.

Interest income

Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that assets' net carrying amount on initial recognition.

c. Income tax

The income tax expense (revenue) for the year comprises current income tax expense (income) and deferred tax expense (income).

Current income tax expense charged to the profit or loss is the tax payable on taxable income calculated using applicable income tax rates enacted, or substantially enacted, as at reporting date. Current tax liabilities (assets) are therefore measured at the amounts expected to be paid to (recovered from) the relevant taxation authority.

Deferred income tax expense reflects movements in deferred tax asset and deferred tax liability balances during the year as well unused tax losses.

Current and deferred income tax expense (income) is charged or credited directly to equity instead of the profit or loss when the tax relates to items that are credited or charged directly to equity.

Deferred tax assets and liabilities are ascertained based on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred tax assets also result where amounts have been fully expensed but future tax deductions are available. No deferred income tax will be recognised from the initial recognition of an asset or liability, excluding a business combination, where there is no effect on accounting or taxable profit or loss.

Deferred tax assets and liabilities are calculated at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on tax rates enacted or substantively enacted at reporting date. Their measurement also reflects the manner in which management expects to recover or settle the carrying amount of the related asset or liability.

Deferred tax assets relating to temporary differences and unused tax losses are recognised only to the extent that it is probable that future taxable profit will be available against which the benefits of the deferred tax asset can be utilised.

Where temporary differences exist in relation to investments in subsidiaries, deferred tax assets and liabilities are not recognized where the timing of the reversal of temporary differences can be controlled and it is not probable that the reversal will occur in the foreseeable future.

Current tax assets and liabilities are offset where a legally enforceable right of set-off exists and it is intended that net settlement or simultaneous realisation and settlement of respective asset and liability will occur. Deferred tax assets and liabilities are offset where a legally enforceable right of set-off exists, the deferred tax assets and liabilities relate to income taxes levied by the same taxation authority on either the same entity or different taxable entities where it is intended that net settlement or simultaneous realisation and settlement of the respective asset and liability will occur in future periods in which significant amounts of deferred tax assets or liabilities are expected to be recovered or settled.

Note 1: Statement of significant accounting policies (continued)

d. Other taxes

Revenues, expenses and assets are recognised net of the amount of GST except:

- when the GST incurred on a purchase of goods and services is not recoverable from the taxation authority, in which case the GST is recognised as part of the cost of acquisition of the asset or as part of the expense item as applicable; and
- receivables and payables, which are stated with the amount of GST included.

The net amount of GST recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the statement of financial position.

Cash flows are included in the statement of cash flows on a gross basis and the GST component of cash flows arising from investing and financing activities, which is recoverable from, or payable to, the taxation authority are classified as operating cash flows.

Commitments and contingencies are disclosed net of the amount of GST recoverable from, or payable to, the taxation authority.

e. Cash and cash equivalents

Cash and cash equivalents include deposits held at call with banks with original maturities of three months or less.

f. Financial Instruments

Classification

The Group has only receivables and trade payables.

(i) Receivables

Receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. They are included in current assets, except for those with maturities greater than 12 months after the reporting period which are classified as non-current assets. Receivables are included in trade and other receivables (note 11) in the statement of financial position.

(ii) Payables

Trade payables and other payables are carried at amortised costs and represent liabilities for goods and services provided to the Group prior to the end of the financial year that are unpaid and arise when the Group becomes obliged to make future payments in respect of the purchase of these goods and services.

Recognition and de-recognition

Regular purchases and sales of financial assets are recognised on trade-date – the date on which the Group commits to purchase or sell the asset. Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Group has transferred substantially all the risk and rewards of ownership.

Subsequent measurement

Receivables are carried at amortised cost using the effective interest method.

Details on how the fair value of financial instruments is determined are disclosed in note 23.

Note 1: Statement of significant accounting policies (continued)

f. Financial Instruments (continued)

Impairment

The Group assesses at the end of each reporting period whether there is objective evidence that a financial asset or group of financial assets is impaired.

If there is evidence of impairment for any of the Group's financial assets carried at amortised cost, the loss is measured as the difference between the assets carrying amount and the present value of estimated future cash flows, excluding future credit losses that have not been incurred. The cash flows are discounted at the financial asset's original effective interest rate. The loss is recognised in profit and loss.

g. Non-current assets held for sale

Non-current assets held for sale are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use. This condition is regarded as met only when the asset is available for immediate sale in its present condition subject only to terms that are usual and customary for sales for such asset and the sale is highly probable. Management must be committed to the sale, which should be expected to qualify for recognition as a complete sale within one year from the date of classification.

Non-current assets (and disposal Groups) are classified as held for sale and measured at the lower of their carrying amount and fair value less costs to sell.

h. Fair value

The Group does not have any financial instruments that are subject to recurring fair value measurements.

i. Impairment of non-financial assets

At each reporting date, the Group reviews the carrying values of its tangible assets to determine whether there is any indication that those assets have been impaired. If such an indication exists, the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, is compared to the asset's carrying value. Any excess of the asset's carrying value over its recoverable amount is expensed to the income statement.

Where it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs.

j. Property, plant and equipment

Each class of property, plant and equipment is carried at cost less, where applicable, any accumulated depreciation and impairment losses.

Plant and equipment

Plant and equipment is measured on the cost basis.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the income statement during the financial period in which they are incurred.

Note 1: Statement of significant accounting policies (continued)

j. Property, plant and equipment (continued)

Depreciation

The depreciable amount of all fixed assets is depreciated on a reducing balance basis over their useful lives to the Group commencing from the time the asset is held ready for use. The depreciation rates used for each class of depreciable assets for 2015 and 2014 are:

Class of Fixed Asset	Depreciation Rate
Plant and equipment	33.3%
Computer Equipment	33.3%
Furniture & Fittings	20.0%
Motor Vehicle	22.5%

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at each balance sheet date.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains and losses are included in the income statement.

k. Contributed equity

Ordinary shares are classified as equity. Ordinary shares have no par value and the Company does not have a limited amount of authorised capital.

Costs directly attributable to the issue of new shares or options are shown as a deduction from the equity proceeds, net of any income tax benefit.

l. Options

Share-based payments

Employees (including senior executives) of the Group received remuneration in the form of share-based payments, whereby employees receive equity instruments as consideration for services rendered (equity-settled transactions).

Equity-settled transactions

The cost of equity-settled transactions is determined by the fair value at the date when the grant is made using an appropriate valuation model. That cost is recognised, together with a corresponding increase in other capital reserves in equity, over the period in which the performance and/or service conditions are fulfilled in employee benefits expense. The cumulative expense recognised for equity-settled transactions at each reporting date until the vesting date reflects the extent to which the vesting period has expired and the Group's best estimate of the number of equity instruments that will ultimately vest.

The statement of profit or loss expense or credit for a period represents the movement in cumulative expense recognised as at the beginning and end of that period and is recognised in employee benefits expense.

No expense is recognised for awards that do not ultimately vest, except for equity-settled transactions for which vesting is conditional upon a market or non-vesting condition. These are treated as vesting irrespective of whether or not the market or non-vesting condition is satisfied, provided that all other performance and/or service conditions are satisfied.

Note 1: Statement of significant accounting policies (continued)

m. Critical accounting estimates and judgments

The Directors make estimates and judgments in preparing the financial report based on historical knowledge and best available current information. Estimates assume a reasonable expectation of future events and are based on current trends and economic data, obtained both externally and within the Group.

Key estimates:

Impairment

The Group assesses impairment at each reporting date by evaluating conditions specific to the Group that may lead to impairment of assets including property, plant and equipment and identifiable intangible assets. Where an impairment trigger exists, the recoverable amount of the asset is determined. Value-in-use calculations performed in assessing recoverable amounts incorporate a number of key estimates, including levels of operating revenue and terminal values of assets. A material change to these key assumptions could result in a material adjustment to the carrying values of non-current assets.

Deferred tax assets

Deferred tax assets are recognised for unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

Deferred tax assets have not been recognised because it is not probable that future taxable profit will be available against which the Group can utilise the benefits therefrom.

Judgements:

In the process of applying the Group's accounting policies, management has made the following judgements, which have the most significant effect on the amounts recognised in the consolidated financial statements:

The Going Concern basis of preparation

Management has made a significant judgement with regards to the application of the going concern basis of preparation (refer to note 1).

n. Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. The chief operating decision maker, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the board of directors of Lithex Resources Limited.

o. Earnings per share

Basic earnings per share

Basic earnings per share is calculated by dividing the profit attributable to members of Lithex Resources Limited, by the weighted average number of ordinary shares outstanding during the financial year.

Diluted earnings per share

Earnings used to calculate diluted earnings per share are calculated by adjusting the basic earnings by the after-tax effect of dividends and interest associated with dilutive potential ordinary shares. The weighted average number of shares used is adjusted for the weighted average number of ordinary shares that would be issued on the conversion of all the dilutive potential ordinary shares into ordinary shares.

Note 1: Statement of significant accounting policies (continued)

p. Classification of items

Certain prior year balances relating to exploration expenditure and impairment have been reclassified to conform to current year presentation. The reclassification occurred to more accurately reflect the underlying transactions.

The changes are summarised in the following table:

	Revised	Original	Reclassification
Consolidated statement of profit or loss and other comprehensive income			
Impairment of tenement assets	(1,284,220)	(916,276)	(367,944)
Exploration expenses	(117,095)	(484,392)	367,297
General and administrative expenses	(44,945)	(39,653)	(5,292)
Depreciation of property, plant and equipment	-	(5,939)	5,939
	(1,446,260)	(1,446,260)	-
Consolidated statement of cash flows			
Payments to suppliers and employees	(547,071)	(454,101)	(92,970)
Exploration and Evaluation assets	74,250	84,250	(10,000)
Expenditure on mining assets	(117,095)	(220,065)	102,970
	(589,916)	(589,916)	-
Exploration and expenditure note			
Mining permits, tenement acquisition and administration and geologist expenses	117,095	307,170	(190,075)
Exploration expenses written off during the year	(117,095)	(667,614)	550,519
Impairment of tenement assets	(1,284,220)	(916,276)	(367,944)
Disposed	(67,500)	(75,000)	7,500
	(1,351,720)	(1,351,720)	-

Note 2: Total Income

	Consolidated	
	2015	2014
	\$	\$
Interest received		
Bank interest	8,750	31,284
Loan interest ¹	41,425	-
	50,175	31,284

Sundry ¹	16,200	-
Refunds ²	12,763	52,105
	28,963	52,105
	79,138	83,389

Note:

1: As outlined in the Review of Operations, on 29 June 2015, Livelynk repaid the loan in full along with an extension fee of \$15,000, cost recovery of \$1,200 and interest at 7% p.a. of \$41,425.

2: Refunds relate to tenement refunds received when tenements are relinquished.

Note 3: General and Administrative Expenses

	Consolidated	
	2015	2014
	\$	\$
Accounting fees	45,922	21,618
Computer expenses	9,008	4,131
Depreciation	1,136	5,939
Other expenses	16,822	13,257
	72,888	44,945

Note 4: Corporate and Legal Expenses

	Consolidated	
	2015	2014
	\$	\$
Stock exchange fees	17,445	12,547
Company secretarial cost	50,500	84,367
Legal fees	76,480	40,085
Consultants ¹	88,501	-
Other corporate expenses	55,882	56,689
	288,808	193,688

Note:

1: Consultant expenses increased due to due diligence requirements of the Mpire Media acquisition.

Note 5: Employment Expenses

	Consolidated	
	2015 \$	2014 \$
Wages and salaries	-	131,619
SGC superannuation	-	16,155
Other employment expenses	4,126	4,785
	4,126	152,559

Employee expenses have decreased due to total number of employees being reduced to nil during the year ended 30 June 2015.

Note 6: Income tax

	Consolidated	
	2015 \$	2014 \$

a. Income tax benefit

Accounting loss	(454,244)	(1,871,745)
-----------------	-----------	-------------

Prima facie tax benefit on the loss from ordinary activities before income tax at **30%** (2014: **30%**) differs from the income tax provided in the financial statements as follows:

Tax benefit at 30%	(136,273)	(561,523)
--------------------	-----------	-----------

Add tax effect of:

Impairment of investment in Far North Minerals Pty Ltd	-	219,000
Other non-deductible expenses	43,420	81,500
Other assessable income – ATO interest	10	-
Tax losses and temporary differences not recognised	92,843	261,023
Income tax benefit attributable to operating loss	-	-

b. Unrecognised deferred tax assets

Deferred tax assets have not been recognised in respect of the following item:

<i>Deferred tax assets</i>		
Unused tax losses	6,076,462	5,981,829
Deductible temporary differences: Accrued expenses	4,568	6,358
Net unrecognised tax balances	6,081,030	5,988,187

The deductible tax losses do not expire under current tax legislation. Deferred tax assets have not been recognised in respect of these items because it is not probable that future taxable profit will be available against which the Group can utilise the benefits therefrom.

Note 7: Key management personnel disclosures

Names and positions held of economic and parent entity key management personnel in office at any time during the financial year are:

Key management person	Position
Jason Peterson	Non-Executive Chairman
Joe Graziano	Non-Executive Director
Jack James	Non-Executive Director (resigned 29 January 2015)
Paula Cowan	Non-Executive Director (appointed 29 January 2015)

Compensation of key management personnel	Entity	
	2015 \$	2014 \$

	1,528,962	1,252,996
Financial Performance		
Loss for the year	(454,244)	(1,871,745)
Total comprehensive loss	(454,244)	(1,871,745)

Contingencies of the Parent Entity

The directors are not aware of any contingent liabilities involving the parent entity (2014: Nil).

Guarantees of the Parent Entity

The directors are not aware of any guarantees involving the parent entity (2014: Nil).

Contractual commitments of the Parent Entity

Included in the commitments in Note 19 are commitments incurred by the Parent Entity as follows:

	Consolidated	
	2015 \$	2014 \$
Exploration and evaluation		
- not later than 1 year	1,214	22,334
- later than 1 year but no later than 5 years	1,926	57,825
Remuneration		
- not later than 1 year	120,000	120,000
	123,140	200,159

Note 23: Financial instruments

a. Financial risk management

The Group's financial instruments consist mainly of deposits with banks and accounts payable.

The main risks the Group is exposed to through its financial instruments is interest rate risk and credit risk.

Interest rate risk

The Group's exposure to interest rate risk, which is the risk that a financial instrument's value will fluctuate as a result of changes in market interest rates and the effective weighted average interest rates on those financial assets and financial liabilities refer Note 23(b).

Interest rate sensitivity

The following table demonstrates the sensitivity of the Group's consolidated statement of profit or loss and other comprehensive income to a reasonably possible change in interest rates, with all other variables constant.

Change in Basis Points	Effect on Post Tax Loss (\$) Increase/(Decrease)	
	2015	2014
Increase 100 basis points	15,506	11,639
Decrease 100 basis points	(15,506)	(11,639)

A sensitivity of 100 basis points has been used as this is considered reasonable given the current level of both short term and long term Australian Dollar interest rates. This would represent two to four movements by the Reserve Bank of Australia.

Foreign currency risk

The Group is not exposed to fluctuations in foreign currencies.

Credit risk

The most significant concentration of credit risk is in relation to cash and cash equivalents, with the maximum exposure being the carrying value per the consolidated statement of financial position.

The group minimises its credit risk by using financial institutions with a credit rating of AAA.

Liquidity risk

The Company manages liquidity risk by monitoring forecast cash flows and ensuring that adequate cash reserves or unutilised borrowings are maintained.

Trade and other payables are payable within 30 days.

Price risk

The Company is not exposed to any material commodity price risk.

Capital management

The Group's policy is to maintain a strong and flexible capital base to provide investor, creditor and market confidence to sustain future development of the business. The Group monitors statement of financial position strength and flexibility using cash flow forecast analysis and detailed budgeting processes.

There were no changes in the Group's approach to capital management during the year. Risk management policies and procedures are established with regular monitoring and reporting.

Neither the Group nor any of its subsidiaries are subject to externally imposed capital requirements, other than normal banking requirements.

Fair value

Due to the short term nature of financial assets and liabilities their carrying amounts approximate fair value.

Note 24: Company details

The registered office of the Company and principal place of business is:

Lithex Resources Limited
Level 1
330 Churchill Avenue
Subiaco, WA 6008

Note 25: Segment reporting

The Company consists of one segment operating predominately in Australia being mineral exploration and identification of potential mining assets for acquisition and development.

Note 26: Contingent liabilities

The directors are not aware of any contingent liabilities or assets as at the date of these financial statements.

Note 27: Subsequent events

There has not arisen in the interval between the end of the year and the date of these financial statements any item, transaction or event of a material and unusual nature likely, in the opinion of the Directors, to affect significantly the operations of the consolidated entity, the results of those operations, or the state of affairs of the consolidated entity in future financial years.

Independent Auditor's Report to the members of Lithex Resources Limited

Report on the Financial Report

We have audited the accompanying financial report of Lithex Resources Limited, which comprises the consolidated statement of financial position as at 30 June 2015, the consolidated statement of comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration of the consolidated entity comprising the company and the entities it controlled at the year's end or from time to time during the financial year.

Directors' Responsibility for the Financial Report

The directors of the company are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal controls as the directors determine are necessary to enable the preparation of the financial report that is free from material misstatement, whether due to fraud or error. In Note 1, the directors also state, in accordance with Accounting Standard AASB 101 *Presentation of Financial Statements*, that the financial statements comply with *International Financial Reporting Standards*.

Auditor's Responsibility

Our responsibility is to express an opinion on the financial report based on our audit. We conducted our audit in accordance with Australian Auditing Standards. Those standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance about whether the financial report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal controls relevant to the entity's preparation and fair presentation of the financial report in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal controls. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the financial report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Independence

In conducting our audit, we have complied with the independence requirements of the *Corporations Act 2001*. We have given to the directors of the company a written Auditor's Independence Declaration, a copy of which is included in the Directors' Report.

Opinion

In our opinion:

1. the financial report of Lithex Resources Limited is in accordance with the *Corporations Act 2001*, including:
 - a. giving a true and fair view of the consolidated entity's financial position as at 30 June 2015 and of its performance for the year ended on that date; and
 - b. complying with Australian Accounting Standards and the *Corporations Regulations 2001*; and
2. the financial report also complies with *International Financial Reporting Standards* as disclosed in Note 2.

Report on the remuneration report

We have audited the Remuneration Report included in the directors' report for the year ended 30 June 2015. The directors of the company are responsible for the preparation and presentation of the Remuneration Report in accordance with section 300A of the *Corporations Act 2001*. Our responsibility is to express an opinion on the Remuneration Report, based on our audit conducted in accordance with Australian Auditing Standards.

Opinion

In our opinion, the Remuneration Report of Lithex Resources Limited for the year ended 30 June 2015, complies with section 300A of the *Corporations Act 2001*.

Directors' declaration

The directors of the company declare that:

1. in the directors' opinion, the financial statements and accompanying notes set out on pages 25 to 54 are in accordance with the *Corporations Act 2001* and:
 - a. comply with Accounting Standards and the *Corporations Regulations 2001*; and
 - b. give a true and fair view of the group's financial position as at 30 June 2015 and of its performance for the year ended on that date;
2. note 1 confirms that the financial statements also comply with International Financial Reporting Standards (IFRSs) as issued by the International Accounting Standards Board (IASB);
3. in the directors' opinion, there are reasonable grounds to believe that the Company will be able to pay its debts as and when they become due and payable;
4. the remuneration disclosures included in pages 12 to 16 of the directors' report (as part of the audited Remuneration Report), for the year ended 30 June 2015, comply with section 300A of the *Corporations Act 2001*; and
5. the directors have been given the declarations by the Chief Executive Officer (or equivalent) and Chief Financial Officer required by section 295A.

This declaration is made in accordance with a resolution of the Board of Directors and is signed for and on behalf of the directors by:

This declaration is made in accordance with a resolution of the Board of Directors.

Jason Peterson

Chairman
