EXPLANATORY STATEMENT

1. INTRODUCTION

This Explanatory Statement has been prepared for the information of members of POWER RESOURCES LIMITED in connection with the business to be conducted at the Annual General Meeting of Members to be held at the Celtic Club, 48 Ord Street, West Perth, Western Australia, on 25 November 2015 at 10:30 am (WST).

This Explanatory Statement forms part of, and should be read in conjunction with, the accompanying Notice of Annual General Meeting.

Shareholders should note that all the Directors approved the proposal to put the resolutions to shareholders as outlined in the Notice of General Meeting and to prepare this Explanatory Statement.

FINANCIAL REPORTS

The Corporations Act requires the Company to lay before the Annual General Meeting its annual financial report and reports of the Directors and Auditor for the last financial year. The annual financial report of the Company for the year ended 30 June 2015 is available on its website at www.powerresources.com.au.

Shareholders are not required to vote on these reports. However, shareholders will be given a reasonable opportunity at the Meeting to comment on, or to ask questions about, the management of the Company. Shareholders will also be given a reasonable opportunity to ask the Auditor questions relevant to the Auditor's report, the conduct of the audit, accounting policies adopted by the Company and the independence of the Auditor.

Written questions to the Company's Auditor about the content of the Auditor's report or the conduct of the audit may be submitted no later than 18 November 2015 to:

Power Resources Limited
PO Box 1618
West Perth WA 6872.

Facsimile: +618 9481 7835
Email: ngrafton@kmm.com.au

Copies of the questions, if any, to the Company's Auditor will be available at the meeting.

RESOLUTION 1 – ADOPTION OF REMUNERATION REPORT

Under Section 250R(2) of the Corporations Act, the Company must put to its shareholders at each annual general meeting a resolution adopting the report on remuneration of the Company's Key Management Personnel.

The Remuneration Report of the Company for the financial year ended 30 June 2015 is included in the Directors' Report in the Company's 2015 Annual Report. It is also available on the Company's website at www.powerresources.com.au.

The Remuneration Report includes:

- An explanation of the Company's policy in relation to the nature and amount of remuneration paid to its Key Management Personnel;
- A discussion of the link between this policy and the Company's performance;
- Details of any element of the remuneration of Directors and executives of the Company which is dependent upon the satisfaction of a performance condition; and
- Details of the total remuneration of each Director (including a breakdown of components of that remuneration) and the senior executives of the Company who receive the highest remuneration.

The vote on this resolution is advisory only and does not bind the Company.

However, if at least 25% of the votes cast are against adoption of the Remuneration Report at the 2015 AGM, and then again at the 2016 Annual General Meeting the Company will be required to put a resolution to the 2015 AGM, to approve calling an extraordinary general meeting (**spill resolution**). If more than 50% of Shareholders vote in favour of the spill resolution, the Company must convene a general meeting (**spill meeting**) within 90 days of the 2016 AGM. All of the Directors who were in office when the 2015 Directors' Report was approved, other than the Managing Director, will (if desired) need to stand for re-election at the spill meeting.

The Remuneration Report explains the Board policies in relation to the nature and level of remuneration paid to Directors, sets out remuneration details for each Director and any service agreements and sets out the details of any share based compensation.

Voting Restriction

Note that a voting exclusion applies to Resolution 1 in the terms set out in the Notice of Meeting. In particular, the Directors and other Restricted Voters may not vote on this resolution and may not cast a vote as proxy, unless the appointment gives a direction on how to vote or the proxy is given to the Chair and expressly authorises the Chairman to exercise your proxy even if the Resolution is connected directly or indirectly with the remuneration of a member of the Key Management Personnel. The Chairman will use any such proxies to vote in favour of the resolution.

Shareholders are urged to carefully read the proxy form and provide a direction to the proxy on how to vote on this resolution.

RESOLUTION 2 – RE-ELECTION OF A DIRECTOR

Pursuant to the Company's Constitution, Hersh Solomon Majteles, being a Director of the Company, retires by way of rotation and, being eligible, offers himself for re-election as a Director.

ASX Listing Rule 14.4 and the Company's Constitution provides that a Director must not hold office (without re-election) past the third AGM following the director's appointment, or 3 years, whichever is the longer.

Mr Majteles, the Director longest in office since his last election, retires by rotation and seeks re-election.

He is a commercial lawyer and has been in private practice in Western Australia since 1972. He has been a board member of a number of publicly listed companies involved in the mining, resources, energy and biotech sectors for over twenty five years. Mr Majteles is also a Director of Metals Australia Ltd, Blaze International Limited, and Chairman of Promesa Limited.

RESOLUTION 3 – APPROVAL FOR A PROPOSED SHARE ISSUE

Subject to shareholder approval, pursuant to Listing Rule 7.1, the Company proposes to issue up to 25,000,000 Shares.

Listing Rule 7.1 broadly provides, subject to certain exceptions, that shareholder approval is required for any issue of securities where the securities proposed to be issued represent more than 15% of the Company's shares then on issue.

For the purposes of Listing Rule 7.3, the following information is provided to shareholders:

- a) The maximum number of Shares which may be issued pursuant to this resolution is 25,000,000.
- b) The Shares will be issued and allotted no later than 3 months after the date of this meeting or such later date as approved by ASX by waiver to the Listing Rules.
- c) The Shares will be issued at a minimum issue price which is at least 80% of the average market price of Shares trading on ASX over the last 5 days on which sales in the securities were recorded before the day on which the issue was made (or if there is a prospectus or offer information statement relating to the issue, over the last 5 days on which sales in the securities were recorded before the date the prospectus or offer information statement is signed).
- d) The proposed allottees are unknown at the date of the Notice of Meeting but will not be related parties of the Company and will be selected at the Directors' discretion.
- e) The terms of the Shares will be the same as the existing ordinary fully paid Shares in the Company.

- f) The purpose of the issue is for ongoing mineral exploration on the Company's Western Australian projects and additional working capital.
- g) It has not yet been decided whether the shares will be issued progressively, or on a fixed date.

The Board of Directors unanimously recommends Shareholders vote in favour of the resolution.

RESOLUTION 4 - APPROVAL OF ADDITIONAL 10% PLACEMENT CAPACITY

4.1 Background

Listing Rule 7.1A enables eligible entities to issue Equity Securities up to 10% of their issued share capital over a 12 month period after the annual general meeting at which a resolution for the purposes of Listing Rule 7.1A is passed by special resolution (**Additional 10% Placement Capacity**). The Additional 10% Placement Capacity is in addition to the Company's 15% placement capacity under Listing Rule 7.1.

An entity will be eligible to seek approval under Listing Rule 7.1A if:

- (a) the entity has a market capitalisation of \$300 million or less; and
- (b) the entity that is not included in the S&P/ASX 300 Index. The Company is an eligible entity for the purposes of Listing Rule 7.1A.

The number of Equity Securities to be issued under the Additional 10% Placement Capacity will be determined in accordance with the formula set out in Listing Rule 7.1A.2.

The Company is putting this Resolution to Shareholders to seek approval to issue additional Equity Securities under the Additional 10% Placement Capacity. It is anticipated that funds raised by the issue of Equity Securities under the Additional 10% Placement Capacity would be applied towards the Company's exploration activities, administration costs and general working capital.

4.2 Listing Rule 7.1A

The effect of Resolution 4 will be to permit the Company to issue the Equity Securities under Listing Rule 7.1A during the Additional Placement Period (as defined below) without using the Company's 15% placement capacity under Listing Rule 7.1.

Equity Securities issued under the Additional 10% Placement Capacity must be in the same class as an existing quoted class of Equity Securities of the Company. As at the date of this Notice the Company has only Shares on issue.

At the date of this Notice, the Company has 47,187,501 Shares on issue, and therefore, subject to Shareholder approval being obtained under this Resolution, a total of 4,718,750 Equity Securities will be permitted to be issued in accordance with Listing Rule 7.1A. Shareholders should note that the calculation of the number of Equity Securities permitted to be issued under the Additional 10% Placement Capacity is a moving calculation and will be based on the formula set out in Listing Rule 7.1A.2 at the time of issue of the Equity Securities. The table below demonstrates various examples as to the number of Equity Securities that may be issued under the Additional 10% Placement Capacity.

This is a **special resolution**, requiring approval of 75% of the votes cast by Shareholders present and eligible to vote (in person, by proxy, by attorney or, in the case of a corporate Shareholder, by a corporate representative) in order to be passed.

4.3 Specific information required by Listing Rule 7.3A.1

The following information in relation to the Shares to be issued is provided to Shareholders for the purposes of Listing Rule 7.3A.1:

- (a) the Equity Securities will be issued at a price of not less than 75% of the volume weighted average price for the Company's Equity Securities over the 15 Trading Days immediately before:
 - (i) the date on which the price at which the Equity Securities are to be issued is agreed; or

- (ii) if the Equity Securities are not issued within 5 Trading Days of the date in paragraph (i) above, the date on which the Equity Securities are issued.
- (b) If this Resolution is approved by Shareholders and the Company issues Equity Securities under the Additional 10% Placement Capacity, the existing Shareholders' economic and voting interests in the Company will be diluted. There is also a risk that:
- (i) the market price for the Company's Equity Securities may be significantly lower on the date of the issue of the Equity Securities than on the date of the Annual General Meeting; and
- (ii) the Equity Securities may be issued: (1) at a price that is at a discount to the market price for the Company's Equity Securities on the issue date of the Equity Securities; or (2) as consideration (or part thereof) for the acquisition of a new asset, both of which may have an effect on the amount of funds raised by the issue of Equity Securities under the Additional 10% Placement Capacity.

The table below shows the dilution of existing Shareholders of the issue of the **maximum** number of Equity Securities under the Additional 10% Placement Capacity using different variables for the number of ordinary securities for variable "A" (as defined in Listing Rule 7.1A) and the market price of Shares. It is noted that variable "A" is based on the number of ordinary securities the Company has on issue at the time of the proposed issue of Equity Securities.

The table shows:

- (i) examples of where variable "A" is at its current level, and where variable "A" has increased by 50% and by 100%;
- (ii) examples of where the issue price of ordinary securities is the current market price(the most recent date on which the shares were traded was 5 October 2015 when the price at the close of trade was \$0.01 **current market price**), where the issue price is halved, and where it is doubled; and
- (iii) the dilutionary effect will always be 10% if the maximum number of Equity Securities that may be issued under the Additional 10% Placement Capacity are issued.

Variable 'A'	Number of Shares issued and funds raised under the Additional 10% Placement Capacity and dilution effect	Dilution		
		\$0.005 Issue Price at half the current market price	\$0.01 Issue Price at current market price	\$0.02 Issue Price at double the current market price
Current Variable A 47,187,501 Shares	Shares issued	4,718,750	4,718,750	4,718,750
	Funds raised	\$23,594	47,188	\$94,375
	Dilution	10%	10%	10%
50% increase in current Variable A 70,781, 252 Shares	Shares issued	7,078,125	7,078,125	7,078,125
	Funds raised	\$35,391	\$70,781	\$141,563
	Dilution	10%	10%	10%
100% increase in current variable A 94,375,002 Shares	Shares issued	9,437,500	9,437,500	9,437,500
	Funds raised	\$47,188	\$94,375	\$188,750
	Dilution	10%	10%	10%

Note: this table assumes:

- No Options, should any be issued by the Company (including any Options issued under the Additional 10% Placement Capacity) are exercised before the date of the issue of the Equity Securities;
- The issue of Equity Securities under the Additional 10% Placement Capacity consists only of Shares. If the issue of Equity Securities includes quoted Options, for the purposes of the above table, it is assumed that those quoted Options are exercised into Shares for the purposes of calculating the voting dilution effect on existing Shareholders;
- The table does not show an example of dilution that may be caused to a particular Shareholder by reason of placements under the Additional 10% Placement Capacity, based on that Shareholder's holding at the date of the Meeting; and
- The table shows only the effect of issues of Equity Securities under Listing Rule 7.1A, not under the 15% placement capacity under Listing Rule 7.1.

- (c) Approval of the Additional 10% Placement Capacity will be valid from the date of the Annual General Meeting and will expire on the earlier of:
- (i) the date that is 12 months after the date of the Annual General Meeting; and
 - (ii) the date of the approval by Shareholders of a transaction under Listing Rules 11.1.2 (a significant change to the nature or scale of activities) or 11.2 (disposal of main undertaking),
- (d) The Company may seek to issue the Equity Securities for the following purposes:
- (i) cash consideration. If Equity Securities are issued for cash consideration, the Company intends to use the funds for the Company's exploration activities on its Linden and Pelt Well Projects in Western Australia, administration costs and general working capital;
 - (ii) non-cash consideration for the possible acquisition of new resources assets and investments. If Equity Securities are issued for non-cash consideration, the Company will comply with the minimum issue price limitation under Listing Rule 7.1A.3 in relation to such issue and will release the valuation of the non-cash consideration to the market.
- The Company will comply with the disclosure obligations under Listing Rules 7.1A.3 and 3.10.5A upon issue of any Equity Securities.
- (e) The identity of the allottees will be determined on a case by case basis having regard to market conditions at the time of the proposed issue of Equity Securities, including consideration of matters including, but not limited to:
- (i) the ability of the Company to raise funds at the time of the proposed issue of Equity Securities and whether the raising of any funds under such placement could be carried out by means of an entitlements offer, or a placement and an entitlements offer;
 - (ii) the dilutionary effect of the proposed issue of the Equity Securities on existing Shareholders at the time of proposed issued of Equity Securities;
 - (iii) the financial situation and solvency of the Company; and
 - (iv) advice from its professional advisers, including corporate, financial and broking advisers (if applicable).
- (f) The allottees under the Additional 10% Placement Capacity have not been determined as at the date of this Notice but will not include related parties (or their associates) of the Company.
- (i) The Company previously obtained Shareholder approval under Listing Rule 7.1A at its Annual General Meeting on 27 November 2014 but no shares were issued under that approval.
 - (ii) For the purposes of Listing Rule 7.3A.6 shareholders are advised that no equity securities were issued in the twelve months preceding the date of meeting. The number of equity securities on issue in the Company on 27 November 2014 was 47,187,501.
- (g) A voting exclusion statement is included in the Notice. At the date of the Notice, the Company has not determined its allocation policy for the issue of Equity Securities under the Additional 10% Placement Capacity. The Company has not approached, and has not yet determined to approach, any particular existing security holders or an identifiable class of existing security holders to participate in an offer under the Additional 10% Placement Capacity therefore no existing security holders votes would be excluded under the voting exclusion statement included in this Notice.
