Since May 2015, Torian has increased its landholding by approximately 60% in this region via six separate acquisitions. The total land position at the Zuleika JV is now approximately 184km², making Torian the third largest landholder in this region.

Torian has commenced an aggressive four phase exploration program that is targeting the Zuleika Shear and intends to further consolidate ground in this highly prospective region.

Torian's exploration team has an enviable track record of exploration success in this region including the discovery of East Kundana (3.5 Moz) directly south of Torian's Zuleika JV. This regional exploration success provides unique insight which the board believes will yield results.

Torian is commencing an exciting phase in its development and we look forward to updating the market on our progress in due course.
