

MARKET UPDATE

Domestic

The Company is pleased to announce that progress has been made in expanding the Facial Recognition Technology which is embedded in the Victorian Police operating systems into a nationalised database.

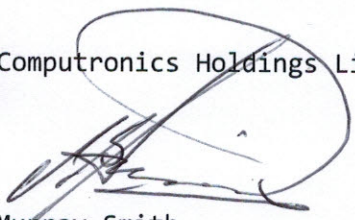

The project is commercial and in confidence no further announcements will be made until agreements have been completed.

International

As previously announced agreement for the distribution by Professtama Teknik Cemerlang a Professtama Development Group subsidiary, of our Sure Face products within the country of Indonesia have been finalised.

Security clearance requiring official verification has been applied for with the Indonesian Government Embassy in Canberra, ratification of our application is expected early in the New Year making possible completion of the commercial contract.
