Dear Jeremy

Response to ASX 5B Query

Krakatoa Resources Limited ("Company") is pleased to respond to your query on 10 February 2016 as follows:

1. The Company believes that the following factors should be taken in to consideration when assessing the Company's position:
 - The Company is currently considering a number of capital raising initiatives;
 - Operational expenditure can be reduced if required;
 - As announced to ASX on 10 December 2013, the Company has a \$5 million Standby Subscription Agreement funding arrangement with Gurney Capital Nominees Pty Ltd ("Investor") until 10 December 2018. Under the Facility the Company may give a drawdown notice to the Investor for funds to be received within 2 business days.
2. Due to the nature of the Company's activities which is primarily engaged in exploration activities it is likely that the Company will continue to experience negative operating cash flows. The Company will fund its ongoing exploration activities through raising future capital from investors and with other financing opportunities where available.
3. With the balance of cash and other funding options available as detailed above, the Company is of the opinion that it is in a position to continue to meet its business objectives and to fund its expenditure commitments.
4. The Company confirms that it is in compliance with the listing rules and, in particular, listing rule 3.1.

5. The Company believes its financial position to be adequate to warrant continued quotation on the ASX, primarily due to having sufficient cash to meet its immediate obligations, the Standby Subscription Agreement funding arrangement and a reasonable expectation that it will be able to fund its planned future activities.

Should you have any queries regarding the above I will be happy to discuss such matters with you.

Yours sincerely

Dear Mr Palumbo

Krakatoa Resources Limited (the "Company"): Appendix 5B Query

I refer to the Company's Quarterly Report in the form of Appendix 5B for the period ended 31 December 2015, released to ASX Limited ("ASX") on 29 January 2016 (the "Appendix 5B").

ASX notes that the Company has reported the following.

1. Receipts from product sales of \$0.
2. Net negative operating cash flows for the quarter of \$401,000.
3. Estimated cash outflows of \$200,000.
4. Cash at end of quarter of \$140,000

In light of the information contained in the Appendix 5B, please respond to each of the following questions.

1. It is possible to conclude on the basis of the information provided that if the Company were to continue to expend cash at the rate for the quarter indicated by the Appendix 5B, the Company may not have sufficient cash to fund its activities. Is this the case, or are there other factors that should be taken into account in assessing the Company's position?
2. Does the Company expect that in the future it will have negative operating cash flows similar to that reported in the Appendix 5B for the quarter and, if so, what steps has it taken to ensure that it has sufficient funds in order to continue its operations at that rate?
3. What steps has the Company taken, or what steps does it propose to take, to enable it to continue to meet its business objectives?
4. Can the Company confirm that it is in compliance with the listing rules, and in particular, listing rule 3.1.

5. Please comment on the Company's compliance with listing rule 12.2, with reference to the matters discussed in the note to the rule.
