

## Contract Awards

17 February 2016

ASX & media  
announcement

ASX code: SXE

Southern Cross Electrical Engineering Limited ('SCEE') advises that it has been awarded over \$10m of work by the Sedgman Civec Joint Venture ('SCJV') for the performance of Electrical & Instrumentation services at the Jimblebar mine located 41km east of Newman in Western Australia. The scope also includes the design, supply and installation of an overhead powerline.

As reported in our market update of 28 January 2016, activity in sustaining capital projects in the resourcesector remains strong and in the first six weeks of 2016 we have also been awarded a number of new contracts and contract extensions totalling in the order of \$10m from various clients.

Commenting on the news, SCEE's CEO Graeme Dunn said "I am pleased to be able to announce these awards and look forward to working with SCJV at Jimblebar. Additionally we remain well placed to continue our long standing exposure to the sustaining capital and maintenance activities within the resources sector as demonstrated by our recent wins."
