CONDENSED NOTES TO THE FINANCIAL STATEMENTS

FOR THE HALF-YEAR ENDED 31 DECEMBER 2015

Note 1: Summary of Significant Accounting Policies

a) Basis of Preparation

Reporting entity

Venus Metals Corporation Limited (the "Company") is a company domiciled in Australia. The financial statements of the Company for the half-year ended 31 December 2015 comprise the Company. The Company primarily is involved in exploration for base metals, diamonds, gold and other minerals.

The annual financial report of the Company for the year ended 30 June 2015 is available upon request from the Company's registered office at Level M, 28 The Esplanade, Perth 6000, Western Australia or from the Company's website at www.venusmetals.com.au.

Statement of compliance

The financial statements are prepared on a going concern basis in accordance with Australian Accounting Standard AASB 134: *Interim Financial Reports* and the *Corporations Act 2001*. The Board considers that the Company has sufficient cash resources to meet all operating costs for at least the next twelve months from the date of this report.

It is recommended that the half-year financial statements be read in conjunction with the annual report for the year ended 30 June 2015 and considered with any public announcements made by the Company during the half-year ended 31 December 2015 in accordance with continuous disclosure obligations of the ASX Listing Rules.

The half-year financial statements do not include all the information and disclosures required in the annual financial statements, and should be read in conjunction with the Company's annual financial statements as at 30 June 2015.

The half-year financial statements have been prepared on accrual basis and on a historical cost basis, except as modified by certain financial assets carried at fair value.

The Company is of a kind referred to in Class Order 98/100 issued by the Australian Securities and Investments Commission, relating to the "rounding off" of amounts in the financial report. Amounts in the financial statements have been rounded off in accordance with the Class Order rounded off to the nearest dollar. Amounts are in Australian dollars.

Going concern

The financial report has been prepared on the going concern basis that contemplates the continuity of normal business activities and the realisation and extinguishment of liabilities in the ordinary courses of business. For the half year ended 31 December 2015 the Company incurred a loss of \$547,053 (31 December 2014: loss \$978,580) and had working capital of \$52,050 (30 June 2015:\$548,979). Based upon the Company's existing cash resources of \$230,166 (30 June 2015: \$700,705), the ability to modify expenditure outlays if required, and to source additional funds, the Directors consider there are reasonable grounds to believe that the Company will be able to pay its debts as and when they become due and payable, and therefore the going concern basis of preparation is considered to be appropriate for the Company's 31 December 2015 half year financial report. The Board of Directors is aware, having prepared a cashflow forecast, of the Company's working capital requirements and the need to access additional equity funding or asset divestment if required within the next 12 months. In the event that the Company is not able to continue as a going concern, it may be required to realise assets and extinguish liabilities other than in the normal course of business and perhaps at amounts different to those stated in its financial report.

INDEPENDENT AUDITOR'S REVIEW REPORT TO THE MEMBERS OF VENUS METALS CORPORATION LIMITED

Report on the Half-Year Financial Report

We have reviewed the accompanying half-year financial report of Venus Metals Corporation Limited, which comprises the statement of financial position as at 31 December 2015, the statement of profit or loss and other comprehensive income, statement of changes in equity, and statement of cash flows for the half-year ended on that date, condensed notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration.

Directors' Responsibility for the Half-Year Financial Report

The directors of Venus Metals Corporation Limited are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards (including the Australian Accounting Interpretations) and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standards on Review Engagements ASRE 2410 Review of a Financial Report Performed by the Independent Auditor of the Entity, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the financial report is not in accordance with the Corporations Act 2001 including: giving a true and fair view of the Company's financial position as at 31 December 2015 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001. As the auditor of Venus Metals Corporation Limited, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Whilst we considered the effectiveness of management's internal controls over financial reporting when determining the nature and extent of our procedures, our review was not designed to provide assurance on internal controls.

Our review did not involve an analysis of the prudence of business decisions made by the directors or management.

Stantons International

Independence

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*. We confirm that the independence declaration required by the *Corporations Act 2001*, has been provided to the directors of Venus Metals Corporation Limited on 23 February 2016.

Conclusion

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Venus Metals Corporation Limited is not in accordance with the *Corporations Act 2001* including:

- (a) giving a true and fair view of the entity's financial position as at 31 December 2015 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standards AASB 134 Interim Financial Reporting and Corporations Regulations 2001.

Emphasis of Matter Regarding Going Concern and Carrying Values of Non-Current Assets

Without qualification to the review conclusion expressed above, attention is drawn to the following matters:

As referred to in Note 1 to the financial statements, the financial statements have been prepared on the going concern basis. At 31 December 2015, the entity had working capital of \$52,050, cash and cash equivalents of \$230,166 and had incurred a loss for the half year amounting to \$547,053. The ability of the Company to continue as a going concern is subject to successful recapitalisation of the Company. In the event that the Board is not successful in recapitalising the Company and in raising further funds, the Company may not be able to meet its liabilities as they fall due and the realisable value of the Company's non–current assets may be significantly less than book values.
