#### **Notes to the Consolidated Financial Statements**

for the half-year ended 31 December 2015

#### NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

#### **Corporate Information**

This general purpose half-year financial report of Paradigm Metals Limited and its subsidiaries (the Group) for the half-year ended 31 December 2015 was authorised for issue in accordance with a resolution of the directors on 26 February 2016.

Paradigm Metals Limited is a company limited by shares incorporated in Australia whose shares are publicly traded on the Australian Securities Exchange.

The nature of the operations and principal activities of the Group are described in the Director's Report.

#### **Basis of Preparation**

This financial report for the half-year ended 31 December 2015 has been prepared in accordance with AASB 134 Interim Financial Reporting and the Corporations Act 2001. The Group is a for profit entity for financial reporting purposes under Australian Accounting Standards.

These half-year financial statements do not include all notes of the type normally included within the annual financial statements and therefore cannot be expected to provide as full an understanding of the financial performance, financial position and financing and investing activities of the consolidated entity as the full financial statements.

It is recommended that the half-year financial statements be read in conjunction with the annual financial statements for the year ended 30 June 2015 and considered together with any public announcements made by Paradigm Metals Limited during the half-year ended 31 December 2015 in accordance with the continuous disclosure obligations of the ASX listing rules.

For the purpose of preparing the interim report, the half-year has been treated as a discrete reporting period. The accounting policies adopted are consistent with those of the previous financial year.

#### New and amending Accounting Standards and Interpretations

The consolidated entity has adopted all of the new and revised Standards and Interpretations issued by the Australian Accounting Standards Board (the AASB) that are relevant to its operations and effective for the current reporting period.

The adoption of all of the new and revised Standards and Interpretations has not resulted in any changes to the consolidated entity's accounting policies and has had no effect on the amounts reported for the current or prior periods.

#### **Going Concern**

This report has been prepared on the going concern basis, which contemplates the continuity of normal business activity and the realisation of assets and settlement of liabilities in the normal course of business.

The Group incurred a net loss after tax for the half-year ended 31 December 2015 of \$1,201,839 and experienced net cash outflows from operating activities of \$271,861. At 31 December 2015, the Group had a net current asset

#### NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### **Going Concern (Continued)**

position of \$80,161. The cash and cash equivalents balance at the date of issuing this report is \$246,698. The Directors recognise the need to raise additional funds via equity raisings for future activities.

As disclosed in note 7, the Group is in the process of acquiring a financial technology company 'IODM'. A condition of this acquisition is to also undertake a capital raising up to \$3,000,000 at \$0.04 per ordinary share, to be completed under a prospectus.

Accordingly, the Directors' acknowledge that the Group will require additional funding to complete the proposed acquisition and to continue as a going concern during the next 12 months. Should the acquisition not proceed, the ability of the Group to continue as a going concern will be dependent on the future successful raising of funding through equity, subsequent exploitation of the Group's tenements and/or sale of non-core assets.

The Directors have reviewed the business outlook and the assets and liabilities of the Group and are of the opinion that the use of the going concern basis of accounting is appropriate. However, if the Group is unable to achieve the above, there is material uncertainty that may cast significant doubt on the Group's ability to continue as a going concern and therefore whether it will be able to pay its debts as and when they fall due and realise its assets and extinguish its liabilities in the normal course of the business at the amounts stated in the financial report.

The financial report does not contain any adjustments relating to the recoverability and classification of recorded assets or to the amounts or classification of recorded assets or liabilities that might be necessary should the Group not be able to continue as a going concern.

#### **NOTE 2: SEGMENT REPORTING**

For management purposes, the Group is organised into one main operating segment, which involves exploration for gold and other minerals. All of the Company's activities are interrelated, and discrete financial information is reported to the Board of Directors (Chief Operating Decision Maker) as a single segment. Accordingly, all significant operating decisions are based upon analysis of the Group as one segment. The financial results from this segment are equivalent to the financial statements of the Group as a whole.

#### **Notes to the Consolidated Financial Statements**

for the half-year ended 31 December 2015

#### NOTE 3: DEFERRED EXPLORATION AND EVALUATION EXPENDITURE

	31 December 2015 \$	30 June 2015 \$
At beginning of the year	923,249	3,185,035
Acquisition on Caninde Graphite Project	-	237,504
Exploration expenditure during the year	68,344	361,728
Tenements disposed of during the year	-	(140,000)

Impairment expense	(304,752)	(1,955,255)
Total deferred exploration and evaluation expenditure	100,000	923,249

All expenditure for the exploration and evaluation is included in the deferred exploration and evaluation expenditure asset. Exploration and evaluation is recorded at historical cost. The Directors have assessed the asset for impairment, and as there are facts and circumstances suggesting that the carrying amount exceeds the recoverable amount, capitalised expenditure has been written down by \$304,752 (excluding loss on disposal of the Caninde project) to a carrying amount of \$100,000, which the Directors have assessed to be recoverable.

The recoverable amount of the exploration and evaluation expenditure is based on the fair value less costs of disposal, categorised as a level 3 fair value within the fair value measurement hierarchy.

We have reviewed the accompanying half-year financial report of Paradigm Metals Limited, which comprises the consolidated statement of financial position as at 31 December 2015, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the half-year ended on that date, notes comprising a statement of accounting policies and other explanatory information, and the directors' declaration of the consolidated entity comprising the company and the entities it controlled at the half-year's end or from time to time during the half-year.

Directors' Responsibility for the Half-Year Financial Report

The directors of the company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including: giving a true and fair view of the consolidated entity's financial position as at 31 December 2015 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*. As the auditor of Paradigm Metals Limited, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

#### Independence

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*. We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of Paradigm Metals Limited, would be in the same terms if given to the directors as at the time of this auditor's review report.

#### Conclusion

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Paradigm Metals Limited is not in accordance with the *Corporations Act 2001* including:

- (a) giving a true and fair view of the consolidated entity's financial position as at 31 December 2015 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 Interim Financial Reporting and Corporations Regulations 2001.

#### Emphasis of matter

Without modifying our conclusion, we draw attention to Note 1 in the half-year financial report, which indicates that the ability of the consolidated entity to continue as a going concern is dependent upon the future successful raising of necessary funding. This condition, along with other matters as set out in Note 1, indicate the existence of a material uncertainty that may cast significant doubt about the consolidated entity's ability to continue as a going concern and therefore, the consolidated entity may be unable to realise its assets and discharge its liabilities in the normal course of business.
