DIRECTORS' REPORT

Your Directors submit the financial report of the consolidated group for the half year ended 31 December 2015.

Directors

The names of the directors who held office during or since the end of the half-year.

Mr Keith Coughlan	Managing Director, CEO	Appointed 6 September 2013
Mr David Reeves	Non-Executive Chairman	Appointed 6 March 2014
Dr Pavel Reichl	Non-Executive Director	Appointed 6 March 2014
Mr Kiran Morzaria	Non-Executive Director	Appointed 10 December 2015

Results of Operations

The consolidated loss for the half year ended 31 December 2015 amounted to \$1,310,889 (2014: \$267,830 loss).

Review of Operations

During the period the Company focused on advancing the Cinovec project in Czech Republic.

Highlights in the period include:

Corporate

- The Company's securities were admitted to trading on the London Stock Exchange AiM Market ("AIM") on 10 December 2015.
- Mr Kiran Morzaria joined the Board of the Company as a Non-Executive Director. Mr Morzaria is the CEO of AIM listed Rare Earth Minerals and a Non-Executive Director of AIM and TSX listed Bacanora Minerals.
- Mr Pavel Reichl stepped away from an Executive Director role with the Company and remains as a Non-Executive Director.

Project Development

- A bulk sample of 1.5 tonnes was collected and processed in Germany resulting in approximately 420kg of high grade lithium concentrate being produced and shipped to Australia. The concentrate has been used for testing various available technologies for the production of lithium carbonate. The bulk of the concentrate will be used for a bench scale continuous feed mini plant test.
- The Company embarked on a 5,000 m drill program in September which ran through into the New Year. The drill program was planned to target the area outlined in the Company's positive Scoping Study concluded earlier in the year. The aims of the drill program were to convert a significant portion of the lithium and tin inferred resource used in the Scoping Study to the indicated category, and to provide additional material for further test work.
- The Company is very pleased with the results of the drill program as they reinforce the extent and consistency of the lithium and tin mineralisation at Cinovec. The results of the drilling included intercepts of up to 194m width with higher grade intervals.

DIRECTORS' REPORT

Significant events after the reporting date

- The Company completed a detailed geological model which has identified shallow, higher grade lithium zones. This geological model will be used, along with recent drill results to update the current mineral resource model and allow the company to investigate targeting these areas in the early years of development. This is likely to allow for the conversion of a greater part of the Cinovec resource from Inferred to Indicated category under JORC guidelines, and for initial mine planning and scheduling as the Company progresses the project along the development curve.
- The Company announced on 4 March 2016, firm commitments for the placement of 13 million CDI's at an issue price of \$0.135 per CDI to raise AU\$1,755,000. The placement has been made to sophisticated investors and will be used to further develop Company's 100% owned Cinovec Lithium and Tin Project in the Czech Republic.
- There have been no other significant events after the reporting date.

Auditor's Independence Declaration

The auditor's independence declaration for the half year ended 31 December 2015 has been received and can be found on page 5 of the financial report.

INTERIM FINANCIAL REPORT 31 DECEMBER 2015

CONDENSED NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE HALF YEAR ENDED 31 DECEMBER 2015

NOTE 1: BASIS OF PREPARATION

Statement of compliance

The half-year financial report is a general purpose financial report prepared in accordance with the Corporations Act 2001 and AASB 134 'Interim Financial Reporting'. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 'Interim Financial Reporting'. The half-year report does not include notes of the type normally included in an annual financial report and shall be read in conjunction with the most recent annual financial report.

Basis of preparation

The consolidated financial statements have been prepared on the basis of historical cost, except where applicable for the revaluation of certain non-current assets and financial instruments. Cost is based on the fair values of the consideration given in exchange for assets. All amounts are presented in Australian dollars, unless otherwise noted.

The accounting policies and methods of computation adopted in the preparation of the half-year financial report are consistent with those adopted and disclosed in the company's 2015 annual financial report for the financial year ended 30 June 2015, except for the impact of the Standards and Interpretations described below. These accounting policies are consistent with Australian Accounting Standards and with International Financial Reporting Standards.

Going Concern

The consolidated group has incurred a net loss after tax for the period ended 31 December 2015 of \$1,310,889 (December 2014: \$267,830 loss) and incurred net cash outflows from operations of \$482,861 (December 2014: \$286,048). As at 31 December 2015, the consolidated group had cash and cash equivalents of \$759,118 (30 June 2015: \$889,208), working capital of \$334,882 (30 June 2015: \$726,002) and net assets of \$4,465,081 (30 June 2015: \$4,144,822).

The Directors have prepared cash flow forecasts based on contractual commitments in place at 31 December 2015, and the financial report has been prepared on the going concern basis that the Company and consolidated group will continue to meet their commitments and can therefore continue normal business activities and the realisation of assets and settlement of liabilities in the ordinary course of business. In arriving at this position, the Directors have undertaken a capital raising issuing 13,000,000 CDIs at an issue price of \$0.135, to raise a total amount of \$1,755,000.

New and Revised Accounting Requirements Applicable to the Current Half-Year Reporting Period

The Company has adopted all of the new and revised Accounting Standards and Interpretations issued by the Australian Accounting Standards Board (the AASB) that are relevant to its operations and effective for the current reporting period.

The application of the new and revised Accounting Standards and Interpretations does not have a material impact on the Group.

NOTE 2: OPERATING SEGMENTS

The accounting policies used by the Group in reporting segments are in accordance with the measurement principles of Australian Accounting Standards.

The Group has identified its operating segments based on the internal reports that are provided to the Board of Directors, according to AASB 8 Operating Segments.

The Group currently has one project which takes into account each of the above mentioned aspects. The principal activities for the project are exploration of lithium, tin, tungsten and other commodities, and the development of the existing resources. The project is likely to use the same resources in future and the nature of the regulatory environment is the Czech Republic. This is expected to be the same for future projects. Accordingly, management has identified one operating segment based on the location of the projects, that being the Czech Republic.

The consolidated entity comprises both European Metals Holdings Limited (the Company) and the entities it controlled during the half year.

Directors' Responsibility for the Half-Year Financial Report

The directors of European Metals Holdings Limited are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards (including the Australian Accounting Interpretations) and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half year financial report is not in accordance with the *Corporations Act 2001* including: giving a true and fair view of the consolidated entity's financial position as at 31 December 2015 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*. As the auditor of European Metals Holdings Limited, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Whilst we considered the effectiveness of management's internal controls over financial reporting when determining the nature and extent of our procedures, our review was not designed to provide assurance on internal controls.

Our review did not involve an analysis of the prudence of business decisions made by the directors or management.

Independence

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*. We confirm that the independence declaration required by the *Corporations Act 2001*, has been provided to the directors of European Metals Holdings Limited on 15 March 2016.

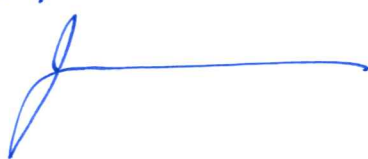

Conclusion

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of European Metals Holdings Limited is not in accordance with the *Corporations Act 2001* including:

- (a) giving a true and fair view of the consolidated entity's financial position as at 31 December 2015 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 Interim Financial Reporting and Corporations Regulations 2001.
