NEXTDC's Sydney (S1) achieves ISO9001:2008 certification

BRISBANE, Aust. – June 17, 2014. NEXTDC Limited (ASX:NXT) ("NEXTDC" or "the Company") is pleased to announce that the Company has achieved the ISO9001:2008 quality management system certification for its Sydney (S1) data centre.

The achievement recognises that NEXTDC operates a quality management system which complies with the requirements of ISO9001:2008 for the design, development and provision of secured data centre infrastructure and associated services.

All of NEXTDC's five data centres and head office are now ISO9001:2008 certified.

About NEXTDC

As Australia's leading Data-Centre-as-a-Service (DCaaS) provider, NEXTDC is revolutionising cloud computing in Australia.

An ASX300 company and the only independent data centre operator with a strategic footprint in all major growth markets in Australia, NEXTDC offers a range of highly flexible, resilient and secure colocation services to corporate, government and IT services companies.

NEXTDC's purpose-built facilities have been designed to address the market's growing appetite for energy-efficient carrier-neutral data centres in which organisations can host critical IT infrastructure and selectively source services through their diverse national ecosystem.

NEXTDC is *where the cloud lives^{TM}*.
