This SPDS supplements the Product Disclosure Statement for UBS Rolling Self Funding Instalments dated 2 February 2009 ("PDS") and, along with the PDS and the supplementary product disclosure statements mentioned below, sets out the terms of issue of the UBS Rolling Self Funding Instalments referred to in this SPDS. You should read this SPDS together with the PDS and the supplementary product disclosure statements for UBS Rolling Self Funding Instalments dated 21 April 2013, 6 December 2011 and 15 February 2011 before making an investment in Equity Insulator 105 Instalments. Words defined in the PDS have the same meaning in this SPDS.

This SPDS relates to the offer of the Series of UBS Rolling SFIs specified below, which are referred to as "Equity Insulator 105 Instalments".

Equity Insulator 105 Instalments

The gearing level of a UBS Rolling SFI is the ratio of the Loan Amount to the market price of the Underlying Parcel. The Equity Insulator 105 Instalments offered under this SPDS are UBS Rolling SFIs which will be issued with a gearing level of around 88.0% to 93.0% on the Strike Date (the "Initial Gearing Level"), and an expected gearing level at maturity (assuming that all factors remain unchanged and that Dividends on the Underlying Securities are in line with expectations) of around 105% of the Closing Price of the Underlying Parcel on the Strike Date (such price being the "Share Reference Price"). The actual gearing level at maturity will be impacted by the price of the Underlying Parcel at that time, the Interest Amount charged on the Annual Interest Date and the Dividends received on the Underlying Securities, as explained in the PDS.

The Initial Gearing Level for each Series will be determined by UBS in its discretion on or prior to the Strike Date. Once the Initial Gearing Level is determined, the Loan Amount applicable to the Series on the Strike Date will be calculated as the Initial Gearing Level for that Series multiplied by the Share Reference Price. For example, if the Share Reference Price for a Series is \$10 and UBS sets the Initial Gearing Level at 91%, the Loan Amount will be \$9.10. Different Series will most likely have different Initial Gearing Levels and different Loan Amounts.

The Initial First Payment Percentage is the ratio of the First Payment amount to the Share Reference Price on the Strike Date, i.e. $\text{Share Reference Price} \times \text{Initial First Payment Percentage} = \text{First Payment amount}$. The First Payment amount is impacted by various factors as described in the PDS—see "Pricing Considerations" under "Investment Overview" and "Part 4—Fees and Other Costs" for more information. First Payment amounts may also vary from one investor to another depending on whether a Borrow Fee is applicable to their Equity Insulator 105 Instalment application.

The Initial First Payment Percentage for each Series will be determined by UBS in its discretion on or prior to the Strike Date. Different Series will mostly likely have different Initial First Payment Percentages and different First Payment amounts.

Numerical example

The following is an illustrative example only. The actual gearing level, Loan Amount, First Payment, Interest Amount and Interest Rate for any Series may differ materially. The amounts shown are not based on any historical data and are not an indicator of what the actual gearing level, Loan Amount, First Payment, Interest Amount and Interest Rate may be in the future for any Series.

As explained in the PDS, the First Payment for a UBS Rolling SFI is calculated as follows:

$\text{First Payment} = \text{Price of Underlying Security} - \text{Loan Amount} + \text{Interest Amount} + \text{Borrow Fee}$

Assume:

- the Share Reference Price on the Strike Date is \$10;
- the Initial Gearing Level determined by UBS on the Strike Date is 91%;
- Borrow Fee is not applicable; and
- the Initial First Payment Percentage determined by UBS on the Strike Date is 9.45%.

This means that:

- the Loan Amount on the Strike Date is $\$10 \times 91\% = \9.10 ; and
- the First Payment on the Strike Date is $\$10 \times 9.45\% = \0.945 .

If a Borrow Fee of 2.2% of the Loan Amount is applicable then the Borrow Fee will be $(\$9.1 \times 2.2\%) = \0.2002 , and the First Payment Amount will therefore be $\$0.945 + \$0.2002 = \$1.1452$.

The Interest Amount prepaid from the Strike Date to the Annual Interest Date is calculated as:

First Payment + Loan Amount—Share Reference Price

so, assuming Borrow Fee is not applicable and the first period is 10 days:

Interest Amount = $\$0.945 + \$9.1 - \$10 = \0.045

which means Interest Rate = $\$0.045 \div \$9.10 \div 10/365 = 18.05\%$ p.a.

Based on pricing parameters applicable as at the date of this SPDS, UBS has calculated the indicative Initial Gearing Levels which would result in the relevant Series having indicative Initial First Payment Percentages as set out in Table 1 below. UBS took into account a number of factors when calculating the indicative Initial Gearing Levels and indicative Initial First Payment Percentages and those factors may change between the date of this SPDS and the Strike Date. If that occurs, the actual Initial Gearing Level and Initial First Payment Percentage for a Series may be different to the indicative amounts shown in Table 1. Table 1 also sets out the "Maximum Initial Gearing Level" and "Maximum Initial First Payment Percentage" for each Series of Equity Insulator 105 Instalments. If UBS determines that the Initial Gearing Level and/or Initial First Payment Percentage for a Series is/are greater than the Maximum Initial Gearing Level or Maximum Initial First Payment Percentage respectively then UBS will not proceed with the issuance of that Series. In those circumstances, all Applications for the relevant Series will be rejected and application amounts will be returned without interest.

The key factors that will affect UBS' determination of the Initial Gearing Level and Initial First Payment Percentage for a Series and the impact they are expected to have are as follows (assuming the other factors remain constant):

- Assuming the Initial Gearing Level is to remain unchanged:

Factor	Change in Factor between SPDS date and Issue Date	Impact on Initial First Payment Percentage
Underlying Security price volatility	↑	↑
Expected Dividends for Underlying Security	↑	↓
UBS funding rate (the rate at which UBS can borrow money)	↑	↑

- Assuming the Initial First Payment Percentage is to remain unchanged:

Factor	Change in Factor between SPDS date and Issue Date	Impact on Initial Gearing Level
Underlying Security price volatility	↑	↑
Expected Dividends for Underlying Security	↑	↓
UBS funding rate (the rate at which UBS can borrow money)	↑	↑

After the Strike Date, UBS will issue a supplementary product disclosure statement to confirm the Initial Gearing Level, Loan Amount and Initial First Payment Percentage for each Series as at the Strike Date. Thereafter, the Loan Amount and First Payment for each Series will vary over time as described in the PDS.

Risk of high gearing level

Each Series of Equity Insulator Instalments will be highly leveraged/geared (at least on the Strike Date). A high gearing level means that for the same dollar investment, Holders have greater exposure to decreases in the price of the Underlying Security (as they do for increases). This means that there are increased risks associated with highly leveraged UBS Rolling SFIs.

Equity Insulator 105 Instalments

Issuer	UBS AG, Australia Branch
Offer Period Opens:	16 June 2014
Strike Date and first Issue Date:	26 June 2014
Expected Quotation Date on the ASX:	27 June 2014
Final Maturity Date:	30 June 2015, if the UBS Rolling SFIs are rolled on the Annual Interest Date and no other Early Maturity Date has been called.
Annual Interest Date:	30 June 2014
Initial Issue Size:	10,000,000 warrants per Series
Arranger Fee:	Masons Stevens Limited is acting as an arranger and distributor to the issue, and will promote the Equity Insulator 105 Instalments to various licensed financial advisers. Masons Stevens will not provide financial advice to retail clients (as defined in the Corporations Act 2001 (Cth)) in relation to this issue. Retail clients should contact their own financial adviser in relation to this issue. UBS will pay Mason Stevens (if permitted by law) a fee of up to 1.1% per annum (incl. GST) of 105% of the Share Reference Price on the Strike Date per Equity Insulator 105 Instalment. This fee is paid at UBS' discretion out of UBS' own funds and is payable only if the payment or receipt of the fee is not prohibited by law.
Maximum Borrow Fee: <i>(applicable only to wholesale clients)</i>	The Borrow Fee is only applicable to wholesale clients (as defined in the Corporations Act 2001 (Cth)). The maximum Borrow Fee for each Series of Equity Insulator 105 Instalments is an amount up to 2.2% (incl. GST) of the Loan Amount and is payable by you when you acquire Equity Insulator 105 Instalments (other than on the secondary market). The amount of the Borrow Fee will equal the amount of any commission you agree with your adviser. UBS will pay the amount of the Borrow Fee as a commission to the Australian Financial Services Licensee ("Adviser Group") for whom your adviser acts as a representative who may then pay a portion of this amount to your adviser. Payments will only be made once UBS is satisfied you qualify as a wholesale client as defined in the Corporations Act 2001 (Cth) and provided that payment or receipt of the Borrow Fee and commission is not prohibited by law. Please see Part 4 of the PDS for further details, or contact either UBS or your broker or adviser. This supplementary PDS also amends the supplementary PDS dated 6 December 2011, that amends the PDS, by replacing the first sentence in part 4.3.2 "Borrow Fee" under 'Part 4: Fees and other costs', with the following "The Borrow Fee is the up-front fee, if any, charged by UBS for the Loan and will only be charged if you are a wholesale client as that term is defined in the Corporations Act".

Adviser Group Fee (applicable to all clients)	The Adviser Group Fee may apply to any applicant. However, if you are a wholesale client and have paid a Borrow Fee, the Advisor Group Fee will not apply. This supplementary PDS also amends the supplementary PDS dated 6 December 2011, that amends the PDS by inserting the following sentence at the end of part 4.3.3 "Adviser remuneration" under 'Part 4: Fees and other costs', "Please also see part 4.3.8 on the "Adviser Group Fee" that may be payable to the Adviser Group and your adviser." This supplementary PDS also amends the PDS by inserting a new part 4.3.8 under 'Part 4: Fees and other costs' as follows: 4.3.8 Adviser Group Fee Where permitted by law and where specifically authorised by you in your Application Form, UBS may collect from you an amount in respect of the Adviser Group Fee, being the fixed dollar fee selected in your Application Form, and pay it to the Adviser Group for whom your adviser acts as a representative (as specified in your Application Form) on your behalf. Where authorised by you, the Adviser Group may then hold the amount in respect of the Adviser Group Fee on trust and pay to your adviser all or such part of that amount as disclosed to you by your adviser in the statement of advice or financial services guide relevant to the financial services they provide to you in respect of the Equity Insulator 105 Instalments or as otherwise disclosed to you by your adviser. If you authorise the payment of the Adviser Group Fee in your Application Form, it will be collected from you by UBS in addition to your First Payment Amount. The Adviser Group Fee is not payable when you buy Equity Insulator 105 Instalments on the secondary market, e.g. on the ASX. The maximum Adviser Group Fee that can be authorised by you is \$5,000 (incl. GST). For example, if you agree to pay an Adviser Group Fee of \$5,000 and your First Payment Amount is \$30,000, UBS will collect from you \$35,000 and will then pay will pay \$5,000 of the amount it collects to the Adviser Group. The remaining amount constitutes your First Payment Amount (i.e. \$30,000) which will be used to purchase your Equity Insulator 105 Instalments.
Update to Taxation Summary	The following information supplements Part 5 of the PDS 'Taxation Summary': <i>On the basis that the Adviser Group Fee is payable by the investor in connection with entering into their Equity Insulator 105 Instalments, that Adviser Group Fee would not generally be immediately deductible but should be eligible for inclusion in the investor's cost base and reduced cost base in the Underlying Securities.</i> <i>However, where the Adviser Group Fee is payable by the investor in connection with managing their existing investments, that Adviser Group Fee may be immediately deductible. Affected investors (such as Rollover Applicants) should seek their own specific advice in this regard.</i>

Other Fees	In certain circumstances other fees or costs may be payable to UBS such as costs arising as a result of UBS enforcing its Security Interest over UBS Rolling SFIs. Please refer to Part 4 of the PDS and the supplementary product disclosure statements dated 15 February 2011 and 6 December 2011 for further details. In addition to the costs outlined in Part 4 of the PDS, if you hold UBS Rolling SFIs at 6.00pm on the Final Maturity Date and have not given a valid Completion Notice, or rolled your UBS Rolling SFIs into a new Series, any fees, costs, charges, liabilities, Taxes and expenses incurred by or payable to UBS or the Security Trustee in connection with the transfer of the Underlying Parcel to UBS or at its direction may be deducted from the Assessed Value Payment. UBS may elect not to deduct some or all of these amounts from your Assessed Value Payment amount. As at the date of this PDS, UBS does not intend to deduct any such fees, costs, charges, liabilities, Taxes or expenses incurred in connection with the transfer of Underlying Securities.

Notes for Table 1: Equity Insulator 105 Instalments "SSV" Series

Table 1 below sets out for each Series of Equity Insulator 105 Instalments the ASX Code, details of each Underlying Security, indicative Initial Gearing Level, Maximum Initial Gearing Level, indicative Initial First Payment Percentage (assuming 0% Borrow Fee and 2.2% Borrow Fee), Maximum Initial First Payment Percentage (assuming 0% Borrow Fee and 2.2% Borrow Fee), indicative First Payment amount on Strike Date to gain exposure to Underlying Securities worth \$10,000 (assuming 0% Borrow Fee and 2.2% Borrow Fee) and the indicative annualised Interest Rate as at the Strike Date. Each indicative amount or percentage is estimated as at the date of this SPDS.

Loan Amount: As described above, the initial Loan Amount for each Series will be determined by UBS on the Strike Date when the Initial Gearing Level is set and will be rounded to the nearest 4 decimal places. Where the gearing level exceeds 100%, the excess of the Loan Amount over the Underlying Parcel price will be applied towards payment of the Interest Amount for the first interest period. Being a UBS Rolling SFI, the Loan Amount for an Equity Insulator 105 Instalment is expected to vary during the Term as described in the PDS. You can obtain the current Loan Amount by contacting UBS on 1800 633 100, by visiting www.asx.com.au/instalments or by visiting www.ubs.com/instalments. If UBS determines that the Initial Gearing Level for a Series on the Strike Date is greater than the Maximum Initial Gearing Level then UBS will not proceed with the issuance of that Series. In those circumstances, all Applications for the relevant Series will be rejected and application amounts will be returned without interest.

Diagrammatic representation of how the Loan Amount of an Equity Insulator 105 Instalment will be reduced by dividends paid and increased by Interest Amounts payable (note this is not a forecast of changes in Loan Amount for any particular Series as dividends may not be paid by the Underlying Entity):

First Payment: As described above, the First Payment applicable to each Series on the Strike Date will be determined by UBS when the Initial First Payment Percentage is set and will be rounded to the nearest 4 decimal places. If UBS determines that the Initial First Payment Percentage for a Series on the Strike Date is greater than the Maximum Initial First Payment Percentage then UBS will not proceed with the issuance of that Series. In those circumstances, all Applications for the relevant Series will be rejected and application amounts will be returned without interest.

The column in Table 1 headed “Maximum First Payment amount on Strike Date to gain exposure to Underlying Securities worth \$10,000” sets out, for each Series, the maximum First Payment amount required to buy Equity Insulator 105 Instalments over Underlying Securities with an aggregate market value of \$10,000 calculated at the Share Reference Price. If you pay this amount to acquire Equity Insulator 105 Instalments as at the first Issue Date and the Initial First Payment Percentage turns out to be less than the Maximum Initial First Payment Percentage then you will acquire exposure to more than \$10,000 worth of Underlying Securities calculated at the Share Reference Price. For example, assume the Maximum Initial First Payment Percentage for a Series is 11% and you pay \$1,100 for your Application. If the actual Initial First Payment Percentage set on the Strike Date is 11% then you will gain exposure to \$10,000 worth of Underlying Securities, whereas if the actual Initial First Payment Percentage is 10% then you will gain exposure to $\$1,100 \div 10\% = \$11,000$ worth of Underlying Securities.

Interest Rate: The Interest Rate for each Series will vary from time to time and will be determined by UBS as described in the Investment Overview and in Part 2.3.3 of the PDS. The indicative Interest Rate for each Series shown in Table 1 is calculated as at the date of this SPDS based on the indicative Initial Gearing Level and the indicative Initial First Payment Percentage. The Interest Rate applicable from time to time is available from UBS by calling 1800 633 100.

Interest for second interest period: The Interest Rate applicable to a Series for the period from the Annual Interest Date to the Final Maturity Date is expected to be similar to the indicative Interest Rate shown in Table 1. Interest Rate for the second interest period will be determined by UBS on the Annual Interest Date as described in Part 2.2 of the PDS and the Loan Amount will be increased accordingly.

The indicative amounts and percentages set out in Table 1 are estimates only, calculated as at the date of this SPDS. They are subject to change on or before the Strike Date due to changes in market conditions for each Series. Also, the indicative amounts and percentages apply only on the Strike Date—after the Strike Date, these amounts and percentages could change significantly. The tables in the Investment Overview section of the PDS explain some of the main factors that impact on UBS’ ongoing calculation of the Loan Amount, First Payment and Interest Rate.

Instructions for Application Form

An Application Form specific to Equity Insulator 105 Instalments is annexed to the end of this SPDS (see page 11 onwards).

- For investors applying for Equity Insulator 105 Instalments to be issued on the first Issue Date, please note the following:

UBS Rolling Self Funding Instalments

Supplementary Product Disclosure Statement dated 21 April 2013 ("SPDS")

Issued by UBS AG, Australia Branch

(ABN 47 088 129 613, AFSL number 231087)

This SPDS supplements the Product Disclosure Statement for UBS Rolling Self Funding Instalments dated 2 February 2009 ("PDS") and, along with the PDS, sets out the terms of issue of the UBS Rolling Self Funding Instalments referred to in this SPDS. You should read this SPDS together with the PDS and the supplementary product disclosure statements for UBS Rolling Self Funding Instalments dated 7 March 2013, 29 June 2012, 27 June 2012, 4 June 2012 30 May 2012, 13 December, 2011, 7 December 2011, 6 December 2011, 18 November 2011, 30 June 2011, 7 June 2011, 16 May 2011, 4 May 2011, 15 February 2011, 30 June 2010, 9 November 2009, 26 August 2009, 30 June 2009, 25 May 2009, 22 May 2009, 30 March 2009, 11 March 2009 and 2 February 2009. Words defined in the PDS have the same meaning in this SPDS.

This SPDS relates to the offer of UBS Rolling Self Funding Instalments and is relevant to all open Series of UBS Rolling SFIs and all Series issued after the date of this SPDS.

The following amendments are made to the PDS:

Part 2.3.3—What amount is advanced and what interest payments are made under the Loan?

- In the first paragraph, at the end of the sentence "The leverage (gearing) level incorporated in the UBS Rolling SFI will be determined by the Loan Amount and the prevailing price of the Underlying Security" insert the words "and may vary during the term".
- In the first paragraph, delete the sentence "In most cases the leverage will be around 40-50% for UBS Rolling SFIs at the time each new Series is first issued but may vary during the term."

Part 10: Glossary:

- Replace "Part 2.5.2" in the definition of Assessed Value Payment with "Part 2.6.2".

Part 5—Taxation Summary:

- The following information supplements Part 5 of the PDS:

General deductibility

The Australian Taxation Office ("ATO") is currently examining wholesale and retail financial products in order to identify products and product features that are of concern to the ATO. Issues being examined include the deductibility of Interest Amounts.

The general position is outlined in the Taxation Summary at part 5 of the PDS and can be summarised as follows:

- Subject to the comments below regarding the 'capital protected borrowings' rules, interest is generally deductible if it is incurred in respect of monies borrowed for use in producing assessable income or in carrying on a business for that purpose.
- An Interest Amount will not be deductible to the extent that borrowed funds are used for private or domestic purposes, or solely for the purpose of generating capital gains.
- If a Holder uses borrowed funds in order to produce assessable income, deductions should normally be available for their interest expenses, provided that the assessable income (excluding capital gains) which is reasonably expected to be received from the investment is greater than the expected interest expenses.

Further, the timing of the deductibility of the Interest Amounts could be affected where the interest amounts are prepaid by investors, e.g. apportionment may be required.

A Holder should seek independent professional taxation advice before lodging a tax return claiming a tax deduction for any portion of the Interest Amount paid.

Capital protected borrowing rules

The Government has enacted changes which means that the Incurred Date Benchmark Rate is now equal to the Reserve Bank of Australia's Indicator Lending Rate for Standard Variable Housing Loans, plus 100 basis points (currently, for March 2013, adding to, 7.45%).

This rate must be used for the purpose of determining the portion of the Total Costs payable by an investor which can be deducted in a particular year.

The new Benchmark Rate is historically lower than the former Benchmark Rate noted in the PDS.

Accordingly, it is possible that a greater portion of the Total Costs incurred by investors would be included in the CGT cost base of the Notional Put Option, and so would not be deductible.

The new Benchmark Rate for determining the cost of capital protection applies to capital protected borrowings entered into or extended after 7.30 pm AEST on 13 May 2008, and applies to capital protected borrowings entered into or extended at or before 7:30 pm on 13 May 2008 from 1 July 2013.

Tax Reform

The Government has announced that it will amend the income tax law to confirm the practice of treating the investor in an instalment warrant over a single exchange traded security in a company, trust or stapled entity as the owner of the listed security for income tax purposes. This will also be extended to instalment warrants and receipts over direct and indirect interests in listed securities, as well as unlisted securities in widely held entities and bundles of these assets. This is consistent with the tax treatment outlined in the PDS.

The tax treatment outlined in the PDS therefore assumes that the ATO will accept tax returns lodged by Holders on the basis that each Holder is to be treated as holding the Securities in the Underlying Parcel directly for CGT purposes, even though those securities are held on Separate Trust for that Holder. This is consistent with the ATO's announcement on 4 November 2010 which stated that the ATO would not be undertaking any compliance action with respect to investments in instalment warrants in the period prior to the Government amending the tax law to confirm this longstanding practice of the Holder being treated as holding the Securities in the Underlying Parcel directly.

However, draft legislation in relation to these amendments has not yet been released. Potential Holders should monitor developments.

Potential Holders should also note that significant reforms of the Australian trust income tax provisions have been proposed and other developments have occurred (such as the Federal Court decision in *Colonial First State Investments Limited v Commissioner of Taxation* [2011] FCA 16 dealing with the application of those provisions, and the release by the Government in July 2012 of a discussion paper in connection with that decision) which may impact on their investment. Potential Holders should similarly monitor developments in this area.

It cannot be determined how future changes to the law or associated administrative practices could impact on a Holder covered by the taxation summary in the PDS. A potential Holder should seek independent professional advice as required.

Other comments

The assumptions outlined in the Taxation Summary at part 5.18 of the PDS can be replaced with:

“The comments in this Part 5.18 assume that no person (together with their “related persons” for the purpose of stamp duty law) holds 90% or more of the Underlying Securities in that Underlying Entity.”

Further, the treatment under the commercial debt forgiveness rules as outlined in the PDS should remain the same notwithstanding that those rules have been rewritten.

IMPORTANT INFORMATION

The information in this SPDS has been prepared without taking into account the objectives, financial situation and particular needs of investors. Accordingly, before making a decision to acquire UBS Rolling SFIs, you should consider whether such an investment is appropriate having regard to your objectives, financial situation and particular needs, and consult your adviser or broker or tax adviser. You should read this SPDS and the PDS and consider them before making any decision as to whether to acquire Instalments.

UBS does not accept any liability or responsibility for, and makes no representation or warranty, whether express or implied, as to the affairs of any Underlying Entity included in this SPDS. You should obtain independent advice from a stockbroker or licensed financial adviser or tax adviser on the nature, activities and prospects of the Underlying Entities and the merits of an investment in the Underlying Entities or any Series of SFIs. You should not take the historical prices of any Security or any other financial product as an indication of future performance.

UBS disclosure of interests

Options traders in a UBS Entity may buy UBS Rolling SFIs and/or exchange traded options in Securities comprising the Underlying Parcel as principal. UBS Entities as principal will be conducting transactions in various Securities and other financial products, including UBS Rolling SFIs and Securities comprising the Underlying Parcel. UBS Securities may conduct such transactions as agent for UBS Entities, as well as for other principals.

UBS Entities may have previously acted, and may currently or in the future from time to time act as an adviser to the Underlying Entity for which it may receive fees and commissions.

UBS Rolling Self Funding Instalments

Supplementary Product Disclosure Statement dated 6 December 2011 ("SPDS")

UBS AG, Australia Branch

ABN 47 088 129 613

(AFSL number 231087)

This SPDS supplements the Product Disclosure Statement for UBS Rolling Self Funding Instalments dated 2 February 2009 ("PDS") and, along with the PDS, sets out the terms of issue of the UBS Rolling Self Funding Instalments referred to in this SPDS. You should read this SPDS together with the PDS and the supplementary product disclosure statements for UBS Rolling Self Funding Instalments dated 18 November 2011, 30 June 2011, 7 June 2011, 16 May 2011, 4 May 2011, 15 February 2011, 30 June 2010, 9 November 2009, 26 August 2009, 30 June 2009, 25 May 2009, 22 May 2009, 30 March 2009, 11 March 2009 and 2 February 2009. Words defined in the PDS have the same meaning in this SPDS.

This SPDS relates to the update of the following information relevant to all series of UBS Rolling Self Funding Instalments.

1. Update to Capital Protect Borrowing Rules

Taxation—Capital protected borrowing rules (confirmation of change to benchmark rate)

As noted in SPDS dated 15 February 2011, and SPDS dated 16 May 2011, the Government had introduced legislation to change the relevant benchmark interest rate in the capital protected borrowing rules. On 29 June 2011, the Tax Laws Amendment (2010 Measures No 5) Bill 2010 received Royal Assent, providing confirmation that the benchmark interest rate should be set at the RBA indicator rate for standard variable housing loans + 1%.

The changes have retrospective effect by applying to any arrangements entered into from after 7:30pm AEST on 13 May 2008.

2. Update to Page 3 of the UBS Rolling SFIs PDS

On page 3 of the "Investment Overview" of the PDS dated 2 February 2009, replace the following wording in the third column "Part 4.2: "Fees and payments to advisers"" with "Part 4 "Fees"".

3. Update to Page 17 of the UBS Rolling SFIs PDS

On Page 17 of Part 3.9 of the PDS dated 2 February 2009, replace the following wording in the last paragraph "(see Parts 2.1.4 and 4.4)" with "(see Parts 2.1.4 and 4.3.5)".

4. Update to Fee Disclosure of the UBS Rolling SFIs PDS

Replace Part 4 of the UBS Rolling SFIs PDS dated 2 February 2009 with the following:

DID YOU KNOW?

Small differences in both investment performance and fees and costs can have a substantial impact on your long term returns.

For example, total annual fees and costs of 2% of your fund balance rather than 1% could reduce your final return by up to 20% over a 30 year period (for example, reduce it from \$100,000 to \$80,000).

You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs.

You may be able to negotiate to pay lower contribution fees and management costs where applicable. Ask the fund or your financial adviser.

TO FIND OUT MORE

If you would like to find out more, or see the impact of the fees based on your own circumstances, the **Australian Securities and Investments Commission (ASIC)** website (www.fido.asic.gov.au) has a managed investment fee calculator to help you check out different fee options.

4.1 Fees and other costs

This part shows fees and other costs that you may be charged. These fees and costs may be deducted from your money, from the returns on your investment or from the Underlying Entity. Information on tax appears in Part 5 of the PDS for UBS Rolling SFIs.

You should read all the information about fees and costs because it is important to understand their impact on your investment.

Type of fee or cost	Amount	How and when paid
Fees when your money moves in or out		
<i>Establishment Fee</i> The fee to open your investment	Nil	Not applicable
<i>Contribution fee</i> ¹ The fee on each amount contributed to your investment	The Borrow Fee is the up-front fee, if any, charged by UBS for the Loan. The amount of the Borrow Fee will equal the amount of any up-front commission you agree with your adviser. The maximum Borrow Fee for a Series is set out in the relevant Supplementary PDS.	Payable to UBS when you are issued UBS Rolling SFIs. No Borrow Fee is payable when you acquire UBS Rolling SFIs on the secondary market. UBS will pay an amount equal to the Borrow Fee to your adviser as a commission.
<i>Withdrawal fee</i> The fee on each amount you take out of your investment	Nil	Not applicable
<i>Termination fee</i> The fee to close your investment	Nil	Not applicable
Management costs		
The fees and costs for managing your investment ²	The Interest Amount for each period is equal to the Interest Rate multiplied by the Loan Amount multiplied by the number of days to the earlier of the next Annual Interest Date and the Final Maturity Date, divided by 365. Information about how UBS will determine the Interest Rate is set out in the Investment Overview. Where the Underlying Entity for a Series is a managed investment scheme, the management costs for the Underlying Entity are set out in the relevant Supplementary PDS.	For Applications for UBS Rolling SFIs, the Interest Amount is payable by the Applicant (out of the Loan Amount) on the Issue Date. For purchases on the secondary market, the Interest Amount is payable (out of their Loan Amount) by the purchaser on the Transfer Date. On each Annual Interest Date Holders pay the applicable Interest Amount by drawing down the Loan and paying the amount to UBS.

Notes:

- ¹ This fee includes an amount payable to an adviser. (See 'adviser remuneration' under the heading 'Additional Explanation of Fees and Costs'.)
- ² See 'Additional Explanation of Fees and Costs' in Section 4.3 of the PDS.

4.2 Example of annual fees and costs

This table gives an example of how the fees and costs for this product can affect your investment over a 1 year period.

Example	Balance of \$50,000 (Loan Amount) with a contribution of \$5,000 (Loan Amount) during the year	
Contribution Fees	0–3.3% of the Loan Amount for the contribution	For every additional \$5,000 of Loan Amount you put in, you will be charged between \$0 and \$165 (see explanation below)
PLUS Management Costs	10% (Interest Rate on the Loan Amount—see explanation below)	And , for every \$50,000 of Loan Amount you have in UBS Rolling SFIs you will be charged \$5,000 each year (see explanation below)
EQUALS Cost of product		If you had UBS Rolling SFIs with \$50,000 Loan Amount at the beginning of the year, and you put in an additional \$5,000 (of Loan Amount) during that year, you would be charged fees of from: \$5,000 - \$5,165 What it costs you will depend on the investment option you choose and the fees you negotiate with your financial advisor.

Explanation of the example

We are required by law to include the example above, which is based on a template example for managed investment products in the Corporations Regulations. However, the template example is for a fund, not warrants. The following clarifications are necessary:

- The reference to “Contribution Fee” should be read as a reference to the Borrow Fee which is calculated by UBS as a percentage of your Loan Amount when you are issued UBS Rolling SFIs. The amount of the Borrow Fee will equal the amount of any up-front commission you agree with your adviser. The maximum Borrow Fee for a Series (expressed as a percentage of the Loan Amount) is set out in the relevant Supplementary PDS for that Series.
- The reference to “\$5,000 of Loan Amount you put in”, should be read as a reference to an Application for additional UBS Rolling SFIs with an aggregate Loan Amount (at the time of their issue) equal to \$5,000.
- The reference to an “investment of \$50,000” should be read as a reference to an investment in UBS Rolling SFIs with a Loan Amount equal to \$50,000 at the beginning of the year. The example assumes the additional investment with a Loan Amount of \$5,000 is put in at the end of the year. The example ignores the First Payment amounts.
- The reference to “Management Costs” should be read as a reference to the Interest Amount on the Loan for the year. The example assumes an Interest Rate of 10% for the year.
- Where the Underlying Entity for a Series is a managed investment scheme, the management costs for the Underlying Entity are set out in the relevant Supplementary PDS for that Series of UBS Rolling SFIs.

The example above should not be construed as an indication of the expected Interest Rate, Loan Amount, First Payment amount, or leverage level of any Series of UBS Rolling SFIs.

4.3 Additional Explanation of Fees and Costs

4.3.1 Interest Amounts

The Interest Amount on a Loan for a period will be determined by multiplying the Loan Amount by the Interest Rate by the number of days remaining until the earlier of the next Annual Interest Date and the Final Maturity Date divided by 365. The factors affecting UBS' determination of the Interest Rate are explained in the Investment Overview. You can find out the Interest Rate for any Series at a particular time by contacting UBS on 1800 633 100.

4.3.2 Borrow Fee

The Borrow Fee is the up-front fee, if any, charged by UBS for the Loan. The amount of the Borrow Fee will equal the amount of any up front commission you agree with your adviser. The maximum Borrow Fee for a Series is set out in the relevant Supplementary PDS.

A Borrow Fee is not payable when you buy UBS Rolling SFIs on the secondary market, e.g. on the ASX.

The proportion your Borrow Fee is to your First Payment amount will be a factor of the level of the Borrow Fee and the leverage level of your UBS Rolling SFIs on the applicable Issue Date (the higher the leverage level, the higher the proportion your Borrow Fee will be to your First Payment). If your UBS Rolling SFIs are highly leveraged, the percentage your Borrow Fee is to your First Payment could be significantly higher than the percentage your Borrow Fee is to your Completion Amount (ie Loan Amount).

For example, assume the Price of Underlying Securities for a Series of UBS Rolling SFIs is \$10, the Loan Amount is \$9.50, Interest Amount is \$1.40, and your Borrow Fee is 3.3% of the Loan Amount (\$9.50). The Borrow Fee will be \$0.3135 and your First Payment will be \$2.2135. In this example, the Borrow Fee is approximately 14% of the First Payment amount.

4.3.3 Adviser remuneration

UBS will pay an amount equal to any Borrow Fee to your adviser as an upfront commission.

In addition to the commission referred to in "Borrow Fee" above, UBS may also pay your adviser an adviser trail payments of up to 0.50% per annum (excl. GST) of the current Completion Payment per UBS Rolling SFI at the time of calculation (e.g. \$0.005 on a \$1 Completion Payment). This is paid at UBS' discretion out of UBS' own funds annually to your adviser.

4.3.4 Tax liabilities

As noted in Part 2.1.4, you will be liable to pay a TFN Amount to UBS where the Security Trustee is required to withhold and pay an amount to the ATO (or any relevant Tax Authority) from any Ordinary Dividends or Special Dividends paid on the Underlying Securities where you do not provide your TFN, ABN or proof of an exemption.

Part 5 sets out information about tax considerations in relation to UBS Rolling SFIs.

4.3.5 Costs of enforcing Security Interest and transfer of Underlying Parcel on Final Maturity Date

UBS may enforce the Security Interest over UBS Rolling SFIs in certain circumstances, such as when you are liable to pay UBS a TFN Amount. If UBS exercises the Security Interest, you will incur any fees, costs, Taxes and liabilities incurred by UBS or the Security Trustee in connection with enforcing the Security Interest. You will also incur any fees, costs, Taxes and liabilities incurred by UBS or the Security Trustee in connection with the transfer of the Underlying Parcel to UBS on the Final Maturity Date where you have not given a valid and effective Completion Notice for the UBS Rolling SFI. As at the date of this PDS, UBS does not intend to deduct any such fees, costs, charges, liabilities, Taxes or expenses incurred in connection with enforcing its Security Interest.

4.3.6 Costs deducted if UBS sells Underlying Parcel

If you hold UBS Rolling SFIs at 6.00pm on the Final Maturity Date and have not given a valid Completion Notice, or rolled your UBS Rolling SFIs into a new Series, any fees, costs, charges, liabilities, Taxes and expenses incurred by or payable to UBS or the Security Trustee in connection with the transfer of the Underlying Parcel to UBS or at its direction will be deducted from the Assessed Value Payment. UBS may elect not to deduct some or all of these amounts from your Assessed Value Payment amount. As at the date of this PDS, UBS does not intend to deduct any such fees, costs, charges, liabilities, Taxes or expenses incurred in connection with the transfer of Underlying Securities.

4.3.7 Interest Rate changes

UBS is entitled to change the Interest Rate on any Issue Date and on any Annual Interest Date in its discretion without your consent.

Important Information

The information in this SPDS has been prepared without taking into account the objectives, financial situation and particular needs of investors. Accordingly, before making a decision to acquire UBS Rolling SFIs, you should consider whether such an investment is appropriate having regard to your objectives, financial situation and particular needs, and consult your adviser or broker or tax adviser. You should read this SPDS and the PDS and consider them before making any decision as to whether to acquire Instalments.

UBS does not accept any liability or responsibility for, and makes no representation or warranty, whether express or implied, as to the affairs of any Underlying Entity included in this SPDS. You should obtain independent advice from a stockbroker or licensed financial adviser or tax adviser on the nature, activities and prospects of the Underlying Entities and the merits of an investment in the Underlying Entities or any Series of SFIs. You should not take the historical prices of any Security or any other financial product as an indication of future performance.

UBS disclosure of interests

Options traders in a UBS Entity may buy UBS Rolling SFIs and/or exchange traded options in Securities comprising the Underlying Parcel as principal. UBS Entities as principal will be conducting transactions in various Securities and other financial products, including UBS Rolling SFIs and Securities comprising the Underlying Parcel. UBS Securities may conduct such transactions as agent for UBS Entities, as well as for other principals.

UBS Entities may have previously acted, and may currently or in the future from time to time act as an adviser to the Underlying Entity for which it may receive fees and commissions.

UBS Rolling Self Funding Instalments

Supplementary Product Disclosure Statement dated 15 February 2011 ("SPDS")

UBS AG, Australia Branch

ABN 47 088 129 613
(AFSL number 231087)

This SPDS supplements the Product Disclosure Statement for UBS Rolling Self Funding Instalments dated 2 February 2009 ("PDS") and, along with the PDS, sets out the terms of issue of the UBS Rolling Self Funding Instalments referred to in this SPDS. Section 2: information relevant to the TLSSSS Series offered under this SPDS and to each Series of UBS Rolling SFIs first issued after 15 February 2011

1. For the TLSSSS Series offered under this SPDS, and for each Series of UBS Rolling SFIs first issued after 15 February 2011, Parts 2.6.2 and 2.6.3 of the PDS are deleted and replaced with the following:

2.6.2 How is the Assessed Value Payment calculated?

If you hold UBS Rolling SFIs at 6.00pm on the Final Maturity Date and have not given a Completion Notice that is or becomes valid and effective, or rolled your UBS Rolling SFIs into a new Series, you are deemed to agree that:

- (a) the Underlying Parcel will be transferred to UBS; and
- (b) UBS will pay you an amount (the "**Assessed Value Payment**") calculated as follows:
 - (i) if the Closing Price of the Underlying Parcel on the Final Maturity Date is less than or equal to the Loan Amount, the Closing Price of the Underlying Parcel on the Final Maturity Date; or
 - (ii) if the Closing Price of the Underlying Parcel on the Final Maturity Date is greater than the Loan Amount on the Final Maturity Date, the VWAP of the Underlying Parcel on the first Trading Day after the Final Maturity Date;
less;
 - (i) any fees, costs, charges, liabilities, Taxes and expenses incurred by or payable to UBS or the Security Trustee in connection with the transfer of the Underlying Parcel to UBS or at its direction. UBS may elect not to deduct some or all of these amounts from your Assessed Value Payment amount. As at the date of this PDS, UBS does not intend to deduct any such fees, costs, charges, liabilities, Taxes or expenses incurred in connection with the transfer of Underlying Securities; and
 - (ii) the Loan Amount.

Recourse for the Loan is limited so you will not be required to pay any shortfall in the event that the amount payable to you is insufficient to repay the Loan Amount in full. That is, if the Closing Price of the Underlying Parcel at the Closing Time on the Final Maturity Date is less than or equal to the Loan Amount, you will not be required to pay any amount in respect of the Loan and your Assessed Value Payment will be zero.

2.6.3 Hypothetical example of the Assessed Value Payment

Assume that a Holder held XYZ UBS Rolling SFIs at 6.00pm on the Final Maturity Date (that is not an Early Final Maturity Date) with a Loan Amount of \$20.00, the Holder did not give a valid and effective Completion Notice or roll their UBS Rolling SFIs into a new Series, the Closing Price on the Final Maturity Date was \$24.95, the VWAP of the Underlying Parcel on the Trading Day after the Final Maturity Date was \$25.00 and there were no costs incurred in connection with the transfer of the Underlying Parcel. In this example, because the Closing Price on the Final Maturity Date (i.e. \$24.95) was greater than the Loan Amount, the Holder is entitled to receive an

Assessed Value Payment equal to the VWAP on the Trading Day after the Final Maturity Date less the Loan Amount (i.e. \$5.00 which is \$25 less \$20). If the Closing Price of the Underlying Parcel in this example was equal to or less than \$20 then no Assessed Value Payment would be made to the Holder and the Holder would not be required to make any further payments to repay the outstanding Loan Amount. In addition, if the VWAP on the Trading Day after the Final Maturity Date was less than or equal to the Loan Amount then no Assessed Value Payment would be made to the Holder and the Holder would not be required to make any further payments to repay the outstanding Loan Amount.

For each Series of UBS Rolling SFIs first issued before 15 February 2011, Parts 2.6.2 and 2.6.3 of the PDS remain unchanged.

2. Include in Part 10 the following definition:

Closing Price means, in relation to an Underlying Security, the official closing price for such Security as quoted by the principal exchange on which such Underlying Security is listed.

Section 3: information relevant to all Series of UBS Rolling SFIs

Summary of Terms of UBS Rolling SFIs

In Part 7.26 ("UBS Discretion and Other Adjustments (clause 20)"):

- (a) the following sentence is added at the beginning of the first paragraph:
"Any determination made by UBS will be made in its sole discretion, acting in good faith and in a commercially reasonable manner."; and
- (a) the following words are added before the full stop at the end of the first paragraph:
"provided such alteration is not unfair (as defined in section 12BG of the ASIC Act)"

ASX Rules and Entity Updates

- The definition of "ASTC" in Part 10 of the PDS is deleted and replaced with: "**ASX Settlement** means ASX Settlement Pty Limited (ABN 49 008 504 532)". Each reference to "ASTC" in the PDS is deleted and replaced with "ASX Settlement".
- The definition of "ASTC Settlement Rules" in Part 10 of the PDS is deleted and replaced with: "**ASX Settlement Operating Rules** means the operating rules of the clearing and settlement facility operated by ASX Settlement". Each reference to "ASTC Settlement Rules" in the PDS is deleted and replaced with "ASX Settlement Operating Rules".
- The definition of "ASX Market Rules" in Part 10 of the PDS is deleted and replaced with: "**ASX Operating Rules** means the operating rules of the ASX.". Each reference to "ASX Market Rules" in the PDS is deleted and replaced with "ASX Operating Rules".
- The definition of "Option Market Contract" in Part 10 of the PDS is replaced with: "**Option Market Contract** has the meaning it is given in section 7100 of the ASX Operating Rules".
- The reference to Australian Clearing House Pty Ltd in Part 3.3 of the PDS is deleted and replaced with "ASX Clear Pty Limited".

Fees and Expenses that apply to Borrow Fee

Part 4.2 is deleted and replaced with the following:

4.2 Borrow Fees and adviser fees payable to advisers

Borrow Fee

The Borrow Fee is the up-front fee, if any, charged by UBS for the Loan. The amount of the Borrow Fee will equal the amount of the commission you agree with your adviser. UBS will pay an amount equal to the amount of the Borrow Fee to your adviser as a commission.

The Borrow Fee for each Series of UBS Rolling SFIs is an amount up to 3.30% of the current Completion Payment per UBS Rolling SFI as specified by UBS from time to time and is payable by you when you acquire a UBS Rolling SFI (other than on the secondary market).

The proportion your Borrow Fee is to your First Payment amount (for a Cash Application) will be a factor of the level of the Borrow Fee and the leverage level of your UBS Rolling SFIs on the applicable issue date (the higher the leverage level, the higher the proportion your Borrow Fee will be to your First Payment). If your UBS Rolling SFIs are highly leveraged, the percentage your Borrow Fee is to your First Payment could be significantly higher than the percentage your Borrow Fee is to your Completion Amount (ie Loan Amount).

For example, assume the Price of Underlying Securities for a Series of UBS Rolling SFIs is \$10.00, the Loan Amount is \$9.50, Interest Amount is \$1.40, and your Borrow Fee is 3.3% of the Completion Amount (being the Loan Amount of \$9.50). The Borrow Fee will be \$0.3135 and your First Payment will be \$2.2135. In this example, the Borrow Fee is approximately 14% of the First Payment amount.

Adviser Fees

In addition to the commission referred to in "Borrow Fee" above, UBS may also pay your adviser an adviser trail payment of up to 0.50% per annum (excl. GST) of the current Completion Payment per UBS Rolling SFI at the time of calculation (eg \$0.005 on a \$1 Completion Payment). This is paid at UBS' discretion out of UBS' own funds as set out in Part 4 of the PDS.

Taxation

Capital protected borrowing rules

The Government has introduced into Parliament *Tax Laws Amendment (2010 Measures No.5) Bill 2010* ("**the Bill**") which proposes to amend the Incurred Date Benchmark Rate from the Reserve Bank of Australia's Indicator Rate for Personal Unsecured Loans - Variable Rate to the Reserve Bank of Australia's Indicator Rate for Standard Housing Loans - Variable Rate, plus 100 basis points. If this Bill is enacted in its current form, it will change the calculation of the capital protected borrowing cost amount in the PDS. These rules are relevant to determining the portion of the Total Costs payable by an investor which can be deducted in a particular income year.

By way of general comment, investors who are affected by the changes proposed in the Bill, the proposed Benchmark Rate is historically lower than the existing Benchmark Rate. For example, for January 2011, the existing Benchmark Rate was 15.25% and the proposed Benchmark Rate was 8.80%. Accordingly, it would be expected that a greater portion of the Total Costs incurred by investors would be included in the CGT cost base of the Notional Put Option, and so would not be deductible.

The changes are proposed to have retrospective effect by, in general terms, applying to any arrangements entered into or extended after 7:30pm AEST on 13 May 2008. The proposed changes also apply to capital protected borrowings entered into or extended at or before 7:30pm on 13 May 2008 from 1 July 2013.

Investors should monitor developments in relation to the Bill.

Taxation of Financial Arrangements ("TOFA") rules

The *Tax Laws Amendment (Taxation of Financial Arrangements) Act 2009* (the "**TOFA Act**") has been enacted.

The TOFA rules represent a separate regime for the taxation of gains and losses from financial arrangements.

The TOFA Act states that generally the TOFA rules are to apply to financial arrangements entered into from the first tax year beginning on or after 1 July 2010. (However, under the TOFA Act, a taxpayer may elect for the TOFA rules to apply to all financial arrangements that the taxpayer starts to have in the income years commencing on or after 1 July 2009.) Under the TOFA Act, a taxpayer may also elect for the TOFA rules to apply to all financial arrangements existing at the start date.

Individuals are generally excluded from the TOFA rules if:

- a) the arrangement is to end not more than 12 months after they start to have it; or

- b) the arrangement is not a “qualifying security” for the purposes of Division 16E in Part III of the Tax Act.

Based on the TOFA Act, the TOFA regime should not apply to the Holder of a UBS Rolling SFI who is an individual, unless the Holder elects for the TOFA regime to apply.

The TOFA regime may also not apply to a Holder of a UBS Rolling SFI that is not an individual if either paragraph (a) or (b) above is satisfied and the entity is (very broadly):

- a) a superannuation entity or a managed investment scheme with assets of less than \$100 million;
- b) a financial entity with an aggregated turnover of less than \$20 million; or
- c) any other kind of entity with an aggregated turnover of less than \$100 million, financial assets of less than \$100 million and total assets of less than \$300 million,

unless they elect for the TOFA regime to apply.

Other Holders may be subject to the TOFA regime. Prospective investors and Holders should seek their own advice in relation to the potential applicability of the rules contained in the TOFA Act in light of their own particular circumstances.

Tax reform

The Government has announced that it will amend the income tax law to confirm the practice of treating the investor in an instalment warrant over a single exchange traded security in a company, trust or stapled entity as the owner of the listed security for income tax purposes. This is consistent with the tax treatment outlined in the PDS.

However, draft legislation in relation to these amendments has not yet been released. Prospective investors should monitor developments.

Superannuation

1. The text under the heading “Superannuation Investments” on page 7 is deleted and replaced with the following:

UBS will not accept Shareholder Applications from superannuation entity applicants. Refer to Part 3.15 for further information.

Superannuation entities should obtain independent advice on the suitability of instalments as part of their overall investment strategy.

2. Part 3.15 is deleted and replaced with the following:

Superannuation entities are subject to restrictions on entering into borrowing arrangements, granting charges over fund assets, and on the type of investments that can be made. On 16 December 2002 the Australian Prudential Regulation Authority (“APRA”) and the ATO (together “the Regulators”) issued joint guidelines to superannuation entities investing in instalment warrants. In the guidelines, the Regulators restated that investments of this type require careful consideration by superannuation entities. In addition UBS Rolling SFIs are derivatives and the investor should consider whether an investment in UBS Rolling SFIs is in accordance with the investment strategy of the fund and should ensure that they have sufficient liquidity to make any required payments should they wish to exercise their rights in respect of the UBS Rolling SFIs.

From 24 September 2007, section 67(4A) of the Superannuation Industry (Supervision) Act 1993 (“SIS”) explicitly permitted superannuation fund trustees to invest in certain types of instalment warrants. This is an express exception to the borrowing restriction contained in section 67(1) of SIS. From 7 July 2010, this exception was replaced with a new exception contained in section 67A, which is to the former section 67(4A), although there are some significant differences.

However, the Regulators stated in the 16 December 2002 announcement that they have formed the view that an investment in instalment warrants by superannuation entities via a Shareholder Application is generally not appropriate as it is likely to contravene SIS Regulation 13.14, which prohibits trustees from giving a charge over assets of a fund. Such a charge would not be permitted by the exception in section 67A(1) of SIS (or the repealed section 67(4A)). Consequently, UBS will not accept Shareholder Applications from superannuation entity applicants. This does not however

prohibit superannuation entities from acquiring UBS Rolling SFIs via a Cash Application or on the secondary market (i.e. purchase on ASX).

A superannuation entity that holds UBS Rolling SFIs may be liable to pay a TFN Amount to UBS where the Security Trustee is required to withhold and pay an amount to the ATO from any Ordinary Dividends or Special Dividends paid on the Underlying Securities where the superannuation entity does not provide their TFN, ABN or proof of an exemption. As a result, a superannuation entity may be deemed to be borrowing in contravention of section 67 of SIS if it does not provide its TFN or ABN and a TFN Amount becomes due and payable to UBS. Accordingly, superannuation entities should not consider investing in UBS Rolling SFIs unless they intend to and are able to provide UBS with a TFN, ABN or proof of an exemption.

UBS Rolling SFIs are expected to come within the exception in section 67A(1) of SIS if acquired through a Cash Application or through purchase on ASX. **However, superannuation entities should obtain independent advice on the suitability of investing in instalment warrants such as UBS Rolling SFIs, including by taking into account the geared exposure to the Underlying Parcel acquired through UBS Rolling SFIs. No determination by the Regulators has been sought in respect of the UBS Rolling SFIs offered under this PDS and any relevant Supplementary PDS.**

A Rollover Application might be available to a trustee of a regulated superannuation fund (including a SMSF). Given the serious ramifications that a breach could have for a SMSF (including the loss of the entity's concessional status), trustees of regulated superannuation funds should consider the terms of any new series of UBS Rolling SFIs and obtain their own advice before investing in UBS Rolling SFIs by Rollover Application.

3. The first paragraph in Part 7.14 is replaced with the following:

Where the relevant Underlying Entity pays an Ordinary Dividend or Special Dividend wholly or partly in cash, subject to withholding tax obligations, the Holder irrevocably directs the Security Trustee to apply the cash distribution against the Loan Amount on the relevant UBS Rolling SFI, and to pay that cash amount as soon as practicable after receipt and clearance to UBS. UBS must apply the distribution to reduce the Loan Amount on the relevant UBS Rolling SFI. The amount remaining (if any) is paid to the Holder.

4. In the Glossary in Part 10, insert the following new definition after the definition of "Shareholder Cashback":

SMSF means a self-managed superannuation fund.

What are UBS Rolling Self Funding Instalments?	UBS Rolling Self Funding Instalments (" UBS Rolling SFIs ") are a way of borrowing to invest in listed Securities through instalment payments. For a fraction of the price of the Security you can gain leveraged exposure through a Loan made to you and an Underlying Security held on your behalf by the Security Trustee. UBS Rolling SFIs differ from other forms of instalment warrants due to the "self funding" concept. UBS Rolling SFI's also differ from other Self Funding Instalments issued by UBS previously and by other issuers, due to the potential rolling of the UBS Rolling SFIs on each Annual Interest Date.	Part 2: "Key Features of UBS Rolling SFIs"
The "self funding" concept: Dividends used to fund interest charges.	UBS Rolling SFIs are "self funding" because Ordinary Dividends and Special Dividends paid on the relevant Underlying Security are applied to reduce the Loan Amount and the Interest Amounts are applied to increase the Loan Amount.	Part 2.1: "Dividends and Special Dividends"
The "rolling" concept	On each Annual Interest Date UBS will decide whether or not it may roll the UBS Rolling SFI for a further year to the next Annual Interest Date, or terminate the UBS Rolling SFIs. If UBS decides to terminate as at an Annual Interest Date, that date will be an Early Final Maturity Date. A Series of UBS Rolling SFIs issued under this PDS cannot be rolled beyond the Final Maturity Date. Unless UBS decides to terminate on an Annual Interest Date, the UBS Rolling SFIs will automatically roll for another year (until the Final Maturity Date) unless the Holder gives a valid Completion Notice.	Part 1.2.4: Roll or termination on Annual Interest Date
Interest Amount and Borrow Fee	Interest is prepaid on the Loan made to you on the Issue Date or purchase date of the UBS Rolling SFIs and on each Annual Interest Date. On each Annual Interest Date the Interest Amount is prepaid by automatically drawing down and adding the Interest Amount to the Loan. You may also be required to pay a Borrow Fee to UBS on the Issue Date which represents the cost of acquiring the Loan.	Part 4: "Fees and Other Costs"
Interest Rate	The Interest Rate used to calculate the Interest Amount is a floating rate determined on the Issue Date (for primary market Applications) and Transfer Date (for secondary market purchases) and thereafter on each Annual Interest Date. The Interest Rate (which includes a capital protection component) varies depending on the Underlying Security and other factors. Information about the method for determining the Interest Rate is set out in Parts 2.2 and 2.3.3 and can be obtained from UBS by calling 1800 633 100 . Feature	Summary	More information
Protection through a built in limited recourse Loan	The leveraged exposure to the relevant Underlying Security is provided through a limited recourse Loan from UBS. If you choose not to repay the Loan at maturity, your Underlying Securities will be transferred to UBS and the proceeds of the transfer used to repay the Loan. This means that the most you can lose is the amount you initially invest ¹ . However, if you elect to receive the Underlying Security at maturity, you agree to pay the Completion Payment and are liable to pay that amount to UBS as a separate obligation.	Part 9: "Form of Loan Agreement"
Series of UBS Rolling SFIs	UBS is offering various Series of UBS Rolling SFIs as specified in the relevant Supplementary PDS for each Series. UBS Rolling SFIs form part of the same Series if they are over the same Underlying Securities and have the same Loan Amount, Annual Interest Dates and Final Maturity Date.	See relevant Supplementary PDS for the Series
Further information in the Supplementary PDS	The Underlying Securities, Loan Amount, Completion Payment, Annual Interest Dates and Final Maturity Date for a Series are specified in the relevant Supplementary PDS for the Series that accompanies this PDS.	See relevant Supplementary PDS for the Series
Completion Payment—Loan Amount	You can obtain full legal ownership of the Underlying Security by giving a valid and effective Completion Notice and making the Completion Payment at any time prior to the Final Maturity Date or before the Closing Time on the Final Maturity Date. The Completion Payment is equal to the outstanding Loan Amount for the UBS Rolling SFI on the relevant day. If you wish to obtain full legal ownership of the Underlying Security, you should consider providing a valid and effective Completion Notice in sufficient time before any Annual Interest Date, in case UBS does not roll the UBS Rolling SFI for another year on any relevant Annual Interest Date.	Part 2.5: "Completion Payments" and Part 7.17: "Early Final Maturity Date"
Final Maturity Date, Early Final Maturity Date and Assessed Value Payment	If the UBS Rolling SFIs are not rolled by UBS on each Annual Interest Date, there will be an Early Final Maturity Date before the Final Maturity Date. The Final Maturity Date is specified in the relevant Supplementary PDS for each Series, and this series of UBS Rolling SFIs may not be rolled beyond that date (except into a new Series). If you hold UBS Rolling SFIs at 6.00pm on the Final Maturity Date, including on an Early Final Maturity Date, and have not given a valid and effective Completion Notice by the required deadline, the Underlying Parcel will be transferred to UBS and you will receive the Assessed Value Payment (if any).	Part 2.6: "Final Maturity Date including Early Final Maturity Date" and Part 2.8: "Early Final Maturity Date—Extraordinary Events and Termination on Annual Interest Dates"
Admission to trading status on ASX	UBS Rolling SFIs will be quoted on the ASX and can be bought and sold just like ordinary shares. The expected date of commencement of trading on the ASX is specified in the relevant Supplementary PDS for each Series.	See relevant Supplementary PDS for the Series

Tax Implications	UBS Rolling SFIs will have income tax and capital gains tax implications for Holders. Generally: Interest Amounts are expected to be deductible for most investors (but subject to the potential application of the capital protected borrowing rules explained in Part 5.2); dividends will be regarded as assessable income for the Holder and; tax benefits such as franking credits should flow through to the Holder. Transfers of the Underlying Parcel to the Security Trustee (for a Shareholder Application or Rollover Application) and from the Security Trustee to the Holder at maturity should be ignored for capital gains tax purposes. Pricing Considerations

The First Payment for a UBS Rolling SFI is calculated as follows:

$$\text{First Payment} = \text{Price of Underlying Security} - \text{Loan Amount} + \text{Interest Amount} + \text{Borrow Fee}$$

The First Payment for a UBS Rolling SFI (for Cash Applicants) or Shareholder Cashback (for Shareholder Applicants) or Rollover Cashback or Rollover Payment (for Rollover Applicants) is not fixed and will vary depending on a number of factors including the following:

Event	Impact on UBS Rolling SFI first instalment if increase in event	Impact on UBS Rolling SFI first instalment if decrease in event
Price of Underlying Securities	↑	↓
Volatility of Underlying Securities	↑	↓
Interest Rates applied on the Loan Amount	↑	↓
Borrow Fee	↑	↓
Forecast Dividends	↑	↓
Time to Final Maturity Date	na	↓

See Parts 2.3.4 to 2.3.6 for examples and further information about how some of the factors above and the level of the Loan Amount, Interest Amount and Borrow Fee impact on the First Payment (for Cash Applicants), Shareholder Cashback (for Shareholder Applicants) and Rollover Cashback or Rollover Payment (for Rollover Applicants).

Superannuation Investments

From 24 September 2007, section 67(4A) of the Superannuation Industry (Supervision) Act 1993 ("SIS") has explicitly permitted superannuation fund trustees to invest in certain types of instalment warrants. This is an express exception to the borrowing restriction contained in section 67(1) of SIS. Although UBS Rolling SFIs are expected to come within the exception in section 67(4A) of SIS, UBS will not accept Shareholder Applications from superannuation entity applicants. Refer to Part 3.15 for further information.

Superannuation entities should obtain independent advice on the suitability of investing in instalment warrants such as UBS Rolling SFIs.

Part 1: Key features of UBS Rolling SFIs

1.1 Key Benefits of Investing in UBS Rolling SFIs

1.1.1 Leveraging to invest in the share market

UBS Rolling SFIs enable you to leverage your exposure to particular listed Underlying Securities for a smaller initial outlay than the market price of the Underlying Security. This leveraged exposure means that for the same dollar investment you will have the potential to enjoy greater capital gains and/or income (but conversely you may also incur greater losses).

1.1. Enhanced franked income

Subject to your individual circumstances, you may be entitled to receive tax credits such as franking credits on Dividends paid in respect of the listed Securities that comprise the Underlying Parcel of the UBS Rolling SFI. If the leverage obtained from the UBS Rolling SFIs is used to acquire interests in entities that pay franked distributions, this could increase the amount of your franked income.

1.1.3 Simple “set and forget” investment

UBS Rolling SFIs are a simple “set and forget” investment because no physical payments are required to be made by you during the term of the UBS Rolling SFI (provided that you give UBS your TFN, ABN or proof of an exemption) unless you elect to receive the Underlying Security in which case you are liable to pay the Completion Payment as a separate obligation to UBS. UBS will notify you before any possible termination on an Annual Interest Date, and UBS will notify you if the Final Maturity Date is otherwise brought forward. For example, cash Ordinary Dividends and Special Dividends (subject to any deduction for tax) on the Underlying Securities are applied to reduce the Loan and interest is prepaid on the Loan annually by drawing down against the Loan.

1.1.4 Tax effectiveness through a built in Loan

The leveraged exposure is provided through the limited recourse Loan built into each UBS Rolling SFI. Borrowing costs (such as interest payments and Borrow Fees) are incurred in connection with the Loan which will affect your returns. However, depending on your personal circumstances, you may be entitled to a tax deduction for the interest paid on the Loan and Borrow Fees.

Recourse for the Loan is also limited so you will not be required to pay any shortfall in the event that the price of the Underlying Security is less than the Completion Payment when your UBS Rolling SFI expires (eg, on the Final Maturity Date or on earlier termination on an Annual Interest Date), unless you elect to receive the Underlying Security by giving a Completion Notice and do not provide funds for the Completion Payment when required.

1.1.5 No Margin Calls

Unlike other forms of geared equity investments, Holders of UBS Rolling SFIs will not be required to pay margin calls during the term of their investment. In fact, you don't even have to pay the Completion Payment at maturity, unless you elect to receive the Underlying Security.

1.1.6 Option to receive Underlying Security

UBS Rolling SFIs give you the option to make the Completion Payment at any time on or before the Final Maturity Date and receive the Underlying Securities.

1.1.7 Self Managed Super Funds

UBS Rolling SFIs are an eligible investment for self managed superannuation funds if made via a Cash Application or purchased on the ASX. Shareholder Applications are not permitted.

1.1.8 Easy to buy and sell

UBS Rolling SFIs can be bought and sold on the ASX, just like ordinary shares.

1.2 Key Risks of Investing in UBS Rolling SFIs

1.2.1 Leverage increases downside risk

Because of the leverage in UBS Rolling SFIs, for the same dollar investment, you have greater exposure to decreases in the Underlying Securities (as you do for increases).

1.2.2 Interest Rate exposure

Interest Rates are variable and are set when you acquire UBS Rolling SFIs and each year on the Annual Interest Date. Increases in Interest Rates will lead to higher interest charges and a higher Loan Amount. The Interest Rates applicable to UBS Rolling SFI's may be influenced by a number of factors including UBS's funding costs and other factors which affect the cost for UBS providing the

Part 2: Key features of UBS Rolling SFIs

capital protection feature for a further year—see section 2.2 for more details.

1.2.3 Dividend Risk

Cash Dividends paid on the Underlying Securities are used to reduce the Loan. If the Dividends are less than the Interest Amounts during the term, the Loan Amount will increase which reduces the value of your investment.

1.2.4 Roll or termination on Annual Interest Date

UBS may either roll the UBS Rolling SFI for another year until the next Annual Interest Date (until the Final Maturity Date) or terminate the UBS Rolling SFIs, on any Annual Interest Date. UBS has an absolute discretion to terminate a Series on an Annual Interest Date. If UBS elects to terminate, that Annual Interest Date will be an Early Final Maturity Date and investors may not therefore have the opportunity to maintain their exposure under their UBS SFI until the last Final Maturity Date. Unless UBS decides to terminate on an Annual Interest Date, the UBS Rolling SFI will automatically roll for another year (until the Final Maturity date). See Part 7.17 for more details.

See Part 3 for further information about the risks of investing in UBS Rolling SFIs.

2.1 DIVIDENDS AND SPECIAL DIVIDENDS

2.1.1 How are Ordinary Dividends and Special Dividends applied?

Cash Ordinary Dividends and Special Dividends on the Underlying Security received during the term of the UBS Rolling SFIs are applied to repay the Loan Amount, effective from the Ex-Dividend Date of the Ordinary Dividend or Special Dividend.

2.1.2 Are you entitled to franking credits?

You will receive the benefit of franking credits (if eligible) in respect of the Ordinary Dividends and Special Dividends. Refer to Part 5.5 for further information.

2.1.3 Do you receive a refund of prepaid interest when the Loan is repaid?

You will not receive a refund of interest prepaid in respect of Ordinary Dividends that are applied to reduce the Loan Amount. However, the calculation of the Interest Amount takes into account the value and timing of Ordinary

Dividends which are forecast by UBS to be paid during the year.

You will however receive an interest refund for a portion of the Interest Amount prepaid on the portion of the Loan Amount that is reduced by Special Dividends from the expected payment date of the Special Dividend. The interest refund will be calculated based on an interest rate equal to the prevailing wholesale interest rate (BBSY Rate) plus a margin of 1% per annum and will be applied to reduce the Loan Amount of the UBS Rolling SFI.

Where the Final Maturity Date is brought forward due to an Extraordinary Event or due to UBS terminating the UBS Rolling SFI on an Annual Interest Date (see Part 7.17 of this PDS), except if an Early Final Maturity Date is nominated due to the Loan Amount being reduced to zero, the Holder is entitled to a refund in respect of the Interest Amount it has prepaid (see clause 3.6 of the Loan Agreement in Part 9 of this PDS).

2.1.4 What may happen if you don't provide UBS with your TFN, ABN or proof of an exemption?

Where you have not provided UBS with your TFN, ABN or proof of an exemption, the Security Trustee is required to withhold a portion of Ordinary Dividends or Special Dividends which are not fully franked and pay that amount to the ATO. In such circumstances, UBS will reduce the Loan Amount of your UBS Rolling SFI by the amount withheld ("TFN Amount") and the TFN Amount withheld will be a full recourse debt payable to UBS. UBS will notify you as soon as reasonably practicable of the TFN Amount you are required to pay and the date by which it must be paid. If you fail to pay the TFN Amount by that date then UBS may recover the TFN Amount (and other amounts owed to it) by enforcing the Security Interest over the Underlying Security and lapsing some or all of your UBS Rolling SFIs.

See Part 3.15 for an explanation as to why superannuation entities should only invest in a UBS Rolling SFI if they provide a TFN or ABN (or proof of an exemption) to UBS.

2.2 WHAT HAPPENS ON ANNUAL INTEREST DATES?

On each Annual Interest Date UBS may either roll the UBS Rolling SFI until the next Annual Interest Date (until the Final Maturity Date) or terminate the UBS Rolling SFI. If UBS elects to terminate, that

Part 2: Key features of UBS Rolling SFIs

Annual Interest Date will be an Early Final Maturity Date. If UBS does not elect to terminate, the UBS Rolling SFI will automatically roll for another year (until the Final maturity Date). See Part 7.17 for more details. If UBS does not elect to terminate, the following annual reset procedure will apply.

Annual Interest Dates are dates on which interest is prepaid on the Loan for the period from that date to the earlier of the next Annual Interest Date or Final Maturity Date. The Interest Amount prepaid is based on the Loan Amount and an Interest Rate which is determined by UBS on Annual Interest Dates for each Series. The Interest Rate will vary (as determined by UBS) from the Interest Rate set on the Issue Date based on a number of factors such as (but not limited to):

UBS's cost of funds—if UBS's cost of funds changes from the date of the initial Supplementary PDS or from the previous Annual Interest Date then the Interest Rate is likely to change in proportion to those changes; and

the cost of UBS providing the capital protection feature which forms part of the Interest Rate and is determined on each Annual Interest Date by UBS by reference to factors such as volatility and expected Ordinary Dividends of the Underlying Security for the period to the earlier of the next Annual Interest Date or the Final Maturity Date and time to the earlier of the next Annual Interest date or the Final Maturity Date.

The Interest Amount payable on an Annual Interest Date takes into account the value and timing of Ordinary Dividends which are forecast by UBS to be paid during the year. Investors should note that there is no adjustment to the Interest Amount should actual Dividend amounts differ from the future expected Dividends used by UBS to determine the Interest Rate.

You are not required to make a separate cash payment to UBS for the prepaid interest because the Interest Amount is prepaid by automatically drawing down an amount on the Loan equal to the Interest Amount and increasing the Loan Amount.

2.3 APPLICATIONS FOR UBS Rolling SFIs

2.3.1 How do I apply for UBS Rolling SFIs?

You apply for UBS Rolling SFIs by making an Application and delivering consideration to UBS, the nature of which differs depending on what

type of Application you make. For Cash Applications, you will pay the First Payment in cash, for Shareholder Applications you will deliver the Underlying Security to UBS and for Rollover Applications you will deliver the Existing Instalment plus in some circumstances a cash payment (Rollover Payment) to UBS.

2.3.2 What occurs on acquiring a UBS Rolling SFI?

For each UBS Rolling SFI acquired in a particular Series (irrespective of the type of Application) you will:

- (a) receive a limited recourse Loan on which interest is prepaid;
- (b) have the Underlying Security for the relevant Series held in a Separate Trust on your behalf by the Security Trustee; and
- (c) be able to receive legal title to the Underlying Securities by giving a valid and effective Completion Notice and paying the Completion Payment to UBS for the UBS Rolling SFI.

2.3.3 What amount is advanced and what interest payments are made under the Loan?

The amount of the Loan advanced to you is equal to the Loan Amount for the relevant Series of UBS Rolling SFIs at the time of issue of the UBS Rolling SFI. You can obtain the current Loan Amount for a Series of UBS Rolling SFIs by contacting UBS on 1800 633 100. The leverage (gearing) level incorporated in the UBS Rolling SFI will be determined by the Loan Amount and the prevailing price of the Underlying Security. In most cases the leverage will be around 40-50% for UBS Rolling SFIs at the time each new Series is first issued but may vary during the term. The Loan is made under the Loan Agreement entered into between you and UBS (a sample of which is set out in Part 9).

Interest is prepaid on the Loan from the Issue Date of the UBS Rolling SFI to the earlier of the next Annual Interest Date or Final Maturity Date. The Interest Rate used to determine the Interest Amount is variable, may differ for each Series and is equal to the rate specified by UBS from time to time. The Interest Rate on the Issue Date and each Annual Interest Date is determined by UBS based on matters such as:

- factors that impact on the capital protection component of the UBS Rolling SFIs, for example, the volatility of the Underlying

Part 2: Key features of UBS Rolling SFIs

Security, expected Ordinary Dividends, time to the earlier of the next Annual Interest Date or the Final Maturity Date; and

- UBS' cost of funds.

You can obtain the current applicable Interest Rate for each Series of UBS Rolling SFIs by contacting UBS on **1800 633 100** or at **www.ubs.com/instalments**.

You may also be required to pay a Borrow Fee to UBS on the Issue Date which represents the cost of acquiring the Loan. The Borrow Fee is a percentage of the Completion Payment per UBS Rolling SFI as specified in the relevant Supplementary PDS.

2.3.4 How is the first instalment and Loan used for each type of Application?

Cash Applicants

If you make a Cash Application, the First Payment made in cash to UBS and the Loan Amount advanced to you are applied as follows:

- (a) First Payment—to pay the Borrow Fee to UBS;
- (b) Loan Amount—to pay the Interest Amount to UBS; and
- (c) Balance of First Payment and Loan Amount—to acquire the Security to be held in the Separate Trust on your behalf.

The First Payment for a UBS Rolling SFI is variable and depends on a number of factors including the market price of the Underlying Security, Loan Amount, Interest Amount and Borrow Fee for the Series of UBS Rolling SFIs on the Issue Date. The First Payment is determined by UBS on receipt of cleared application monies unless agreed otherwise by you and UBS. See Part 4 "Fees and Other Costs" for further information.

Shareholder Applicants

If you make a Shareholder Application, the relevant Security must be transferred to the Security Trustee and the Loan Amount is still advanced to you and is applied to pay the Borrow Fee and Interest Amount to UBS. You will receive a Shareholder Cashback equal to the Loan Amount less the Borrow Fee and Interest Amount. The Shareholder Cashback is reinvested in further UBS Rolling SFIs of the same Series unless you elect to receive the Shareholder Cashback in cash or elect to reinvest it in a different Series of UBS Rolling SFIs.

Rollover Applicants

If you make a Rollover Application the Loan Amount advanced to you (and any Rollover Payment) will be applied to complete your Existing Instalment and the relevant Security from your Existing Instalment will be held by the Security Trustee on your behalf for the new UBS Rolling SFI. You will receive a Rollover Cashback if the Loan Amount for the UBS Rolling SFI exceeds the amount required to pay the Final Instalment on your Existing Instalment and the Borrow Fee and Interest Amount for the UBS Rolling SFI. Alternatively, you will be required to pay a Rollover Payment to UBS if the Loan Amount is not sufficient to pay those amounts, equal to the shortfall.

2.3.5 How do you "lock in" the First Payment, Shareholder Cashback, Rollover Cashback or Rollover Payment

Your investment adviser acting on your behalf, may contact UBS and agree the amount of the First Payment, Shareholder Cashback, Rollover Cashback or Rollover Payment for an Application for UBS Rolling SFIs. In such case, UBS will notify you or your adviser of a unique Application Number that must be noted in your Application Form that is subsequently lodged with UBS.

The First Payment, Shareholder Cashback, Rollover Cashback or Rollover Payment will be calculated on the issue of the UBS Rolling SFIs in accordance with Part 2.3.4 above if you (through your adviser) do not contact UBS and "lock in" the relevant amount.

2.3.6 Hypothetical examples for each type of Application

The following examples are based on a hypothetical application for UBS Rolling SFIs over XYZ shares with a market price of \$41.00 made on 24 July 2009 where the Loan Amount is \$21.00 with an Interest Rate of 9.50%p.a.), the Borrow Fee is \$0.34 and next Annual Interest Date is 30 June 2010 for the XYZ UBS Rolling SFI. The example also assumes that the Applicant has not contacted UBS to "lock in" the First Payment, Shareholder Cashback, Rollover Cashback or Rollover Payment (as applicable).

The following dividends for XYZ shares are expected during the period to 30 June 2010:

Dividend 1: \$0.90 payable 11 September 9 and

Dividend 2: \$0.85 payable 11 March 2010.

The Interest Amount in this example would be \$1.771 and is calculated as follows:

Interest Amount = Interest Rate x Loan Amount x no. days to next Annual Interest Date/365 - Interest Rate x ((Dividend 1 x no. days from

Part 2: Key features of UBS Rolling SFIs

Dividend 1 payment date to next Annual Interest Date/365) + (Dividend 2 x no. days from Dividend 2 payment date to next Annual Interest Date/365))
Interest Amount = $9.50\% \times \$21 \times 341/365 - 9.50\% \times ((\$0.90 \times 292/365) + (\$0.85 \times 111/365))$
Interest Amount = \$1.771

Cash Applicants

Also assume that the First Payment for the Cash Application as determined by UBS on receipt of cleared application monies is \$22.111. In this example, the First Payment would be applied to pay the Borrow Fee of \$0.34 and the Loan Amount would be applied to pay the Interest Amount of \$1.771. The balance of the First Payment and the Loan Amount would then be used to acquire and transfer the XYZ share to the Security Trustee to be held on behalf of the Cash Applicant.

Shareholder Applicants

In this example, a Shareholder Applicant will be entitled to receive a Shareholder Cashback of \$18.889 which is calculated as the Loan Amount (\$21.00) less the Borrow Fee (\$0.34) and Interest Amount (\$1.771). The Shareholder Cashback would be reinvested in further UBS Rolling SFIs of the same Series unless the Shareholder Applicant elected to receive the Shareholder Cashback in cash or elected to reinvest it in a different Series of UBS Rolling SFIs.

Rollover Applicants

Also assume that the Final Instalment on the Rollover Applicant's Existing Instalment is \$17. In this example, the Rollover Applicant would be entitled to receive a Rollover Cashback of \$1.889 calculated as the Loan Amount (\$21.00) less the Final Instalment on the Existing Instalment (\$17.00), the Borrow Fee (\$0.34) and Interest Amount (\$1.771). The Rollover Cashback would be reinvested in further UBS Rolling SFIs of the same Series unless the Applicant elected to receive the Rollover Cashback in cash or elected to reinvest it in a different Series of UBS Rolling SFIs. Alternatively, if the Final Instalment on the Existing Instalment was \$21, the Rollover Applicant would be required to pay a Rollover Payment to UBS of \$2.111 calculated as the aggregate of the Final Instalment on the Existing Instalment (\$21.00), Borrow Fee (\$0.34) and Interest Amount (\$1.771) less the Loan Amount (\$21.00).

2.4 BUYING AND SELLING UBS Rolling SFIs

2.4.1 How do you transfer UBS Rolling SFIs?

You may transfer (or acquire) UBS Rolling SFIs on the ASX by placing an order with a broker (or by off-market transfer). When you buy or sell a UBS Rolling SFI the only amount paid or received by you will be the purchase or sale consideration plus or minus any brokerage or commission paid to your broker.

Several other cashflows occur (as set out below) as a result of the transfer. However, no cash payments are required to be made by you because these cashflows will in all cases net out to zero.

For each UBS Rolling SFI transferred:

- (a) you will transfer your interest in the Underlying Parcel to the relevant Transferee (subject to the Security Interest);
- (b) your Loan Amount is reduced by an Interest Refund you receive for interest prepaid from the Transfer Date to the earlier of the next Annual Interest Date or Final Maturity Date;
- (c) you may receive from or be required to pay Transfer Costs to UBS;
- (d) a Loan will be made by UBS to the Transferee for the Loan Amount at the Transfer Date under a Loan Agreement entered into between UBS and the Transferee on which the Transferee will prepay interest until the earlier of the next Annual Interest Date or Final Maturity Date; and
- (e) no cash payments are required to be made by you or the Transferee, because the remainder of the Loan made to the Transferee will be applied to repay your Loan in full.

2.4.2 What are Transfer Costs?

Transfer Costs are payable on a Transfer where the Interest Rates applying on your Loan and the Transferee's Loan are different. In these circumstances, the Interest Refund paid to you will be different to the Interest Amount prepaid by the Transferee. Transfer Costs will be payable:

- (a) by UBS to you (as the Transferor) where your Interest Refund is less than the Transferee's prepaid Interest Amount, with such costs equal to the difference and paid by applying the costs against your Loan; or
- (b) by you to UBS where the Transferee's prepaid Interest Amount is less than your Interest Refund, with such costs equal to the difference and paid by the costs being added to your Loan to increase the amount of the Loan.

However, as stated above in Part 2.4.1, these Transfer Costs will be netted against the other cashflows occurring as a result of the transfer so that you are not required to make any cash payment.

Part 2: Key features of UBS Rolling SFIs

2.4.3 Hypothetical example of Transfer Costs

Assume that an investor purchased XYZ UBS Rolling SFIs with a Loan Amount (at that time) of \$19.25 from a Cash Applicant that acquired UBS Rolling SFIs with an Interest Rate of 9.75%p.a. On the purchase date, the term to the next Annual Interest Date was 100 days and the Interest Rate had increased from 9.75%p.a. to 10.75%p.a. The Interest Amount payable by the Transferee would be \$0.567 (ie $10.75\% \times \$19.25 \times 100/365$) and the Interest Refund payable to the Transferor would be \$0.514 (ie $9.75\% \times \$19.25 \times 100/365$). Accordingly, Transfer Costs of \$0.053 (equal to the difference between the Transferee's Interest Amount and Transferor's Interest Refund) would be payable by UBS to the Transferor in this example because the Transferee's Interest Amount is greater than the Transferor's Interest Refund.

2.4.4 Hypothetical example—no cash payments are required on Transfer

In the above example, the Transfer Costs of \$0.053 and Interest Refund of \$0.514 are applied to reduce the Transferor's Loan Amount (\$19.25) so that the balance of the Transferor's Loan Amount is \$18.683. No cash payments are required to be made by the Transferor, Transferee or UBS because the Transferee's Loan (\$19.25) is applied to pay the Transferee's Interest Amount (\$0.567) and the balance (\$18.683) is applied to repay the Transferor's Loan in full.

2.5 COMPLETION PAYMENTS

2.5.1 How do you make the Completion Payment and receive the Underlying Parcel?

You may obtain full legal ownership of the Underlying Parcel by giving a valid and effective Completion Notice and paying the Completion Payment to UBS in respect of your UBS Rolling SFIs. You may give the Completion Notice at any time before the Final Maturity Date, but must give the Completion Notice before the relevant deadline explained in Part 2.6 in order for the Completion Notice to be valid. If you wish to obtain full legal ownership of the Underlying Security, you should consider providing a valid and effective Completion Notice in sufficient time before any Annual Interest Date, in case UBS does not roll the UBS Rolling SFI for another year on any relevant Annual Interest Date.

A Completion Notice relates to a particular Completion Notice Date on which the notice is taken to be given.

The Completion Notice Date is:

- for Completion Notices received by UBS at the Office on or before the Closing Time on an Annual Interest Date in respect of potential termination on an Annual Interest Date, the relevant Annual Interest Date;
- otherwise, for Completion Notices received by UBS at the Office on a Business Day before the Closing Time, that Business Day; and
- otherwise, for Completion Notices received by UBS at the Office on a day which is not a Business Day or after the Closing Time on a Business Day, the next Business Day.

2.5.2 When is a Completion Notice valid and effective?

A Completion Notice is valid and effective if:

- it has been duly completed;
- the Completion Payment for each relevant UBS Rolling SFI is received by UBS in cleared funds on or before the Business Day which is five Business Days after the Completion Notice Date;
- the person who gives the Completion Notice is the Holder of each relevant UBS Rolling SFI on the Completion Notice Date or becomes the Holder on or before the Business Day which is five Business Days after the Completion Notice Date.

2.5.3 What is the Completion Payment?

The Completion Payment is an amount payable to UBS equal to the outstanding Loan Amount for the UBS Rolling SFI on the relevant Completion Notice Date. The outstanding Loan Amount for each Series is specified in the Supplementary PDS for the Series as at the date of the Supplementary PDS. The Loan Amount varies in accordance with the Instalment Deed and Loan Agreement from time to time. You can obtain the current outstanding Loan Amount for a Series on any day by contacting UBS on **1800 633 100**.

2.5.4 When will the Underlying Parcel be delivered to you?

On receiving a valid and effective Completion Notice and the Completion Payment in respect of UBS Rolling SFIs, and (if relevant) that Completion Notice having become unconditional, UBS will notify the Security Trustee that a valid Completion Notice has been received and the Security Trustee will transfer the unencumbered legal title to the Underlying Parcel to you within 20 Business Days after the Completion Notice Date. UBS may in its discretion (but need not) elect to treat a Completion Notice as valid and effective even if it would not otherwise be.

Part 2: Key features of UBS Rolling SFIs

2.5.5 What rights do you have under the Instalment Deed if the Underlying Parcel is not delivered to you?

You may give a default notice to UBS if the Security Trustee fails to deliver the unencumbered legal title to the Underlying Parcel to you on a Completion Notice becoming valid and effective and (if relevant) unconditional. If a default notice is given then UBS must pay you a liquidated damages amount within 10 Business Days of the default notice equal to 110% of the average daily volume weighted average price of the relevant Underlying Parcel on the five Trading Days following the Completion Notice Date excluding special, late and overseas sales. In such case, the Underlying Parcel is transferred to UBS or its nominee and the UBS Rolling SFI will cease to exist on payment of the liquidated damages amount.

2.5.6 Hypothetical example of a liquidated damages payment

For example, if you gave a valid and effective Completion Notice in respect of your UBS Rolling SFIs, which (if relevant) becomes unconditional, and the Securities weren't delivered to you within 20 Business Days and a default notice was given where the weighted average sale price for the five days following the Completion Notice Date was \$20, UBS would be required to pay a liquidated damages amount of \$22 (ie 110% of \$20) to you per UBS Rolling SFI. Alternatively, you could elect to not give a default notice requiring payment of the liquidated damages amount and pursue any other available remedies against UBS.

2.6 FINAL MATURITY DATE INCLUDING EARLY FINAL MATURITY DATE

2.6.1 What options are available to you on the Final Maturity Date?

UBS Rolling SFIs in a Series will expire at the latest at the Closing Time on the Final Maturity Date for the Series. You have the following options on or before the Final Maturity Date:

- (a) defer making the Completion Payment by rolling your UBS Rolling SFIs into a new Series of UBS instalments (if available);
- (b) give a Completion Notice before the relevant deadline for that Final Maturity Date that is or becomes valid and effective (and, if relevant, unconditional) and be delivered the Underlying Parcel;
- (c) sell your UBS Rolling SFIs on the ASX on or before the Final Maturity Date;

- (d) do nothing and receive the Assessed Value Payment (if any).

The relevant deadline for giving a Completion Notice is:

- for a Final Maturity Date which is not an Early Final Maturity Date, Closing Time on the Final Maturity Date;
- for a Final Maturity Date which is an Early Final Maturity Date because UBS has terminated the UBS Rolling SFIs on an Annual Interest Date, Closing Time on the relevant Annual Interest Date; and
- for a Final Maturity Date which is an Early Final Maturity Date because UBS has nominated an extraordinary event as described in Part 2.8, Closing Time on that Early Final Maturity Date.

2.6.2 How is the Assessed Value Payment determined?

If you hold UBS Rolling SFIs at 6.00pm on the relevant date which is the last date for giving a Completion Notice as described in Part 2.6.1 and have not given a Completion Notice that is or becomes valid and effective:

- (a) you are deemed to agree that the Underlying Parcel will be transferred to UBS, and it will be;
- (b) UBS will pay you the VWAP of the Underlying Parcel on the first Trading Day after the Final Maturity Date less any fees, costs, charges, liabilities, Taxes and expenses incurred by or payable to UBS or the Security Trustee in connection with the transfer of the Underlying Parcel to UBS or at its direction; and
- (c) the amount payable to you will be first applied to repay the Loan Amount and the balance (being the "Assessed Value Payment") will be paid to you within 10 Business Days of the Final Maturity Date.

Recourse for the Loan is limited so you will not be required to pay any shortfall in the event that the amount payable to you (ie the VWAP of the Underlying Parcel) is insufficient to repay the Loan Amount. However, if you give a Completion Notice electing to obtain full legal ownership of the Underlying Security, you are liable to pay the Completion Payment.

2.6.3 Hypothetical example of an Assessed Value Payment

Assume that a Holder held XYZ Instalments at 6.00pm on the Final Maturity Date (that is not an

Part 2: Key features of UBS Rolling SFIs

Early Final Maturity Date) with a Loan Amount of \$10.00, the Holder did not give a valid and effective Completion Notice, the VWAP of the Underlying Parcel on the Trading Day after the Final Maturity Date is \$25.00 and there were no costs incurred in connection with the transfer of the Underlying Parcel. In this example, the Holder would be entitled to receive an Assessed Value Payment equal to \$15.00 (ie \$25 less \$10). If the VWAP of the Underlying Parcel in this example was equal to or less than \$10 then no Assessed Value Payment would be made to the Holder and the Holder would not be required to make any further payments to repay the outstanding Loan Amount.

2.7 ADJUSTMENT EVENTS IN RESPONSE TO CORPORATE ACTIONS

Corporate actions in respect of the Underlying Entity may occur and includes but is not limited to events such as the Underlying Entity reducing its share capital, declaring a rights issue, making a buy back offer, issuing bonus securities and entering into a scheme of arrangement to name a few.

The Instalment Deed sets out specific provisions dealing with various corporate actions which include the property or benefit the subject of the corporate action being:

- paid in accordance with the Order of Payment;
- treated as an Accretion and held in the Separate Trust; or
- distributed to you as the Holder of the UBS Rolling SFI.

Refer to Parts 7.19 to 7.26 for more information.

2.8 EARLY FINAL MATURITY DATE - EXTRAORDINARY EVENTS AND TERMINATION ON ANNUAL INTEREST DATES

UBS may elect to bring forward the Final Maturity Date for a Series of UBS Rolling SFIs in response to certain extraordinary events (with the consent of ASX). Extraordinary events include events such as the Security comprising the Underlying Parcel being the subject of a buy-back offer, a proposed takeover offer or a proposed scheme of arrangement or merger in the nature of a scheme of arrangement, or the Loan Amount being equal to zero, to name a few. See Part 7.17 for a complete description of the relevant extraordinary events.

UBS may also (without the consent of ASX) bring forward the Final Maturity Date for a Series of UBS Rolling SFIs by electing to terminate the Series on

an Annual Interest Date instead of rolling the UBS Rolling SFI. See Part 7.17.

Either of the above actions by UBS give rise to an Early Final Maturity Date.

UBS must give at least 10 Business Days written notice of an Early Final Maturity Date to Holders in the Series of UBS Rolling SFIs, which may be a conditional notice as described in Part 7.17. UBS will refund interest prepaid on the Loan on an Early Final Maturity Date, other than where an extraordinary event has been caused by the Loan Amount being reduced to zero, in accordance with clause 3.6 of the Loan Agreement.

2.9 CONTRACTUAL TERMS OF THE UBS ROLLING SFIS

The contractual terms of UBS Rolling SFIs are contained in the Instalment Deed which comprises the Instalment Deed and Nominee Deed (a summary of which is set out in Part 7) and a Loan Agreement (a sample of which is set out in Part 9). It is important that you read and understand the terms of the Instalment Deed and sample Loan Agreement before investing in UBS Rolling SFIs. You can obtain a copy of the Instalment Deed by contacting UBS on **1800 633 100**.

In addition to the key features of UBS Rolling SFIs described in this Part 2, the Instalment Deed also contains provisions (among others) dealing with:

- (a) the Separate Trusts and creation of the Security Interest (see Parts 7.7 and 7.16);
- (b) the rights, powers and obligations of the Security Trustee in respect of the Separate Trusts and Security Interest (see Parts 7.27 and 7.28);
- (c) the amendment of the Instalment Deed (see Part 7.34); and
- (d) limitations placed on voting rights of Holders in respect of the Underlying Parcel (see Part 7.15).

Part 3: Risks

3.1 GENERAL

You should note that there are risks associated with an investment in UBS Rolling SFIs. UBS Rolling SFIs may become significantly less valuable on maturity and in certain circumstances may automatically lapse. Further, you may lose money or even sustain a total loss on your investment.

The information in this PDS is general information only and does not take into account your investment objectives, financial situation or particular needs. Accordingly, nothing in this PDS nor any relevant Supplementary PDS is a recommendation by UBS, UBS Securities or any other person in relation to the UBS Rolling SFIs, an Underlying Entity, Securities or any financial product.

You should reach an investment decision only after carefully considering, with your financial and taxation advisers, the suitability of the UBS Rolling SFIs in light of your particular financial and taxation circumstances, objectives and needs.

3.2 ABILITY OF UBS TO FULFIL ITS OBLIGATIONS

The value of the UBS Rolling SFIs depends on, among other things, the ability of UBS to fulfil its obligations under the Instalment Deed.

The obligations of UBS under the UBS Rolling SFIs are unsecured contractual obligations, which will rank equally with UBS' other unsecured contractual obligations and unsecured debt (other than liabilities preferred by law or statute).

Accordingly, investors have credit exposure to UBS. Investors must make their own assessment of the ability of UBS to meet its obligations. See Part 6.1 for information about UBS.

3.2 ABILITY OF SECURITY TRUSTEE TO FULFIL ITS OBLIGATIONS

The value of the UBS Rolling SFIs also depends on, among other things, the ability of the Security Trustee to fulfil its obligations under the Instalment Deed. The Security Trustee is a wholly owned subsidiary of UBS. See Part 6.2 for information about the Security Trustee. UBS does not guarantee or otherwise provide assurance in respect of the obligations of the Security Trustee.

3.3 NO GUARANTEE

The capacity of UBS to settle all outstanding UBS Rolling SFIs is not guaranteed by the ASX, the National Guarantee Fund or the Australian Clearing House Pty Ltd. Claims against the National Guarantee Fund may only be made in

respect of secondary trading in UBS Rolling SFIs between ASX market participants and cannot be made in relation to the primary issue of UBS Rolling SFIs, an off market transfer of UBS Rolling SFIs or settlement obligations of UBS arising from the exercise or maturity of a UBS Rolling SFI.

3.4 FACTORS AFFECTING THE VALUE OF UBS Rolling SFIs

There are a number of variable factors which impact on the value of UBS Rolling SFIs in the primary market and secondary market. See Part 4 "Fees and Other Costs" for more information.

General risks applicable to the equity markets on which the Underlying Securities are traded will also impact upon the value of UBS Rolling SFIs. These include changes in indices, interest rates, the strength of the Australian and world economy, investor perceptions, government policy and laws affecting the price and trading of options.

3.5 PRICE OF OR PAYMENTS FOR UNDERLYING PARCEL

The UBS Rolling SFIs may be of significantly less value if the market price of the Underlying Parcel falls or payment obligations arise in respect of the Underlying Parcel, or of no value if the market price of (less any payments arising in respect of) the Underlying Parcel falls below the Completion Payment payable to UBS in order to acquire the Underlying Parcel.

Investors should be prepared to sustain a total loss of their investment in the UBS Rolling SFIs.

3.6 CHANGE OF LAW

Changes to laws or their interpretation in Australia including taxation laws could have a negative impact on the returns to investors. This PDS (including Part 5 in respect of taxation matters) is based on Australian laws as at the date of this PDS. Investors should seek independent advice on the tax consequences which may apply to them when they invest in UBS Rolling SFIs and they should remain alert to any taxation changes.

3.7 ADJUSTMENTS TO THE UNDERLYING PARCEL AND/OR TERMINATION OF THE UBS ROLLING SFIs

The UBS Rolling SFIs may be terminated or the Underlying Parcel may be varied in response to corporate actions, and the UBS Rolling SFI's may be terminated on any Annual Interest Date. See Parts 2.7, 2.8 and 7.17 to 7.26.

3.8 LEVERAGE/GEARING LEVELS

Part 3: Risks

An investment in UBS Rolling SFIs may increase or decrease at a greater rate compared to a holding in the Underlying Security because of the leverage (gearing) incorporated in the UBS Rolling SFIs. The leverage (gearing) level is determined by comparing the Completion Payment and market price of the Underlying Security for the UBS Rolling SFIs.

3.9 PAYMENT OF TFN AMOUNT AND OTHER RELATED AMOUNTS

A Holder may be required to pay a TFN Amount to UBS. If they do not pay the TFN Amount to UBS and when required, UBS may recover the TFN Amount (and other amounts owed to it) by enforcing the Security Interest over the Underlying Security and some or all of a Holder's UBS Rolling SFI's may lapse (see Parts 2.1.4 and 4.4).

3.10 POSSIBLE ILLIQUIDITY OF TRADING MARKET

Investors should note that at present there is no accurate indication as to how the UBS Rolling SFIs will trade in the secondary market and as to whether the market will be liquid or illiquid. However, UBS will, as and when practicable, arrange for buy and sell quotations to be made on the ASX for UBS Rolling SFIs.

3.1 EXERCISE OF DISCRETION BY UBS

Investors should also note that a number of provisions of the Instalment Deed confer discretions on UBS which could affect the value of the UBS Rolling SFIs. These include the powers to nominate certain events as extraordinary events and bring forward the Final Maturity Date (see Part 7.17), to elect any Annual Interest Date to be the Final Maturity Date by terminating on that date (see Part 7.17), to deal with Adjustments Events (see Parts 7.19 to 7.26) and to amend the Instalment Deed in certain circumstances (see Part 7.34). UBS may in its sole and absolute discretion nominate an extraordinary event, or terminate on an Annual Interest Date instead of rolling the UBS Rolling SFI. See Part 7.17 of this PDS for more details.

Holders do not have the power to direct UBS concerning the exercise of any discretion. However, the ASX is required to approve some (but not all) discretions that UBS may wish to exercise.

3.12 CONFLICTS OF INTEREST

UBS and its related bodies corporate may, in their absolute discretion, buy and sell UBS Rolling SFIs, exchange traded options and other financial products relating to UBS Rolling SFIs or Securities, either as principal or agent. UBS and its related

bodies corporate may also advise Underlying Entities (for which it may receive fees and commissions) in relation to matters not related to the UBS Rolling SFIs such as corporate advisory services, mergers and acquisitions advisory and capital markets transactions. Please refer to the relevant Supplementary PDS for each Series for further information about conflicts of interests in respect of an Underlying Entity for a Series (if any).

3.13 SUSPENSION OF UBS Rolling SFI TRADING

Trading of the UBS Rolling SFIs on the ASX may be halted or suspended if ASX deems that action appropriate in the interests of maintaining a fair and orderly market in those UBS Rolling SFIs or otherwise deems the action advisable in the public interest or to protect investors.

3.14 LEGAL CONSEQUENCES OF HOLDING UBS ROLLING SFIS

3.14.1 Relevant interests and disclosure by substantial holders

The acquisition and exercise of a UBS Rolling SFI will have implications for Holders under Chapters 6 and 6C of the Corporations Act. The precise implications depend on the Holder's particular circumstances.

The following explanation is provided to assist Holders in identifying the practical obligations that may arise from holding and from exercising a UBS Rolling SFI. The obligations of Holders will, however, be affected by circumstances peculiar to individual Holders and Holders should obtain their own advice on the obligations they may have under the Corporations Act.

Holders will hold the Beneficial Interest in the Underlying Parcel and will also have power to control the exercise of the Security Trustee's right to dispose of the Underlying Parcel (by giving a Completion Notice, for example). This will generally give a Holder a "relevant interest" (as contemplated by section 608 of the Corporations Act) in the Securities constituting the Underlying Parcel at the time of acceptance of that Holder's Application or when the UBS Rolling SFIs are acquired in the secondary market. Shareholder Applicants and Rollover Applicants will have a "relevant interest" in the Securities constituting the Underlying Parcels at the time of submitting their Application and acceptance of that Application will not change their "relevant interest" in those Securities.

The consequence of having a "relevant interest" is that disclosure obligations under Chapter 6C of

Part 3: Risks

the Corporations Act and limitations on acquisitions under Chapter 6 of the Corporations Act affect Holders in respect of acquisitions, continuing holdings, and disposals of UBS Rolling SFIs. Whether the restrictions apply depends on the Holder's other "relevant interests" as provided in the Corporations Act. In addition, ASIC provides an exemption under section 655A pursuant to class order modifications 02/925 (10 September 2002), 02/926 (10 September 2002), 02/927 (10 September 2002) with respect to section 609 of the Corporations Act.

3.14.2 Ownership restrictions

The acquisition and exercise of UBS Rolling SFIs may have implications for Holders under specific legislation such as the Foreign Acquisitions and Takeovers Act 1975 (Cth), the Broadcasting Services Act 1992 (Cth), the Financial Sector (Shareholdings) Act 1998 (Cth), the Telstra Corporation Act 1991 (Cth), the Qantas Sale Act 1992 (Cth) or the Gas Industry Restructuring Act 1986 (NSW), and under the constitutions of the specific Underlying Entities.

Potential investors and Holders should obtain independent legal advice applicable to their particular circumstances in relation to all aspects of their proposed investment in UBS Rolling SFIs including, but not limited to, the possible effects of the legislation referred to above.

3.15 Superannuation funds

Superannuation entities are subject to restrictions on entering into borrowing arrangements, granting charges over fund assets, and on the type of investments that can be made. On 16 December 2002 the Australian Prudential Regulation Authority ("APRA") and the ATO (together "the Regulators") issued joint guidelines to superannuation entities investing in instalment warrants. In the guidelines, the Regulators restated that investments of this type require careful consideration by superannuation entities. In particular UBS Rolling SFIs are derivatives and the investor should ensure that they have sufficient liquidity to make any required payments should they wish to exercise their rights in respect of the UBS Rolling SFIs.

From 24 September 2007, section 67(4A) of the Superannuation Industry (Supervision) Act 1993 ("SIS") has explicitly permitted superannuation fund trustees to invest in certain types of instalment warrants. This is an express exception to the borrowing restriction contained in section 67(1) of SIS.

However, the Regulators stated in the 16 December 2002 announcement that they have formed the view that an investment in instalment warrants by superannuation entities via a Shareholder Application is generally not appropriate as it is likely to contravene SIS Regulation 13.14 which prohibits trustees from giving a charge over assets of a fund. Consequently, UBS will not accept Shareholder Applications from superannuation entity applicants. This does not however, prohibit superannuation entities from acquiring UBS Rolling SFIs via a Cash Application or on the secondary market (i.e. purchase on ASX).

A superannuation entity that holds UBS Rolling SFIs may be liable to pay a TFN Amount to UBS where the Security Trustee is required to withhold and pay an amount to the ATO from any Ordinary Dividends or Special Dividends paid on the Underlying Securities where the superannuation entity does not provide their TFN, ABN or proof of an exemption. As a result, a superannuation entity may be deemed to be borrowing in contravention of section 67 of the Superannuation Industry (Supervision) Act 1993 if it does not provide its TFN or ABN and a TFN Amount becomes due and payable to UBS. Accordingly, superannuation entities should not consider investing in UBS Rolling SFIs unless they intend to and are able to provide UBS with a TFN, ABN or proof of an exemption.

UBS Rolling SFIs are expected to come within the exception in section 67(4A) of SIS if acquired through a Cash Application or through purchase on ASX. **However, superannuation entities should obtain independent advice on the suitability of investing in instalment warrants such as UBS Rolling, including by taking into account the geared exposure to the Underlying Parcel acquired through UBS Rolling SFIs. No determination by the Regulators has been sought in respect of the UBS Rolling SFIs offered under this PDS and any relevant Supplementary PDS.**

Part 4: Fees and other costs

4.1 Fees and expenses that apply to UBS Rolling SFIs

The Interest Amount and Borrow Fee payable on issue of a Series of UBS Rolling SFIs is available by contacting UBS on **1800 633 100**. See Parts 2.2 and 2.3.3 for information about how the Interest Amount and Borrow Fee are respectively calculated.

4.2 Fees and payments to advisers

UBS may pay adviser fees of up to 3.0% (excluding GST) of the Completion Payment outstanding per UBS Rolling SFI to your financial adviser. Adviser fees are payable by UBS at its discretion out of its own funds on issue of UBS Rolling SFIs.

UBS may also pay adviser trail payments of up to 0.50% per annum (excluding GST) of the Completion Payment per UBS Rolling SFI for the term that you hold the investment. Adviser trail payments are payable by UBS at its discretion out of its own funds annually to your adviser.

4.3 Tax liabilities

As noted in Part 2.1.4, you will be liable to pay a TFN Amount to UBS where the Security Trustee is required to withhold and pay an amount to the ATO from any Ordinary Dividends or Special Dividends paid on the Underlying Securities where you do not provide your TFN, ABN or proof of an exemption.

4.4 Costs of enforcing Security Interest and transfer of Underlying Parcel on Final Maturity Date

UBS may enforce the Security Interest over UBS Rolling SFIs in certain circumstances, such as when you are liable to pay UBS a TFN Amount. If UBS exercises the Security Interest, you will incur any fees, costs, Taxes and liabilities incurred by UBS or the Security Trustee in connection with enforcing the Security Interest. You will also incur any fees, costs, Taxes and liabilities incurred by UBS or the Security Trustee in connection with the transfer of the Underlying Parcel to UBS on the Final Maturity Date where you have not given a valid and effective Completion Notice for the UBS Rolling SFI.

Part 5: Taxation summary

This summary has been prepared by Mallesons Stephen Jaques for the purposes of inclusion in this PDS. Any opinions expressed in this Part 5 are those of Mallesons Stephen Jaques. This summary sets out the views of Mallesons Stephen Jaques on the main Australian tax consequences for Australian resident individuals, companies and trustees of complying superannuation funds who acquire UBS Rolling SFIs otherwise than in the course of carrying on a business and who hold them on capital account.

Preliminary Comments

This Part contains a summary of some of the main Australian taxation consequences expected to arise for Australian resident taxpayers who are natural persons, companies or the trustees of complying superannuation funds, whose activities cannot be described as the conduct of a business of trading or dealing in shares or other marketable securities and who acquire and hold their UBS Rolling SFIs on capital account. (For example, Holders who acquire their UBS Rolling SFIs for the purpose of exercising them and holding the Underlying Parcel for long term investment should generally hold their UBS Rolling SFIs on capital account. In contrast, Holders who acquire UBS Rolling SFIs in the ordinary course of a business of trading or dealing in shares or other marketable securities, or for the purpose of disposing of them or the Underlying Parcel at a profit, should generally hold their UBS Rolling SFIs on revenue account.)

Except where otherwise expressly indicated, this Part is based on Australian tax laws, and the administrative practice of the Australian Taxation Office (“ATO”), as at the date of this PDS. However, the laws, their interpretation by the courts and administrative practice can change from time to time.

Importantly, this Part also assumes that Cash Applicants acquire their UBS Rolling SFIs for the purpose of producing assessable income and that Shareholder Applicants and Rollover Applicants apply any cash amount received for an assessable income producing purpose.

This Part does not cover the taxation consequences of corporate actions in respect of the Underlying Entity of the kind referred to in Part 2.7 of this PDS. Nor does it cover the tax

(including GST) consequences for an Investor who acquires their UBS Rolling SFIs in the course of carrying on a business of trading or dealing in shares or other marketable securities, or for the purpose of disposing of them or the Underlying Parcel at a profit, or for a non-resident Investor.

Potential investors should not rely on this summary but should seek their own taxation advice in relation to the taxation consequences of investing in UBS Rolling SFIs prior to making any investment decision, as those consequences may differ, depending on the investor’s own particular circumstances.

5.1 SUMMARY OF CONCLUSIONS

Subject to the general principles regarding the deductibility of interest and the capital protected borrowings rules (both of which are discussed below), and to the detailed comments below, the main expected tax consequences of acquiring and holding a UBS Rolling SFI may be summarised broadly as follows:

Deductibility of interest

- (a) Subject to paragraph (d) below, any Interest Amount which is prepaid by an individual who is a Cash Applicant or a Transferee in respect of a period no greater than 12 months should be deductible when paid, as long as the individual either does not incur the interest in carrying on a business or is a “small business entity” for the relevant year of income (see Part 5.3 below).
- (b) Any deductible Interest Amount which is prepaid by any other Cash Applicant or Transferee should be apportioned over the relevant interest period on a pro-rata basis (see Part 5.3 below).
- (c) The deductibility of any Interest Amount prepaid by a Shareholder Applicant or a Rollover Applicant depends on their particular circumstances (see Part 5.3 below).

Cost of Capital Protection

- (d) Under the rules related to capital protected borrowings, any original Applicant or Transferee of a UBS Rolling SFI may be treated as having purchased a notional put option (see Part 5.2 below). The deemed cost (if any) of that notional put option would effectively reduce the amount of an Interest

Part 5: Taxation summary

Amount which otherwise would be deductible (see Parts 5.2 and 5.3(a) below).

Distributions

- (e) Broadly, any distributions on the Underlying Parcel should be included in the Holder's assessable income as if the Underlying Parcel was directly held by the Holder, and generally the Holder should be entitled to any associated tax benefits such as franking credits (see Part 5.5 below).

Capital Gains Tax ("CGT")

- (f) A Cash Applicant and a Transferee should acquire the Underlying Parcel for CGT purposes at the time of issue or purchase of the UBS Rolling SFIs, respectively (see Part 5.14 below).
- (g) A Shareholder Applicant or Rollover Applicant neither acquires nor disposes of their Underlying Parcel for CGT purposes at the time of issue of the UBS Rolling SFIs (as the Holder will previously have acquired the Underlying Parcel to which the UBS Rolling SFI relates) (see Part 5.7 below).
- (h) The payment of the Completion Payment and the receipt of the Underlying Parcel should have no CGT consequences for the Holder in relation to the Underlying Parcel, as the Holder will be treated as already owning the Underlying Parcel (see Part 5.9 below).
- (i) The disposal of the UBS Rolling SFIs prior to the payment by the Holder of the Completion Payment should result in a disposal of the Underlying Parcel by the Holder for CGT purposes (see Part 5.10 below).
- (j) If the Holder rolls over their UBS Rolling SFI into a new UBS series (if available), the roll over should not involve a CGT Event for the Holder in relation to the Underlying Parcel (see Part 5.11 below).
- (k) If the Holder fails to pay the Completion Payment when required, the Holder should be deemed to have disposed of the Underlying Parcel for CGT purposes, and (though the wording of the legislation is not clear) by exercising any Notional Put Option (if applicable) (see Part 5.12 below).

- (l) Any Notional Put Option should be regarded as having expired on the date of payment of the Completion Payment, or earlier disposal of the UBS Rolling SFI, as the case may be, and also if the Holder fails to pay the Completion Payment when required but the Loan Amount is repaid in full to UBS. The deemed expiry should give rise to a capital loss to the Holder for CGT purposes, under CGT Event C2, equal to the amount (if any) of the deemed cost of the Notional Put Option (see Parts 5.9, 5.10 and 5.12 below).
- (m) The other consequences of a Transfer of a UBS Rolling SFI are dealt with in detail in Part 5.10 below.

Commercial debt forgiveness rules

- (n) None of the tax attributes of a Holder should be affected by the commercial debt forgiveness rules if the limited recourse feature of the Loan comes into effect.

5.2 IS THERE A DEEMED COST OF CAPITAL PROTECTION UNDER THE RULES IN THE CAPITAL PROTECTED BORROWINGS RULES?

Special rules relating to capital protected borrowings are contained in Division 247 of the Tax Act. Where a "capital protected borrowing" exists, a portion of a Holder's total expenses in relation to that "capital protected borrowing" may be treated for tax purposes as the cost of capital protection in respect of the Loan.

Because the Loan is a limited recourse facility, it is a "capital protected borrowing" for the purposes of the capital protected borrowing rules. Accordingly, the Holder will be required to determine each year whether the Holder has a capital protected borrowing cost for that year under the method statement in section 247-20(3) of the 1997 Tax Act that gives rise to a notional put option under section 247-20(6) of that Act. Thus, even though a UBS Rolling SFI does not confer an explicit put option on a Holder, in certain circumstances the rules can deem the Holder to have incurred an amount for a notional put option granted by UBS.

The rules are very specific for a capital protected borrowing entered into on or after 1 July 2007 and also involve a different methodology for fixed rate, compared to variable rate, loans. In determining which methodology to apply, a

Part 5: Taxation summary

Holder should assume that a UBS Rolling SFI involves a series of fixed rates for the period of up to one year to which each prepayment of interest relates (and not a variable rate for either the whole or any part of the term of the UBS Rolling SFI). On that basis, the application of the rules to a UBS Rolling SFI is summarised below.

How to determine if there is a Deemed Cost of a Notional Put Option under the capital protected borrowing rules

Broadly, under the capital protected borrowing rules, if an Applicant or Transferee:

- (a) has incurred costs in an income year in respect of the UBS Rolling SFI ("**Total Costs**" (described in detail further below)); and
- (b) the Total Costs exceed the total amount of interest that would have been incurred for the income year on a borrowing equal to the Loan Amount as at the Issue Date (or, in the case of a Transferee, the Transfer Date) or the relevant Annual Interest Date (including as increased by the Interest Amount on that Annual Interest Date), as the case may be, at the Reserve Bank of Australia's Indicator Rate for Personal Unsecured Loans—Variable Rate (which may change when legislation is enacted, see (ii) below) on the date on which the relevant pre-paid Interest Amount was incurred (ie the Issue Date/Transfer Date or the relevant Annual Interest Date, as the case may be) ("**Incurred Date Benchmark Rate**"),

then the excess amount (the "**capital protected borrowing cost**") would be deemed to be an amount paid to acquire a notional put option ("**Notional Put Option**"), under the so-called "ongoing methodology" in the capital protected borrowing rules.

Note, in respect of paragraph (b) above:

- i. Typically, an Applicant and a Transferee will incur two Interest Amounts in the income year in which they acquire their UBS Rolling SFI: one for the period from the date of acquisition up until the next Annual Interest Date, and a second for the period from that Annual Interest Date until the succeeding Annual Interest Date or the Final Maturity Date (as the case may be). Accordingly, in that income year, the Applicant or Transferee

should make a separate calculation for each period using a separate Incurred Date Benchmark Rate (even though the Rate may be the same as at the different incurred dates), and then aggregate them for the purpose of determining the total amount of interest.

- ii. The Federal Government announced in the 2008-09 Budget that the benchmark indicator rate in the capital protected borrowing rules would be changed to the Reserve Bank of Australia's Indicator Variable Rate for Standard Housing Loans, for arrangements entered into after 7.30pm AEST on 13 May 2008. If this change is implemented as announced, it will change the calculation of the capital protected borrowing cost amount in (b) above. No legislation has been introduced or enacted in this regard as at the date of this PDS and the ATO has announced that it will continue to apply the existing law until the relevant legislative amendments have been made which should have retrospective effect by applying to any arrangements entered in after 7:30pm AEST on 13 May 2008. Further, the Federal Government has recently announced that it proposes to introduce the Tax Laws Amendment (2009 Measures No 2) Bill into parliament in the Autumn 2009 sitting, through which the capital protected borrowing provisions should be amended.

For this purpose, the Holder's "Total Costs" for an income year include all amounts (whether revenue or capital in nature) incurred by the Holder in respect of the UBS Rolling SFI for that income year. However, the Holder's Total Costs do not include amounts that are not for capital protection or interest. The Total Costs of:

- a Cash Applicant, a Shareholder Applicant or a Rollover Applicant should include any Interest Amounts incurred in the income year, but not any Borrow Fee or Taxes; and
- a Transferee should include any Interest Amounts incurred in the income year, but not any Transfer Costs or Taxes.

5.3 IS THE INTEREST AMOUNT DEDUCTIBLE?

Subject to the comments in paragraphs (a) to (c) below, any prepaid Interest Amount on so much of the funds borrowed on the Issue Date (in the

Part 5: Taxation summary

case of an Applicant) or on the Transfer Date (in the case of a Transferee) under the Loan should be allowed as a deduction if:

- a Cash Applicant or Transferee acquires their UBS Rolling SFIs for the purpose of producing assessable income; or
- a Shareholder Applicant applies the “excess Loan Amount” (referred to below) to produce assessable income; or
- a Rollover Applicant applies the funds borrowed under the Loan to repay the amount outstanding under the loan for the Existing Instalment, and, to the extent that the Rollover Applicant has an “excess Loan Amount” (referred to below), applies that “excess Loan Amount” to produce assessable income.

For a Shareholder Applicant, the “excess Loan Amount” is the proceeds of the Loan remaining after payment of their Interest Amount, Borrow Fee (if any) and Taxes. For a Rollover Applicant, the “excess Loan Amount” is the proceeds of the Loan remaining after payment of their Interest Amount, Borrow Fee (if any) and the Final Instalment on any Eligible Instalments.

(a) *Capital protected borrowing rules*

If in any income year the Holder has a capital protected borrowing cost (under the ongoing methodology referred to in Part 5.2 above), a portion of the Interest Amount equal to the capital protected borrowing cost would not be deductible in that income year. (Instead, it should be treated as the cost of a Notional Put Option.)

(b) *Borrowing not incurred to produce assessable income*

The amount of an interest deduction might be further reduced, or denied, if the Holder’s purpose in incurring the Interest Amount was other than to produce assessable income (for example, under section 51AAA of the Tax Act, if, or to the extent that, the purpose was to produce capital gains).

(c) *Prepayment rules*

If a deductible prepaid Interest Amount relates to a borrowing period that ends after the income year in which the interest prepayment is made, the interest prepayment will generally be fully deductible in the year of payment if:

- (i) the amount of the payment is less than \$1,000; or

- (ii) the Holder either is an individual who does not incur the prepaid interest in carrying on a business or is a “small business entity” (for the purposes of Division 328 of the Tax Act) for the relevant year of income and in either case the period to which the interest prepayment relates is 12 months or less.

In other cases, generally a Holder must spread the deduction on a straight line basis over the entire period to which the interest prepayment relates.

However, a Shareholder Applicant or Rollover Applicant will not be entitled to the full deduction in the year of payment, but instead must spread the deduction on a straight line basis over the entire period to which the prepayment relates, if the Shareholder Applicant or Rollover Applicant applies the “excess Loan Amount” in relation to a “tax shelter arrangement”. (Generally, negatively geared investments in real property, interests in real property, units in certain widely held unit trusts or listed shares would not be “tax shelter arrangements”.)

5.4 IS A BORROW FEE DEDUCTIBLE?

Provided an Applicant acquires their UBS Rolling SFIs for the purpose of producing assessable income, the Borrow Fee, being a payment for UBS making the Loan available, should be deductible to the Holder under section 25-25 of the Tax Act. If the relevant Borrow Fee is greater than \$100, section 25-25 requires the deduction for the Borrow Fee to be spread on a straight line basis over the shorter of the term of the Loan and five years. If the Loan ends before the Borrow Fee has been fully deducted, the Holder should be entitled to a deduction in the income year in which the Loan ends equal to any part of the Borrow Fee that has not been deducted in a previous income year.

5.5 HOW ARE DISTRIBUTIONS TO BE TREATED FOR TAX PURPOSES?

Broadly, all of the distributions in respect of the Underlying Parcel while the Underlying Parcel is the subject of the Separate Trust should be considered to have been received by the Holder as they are made, as if the Holder directly held the Securities in the Underlying Parcel, and notwithstanding that they are applied to reduce the Loan Amount. Specific issues are outlined below. The exact consequences depend on

Part 5: Taxation summary

whether the Underlying Securities comprise shares in a company or units in a trust.

Dividends

Where the Securities in the Underlying Parcel are shares, Dividends will be in the form of a dividend or other distributions in respect of the shares.

Where a dividend or other distribution is franked, the Holder should include in their assessable income the amount of the Dividend and the franking credit attaching to the dividend. A Holder should generally be allowed a tax offset equal to the franking credit. This offset should reduce the tax liability of the Holder to the extent that the Holder has such a liability. Holders who are resident individuals or complying superannuation entities and who receive franking tax offsets in excess of their tax liability should be entitled to a refund of those excess tax offsets. Holders who are companies will not be entitled to a refund of any excess franking tax offsets, but may be entitled, in effect, to convert any excess tax offsets into tax losses.

However, this treatment assumes that the franking/imputation anti-avoidance provisions (which are aimed at ensuring that the benefit of the franking credits is available only to the true economic owner of the shares) do not apply. Potential investors and Holders should seek their own taxation advice in relation to the potential application of those provisions to their own particular circumstances from year to year.

Distributions from public trading trusts or corporate unit trusts

Where the Underlying Parcel is a unit in a trust that is a public trading trust or a corporate unit trust for the purposes of the Tax Act, distributions should be treated for tax purposes as if they were dividends or other distributions in respect of shares (that is, as described under the heading "Dividends" above).

Distributions from trusts that are not public trading trusts or corporate unit trusts

Where the Securities in the Underlying Parcel are units in a trust other than a public trading trust or a corporate unit trust, the tax treatment of the distribution of income or capital will depend on the character of the amount in the trustee's hands before it was distributed to the Holder.

If the distribution represents an amount that was dividend income in the trustee's hands, the tax consequences for the Holder of receiving the distribution should be the same as if the distribution were a dividend (see under the heading "Dividends" above). However, the application of the franking/imputation anti-avoidance provisions is even more complicated than where the Securities are shares.

If the distribution represents an amount that was a capital gain in the trustee's hands, broadly, the distribution should be treated as a capital gain for the Holder. The capital gain may be offset against revenue or capital losses of the Holder. Where the capital gain has been treated as a discount capital gain by the trustee before distribution, the Holder will be required to gross up the discount capital gain for the purposes of offsetting any capital losses, before applying the CGT discount to any remaining discount capital gains.

If the distribution represents an amount that was not included in the taxable income of the trust (for example, an amount that was capital in the trustee's hands or that represents tax deductions available to the trust and which is typically referred to as a "tax deferred distribution"), the distribution will reduce the cost base of the Holder's units in the trust which are included in the Underlying Parcel. However, once the cost base has been reduced to zero, any excess distribution is assessable in full as a capital gain.

Interest refund if a Special Dividend is paid

Any Interest Refund paid by UBS to the Holder, consequent upon the payment of a Special Dividend in respect of an Underlying Security, will be assessable income to the Holder in the year of receipt, to the extent that the Holder has been entitled to a deduction for payment of the relevant Interest Amount.

5.6 WHAT IS THE HOLDER'S COST BASE IN THE UNDERLYING PARCEL FOR CGT PURPOSES?

The following comments assume that both the prepaid Interest Amount and any Borrow Fee are deductible in full to the Applicant. (If this is not the case, a Holder should seek their own specific advice on the taxation consequences for themselves.)

(a) Cash Applicant

Part 5: Taxation summary

The cost base for CGT purposes (see Part 5.14 below) of a Cash Applicant in the Security which is comprised in the relevant Underlying Parcel should be equal to the amount paid by the Security Trustee to acquire the Security and any other incidental costs incurred in acquiring the Underlying Parcel. This is calculated as:

- (i) the sum of the First Payment, the Loan Amount and any incidental costs;
- (ii) less the sum of the Interest Amount and the Borrow Fee.

(b) Shareholder Applicant or Rollover Applicant

The cost base in the Underlying Parcel:

- for a Shareholder Applicant is, broadly, whatever the Shareholder Holder originally paid or gave to acquire the Underlying Parcel and any incidental costs incurred in that regard; and
- for a Rollover Applicant is determined as set out in the PDS for the Existing Instalment. A Rollover Applicant should not include any Rollover Payment to UBS in their cost base. (The effect of the Rollover Payment is merely to reduce the amount of the Loan in respect of the Underlying Parcel or to meet the Interest Amount, the Borrow Fee, Taxes or the Final Instalment on the Existing Instalment.)

The Shareholder Applicant or Rollover Applicant already holds the Underlying Parcel and may acquire another asset ("3rd Asset") with the "excess Loan Amount" (if any) (referred to in Part 5.3 above). The cost base in the 3rd Asset would include so much of the "excess Loan Amount" as is applied to acquire the 3rd Asset.

(c) Transferee

The cost base of a Transferee in the Underlying Parcel is the sum of the amount that the Transferee pays to the Transferor and the Loan Amount advanced by UBS to the Transferee at the time of Transfer, less the prepaid Interest Amount incurred by the Transferee at that time.

5.7 WHAT HAPPENS WHEN A SHAREHOLDER APPLICANT OR ROLLOVER APPLICANT TRANSFERS THEIR UNDERLYING PARCEL TO THE SECURITY TRUSTEE?

The transfer of the Underlying Parcel to the Security Trustee by a Shareholder Applicant or Rollover Applicant should not result in a CGT Event happening for CGT purposes.

5.8 WHAT HAPPENS WHEN A ROLLOVER APPLICANT TRANSFERS AN EXISTING INSTALMENT TO THE SECURITY TRUSTEE?

The transfer of an Existing Instalment to the Security Trustee should not result in a CGT Event happening for CGT purposes.

The Rollover Applicant's explicit or notional put option (if any) in respect of their Existing Instalment will cease when the Applicant "rolls over" to the UBS Rolling SFI. The Applicant may thereby realise a capital loss equal to the cost base of any explicit or notional put option in respect of the Existing Instalment.

5.9 WHAT HAPPENS IF THE HOLDER PAYS THE COMPLETION PAYMENT ON OR BEFORE THE FINAL MATURITY DATE AND SUBSEQUENTLY RECEIVES THE UNDERLYING PARCEL?

The Completion Payment is an amount equal to the aggregate of the outstanding Loan Amount .

If the Holder pays the Completion Payment, the Underlying Parcel should be delivered to the Holder. No CGT Event will occur for CGT purposes when the legal title to the Underlying Parcel is transferred by the Security Trustee to the Holder.

Under the capital protected borrowing rules, although the position is not clear, any Notional Put Option should be taken to have expired at the end of the term of a Loan if the Holder has repaid the full Loan Amount to UBS (including if the Holder pays the Completion Payment). In these circumstances, the Holder should realise a capital loss equal to the cost base (if any) of the Notional Put Option. (The cost base of the Notional Put Option is described in Part 5.2 above.)

5.10 WHAT HAPPENS IF THE HOLDER TRANSFERS THEIR UBS ROLLING SFIs BEFORE THE FINAL MATURITY DATE?

On Transfer, the Transferor:

- disposes of their interest in the Underlying Parcel to the relevant Transferee (subject to the Security Interest);
- obtains from UBS an Interest Refund, which is applied to reduce the Loan Amount;
- may be required to pay to UBS, or be entitled to receive from UBS, Transfer Costs (any Transfer Costs payable by UBS to the

Part 5: Taxation summary

Transferor are applied to reduce the Loan Amount); and

- repays the outstanding Loan Amount to UBS in full, as a result of the application of a new Loan made by UBS to the Transferee.

On Transfer, separate CGT events happens for the Transferor in respect of the Underlying Parcel and any Notional Put Option.

(a) Underlying Parcel

At the time that the contract for the Transfer of the UBS Rolling SFIs is entered into, CGT Event A1 should happen, as the Holder would be taken to have disposed of their beneficial interest in the Underlying Parcel.

This should result in the Holder realising:

- (i) a capital gain, to the extent that the capital proceeds received are more than the cost base of the Underlying Parcel; or
- (ii) a capital loss, to the extent that the reduced cost base of the Underlying Parcel is less than the capital proceeds.

The capital proceeds will include the amount received (or that is receivable) from the Transferee plus the Loan Amount, reduced by any Interest Refund.

The cost base of the Underlying Parcel for the Transferor will be as described in Part 5.6 above, plus any Transfer Costs the Transferor is required to pay to UBS.

In the case of a Shareholder Applicant or a Rollover Applicant, they would need to determine and consider when they acquired their relevant Underlying Parcel or their beneficial ownership of the relevant Underlying Parcel, respectively, in order to determine whether the disposal satisfies the 12 months requirement outlined in Part 5.14 below in determining whether any capital gains realised on the disposal of UBS Rolling SFIs are eligible for the CGT discount capital gains concession.

In the unexpected and rare case where the sale price of the Underlying Parcel is less than the Secured Monies (the difference being the “deficit amount”), the ATO may require a non-business Cash Applicant or Transferee to reduce the cost base of their Underlying Parcel by the deficit amount. Other types of Holders may also be

subject to tax consequences in respect of this deficit amount.

(b) Notional Put Option

At the time that the contract for the Transfer is entered into, the Notional Put Option should be taken to have expired and the Transferor should make a capital loss equal to the deemed cost base of the Notional Put Option (described in Part 5.2 above).

(c) Interest Refund

Any Interest Refund paid by UBS to the Transferor will be assessable income to the Transferor in the year of receipt, to the extent that the Transferor has been entitled to a deduction for payment of the relevant Interest Amount.

5.11 WHAT HAPPENS IF THE HOLDER ROLLS OVER THEIR UBS ROLLING SFIS INTO A NEW UBS SERIES (IF AVAILABLE)?

The transfer of a UBS Rolling SFI by the Holder to the Security Trustee in respect of the new UBS series (if available) should not result in a CGT Event happening in relation to the transfer of the Underlying Parcel.

However, the Holder’s Notional Put Option (if any) in respect of their UBS Rolling SFI would cease when the Holder “rolled over” to the new UBS series (if available). The Holder may thereby realise a capital loss equal to the cost base of any UBS Rolling SFI Notional Put Option (see Parts 5.2 and 5.3(a) above).

5.12 WHAT HAPPENS IF THE HOLDER DOES NOTHING ON THE FINAL MATURITY DATE (INCLUDING AN EARLY FINAL MATURITY DATE)?

On the Final Maturity Date (including an Early Final Maturity Date) the Holder can pay the Completion Payment (see Part 5.9 above), roll their UBS Rolling SFIs into a new Series of UBS instalments (if available) (see Part 5.11 above), or do nothing and receive the Assessed Value Payment (if any).

If the Holder does nothing:

1. For CGT purposes, (but subject to the next dot point) the Holder will be taken to have disposed of the Underlying Parcel to UBS. For this purpose, the capital proceeds will be the sale price of the Underlying Parcel payable by UBS under Part 2.6.2(b) of this PDS and the

Part 5: Taxation summary

cost base will be as described in Part 5.6 above. In addition, under the capital protected borrowing rules, although the position is not clear, any Notional Put Option should be taken to have expired if the Loan Amount is repaid in full to UBS. In these circumstances, the Holder should incur a capital loss equal to the cost base (if any) of the Notional Put Option. The cost base of the Notional Put Option is as described in Part 5.2 above.

2. In the unexpected and rare case where the sale price of the Underlying Parcel is less than the Secured Monies (the difference being the "shortfall"), the Holder will not be required to pay the shortfall. But, if, under the capital protected borrowing rules, the Holder is deemed to have acquired a Notional Put Option, then the capital protection under the UBS Rolling SFI will be taken to have been invoked. Accordingly, the Underlying Parcel that is sold to UBS should be taken to have been disposed of by the Holder, as the result of the exercise of any Notional Put Option (if applicable). In these circumstances, the Holder should be taken to have made a capital loss in respect of the disposal of the Underlying Parcel equal to the aggregate of Holder's cost base in the Underlying Parcel plus the cost base in any Notional Put Option and any incidental costs, less the sale price of the Underlying Parcel. However, the ATO may require a non-business Cash Applicant or Transferee to reduce the cost base of their Underlying Parcel by the shortfall amount. Other types of Holders may also be subject to tax consequences in respect of this shortfall amount.

5.13 WHAT HAPPENS IF THERE IS AN EARLY FINAL MATURITY DATE, INCLUDING IF UBS ELECTS TO TERMINATE THE UBS ROLLING SFI ON AN ANNUAL INTEREST DATE?

If UBS elects (with the consent of the ASX) an Early Final Maturity Date, other than a termination by UBS on an Annual Interest Date instead of rolling the UBS Rolling SFI for another year (see below) then, in addition to the normal consequences described in Part 5.9, 5.11 or 5.12, as the case may be, any Interest Refund paid by UBS to the Holder will be assessable income to the

Holder in the year of receipt, to the extent that the Holder has been entitled to a deduction for payment of the relevant Interest Amount.

If UBS terminates the UBS Rolling SFI on an Annual Interest Date instead of rolling the UBS Rolling SFI for another year, no Interest Refund should be required to be made to the Holder. Accordingly, the normal consequences described in Part 5.9, 5.11 or 5.12 above should apply. If an Interest Refund is due to the Holder in these circumstances, the same consequences as described in the previous paragraph should apply to the Holder.

5.14 CAPITAL GAINS TAX ("CGT")

The capital gains tax provisions in the Tax Act apply if a "CGT event" stipulated in the Tax Act occurs.

A capital gain will arise for a taxpayer if the "capital proceeds" received in respect of the occurrence of a relevant CGT event are greater than the "cost base" of the asset which is the subject of the CGT event. A capital loss will arise if the "reduced cost base" (which, in most cases, is equal to (and in the remainder of this Part, unless otherwise expressly indicated, is assumed to equal) the "cost base") exceeds the "capital proceeds".

If a capital gain arises and the asset has been held for at least 12 months (excluding the acquisition and disposal dates) prior to the date of the CGT event, the taxpayer may be able to claim the discount capital gains concession, which reduces the nominal capital gain by 50% for individuals and trusts and by 33⅓% for complying superannuation entities.

This Part 5 assumes that (as in the case of other instalment warrants) the ATO accepts that, even though the Underlying Securities are held by the Security Trustee on trust for the Holder, the Holder is to be treated as holding the Underlying Parcel for capital gain tax purposes.

The date of acquisition of the beneficial interest in the Underlying Parcel in the case of a Cash Applicant is the date of acceptance of their application by UBS. In the case of a Transferee, the date of acquisition is the date of the contract for the Transfer of the UBS Rolling SFIs.

As was noted above, in the case of a Shareholder Applicant or a Rollover Applicant, they would

Part 5: Taxation summary

need to determine and consider when they acquired their relevant Underlying Parcel or their beneficial ownership of the relevant Underlying Parcel, respectively, in order to determine whether the disposal of their UBS Rolling SFIs or the relevant Underlying Parcel satisfies the 12 months requirement outlined above in order for any disposal of their UBS Rolling SFIs to be eligible for the discount capital gains concession.

Capital losses cannot be used to reduce the tax payable on ordinary income, but they can be offset against any capital gains arising in the current or future income years.

5.15 WILL THE COMMERCIAL DEBT FORGIVENESS RULES AFFECT THE TAX ATTRIBUTES OF THE HOLDER IF THE LIMITED RECOURSE FEATURE OF THE LOAN COMES INTO EFFECT?

If the limited recourse feature of the Loan comes into effect, there should be a commercial debt forgiveness under Schedule 2C to the Tax Act. However, despite this, none of the tax attributes of Holders of such Loans should be adjusted under the commercial debt forgiveness rules as a result of that commercial debt forgiveness. This is because there should be no “net forgiven amount” in respect of such a commercial debt forgiveness to be applied against the tax attributes of such a Holder, due to the operation of the special rule that applies to non-recourse debts in section 245-60 of Schedule 2C to the Tax Act.

5.16 PROPOSED REGIME FOR TAXATION OF FINANCIAL ARRANGEMENTS

On 4 December 2008, the Tax Laws Amendment (Taxation of Financial Arrangements) Bill 2008 (“TOFA Bill”) was introduced into the Federal Parliament. The new rules (if enacted) would represent a new regime for the taxation of gains and losses from financial arrangements.

The TOFA Bill states that generally the proposed new rules are to apply to financial arrangements entered into from the first tax year beginning on or after 1 July 2010. (However, under the TOFA Bill, a taxpayer may elect for the new rules to apply to all financial arrangements that the taxpayer starts to have in the income years commencing on or after 1 July 2009.) Under the TOFA Bill, a taxpayer may also elect for the new rules to apply to all financial arrangements existing at the start date.

Individuals are generally excluded from the new rules if:

- (a) the arrangement is to end not more than 12 months after they start to have it; or
- (b) the arrangement is not a “qualifying security” for the purposes of Division 16E in Part III of the Tax Act.

Based on the TOFA Bill, the new regime should not apply to the Holder of a UBS Rolling SFI who is an individual, unless the Holder elects for the new regime to apply.

The new regime may also not apply to a Holder of a UBS Rolling SFI that is not an individual if either paragraph (a) or (b) above is satisfied and the entity is (very broadly):

- (a) a superannuation entity or a managed investment scheme with assets of less than \$100 million;
- (b) a financial entity with an aggregated turnover of less than \$20 million; or
- (c) any other kind of entity with an aggregated turnover of less than \$100 million, financial assets of less than \$100 million and total assets of less than \$300 million,

unless they elect for the new regime to apply.

Other Holders may be subject to the new regime. Prospective investors and Holders should seek their own advice in relation to the potential applicability of the proposed rules contained in the TOFA Bill in light of their own particular circumstances.

5.17 GST

Generally, GST applies to the supply of goods, services or other things. A range of supplies are input tax “financial supplies” and are not subject to GST.

No direct GST implications should arise to a Holder where the supplies they acquire or make as a result of their investment in a UBS Rolling SFI do not relate to the carrying on of an enterprise (which includes, among other things, an activity or series of activities in the form of a business or trade).

A Holder should seek and rely on their own GST advice where the supplies they acquire or make in connection with their investment in a UBS Rolling

Part 5: Taxation summary

SFI relate to the carrying on of an enterprise by them.

5.18 STAMP DUTY

Assuming that the UBS Rolling SFIs and the relevant Underlying Securities will be quoted on the ASX at the time of the relevant transaction, there should be no stamp duty payable in respect of:

- the issue or creation of UBS Rolling SFIs;
- the on-market transfer of a UBS Rolling SFI as a consequence of the on-market purchase or sale of a UBS Rolling SFI;
- any transfer of an Underlying Security to the Security Trustee on acceptance of an Application by UBS;
- the transfer of Underlying Securities to a Holder on or following payment of the Completion Payment;
- the Loan; or
- the Security Interest.

The comments in this Part 5.18 assume that:

- no person (together with their “related persons” for the purpose of stamp duty law) holds 90% or more of the Underlying Securities in that Underlying Entity; and
- where the Underlying Entity is a unit trust scheme, provided it has (i) not less than 50 unrelated unitholders, and (ii) no fewer than 20 unitholders in that Underlying Entity are beneficially entitled to 75% or more of the total issued Underlying Securities (where “related persons” are treated as a single holder for the purposes of stamp duty law).

5.19 TFN/ABN

As outlined in Parts 2.1.4 and 3.9 of this PDS, if the Holder does not provide the Security Trustee with their TFN or ABN (as applicable) or proof of an exemption, the Security Trustee may be required to withhold an amount from any dividends or distributions paid on the Underlying Securities.

Part 6: Description of UBS and Security Trustee

The information in this Part 6 is intended to be a brief summary only of UBS and the Security Trustee. Investors must make their own assessment of the ability of UBS and the Security Trustee to meet their obligations in relation to the UBS Rolling SFIs.

6.1 UBS AG, Australia Branch

UBS AG was formed on 29 June 1998 from the merger of Swiss Bank Corporation and Union Bank of Switzerland. UBS AG is the largest Swiss bank and one of the strongest financial institutions in the world. Securities in UBS AG are listed on the New York, Zurich and Tokyo Stock Exchanges.

UBS AG established its Australian Branch on 1 January 2004. UBS AG, Australia Branch is a foreign Authorised Deposit-Taking Institution under section 9 of the *Banking Act 1959* (Cth). It is therefore regulated by the Australian Prudential Regulation Authority.

UBS will provide a copy, free of charge, of any of the following documents to any person who requests such copies during the life of this PDS, by contacting the Warrants Operations Team on 02 9324 2606:

- the latest available annual financial report of UBS; and
- the latest available half-yearly financial report of UBS.

Rating Agencies

UBS is rated by Standard & Poor's, Fitch Ratings and Moody's Investors Service. Current ratings are available from various sources including the ASX, brokers and UBS.

The rating agencies do not independently verify information provided to them by UBS, and therefore, the rating agencies make no representation or warranty with respect to the accuracy of their ratings. The rating agencies have not been involved in the preparation, or authorised the issue of, this PDS.

Investors should note that credit ratings assigned by the rating agencies address only credit risk, which is only one element of any investment decision. Ratings are not recommendations to

buy, hold or sell any UBS Rolling SFIs. By publishing a rating, the rating agencies are not inducing or advising investors to take any action with respect to UBS Rolling SFIs or any other security or financial product. Ratings and rating reports should not be construed as investment advice, personalised or other. Accordingly, each investor should conduct their own evaluation of UBS Rolling SFIs and consult with their investment advisers.

Ratings are subject to change or withdrawal at anytime, and such change or withdrawal is within each rating agency's sole discretion.

6.2 SECURITY TRUSTEE

The Security Trustee is the trustee of the Separate Trusts and holds the Underlying Securities on trust for the Holder. The Security Trustee is a wholly owned subsidiary of UBS and holds an Australian financial services licence number 231088. Its principal activities are to act as a custodian.

Part 7: Summary of Terms of UBS Rolling SFIs

This summary of the terms of the Instalment Deed does not purport to be a comprehensive summary of all the terms of the Instalment Deed but highlights particular provisions that UBS wishes to encourage prospective investors to consider in detail and discuss with their professional advisers. Prospective investors should contact their financial adviser or UBS in order to obtain a copy of the complete Instalment Deed.

Clause references are to clauses in the Instalment Deed.

7.1 Structure

UBS (as issuer) and UBS Nominees Pty Limited (as Security Trustee) are parties to the Instalment Deed. The Instalment Deed sets out the terms of issue of any UBS Rolling SFIs offered under this PDS and any relevant Supplementary PDS.

Pursuant to the Instalment Deed, the Security Trustee will execute a Nominee Deed in respect of UBS Rolling SFIs issued under the Instalment Deed and this PDS and any relevant Supplementary PDS. Under the Nominee Deed, the Security Trustee undertakes to hold each Underlying Parcel transferred to the Security Trustee (or its nominee) by UBS, or an Applicant, as bare trustee for the Applicant on a Separate Trust until the Final Maturity Date or, if earlier, payment of the Completion Payment.

The Security Trustee may appoint a nominee to hold the Underlying Security and Accretions on trust. Each Separate Trust will terminate on the Security Trustee (or its nominee) ceasing to hold the legal title to the Underlying Security. The Security Trustee is a wholly owned subsidiary of UBS, and has a limited range of discretions, choices and responsibilities beyond those required by the ASX Market Rules, the ASX Listing Rules and the ASTC Settlement Rules.

7.2 Copies of the Instalment Deed

The Instalment Deed (which includes as a schedule the form of the Nominee Deed) is available for inspection at the Office. A copy of the Instalment Deed is available free of charge by contacting UBS on 1800 633 100.

The following is a summary of the material terms of the Instalment Deed.

7.3 Interpretation (clause 1)

The Instalment Deed has been prepared such that the UBS Rolling SFIs to be issued conform to the ASX Market Rules and the ASTC Settlement Rules, and the Instalment Deed is to be interpreted so that it conforms to any applicable relief on which UBS wishes to rely under the Corporations Act, ASX Market Rules or ASTC Settlement Rules.

7.4 Rights and Obligations of the Holder (clause 1)

Each Holder is entitled to the benefit of the obligations of the Security Trustee and UBS under the Instalment Deed. Each Holder is bound by the Instalment Deed.

7.5 Application process of UBS Rolling SFIs (clause 2)

The Instalment Deed contains provisions which set out the process for applying for UBS Rolling SFIs. This process is described in Part 2.3 of this PDS and differs depending on whether the Applicant is a Cash Applicant, Shareholder Application or Rollover Applicant.

7.7 The Separate Trusts (clause 3)

Each Holder is the beneficiary under a Separate Trust established under the Nominee Deed in relation to each Underlying Security corresponding to the UBS Rolling SFI held by the Holder.

The Security Trustee must keep separate and must not pool the interests or property of or in the Separate Trusts. However, it may aggregate holdings in certain circumstances and deposit monies in respect of the Separate Trusts into the same bank account.

Each UBS Rolling SFI corresponds to an individual Underlying Security registered in the name of the Security Trustee, and UBS must allocate or cause to be allocated discrete numbers to each Underlying Security and its related UBS Rolling SFI.

Where a Completion Notice is given in respect of some but not all of a Holder's UBS Rolling SFIs, or if the amount or proceeds of a cheque for a Completion Payment is insufficient, or a Disposal Event happens in relation to some but not all of a Holder's Underlying Securities, the Security Trustee or UBS may determine which of the Underlying Parcels will be retained and remain subject to any Security Interest.

Part 7: Summary of Terms of UBS Rolling SFIs

No Encumbrance (except for any Security Interest) may be created or permitted to subsist in respect of the Underlying Parcel.

7.8 No Third Party Interests (clause 3)

No person may control the transfer or disposal of Underlying Securities (other than the Holder and the Security Trustee in accordance with the Instalment Deed or the Nominee Deed) except in certain circumstances which includes for the purposes of complying with the Instalment Deed in relation to the UBS Rolling SFIs, or pursuant to the Security Interest.

7.9 Holding statements (clause 4)

UBS does not have to issue a certificate evidencing the Holder's title to a UBS Rolling SFI but it must comply with the ASTC Settlement Rules governing CHESS and the ASX Market Rules concerning the issue of notices relating to the UBS Rolling SFIs.

Each Holder, however, will receive a holding statement concerning the Holder's UBS Rolling SFIs as required by the Corporations Act, the ASX Market Rules and the ASTC Settlement Rules.

7.10 The Register (clause 4)

UBS must establish and maintain, or direct the Registrar to establish and maintain, a Register of Holders in respect of each Series.

The Register must be open at all reasonable times during business hours on Business Days for inspection by Holders. Except as required by law, no notice of any trust will be entered in the Register.

7.11 Transfer (clause 5)

No fee will be charged for the registration of a Transfer of UBS Rolling SFIs.

Transfers must be in accordance with Division 4 of Part 7.11 of the Corporations Act and the applicable ASTC Settlement Rules. The Transfer takes effect on the name of the Transferee being entered into the Register.

The Instalment Deed contains provisions which set out process for transferring UBS Rolling SFIs. This process is described in Part 2.4 of this PDS.

7.12 Record Dates (clause 6)

UBS must use reasonable endeavours to ensure that the Registrar fixes Record Dates at the same time (or as nearly as possible) as fixed by the

relevant Underlying Entity for Dividends and other entitlements in respect of Underlying Parcels.

Division 4 of Part 7.11 and Regulation 7.11.39 of the Corporations Regulations apply as far as possible to determine the entitlement of Holders to Dividends and Accretions.

7.13 Annual Interest Dates (clause 6)

UBS, the Holder and Security Trustee agree to do all things contemplated by the Loan Agreement in respect of the Annual Interest Drawdown Procedure.

7.14 Ordinary Dividends and Special Dividends (clause 7)

Where the relevant Underlying Entity pays an Ordinary Dividend or Special Dividend wholly or partly in cash, subject to withholding tax obligations, the Security Trustee must pay the cash amount of that distribution to UBS as soon as practicable after receipt and clearance of the distribution. UBS must apply the distribution to reduce the Loan Amount on the relevant UBS Rolling SFI. The amount remaining (if any) is paid to the Holder.

If a Holder holds UBS Rolling SFI as trustee of a trust, the Holder must immediately notify the Registrar and, if required, provide to the Security Trustee all information required for the Security trustee to make a "correct UB (ie ultimate beneficiary) statement" under section 102UG of the Tax Act. The Security Trustee must, at the direction of UBS, take all reasonable action to disclose to the Holder information necessary to determine their entitlement of any franking credit or tax offset.

If a distribution is paid to the Security Trustee after the Final Maturity Date in respect of an Underlying Parcel for which a valid Completion Notice has been given, or which has been disposed of ex-distribution by the Security Trustee, then the cash amount of the distribution will be payable by the Security Trustee to the Holder, but not otherwise.

The Instalment Deed contains provisions which may require a TFN Amount to be paid to UBS as described in Part 2.1.4 of this PDS.

The Security Trustee and the Holder will not participate in any dividend reinvestment plan or other distribution plans in relation to an Underlying Security.

Part 7: Summary of Terms of UBS Rolling SFIs

7.15 Voting (clause 8)

Holders are not entitled to receive notices of meetings or attend at any meeting of members of the relevant Underlying Entity or compel the Security Trustee to attend or speak on behalf of the Holder.

The Security Trustee may not vote in respect of an Underlying Security at any meeting of members of an Underlying Entity.

7.16 Security Interest (clause 9)

UBS has an equitable mortgage over the trust property (including each Underlying Security and Accretion) of each Separate Trust granted to it by the Security Trustee. This Security Interest secures the repayment of the Secured Monies, and UBS has a first right to receive the Secured Monies from the net proceeds of sale or any Underlying Parcel.

If the Loan is not repaid by the Final Maturity Date, the Holder is liable to pay a TFN Amount to UBS or the Holder fails to pay Taxes in accordance with the Instalment Deed, then UBS may exercise its power of sale and dispose of the Underlying Parcel and pay the proceeds in accordance with the Order of Payment and/or appoint one or more Receivers.

7.17 Early Final Maturity Date (clause 10)

An Early Final Maturity Date may arise because UBS nominates an extraordinary event, or because UBS elects to terminate the UBS Rolling SFI on an Annual Interest Date instead of rolling them for another year. UBS must give at least 10 Business Days' written notice of any Early Final Maturity Date to each relevant Holder, which in the case of termination on an Annual Interest Date may be a conditional notice.

Extraordinary Event—Early Final Maturity Date

UBS may at its discretion, with the consent of the ASX, nominate any of the following events as an extraordinary event and determine an Early Final Maturity Date for one or more Series of UBS Rolling SFIs:

- (a) Underlying Securities or other financial products comprising Underlying Parcels in respect of a Series of UBS Rolling SFIs:
 - (i) are the subject of a buy-back offer; or

- (ii) are the subject of a proposed takeover offer, a proposed scheme of arrangement or merger in the nature of a scheme or arrangement; or
- (iii) are de-listed, cease to be quoted on any stock exchange or financial market or are suspended; or

- (b) a Series of UBS Rolling SFIs is de-listed, withdrawn from admission to trading status or suspended otherwise than as a result of the acts of UBS; or
- (c) if there is a Tax Change; or
- (d) it becomes impossible for UBS to hedge its exposure pursuant to the UBS Rolling SFIs due to either of the following occurring:
 - (i) a general moratorium on commercial banking activities in Australia, the United States of America or the United Kingdom is declared by the relevant central banking authority in any of those countries, or there is a material disruption in commercial banking or security settlement, lending or clearance services in any of those countries; or
 - (ii) trading in all securities quoted or listed on ASX, the London Stock Exchange or the New York Stock Exchange is suspended or limited in a material respect for at least one full day on which that exchange is open for trading; or
- (e) the Loan Amount on any day is equal to zero.

Annual Interest Date—Early Final Maturity Date

UBS may at its discretion, without the consent of the ASX, terminate the UBS Rolling SFI on any Annual Interest Date, instead of rolling the UBS Rolling SFIs over for a year until the next Annual Interest Date (until the Final Maturity Date).

The following applies to the roll or potential termination of the UBS Rolling SFI on each Annual Interest Date which may also be an Early Final Maturity Date:

- (a) UBS will issue a conditional expiry notice to you at least 10 Business Days before each Annual Interest Date offering you the option of electing to pay the Completion Payment

Part 7: Summary of Terms of UBS Rolling SFIs

- and take delivery of the Underlying Parcel if UBS terminates the UBS Rolling SFI on that Annual Interest Date. That notice will include an estimate of:
- (i) the Completion Payment expected as at the Annual Interest Date if UBS does terminate the UBS Rolling SFI on that Annual Interest Date; and
 - (ii) the indicative Loan Amount and the indicative Interest Rate expected to be applicable immediately following the Annual Interest Date if UBS does not terminate the UBS Rolling SFI and the UBS Rolling SFI rolls over for another year.
- (b) If you wish to elect to pay the Completion Payment and take delivery of the Underlying Parcel, should UBS proceed to terminate on that Annual Interest Date, you will need to lodge a valid and effective Completion Notice with UBS by the Closing Time on that Annual Interest Date.
- (c) If UBS does not terminate the UBS Rolling SFI by publishing a notice confirming its notice to terminate is unconditional and immediately effective, to the ASX on the relevant Annual Interest Date, the Series of UBS Rolling SFIs will be rolled for another year until the next Annual Interest Date (until the Final Maturity Date). In this event your Completion Notice will not be actioned by UBS and you will continue to hold your UBS Rolling SFIs, unless you have elected in the Completion Notice to pay the Completion Payment and take delivery of the Underlying Parcel regardless of whether or not UBS terminates the UBS Rolling SFIs on that Annual Interest Date.
- (d) If you elect to pay the Completion Payment and take delivery of the Underlying Parcel on the relevant Annual Interest Date:
- (i) you will be required to have cleared funds in the amount of the Completion Payment in your nominated bank account on the Annual Interest Date and on the Business Day immediately following the Annual Interest Date in order that UBS may direct debit your account for that amount;
 - (ii) your delivery of the valid and effective Completion Notice to UBS by the Closing Time on the Annual Interest Date nominating your bank account constitutes your authority and direction for UBS to direct debit the Completion Payment from your account;
 - (iii) if you do not have the required cleared funds in your nominated bank account on the Annual Interest Date and on the Business Day immediately following the Annual Interest Date, and UBS terminates the UBS Rolling SFI on that Annual Interest Date, then UBS may in its discretion:
 - (aa) acquire your Underlying Parcel in accordance with Part 2.6.2 of this PDS and pay you the Assessed Value Payment (if any) in accordance with Part 2.6.2 of this PDS within 10 Business Days of the Final Maturity Date; or
 - (bb) treat your Completion Notice as valid and effective and seek payment from you of the outstanding Completion Payment (and costs and expenses), including by exercising its Security Interest for repayment of the Loan Amount which UBS shall apply as the Completion Payment.
 - (iv) if you have not returned a valid and effective Completion Notice to UBS by the Closing Time on the Annual Interest Date and UBS terminates the UBS Rolling SFIs on that Annual Interest Date, UBS will acquire your Underlying Parcel and pay you the Assessed Value Payment (if any) in accordance with Part 2.6.2 of this PDS within 10 Business Days of the Final Maturity Date.

7.18 Completion Payment and Assessed Value Payments (clause 11)

The Instalment Deed contains provisions in connection with the Holder giving a valid and effective Completion Notice and being delivered the Underlying Parcel or paid the Assessed Value Payment. Information about these matters is contained in Parts 2.5 and 2.6 of this PDS.

Part 7: Summary of Terms of UBS Rolling SFIs

7.19 Disposal Events (clause 12)

If a Disposal Event occurs and the Security Trustee is obliged to sell some or all Underlying Parcels in respect of which Holder(s) have a Beneficial Interest, the Security Trustee must sell those Underlying Parcels in accordance with that obligation. The proceeds of any sale in these circumstances must be applied by the Security Trustee in accordance with the Order of Payment.

The Holder has no right to challenge the validity of such a transfer. A certificate given by the Security Trustee that a Disposal Event has occurred will be sufficient evidence of the Security Trustee's right to sell the Underlying Parcels.

7.20 Takeover Offers and Schemes of Arrangement (clauses 13 and 15)

If an announcement of an intention to either make a takeover offer, or enter into a scheme of arrangement or quasi-scheme of arrangement or merger, is made in relation to Underlying Parcels, UBS may at its discretion (with the consent of ASX) fix an Early Final Maturity Date but the Security Trustee must not accept the offer, and has no obligation to Holders concerning the offer.

If Underlying Securities comprising the Underlying Parcels are compulsorily acquired the proceeds of the compulsory acquisition (including the proceeds of sale of any non-cash consideration) must be applied in accordance with the Order of Payment, and the relevant UBS Rolling SFIs will be cancelled.

If Underlying Securities are subject to a scheme of arrangement or quasi-scheme of arrangement or merger, the Security Trustee may retain or distribute some or all the proceeds in accordance with the Order of Payment, and if the whole of the proceeds and property are distributed, the relevant UBS Rolling SFIs will be cancelled.

7.21 Takeover Offers for Instalments (clause 14)

If an offer is made to acquire all outstanding UBS Rolling SFIs neither the Security Trustee nor any UBS Entity has any obligation to respond.

7.22 Buy-Backs (clause 16)

If a buy-back or withdrawal offer is made for Underlying Securities, UBS may fix an Early Final Maturity Date but the Security Trustee is not obliged to accept the offer.

7.23 Bonus Issues (clause 17)

If an Underlying Entity makes a bonus issue of Securities to the Security Trustee, such Securities are Accretions and form part of the relevant Underlying Parcels and will be subject to the Security Interest.

7.24 Rights and Entitlements (clause 18)

If an Underlying Entity gives the holder of the Underlying Securities rights or entitlement to acquire or be allocated Securities, such rights or entitlements are not part of the Underlying Parcel and may be dealt with by UBS in its discretion. The Loan Amount is deemed to be reduced by the Rights Value of those rights if they are exercised or sold and the benefit is not conferred on the Holder.

For the purposes of the above, a priority, right, entitlement or allocation to the Holders of:

- (a) Securities which are not of the same Underlying Entity and class of Securities as the Underlying Securities forming part of the Underlying Parcel; or
- (b) Securities stapled to those Underlying Securities,

will not result in a reduction of the Loan Amount.

However, if the ASX determines that adjustments are made to Option Market Contracts over Underlying Securities, the Loan Amount may at the discretion of UBS, be reduced if ASX determines that adjustments are to be made as a result of such priority, right, entitlement or allocation.

7.25 Reduction of Capital (clause 19)

If the capital of the Underlying Entity is reduced without making capital distributions to the security holders and without cancelling any Underlying Securities or other financial products, the Security Trustee and UBS do not have any obligations as a consequence.

If the capital of the Underlying Entity is reduced without cancelling any Underlying Securities or other financial products, and the Underlying Entity makes a capital distribution in cash or other assets, then the Security Trustee or UBS as mortgagee for the Holder shall, either:

- (a) receive and pay any cash and if directed by UBS sell the securities or other assets and pay

Part 7: Summary of Terms of UBS Rolling SFIs

the proceeds of sale of any distribution of securities or other assets; or

- (b) if some or all of the cash or other assets are compulsorily applied to acquire new securities, receive and pay any remaining cash and, if directed by UBS at its discretion, sell the remaining securities, remaining assets and new securities and pay the proceeds of all such sales,

in accordance with the Instalments Deed as if the distribution of cash is a Special Dividend.

If an Underlying Entity reduces its capital by cancelling Underlying Securities or other financial products comprised in the Underlying Parcel, UBS as mortgagee shall receive and pay any cash distribution or proceeds from the sale of any distribution or securities in accordance with the Order of Payment.

Where the securities cancelled are comprised in Underlying Parcels there will also be a corresponding cancellation of the relevant UBS Rolling SFIs and Underlying Parcels.

7.26 UBS Discretion and Other Adjustments (clause 20)

Where UBS determines before an adjustment is made under clauses 12 to 19 of the Instalment Deed (which relate to Disposal Events, takeover bids for the Underlying Securities, takeovers of UBS Rolling SFIs, schemes of arrangements, buy backs, bonus issues, rights or entitlements to acquire or be allocated Underlying Securities and reduction of capital of the Underlying Entity), that those provisions are not appropriate in any particular circumstances it may make any alterations it considers necessary or reasonable to prevent the rights of Holders from being prejudiced or to preserve the economic position of Holders and UBS (and its related bodies corporate) in relation to the UBS Rolling SFIs.

If any of the events described in clauses 12 to 20.1 (as summarised above) occur or any other event occurs (other than the payment of cash Ordinary Dividends or Special Dividends), despite clauses 12 to 20.1 UBS may instead under clause 20.2, in its absolute discretion, nominate that one or more of the following will apply:

- (a) to consolidate or divide the number of UBS Rolling SFIs in a Series in response to a consolidation or subdivision of the

Underlying Securities with the consent of the ASX; or

- (b) the property or benefit or Underlying Parcel which is the subject of the event or the proceeds of sale of such property or rights be:
 - (i) paid in accordance with the Order of Payment, and if the proceeds are in respect of the whole of the Underlying Parcel, the UBS Rolling SFIs will be cancelled;
 - (ii) treated as an Accretion; or
 - (iii) distributed to the Holder.

UBS may also, with the consent of the ASX, take such other action as it deems appropriate in relation to an event that is not covered by the adjustment process in clause 20 or an extraordinary event nominated under clause 10.

UBS may reconstruct any Series of UBS Rolling SFIs with the approval of 75% of the votes cast by Holders of the Series.

7.27 Powers and Duties of the Security Trustee (clause 22)

The Security Trustee has limited powers, duties, rights and discretions.

The Security Trustee has specific powers of sale in the circumstances described in this summary, and has general powers to administer the Separate Trusts, including powers to maintain bank accounts, and to give acknowledgements and undertakings to the ASX and ASIC.

The Security Trustee also has power to lend Underlying Parcels to UBS or related bodies corporate in certain circumstances where UBS or a related body corporate of UBS is the Holder. The Holder is under certain restraints in such circumstances.

The Security Trustee also has the power to borrow, grant security, give indemnities and make certain payments.

7.28 Obligations of the Security Trustee (clause 23)

The Security Trustee's liability is limited to the extent to which the liability can be satisfied under the Instalment Deed out of the Separate Trusts except for liability arising in certain circumstances (for example as a result of the Security Trustee's

Part 7: Summary of Terms of UBS Rolling SFIs

dishonesty, wilful breach of trust or gross negligence). The Security Trustee is indemnified by UBS for liabilities properly incurred. The Security Trustee is not liable for the gross negligence, dishonesty or default of UBS, the Holders or any other person.

The Security Trustee is not required to monitor Underlying Entities, UBS or the Registrar.

The Security Trustee has no responsibility for any acts or omissions of a nominee appointed pursuant to the Nominee Deed, nor for any breach of the Nominee Deed or the Instalment Deed caused by the nominee.

The Security Trustee is not required to prepare accounts or tax returns for the Separate Trusts.

The Security Trustee may appoint attorneys and may rely on advice from advisers engaged by the Security Trustee. The Security Trustee is not liable for anything done or suffered by it in good faith in reasonable reliance upon such advice.

UBS does not guarantee the Security Trustee will perform or comply with its obligations under the Instalment Deed.

7.29 Replacement of Security Trustee (clause 23)

The Security Trustee may resign and UBS may appoint a replacement approved by the ASX. UBS may remove the Security Trustee and appoint an ASX approved replacement if the Security Trustee breaches the Instalment Deed and the breach is not remedied for 30 days after notice is given to the Security Trustee.

7.30 Taxes (clause 24)

Where the Security Trustee receives a demand or assessment for any Tax in respect of a Holder of UBS Rolling SFIs or any Underlying Parcel then, if the Security Trustee determines, on advice, to pay that amount, the relevant Holder must pay such amount to the Security Trustee within a specified period.

If the Holder fails to pay the Taxes in accordance within the specified period, UBS shall pay the Taxes on behalf of the Holder and the amount paid is recoverable by UBS from the Holder as a debt due to UBS.

The Holder must pay to UBS or the Security Trustee any GST payable for any supply by UBS or the Security Trustee. The Holder must also

indemnify UBS and the Security Trustee from any GST or penalties arising from the failure to pay the GST.

7.31 Payments to the Security Trustee (clause 25)

The Security Trustee has no recourse to the Separate Trusts for any remuneration or reimbursement of expenses except in limited circumstances. The Security Trustee is entitled to reimbursement by UBS in respect of the costs, charges and expense incurred in connection with the administration of the Separate Trusts.

7.32 Audit (clause 26)

UBS must procure an audit of the conduct of each of the Separate Trusts and the Register, if required by and in accordance with the Corporations Act and the ASX Market Rules.

7.33 Provision of Information (clause 29 and 30)

Holders are required to provide information reasonably requested by UBS or the Security Trustee, and must provide the Registrar on request with details of its holdings of Underlying Securities or other financial products comprising the Underlying Parcel and any interest it has in them.

Holders agree to the tape recording of telephone conversations with UBS concerning UBS Rolling SFIs, and the retention and use of such tape recordings as evidence of the contents of the recorded conversation.

7.34 Amendments to Instalment Deed (clause 32)

UBS and the Security Trustee may amend the Instalment Deed in certain circumstances, which include amendments required to comply with any legal or ASX requirements, to rectify any defect, if the amendment is authorized by a resolution of Holders, or if the amendment does not in the reasonable opinion of UBS materially prejudice the interests of Holders.

Part 8: Additional Information

8.1 DEFERRED SETTLEMENT BASIS

Trading in UBS Rolling SFIs may initially be on a deferred settlement basis as set out (if at all) in the relevant Supplementary PDS for the Series.

8.2 CLEARING HOUSE ELECTRONIC SUBREGISTER SYSTEM ("CHESS")

The UBS Rolling SFIs will be CHESS Approved Products in accordance with the ASX Market Rules and the ASTC Settlement Rules. In addition to the CHESS subregister, an electronic Issuer Sponsored Subregister will be maintained. These two subregisters together will provide UBS' principal register of holdings.

Under CHESS, on issue of UBS Rolling SFIs, instead of certificates, Holders will be provided with a holding statement (similar to a bank statement) which sets out the number of UBS Rolling SFIs issued (or subsequently transferred) to each Holder. The holding statement will also advise the Holder of the HIN in the case of a CHESS holding or the security holder reference number in the case of an Issuer Sponsored Subregister holding. A holding statement will be provided to Holders after the end of any month during which there has been a change in the balance of the holding.

An Applicant will need to be either a participant in CHESS or be sponsored by a participant in CHESS in order to hold UBS Rolling SFIs on the CHESS subregister. UBS Rolling SFIs not held on the CHESS subregister will be entered on to the Issuer Sponsored Subregister.

8.3 BROKER

UBS may pay fees to ASX market participants, licensed financial services providers or their representatives whose stamp appears on Application Forms for which UBS Rolling SFIs are subsequently issued.

Part 9: Form of Loan Agreement

This is the form of investment Loan Agreement entered into between a successful Applicant or Transferee and UBS where the Applicant or Transferee are not already parties to such Loan Agreement in respect of UBS Rolling SFIs.

Each Applicant acknowledges that by entering into the Loan Agreement it may only use the Loan for business or investment purposes.

THIS AGREEMENT is made with effect from the Issue Date for Applicants and Transfer Date for Transferees.

BETWEEN:

UBS AG , Australia Branch (ABN 47 088 129 613) of Level 16, Chifley Tower, 2 Chifley Square, Sydney NSW 2000 ("**UBS**"); and

The successful **Applicant or Transferee** of UBS Rolling SFIs

IT IS AGREED AS FOLLOWS:

1. LOAN

1.1 UBS to fund

For each UBS Rolling SFI issued to the Applicant or transferred to the Transferee, UBS agrees to provide a Loan in accordance with this agreement.

1.2 Limited recourse Loan

The Loan is a limited recourse facility whereby the recourse of UBS against the Holder is limited to the total amount received by UBS on disposal of the Underlying Parcel relating to the UBS Rolling SFI held by the Holder (whether by exercising a power of sale or otherwise). UBS will not take any action against the Holder in relation to the Loan to recover any amount beyond enforcing the Security Interest or otherwise in accordance with the Instalment Deed. This clause 1.2 does not apply to a Holder's liability to pay any TFN Amount to UBS or to pay to UBS any Completion Payment where the Holder has elected in a Completion Notice to obtain full ownership of the Underlying Security.

1.3 Direction to UBS

An Applicant irrevocably authorises and directs UBS to apply the Loan Amount on the Issue Date in accordance with clause 2.5 of the Instalment Deed.

2. USING THE LOAN

2.1 Initial advance

An Applicant or Transferee (as applicable) is automatically taken to have requested an advance on the Issue Date or Transfer Date (as applicable) of the Loan for the Loan Amount for the relevant Series of UBS Rolling SFIs on that date.

3 INTEREST

3.1 Interest on Application

An Applicant agrees to pay interest on the Loan in advance on the Issue Date up to (but excluding) the earlier of the next Annual Interest Date or Final Maturity Date, at the Interest Rate applicable on the Issue Date.

3.2 Interest on Transfer

A Transferee agrees to pay interest on the Loan in advance on the Transfer Date up to (but excluding) the earlier of the next Annual Interest Date or Final Maturity Date, at the Interest Rate applicable on the Transfer Date.

3.3 Interest on Annual Interest Date

The Holder agrees to pay interest on the Loan in advance on each Annual Interest Date up to (but excluding) the earlier of the next Annual Interest Date or Final Maturity Date, at the Interest Rate applicable on the Annual Interest Date and based on the Loan Amount after the draw down of the Interest Amount on that date.

3.4 Interest Refund on Transfer

Where a Holder (Transferor) elects to Transfer a UBS Rolling SFI, the Transferor is entitled to a refund in respect of the Interest Amount it has prepaid, equal to the interest prepaid for the period from the Transfer Date to the earlier of the next Annual Interest Date or the Final Maturity Date.

3.5 Interest Refund on reduction in Loan from Ordinary or Special Dividends

Where Special Dividends are applied to reduce the Loan, the Holder is entitled to a refund in respect of the Interest Amount it has prepaid, calculated on a pro rata basis based on the prevailing BBSY Rate plus a margin of 1% per annum for the portion of the Loan that is reduced for the period from the relevant expected payment date of the Special Dividend to the earlier of the next Annual Interest Date or Final Maturity Date.

Part 9: Form of Loan Agreement

The reduction of the Loan by payment of Ordinary Dividends will not entitle the Holder to any refund of prepaid interest, however the calculation of the Interest Amount takes into account the value and timing of Ordinary Dividends which are forecast by UBS to be paid during the relevant year.

3.6 Interest Refund on Early Maturity

Where the Final Maturity Date is brought forward due to UBS nominating an extraordinary event, except if an Early Final Maturity Date is nominated pursuant to clause 10.1(e) of the Instalment Deed, the Holder is entitled to a refund in respect of the Interest Amount it has prepaid, calculated on a pro rata basis based on the prevailing BBSY Rate less an amount representing the cost to UBS of breaking its funding in respect of the relevant UBS Rolling SFIs (or redeploying amounts received early).

3.7 Interest Refund payment

Interest Refunds under clauses 3.4, 3.5 or 3.6 are payable by UBS applying the refund against the Transferor's or Holder's Loan (as applicable) to reduce the amount of the Loan.

3.8 Interest calculations

Interest calculations under clauses 3.1, 3.2 and 3.3 take into account the value and timing of Ordinary Dividends which are forecast by UBS to be paid during the year. They also take into account other factors such as UBS's cost of funds and the factors impacting the cost of the capital protection feature, for example volatility and time to the next Annual Interest Date.

4. LOAN—ANNUAL INTEREST DATE PROCEDURE

On each Annual Interest Date on which the UBS Rolling SFIs are rolled for another year until the next Annual Interest Date (or the Final Maturity Date), the Holder is taken to have requested a further advance of the Loan on that Annual Interest Date equal to the Interest Amount payable on that date.

The Holder irrevocably authorises and directs UBS to apply the additional advance to pay the Interest Amount to UBS.

5. REPAYING

5.1 Repayment of Loan

Any Completion Payment, Ordinary Dividends and Special Dividends will be used to repay the Loan Amount in accordance with the Instalment Deed.

UBS will apply any Completion Payment made to repay the Loan within 10 Business Days following the relevant Completion Notice Date.

6. SECURITY

The Holder acknowledges that the Security Trustee has granted a security interest in the Underlying Parcel to UBS to secure the payment of any TFN Amount to UBS and amounts owing to UBS under the Loan. The terms of the Security Interest are set out in the Instalment Deed.

Where the Holder:

- (a) has not repaid the Loan within 5 Business Days after the Final Maturity Date;
- (b) is liable to pay a TFN Amount to UBS; or
- (c) becomes a bankrupt or insolvent,

UBS may declare all amounts owing under the Loan to be due and payable and/or direct the Security Trustee to exercise its power of sale in respect of the Underlying Parcel in its absolute discretion.

UBS may in its absolute discretion, apply the proceeds otherwise payable to the Holder following the exercise of the power of sale in respect of some or all of the Holder's UBS Rolling SFIs, to pay the amounts due by the Holder under the Loan in accordance with the Instalment Deed.

To the extent permitted by law, the Security Trustee has dispensed with any right to notice of lapse of time required by any law for the enforcement of a Security Interest or the exercise of any power by UBS under this agreement or the Instalment Deed.

7. TRANSFERS

7.1 Process of Transfers

On registration of a Transfer of a UBS Rolling SFI, the following occurs:

- (a) a Loan will be made for the relevant Series of UBS Rolling SFIs to the Transferee equal to the Loan Amount for that Series on the Transfer Date;
- (b) the balance of the Transferor's Loan is paid out and the obligations arising from the Transferor's Loan are extinguished; and
- (c) Transfer Costs are payable:
 - (i) by UBS to the Transferor where the Transferor's Interest Refund is less than

Part 9: Form of Loan Agreement

the Transferee's Interest Amount, with such costs equal to the difference between those amounts payable by UBS applying the costs against the Transferor's Loan to reduce the amount of the Loan; or

- (ii) by the Transferor to UBS where the Transferee's Interest Amount is less than the Transferor's Interest Refund, with such costs equal to the difference between those amounts payable by the costs being added to the Transferor's Loan to increase the amount of the Loan.

7.2 Transferee's new Loan

The amount advanced to the Transferee under the Loan for each UBS Rolling SFI transferred will be applied at the irrevocable direction of the Transferee:

- (a) to the outstanding amount which exists under the Transferor's Loan in respect of the transferred UBS Rolling SFI; and
- (b) a prepayment of the Transferee's Interest Amount and to pay any Transfer Costs of the Transferor under clause 7.1.

8. TERM OF LOAN

The term of the Loan will end on the earlier of the Transfer of the UBS Rolling SFI corresponding to the Loan and the Final Maturity Date.

9. GENERAL

- (a) UBS may exercise a right or remedy or give or refuse its consent under this agreement in any way it considers appropriate (including by imposing conditions).
- (b) If UBS does not exercise a right or remedy under this agreement fully or at a given time, UBS may still exercise it later.
- (c) UBS is not liable for loss caused by the exercise or attempted exercise of, failure to exercise, or delay in exercising, a right or remedy under this agreement.
- (d) The rights and remedies of UBS under this agreement are in addition to other rights and remedies given by law independently of this agreement.

 - (ii) to show whether the Holder is complying with this agreement.
- (g) This agreement is governed by the laws of New South Wales. The parties submit to the exclusive jurisdiction of the Courts of New South Wales.

If the Application Form is signed under a power of attorney, the attorney by signing certifies that it has not received notice of revocation of that power of attorney. A certified copy of the power of attorney must be lodged with the Application Form.

Note that by executing the Application you agree to be bound by the Instalment Deed and Nominee Deed (see Part 7) and the Loan Agreement (see Part 9).

Lodging the Application:

Where an Application is rejected the monies received will be refunded to the Applicant (without interest).
