Chief Executive Officer's Letter

1 July 2014

Dear Securityholder

All cash Takeover Offer for Australand

On behalf of Frasers Centrepoint Limited (**FCL**), I am delighted to make this offer to acquire all of your stapled securities in Australand (**Securities**) at a cash price of \$4.48 per Security (the **Offer**).

The Offer delivers a compelling opportunity for Securityholders to realise immediate liquidity and certainty of value at a material premium.

The consideration offered under the Offer, being \$4.48 per Security, represents a:

- 21.7% premium to Australand's forecast 30 June 2014 net tangible asset value per Security as stated in its group update on 30 May 2014;
- 15.2% premium to the closing price of Securities on the ASX on 18 March 2014, the last trading day prior to Stockland Group's announcement that it had acquired a 19.9% strategic stake in Australand;
- 14.6% premium to the VWAP of Securities over the one month period up to 18 March 2014; and
- 3.9% premium to the closing price of Securities on the ASX on 3 June 2014, the last trading day before the announcement of FCL's proposal.

Under the terms of the Offer, all Australand Securityholders will also receive the Allowed Distribution. The Allowed Distribution will be paid to all Securityholders on the Australand register of members as at the Allowed Distribution Record Date (which will include all Securityholders that have accepted the Offer before it becomes unconditional). The Allowed Distribution will be an amount up to a maximum of 12.75 cents per Security, to be determined at the time it is announced. See the 'Summary of the Offer' section in this Bidder's Statement for further details.

The Offer will not affect your entitlement to Australand's first half distribution for 2014, the record date for which was 30 June 2014.

Recommended Offer with unanimous support of the Australand Board

The Australand directors have unanimously recommended that Securityholders accept the Offer in the absence of a superior proposal and subject to the Independent Expert concluding the Offer is fair and reasonable to Securityholders.

Furthermore, the Australand directors intend to accept the Offer with respect to their Securities in the absence of a superior proposal and subject to the Independent Expert concluding that the Offer is fair and reasonable.

As at the date of this Bidder's Statement no superior proposal to the Offer has emerged.

Benefits of the Offer

FCL believes this is a compelling Offer for Securityholders. In addition to providing Securityholders with the opportunity to realise their investment at a material premium, FCL believes the Offer also presents the following benefits.

Cash certainty

FCL is offering 100% cash, enabling you to realise value for your Securities with certainty of cash consideration. The Offer is subject to a limited number of conditions, including that Frasers Amethyst Pte. Ltd. (**FCL Bidder**), has a relevant interest in more than 50% of the Securities before the end of the Offer Period. The conditions to the Offer are set out in full in section 7.7 of this Bidder's Statement.

Benefits to other stakeholders

FCL believes that its Offer also provides substantial benefits to other Australand stakeholders:

- **Stability of management:** FCL has a high regard for the Australand management team, and currently intends to retain key management in order to ensure a smooth transition of ownership, and to provide certainty and stability to the business and Australand employees going forward.
- **Employee opportunities:** FCL is looking forward to integrating and welcoming Australand employees into the broader FCL team (see section 3 for more details about FCL's current intentions). FCL believes that further opportunities for employees and management will result from combining two strong residential businesses in Australia as well as being part of a broader international real estate platform.

Summary of the Offer

The following is a summary only of the Offer and is qualified by the detailed information contained in the rest of this Bidder's Statement. You should read this Bidder's Statement in full before making any decisions in relation to your Securities.

The terms of the Offer are contained in section 7.

Who is making the Offer? FCL Bidder, a wholly owned subsidiary of FCL, is offering to acquire all of your Securities.

What is the Offer price? FCL Bidder is offering to acquire all of your Securities for \$4.48 cash per Security, on the terms and conditions set out in section 7.

In addition, under the terms of the Offer, all Australand Securityholders will receive the Allowed Distribution.

The cash consideration payable under the Offer will be reduced by the amount of any Australand distribution to which you become entitled following the date of this Bidder's Statement, other than the Allowed Distribution (up to an amount not exceeding 12.75 cents per Security) and Australand's first half distribution for 2014.

What is the Allowed Distribution? Australand's expected distribution for the half year ending 31 December 2014 is 12.75 cents per Security.

The Allowed Distribution will be paid to all Securityholders on the Australand register of members as at the Allowed Distribution Record Date (which will include all Securityholders that have accepted the Offer before it becomes unconditional). The Allowed Distribution Record Date will be announced within two Business Days of the Offer becoming unconditional, or if the Offer is not unconditional before 18 December 2014, within two Business Days of that date.

The Allowed Distribution will be an amount equal to:

- the proportion of Australand's expected second half distribution for 2014 (being 12.75 cents per Security) that is referable to the period from 1 July 2014 until the Offer becomes unconditional (as a proportion of the entire half year ending 31 December 2014 and calculated on a pro-rata basis), up to a maximum of 12.75 cents per Security; or
- if the Offer is not unconditional before 31 December 2014, 12.75 cents per Security.

If for any reason the Allowed Distribution exceeds the amount contemplated by the above, the consideration paid under the Offer will be reduced accordingly.

If the Allowed Distribution is paid after the Offer becomes unconditional, FCL Bidder anticipates that any distribution for the half year ending 31 December 2014 would be reduced to take account of the Allowed Distribution.

What are the conditions of the Offer?

The Offer is subject to the conditions which are set out in full in section 7.7. In summary, those conditions include requirements that:

- the Offer results in FCL Bidder having relevant interests in more than 50% of the Securities (on a fully diluted basis);
- there is no objection to FCL Bidder acquiring Securities under Australia's foreign investment laws;
- Australand's business is carried on in the ordinary course;
- there is no change to Australand's distribution policy;
- there is no issue of Securities or Australand Performance Rights;
- Australand makes no material change to the senior management of Australand;
- no material acquisition, disposal or commitment is undertaken by the Australand Group;
- there are no Prescribed Occurrences; and
- there are no regulatory actions taken to restrain, prohibit or impede the Offer.

The status of each of the conditions as at the date of this Bidder's Statement is discussed in sections 6.3, 6.4 and 7.8.

Within three Business Days of the conditions in sections 7.7(a) (minimum acceptance) and 7.7(b) (FIRB approval) both being satisfied, FCL Bidder will waive all Defeating Conditions (other than any Defeating Condition in respect of which FCL Bidder has publicly announced a breach or suspected breach before that time).

When does the Offer close?

The Offer is scheduled to close at 7.00 pm (Sydney time) on 7 August 2014. You should note that the Offer Period can be extended as permitted by the Corporations Act.

How do I accept the Offer?

See the section on the inside front cover of this Bidder's Statement, as well as the instructions on the enclosed Acceptance Form.

If I accept the Offer, when will I be paid?

If you accept the Offer in accordance with the instructions contained in the Offer and the Acceptance Form and the Offer becomes unconditional, you will be sent payment by the later of:

- 15 Business Days after the date that the Offer becomes unconditional; or
- 10 Business Days after the date that you accept the Offer.

What are the tax implications of acceptance?

You should consult your financial, tax or other professional adviser on the tax implications of acceptance. However, section 5 contains a general summary of the major likely Australian tax consequences for Securityholders who accept the Offer.

BIDDER'S STATEMENT

Do I pay brokerage or stamp duty if I accept?

You will not pay stamp duty on the disposal of your Securities if you accept the Offer.

If your Securities are registered in an Issuer Sponsored Holding in your name and you deliver them directly to FCL Bidder, you will not incur any brokerage in connection with your acceptance of the Offer.

If your Securities are registered in a CHESS Holding, or if you are a beneficial owner whose Securities are registered in the name of a broker, bank, custodian or other nominee, you should ask your Controlling Participant (usually your broker) or that nominee whether it will charge any transaction fees or service charges in connection with acceptance of the Offer.

What happens if I do not accept?

If FCL Bidder becomes entitled to compulsorily acquire your Securities, it intends to do so. If your Securities are compulsorily acquired by FCL Bidder, it will be on the same terms (including the same consideration for each Security acquired) as the Offer. However, you will receive the money later than the Securityholders who choose to accept the Offer.

If FCL Bidder does not become entitled to compulsorily acquire your Securities, you will remain a Securityholder and will not receive the consideration offered by FCL Bidder.

What if I require further information?

If you have any questions in relation to the Offer or how to accept it, or if you have lost your Acceptance Form and require a replacement, please call the Frasers Offer Information Line on 1800 992 613 (toll-free within Australia) or +61 1800 992 613 (from outside Australia).

Why You Should Accept the Offer

FCL Bidder is offering all-cash consideration of \$4.48. Under the terms of the Offer, Securityholders will also be entitled to the Allowed Distribution. FCL Bidder considers that the Offer provides compelling benefits to Securityholders.

Reasons for accepting the Offer are set out below:

1. The Offer represents a significant premium to Australand's trading price in the period prior to recent corporate activity and to the 30 June 2014 forecast net tangible asset value per Security.

2. The all-cash Offer provides certainty of value for your Securities.

3. Under the terms of the Offer, you will also be entitled to the Allowed Distribution.

4. The Australand directors unanimously recommend the Offer and intend to accept in respect of all Securities they hold or control, in the absence of a superior proposal and subject to the Independent Expert concluding that the Offer is fair and reasonable to Securityholders.

5. No superior proposal has emerged.

6. The Offer is subject to limited conditionality.

7. If Securityholders do not accept, they may be exposed to a variety of risks.

1. The Offer represents a significant premium to Australand's trading price prior to recent corporate activity and forecast net tangible asset value per Security

The Offer price of \$4.48 cash per Security, represents a premium¹ of:

- 21.7% to the 30 June 2014 forecast net tangible asset value per Security of \$3.68 as announced on 30 May 2014;
- 15.4% to VWAP of Securities during the three month period up to 18 March 2014, being the last trading day prior to Stockland Group's announcement that it had acquired a 19.9% strategic stake in Australand;
- 14.6% to the VWAP of Securities during the one month period up to 18 March 2014;
- 15.2% to the closing price of Securities on the ASX on 18 March 2014; and
- 3.9% to the last closing price of Securities on the ASX, prior to FCL announcing its proposal on 4 June 2014.

Source: IRESS.

2. The all-cash Offer provides certainty of value for your Securities

Accepting the Offer will enable you to realise a certain and attractive value for your Securities. If you accept the Offer and the Offer becomes unconditional, you will:

- be paid \$4.48 cash for each of your Securities; and
- receive your cash payment by the later of 15 Business Days after the date that the Offer becomes unconditional or 10 Business Days after the date that you accept the Offer.

If you accept the Offer you will eliminate your exposure to the risks and uncertainties inherent in owning Securities. By contrast, if the Offer is not accepted, the amount which you will be able to realise for your Securities is uncertain and subject to a number of risks.

¹ Premium calculation does not include any value for the Allowed Distribution, nor does it include the value Securityholders may be receiving as part of the 1H14 distribution.

3. Under the terms of the Offer, you will also be entitled to the Allowed Distribution

Under the terms of the Offer, all Australand Securityholders will receive the Allowed Distribution.

The Allowed Distribution will be paid to all Securityholders on the Australand register of members as at the Allowed Distribution Record Date (which will include all Securityholders that have accepted the Offer before it becomes unconditional). The Allowed Distribution Record Date will be announced within two Business Days of the Offer becoming unconditional, or if the Offer is not unconditional before 18 December 2014, within two Business Days of that date.

The Allowed Distribution will be an amount equal to:

- the proportion of Australand's expected second half distribution for 2014 (being 12.75 cents per Security) that is referable to the period from 1 July 2014 until the Offer becomes unconditional (as a proportion of the entire half year ending 31 December 2014 and calculated on a pro-rata basis), up to a maximum of 12.75 cents per Security; or
- if the Offer is not unconditional before 31 December 2014, 12.75 cents per Security.

The Offer will not affect your entitlement to Australand's first half distribution for 2014, the record date for which was 30 June 2014.

4. The Australand directors unanimously recommend the Offer and intend to accept in respect of all Securities they hold or control, in the absence of a superior proposal and subject to the Independent Expert's conclusion

Australand announced to the ASX on 1 July 2014 that its directors unanimously recommend the Offer, in the absence of a superior proposal emerging and subject to the Independent Expert concluding that the Offer is fair and reasonable to Securityholders.

Australand's directors have also stated that their intention is to accept the Offer in respect of all the Securities they hold or control, in the absence of a superior proposal and subject to the Independent Expert concluding that the Offer is fair and reasonable to Securityholders.

5. No superior proposal has emerged

No superior proposal has emerged in the 18 months since CapitaLand Limited (**CapitaLand**) announced a strategic review in respect of its 59.1% stake in Australand on 10 January 2013. CapitaLand has subsequently disposed of the entirety of its stake and as at the date of this Bidder's Statement, no superior proposal to FCL Bidder's cash Offer has emerged.

6. The Offer is subject to limited conditionality

The Offer for your Securities is subject to a limited number of conditions, including FCL Bidder acquiring a relevant interest in more than 50% of the Securities (on a fully diluted basis) during the Offer Period and FIRB approval being granted.

See section 7.7 of the Bidder's Statement for full details of the Defeating Conditions.

7. If you do not accept, you may be exposed to a variety of risks

If you do not accept the Offer, there are potential risks associated with continuing to hold Securities, including:

If FCL Bidder acquires more than 50% of Australand Securities but does not achieve compulsory acquisition:

- *The price of your Securities may fall*

The price at which Securities are traded on the ASX may fall following the close of the Offer and trade at a discount to the consideration offered under the Offer. For the one month period up to 18 March 2014, the date Stockland Group announced it had acquired a strategic stake in Australand, the VWAP of Securities was \$3.91.

- *You will become a minority Securityholder in Australand*

Being a minority Securityholder will have the following implications:

- the market for Securities may become less liquid;
- Australand's ASX index weighting may reduce;
- FCL Bidder intends to replace Australand directors with its own nominees;
- FCL Bidder will seek to have Australand removed from the official list of the ASX; and
- FCL Bidder will review the capital structure and distribution policy of Australand.

- *The tax profile of APT, APT4 and APT5 may change*

APT, APT4 and APT5 are currently classified as Managed Investment Trusts (**MITs**) pursuant to Subdivision 12-H of the *Taxation Administration Act 1953 (Cth)*. Broadly a MIT allows non-Australian resident Securityholders to benefit from a final MIT withholding tax on certain trust distributions.

In addition, APT, APT4 and APT5 have made the MIT CGT election to deem certain assets (e.g. investment properties and units in the sub-trusts) to be held on capital account. Accordingly, on a disposal of these assets, where certain conditions are met, certain Australian resident Securityholders could benefit from CGT discounts on distributions of capital gains from these trusts.

Due to the ownership structure of FCL Bidder, in the event that FCL Bidder acquires more than 50% of the Securities, APT, APT4 and APT5 will no longer qualify as MITs and therefore the above benefits may no longer be available to Australand Securityholders. Further information on this can be found in Section 5 of this Bidder's Statement.

- *Your Security holding may continue to be subject to market volatility*

The Australian and international economic outlook and recent volatility in world markets may continue to impact upon:

- movements in the demand for, and price of, securities traded on securities exchanges;
- Australand's ability to access debt and equity capital; and
- general economic conditions including inflation and interest rates that may impact upon Australand's business operations.

If FCL Bidder becomes entitled to compulsorily acquire your securities, you will receive consideration at a later date than if you had accepted the Offer

If FCL Bidder becomes entitled to compulsorily acquire your Securities, it intends to exercise those rights. If your Securities are compulsorily acquired, you will still receive the consideration offered under the Offer, but at a later time than you would have received it if you had accepted the Offer.

2 Profile of Australand Property Group

2.1 Disclaimer

The information in this section 2 concerning Australand has been prepared based on a review of publicly available information (which has not been independently verified) and a limited due diligence exercise that FCL has conducted in relation to Australand. Neither FCL nor FCL Bidder make any representation or warranty, express or implied, as to the accuracy or completeness of such information.

The information on Australand in this Bidder's Statement should not be considered comprehensive.

Further information relating to Australand may be included in its Target Statement in relation to the Offer, which will be sent to you directly by Australand.

2.2 Overview

Australand is a stapled entity listed on the ASX and the Australand Group is one of Australia's leading diversified property groups. The stapled group comprises the parent entities, AHL, APT, APT4 and APT5 and their respective controlled entities. Securities comprise one share in AHL and one unit in each of APT, APT4 and APT5.

APL is the responsible entity of APT. AIL is the responsible entity of APT4 and APT5.

Australand's activities span across Australia and include three operating divisions, being Commercial & Industrial, Residential and Investment Property. Its operations are located in Sydney, Melbourne, South East Queensland, Adelaide and Perth and it maintains a sales office in Hong Kong servicing the Asian market.

2.3 Australand's property portfolio

Australand's property portfolio consists of modern commercial and industrial assets leased to high quality tenants. As at 31 December 2013, the Investment Property division had a total portfolio value of \$2.4 billion with 68 high quality industrial and office properties. The portfolio is well diversified geographically with assets predominantly located within the major cities of Sydney, Melbourne and Brisbane. For further details of the properties that comprise Australand's property portfolio, refer to Australand's Annual Report for the 12 months ended 31 December 2013 and subsequent ASX announcements.

2.4 Australand default and change of control consequences

As a consequence of the limited due diligence exercise that FCL has conducted in relation to Australand, FCL Bidder is aware that the Offer may have consequences on various Australand arrangements and assets. These consequences are summarised in this Section 2.4. Section 3 sets out further information in relation to FCL's intentions in respect of the matters below.

a. Australand Group loan facilities

The Australand Group is party to:

- a syndicated facility agreement dated 5 September 2011 between members of the Australand Group and various financiers under which National Australia Bank Limited acts as agent, which matures in 2016 (the **2011 Facility Agreement**); and
- a syndicated facility agreement dated 30 April 2012 between members of the Australand Group and various financiers under which Australia and New Zealand Banking Group Limited acts as agent, which matures in 2018 (the **2012 Facility Agreement**).

FCL Bidder understands that, as at 31 May 2014, \$675 million was drawn down under the 2011 Facility Agreement and \$420 million was drawn down under the 2012 Facility Agreement.

Under both the 2011 Facility Agreement and the 2012 Facility Agreement:

- a delisting or extended suspension of trading of the Securities would constitute an event of default; and
- a change of control of the Australand Group would constitute a review event.

These events could occur as a consequence of the Offer. In the event that these events were to occur without the prior consent of the relevant financiers (among other things):

- the relevant financiers would have the ability to change the terms or conditions of the loans; and
- the amounts owing under the facilities could be declared due and payable by the relevant financiers.

FCL Bidder has been made aware that similar rights arise in favour of counterparty financiers under various project specific facilities, under which the Australand Group has obtained financing.

As at the date of this Bidder's Statement, FCL Bidder has been made aware that consents have been received from the lenders under the 2011 Facility Agreement and the 2012 Facility Agreement in respect of the potential event of default and review event that may occur as a consequence of the Offer referred to above.

b. US private placement notes (USPP)

The Australand Group issued US\$170 million of US private placement notes in 2011, which mature in two tranches in 2021 and 2023.

The USPP documentation contains a change of control provision which, if triggered as a consequence of the Offer, would require the Australand Group to make an offer to the USPP note holders to prepay the notes. In addition, a delisting or extended suspension of trading of the Securities would constitute an event of default under the USPP notes. If an event of default occurs, the note holders can accelerate payment of notes by declaring them immediately due and payable. Upon any such acceleration the principal amount of the notes, accrued interest and a 'Make-Whole Amount' become immediately due and payable. In summary, the Make-Whole Amount is an amount equal to the excess, if any, of the discounted value of the remaining scheduled payments with respect to the USPP notes.

c. ASSETS

The Australand Group has a class of securities on issue called ASSETS. ASSETS are perpetual instruments that can be converted by the issuer or holder to Securities in certain circumstances. The face value of the ASSETS on issue as at 30 June 2014 was \$275 million.

ASSETS may be redeemed or exchanged by the Australand Group following a change of control event. The Offer will trigger a change of control event were it to become unconditional and were FCL Bidder to acquire a relevant interest in more than 50% of the Securities on issue.

FCL Bidder notes that due to the application of the 'step-up' interest margin provisions of the ASSETS terms, ASSETS may, in any event, currently be redeemed by the Australand Group in the period prior to each ASSETS distribution period (a distribution period being each quarterly period ending on and including 31 March, 30 June, 30 September and 31 December in each year).

d. Material joint venture arrangements

The Australand Group is party to the Australand Logistics Joint Venture (**ALJV**) with the Government of Singapore Investment Corporation. The ALJV holds commercial and industrial properties and as at 31 December 2013 had assets of \$402 million. The Australand Group holds a 19.9% interest in the ALJV.

The Australand Group is also party to the Australand Residential Trust Agreement (the **ART Agreement**) with Uberior Ventures Australia Pty Limited.

The ALJV arrangements and ART Agreement include change of control provisions that may be triggered as a consequence of the Offer. If a change of control occurs without the consent of the co-venturer, the co-venturer may:

- in respect of the ALJV:
 - buy-out (or elect that its nominee will buy-out) Australand Group's interest in the joint venture for market value (less transaction costs); or
 - require an orderly wind down of the business; and
- in respect of the ART Agreement:
 - buy-out (or elect that its nominee will buy-out) Australand Group's interest in the co-venture for 90% of market value (less transaction costs);
 - require Australand to sell its interest in the joint venture to a third party within six months, failing which the assets of the joint venture will be liquidated; or
 - require an orderly wind down and liquidation of the business.

FCL Bidder understands that the Australand Group holds various other assets pursuant to arrangements under which similar rights might be triggered in favour of counterparties as a consequence of the Offer, but that such assets are not material to the operations of the Australand Group.

2.11 Interests of FCL Bidder and its directors in Australand securities

As at the date of this Bidder's Statement, none of FCL, FCL Bidder or any of their directors has a relevant interest in any Securities or ASSETS.

3 Intentions

3.1 Introduction

This section 3 sets out FCL's intentions in relation to:

- a. the continued operation of Australand;
- b. any major changes to be made to the operation of Australand, including any redeployment of Australand property;
- c. any plans to remove the Responsible Entities; and
- d. the future employment of the present employees of Australand.

These intentions are based on the information concerning Australand, its business and the general business environment which is known to FCL at the time of preparation of this Bidder's Statement, which included publicly available information and information that has been made available to FCL through due diligence access provided by Australand.

Final decisions regarding these matters will only be made by FCL in light of material information and circumstances at the relevant time. Accordingly, the statements set out in this section 3 are statements of current intention only, which may change as new information becomes available to FCL or as circumstances change.

FCL Bidder's intentions concerning the business and property of Australand are the same as the intentions of FCL as set out in this section 3.

3.2 Intentions upon acquisition of 90% or more of the Securities

This section 3.2 sets out FCL's current intentions if FCL Bidder acquires relevant interests in 90% or more of the Securities and it is entitled to proceed to compulsory acquisition of the remaining Securities under the Corporations Act.

a. Corporate matters

It is intended that FCL would:

- i. proceed with compulsory acquisition of the outstanding Securities in accordance with the provisions of Chapter 6A of the Corporations Act (although FCL has not made any determination as to when it would proceed with compulsory acquisition after becoming entitled to do so);
- ii. arrange for Australand to be removed from the official list of ASX;
- iii. subject to the Corporations Act, Australand's constituent documents and the outcome of the review referred to in this section, consider whether its objectives would be best served by replacing the current responsible entities, AIL and APL, with an appropriately licensed entity;
- iv. review, and likely replace, the current Australand directors; and
- v. review the holding structure of Australand and Australand's assets with a view to determining the optimal structure for the Australand properties under 100% FCL ownership.

b. Assets

If FCL acquires a relevant interest in all of the Securities, it intends to conduct a review of Australand's assets. This may include operational changes, acquisitions or disposals and changes to development programs.

Subject to the outcome of FCL's review, FCL intends that most or all of Australand's property portfolio will become part of FCL's core property portfolio.

c. Australand borrowings

FCL has made no final determination in relation to Australand's existing financing arrangements. However:

- i. subject to the following, FCL's current intention is to keep existing financing in place;
- ii. FCL will assist Australand in refinancing any financing required as a result of the transaction; and
- iii. FCL currently intends to procure that Australand exercise its right of redemption in respect of all of the ASSETS in accordance with their terms as soon as is practicable.

d. General operational matters

If the compulsory acquisition threshold is achieved by FCL Bidder, FCL intends to conduct a thorough and broad-based general review of Australand's corporate structure, assets and operations. This review will apply quantitative and qualitative factors to measure performance and areas for improvement, including identifying opportunities in relation to integration of FCL's existing Australian operations.

FCL has a high regard for the Australand management team, and currently intends to retain key management in order to ensure a smooth transition of ownership, and to provide certainty and stability to the business and Australand employees going forward.

3.3 Intentions upon acquisition of less than 90% of the Securities

This section 3.3 sets out FCL's intentions if FCL Bidder does not become entitled to compulsorily acquire the outstanding Securities but, by virtue of acceptances of the Offer, acquires ownership of more than 50% of Australand.

In those circumstances, FCL's current intentions are as follows.

a. Corporate matters

- i. FCL will review Australand's listing on ASX. Subject to compliance with law and applicable ASX guidance, FCL would seek to arrange for Australand to be removed from the official list of ASX.
- ii. FCL will review the current Australand distribution policy.
- iii. FCL will also review, and likely replace, the current Australand directors.

b. Assets

FCL will undertake a detailed review of Australand's assets and make any determination following that review.

c. Australand borrowings

FCL has made no final determination in relation to Australand's existing financing arrangements. However:

- i. subject to the following, FCL's current intention is to keep existing arrangements in place;
- ii. FCL will co-operate with Australand in refinancing any financing required as a result of the transaction; and
- iii. FCL currently considers that it would support a decision of Australand to redeem the ASSETS in accordance with their terms as soon as practicable after FCL Bidder acquires ownership of more than 50% of Australand.

d. General operational review

FCL intends to conduct a thorough and broad-based general review of Australand's corporate structure, assets and operations. This review will apply quantitative and qualitative factors to measure performance and areas for improvement.

e. **Further acquisition of Securities**

FCL or FCL Bidder may, at some later time, acquire further Securities in a manner consistent with the Corporations Act.

f. **Compulsory acquisition at a later time**

If FCL becomes entitled at some later time to exercise general compulsory acquisition rights under the Corporations Act, it may exercise those rights.

3.4 Other intentions

Other than as set out in this section 3, it is the present intention of FCL to:

- a. generally continue the operations of Australand; and
- b. not make any major changes to the operations of Australand nor to redeploy any of the fixed assets of Australand.

3.5 Limitations on intentions

The intentions and statements of future conduct set out in this section 3 must be read as being subject to:

- a. the law (including the Corporations Act) and the ASX Listing Rules, including in particular the requirements of the Corporations Act and the ASX Listing Rules in relation to conflicts of interest and 'related party' transactions, given that if FCL Bidder obtains control of Australand but does not acquire all of the Securities, it will be treated as a related party of Australand for these purposes;
- b. the legal obligation of the directors of Australand at the time, including any nominees of FCL or FCL Bidder, to act in good faith in the best interests of Australand and for proper purposes and to have regard to the interests of all Securityholders; and
- c. the outcome of the reviews referred to in this section 3.

4 Sources of Consideration

4.1 Consideration under the Offer

The consideration for the acquisition of the Securities to which the Offer relates will be satisfied by the payment of cash (in Australian dollars). The consideration offered for each of your Securities is \$4.48, subject to section 7.9(d).

Based on the number of Securities on issue, together with the number of Australand Performance Rights on issue that may convert into Securities during the Offer Period, as at the date of this Bidder's Statement, the maximum amount of cash that would be payable by FCL Bidder under the Offer if acceptances were received for all Securities is approximately \$2.6 billion (the **Offer Amount**).

4.2 FCL Bidder's funding arrangements

The Offer Amount will be funded by FCL Bidder through a combination of internal and external funding arrangements that have been put in place by FCL.

a. External loan facility

FCL Bidder and FCL have entered into a facility agreement with (among others) Standard Chartered Bank, Deutsche Bank and Sumitomo Mitsui Banking Corporation (the **Lenders**), pursuant to which the Lenders have agreed to provide loan facilities to FCL Bidder (the **Loan Facility Agreement**).

Subject to the terms of the Loan Facility Agreement, FCL Bidder will be able to borrow an amount to be applied towards payment of the consideration payable under the Offer and meet FCL Bidder's associated transaction costs.

The Lenders' commitments to provide a loan under the Loan Facility Agreement to be applied towards payment of the consideration payable under the Offer are subject to satisfaction of specified conditions precedent, which include, among others:

- i. satisfaction of the Defeating Conditions in sections 7.7(a) and 7.7(b) (provided that, in the case of section 7.7(b), the facility agent under the Loan Facility Agreement has consented to any conditions which are imposed by the Treasurer which may (in the facility agent's reasonable opinion) be materially adverse to the Lenders' position);
- ii. certain limited events of default and potential events of default not continuing and not resulting from the proposed loan;
- iii. certain insolvency events in relation to Australand not continuing; and
- iv. certain other conditions precedent which are documentary or procedural in nature.

FCL Bidder has no reason to believe that these conditions precedent will not be satisfied.

b. FCL Bidder's internal funding arrangements

FCL has irrevocably and unconditionally undertaken to provide FCL Bidder with an amount that is equal to the amount by which the Offer Amount and associated transaction costs exceed the facilities under the Loan Facility Agreement described in section 4.2(a) above. Such funds will be sourced from FCL's existing cash resources (namely, cash or cash equivalents) and contributed to FCL Bidder by equity subscription and/or debt. FCL has confirmed that funds of an amount greater than the amount by which the Offer Amount and associated transaction costs exceed the facilities under the Loan Facility Agreement (described in section 4.2(a) above) are immediately available and not subject to security interests or rights of set off and are not required for other arrangements.

Although FCL has not set aside particular cash reserves, FCL is not aware of any reason why there will not be cash reserves at least equal to the Offer Amount which will be available for provision to FCL Bidder when required under the Offer.

Under the terms of the internal funding arrangements, FCL is obliged to advance funds on request by FCL Bidder to enable FCL Bidder to satisfy its payment obligations to Securityholders under the Offer, as well as to meet transaction costs.

4.3 Provision of consideration

On the basis of the arrangements described in this section 4, FCL Bidder believes that it has reasonable grounds for holding the view, and does hold the view, that it will be able to provide the consideration offered under the Offer, as well as meet the associated transaction costs and expenses.

4.4 Additional re-financing commitments

In addition to the above, refinancing commitments in respect of Australand Group loan facilities, US private placement notes and the ASSETS may arise as a consequence of the Offer. The circumstances in which these commitments may arise are detailed in section 2.4.

To the extent that a refinancing obligation arises in respect of any of the arrangements above as a consequence of the Offer, Australand would need to refinance the relevant arrangements.

Under the Bid Implementation Agreement, FCL has agreed to co-operate with Australand and use reasonable endeavours to establish replacement financing for the purposes of funding any refinancing requirement of Australand that arises as a consequence of the Offer.

5 Australian Tax Considerations

This information below has been prepared to provide a broad overview of the Australian tax considerations in relation to the acceptance of the Offer for individual Securityholders who hold their Securities on capital account and not as trading stock or otherwise on revenue account. The taxation consequences for a particular Securityholder will vary depending on their own specific circumstances. Accordingly, the information contained below, being of a general nature only, does not constitute taxation advice and cannot be relied upon as such.

The information contained in this report is based on the taxation law, established interpretations of legislation, applicable case law and published Australian Taxation Office (**ATO**) statements of administrative practice as at the date of this Bidder's Statement. It is not intended to be an authoritative or complete statement of the law applicable to the particular circumstances of every registered Securityholder.

Securityholders should seek appropriate independent professional taxation advice that considers the taxation implications of the Offer to their own specific circumstances.

5.1 CGT consequences – implications of Australand's stapled structure

Acceptance of the Offer will result in a disposal of the Securities by you and should trigger a CGT event.

For Australian income tax purposes, each stapled entity that comprises the Securities (i.e. AHL, APT, APT4 and APT 5) is a separate CGT asset. As such, a separate CGT calculation will be required to be undertaken in respect of the disposal of each of the separate stapled entities (i.e. shares in AHL and the respective units in APT, APT4 and APT5). In respect of each separate stapled entity, you should:

- make a capital gain if the capital proceeds on disposal of the stapled entity is greater than your cost base in that stapled entity; or
- make a capital loss if your reduced cost base of the stapled entity is greater than the capital proceeds from the disposal of that stapled entity.

a. Capital Proceeds

The cash consideration offered by FCL Bidder (under this Offer) will be the capital proceeds for the purposes of calculating the capital gain or loss. The capital proceeds needs to be apportioned between the stapled entities on a reasonable basis. Broadly, a reasonable basis may be the net asset value of each respective stapled entity for these purposes. This may be found on the Australand website.

b. Cost base of the respective stapled entities

Broadly, the cost base (or reduced cost base) of each share or unit comprising the Securities should be the amount you paid to acquire the respective share or unit (plus any incidental costs you incur on acquisition and disposal of the share or unit). The acquisition price you paid for the Securities would need to be apportioned between the stapled entities on a reasonable basis (as noted above for capital proceeds). Your cost base in the respective shares and units will be reduced by any returns of capital and/or tax deferred distributions received in respect of that particular share or unit. The tax deferred amounts and/or capital returns should have been disclosed to you in your previous distribution statements from Australand. Securityholders should seek their own advice on the relevant cost base (or reduced cost base) in the respective stapled entities.

5.2 CGT consequences for resident Securityholders

Any net capital gain should be included in your assessable income if you are an Australian resident Securityholder and subject to Australian income tax at your applicable tax rate. A CGT discount may be available to reduce your capital gain.

Securityholders who are individuals who have held their Securities for at least 12 months before their disposal should be entitled to the CGT discount to the extent there is a net capital gain for the income year. Broadly, the CGT discount rules provide that Australian resident individual Securityholders may reduce their capital gain

(after the application of any current year or prior year capital losses) by 50%. Securityholders should seek their own advice in this respect.

5.3 CGT consequences for non-resident Securityholders

Generally, non-Australian residents are only liable for Australian tax on capital gains in respect of CGT assets that constitute Taxable Australian Property (**TAP**). Relevantly, TAP includes:

- Taxable Australian Real Property (**TARP**), which includes real property (including leasehold interests) located in Australia;
- a CGT asset that is an indirect Australian Real Property Interest, being broadly, a non-portfolio interest (i.e. 10% or more direct or indirect interest in the issued capital of the Securities on an associate-inclusive basis) in an entity whose assets consist predominately (i.e. more than 50%), directly or indirectly, of TARP;
- a CGT asset used at any time in carrying on a business by a foreign resident through a permanent establishment in Australia; and
- an option or right to acquire a CGT asset listed above.

Accordingly, the Securities may constitute TAP depending on your specific circumstances. Securityholders should seek their own advice in determining whether their Securities are TAP.

5.4 Entitlement to distributions arising prior to acceptance

Under the Offer, the Securityholders will be entitled to retain the Allowed Distribution. The Allowed Distribution may constitute distributions from the Trusts and dividends from AHL.

5.5 Trust distributions to resident Securityholders

APT, APT4 and APT5 are treated as “flow through” trusts for Australian tax purposes. Accordingly, you will be required to include in your assessable income as an Australian resident Securityholder your share of the taxable income component of the Allowed Distribution of the respective trusts for the income year commencing on 1 July 2014. The taxable income component may include a capital gain which may qualify as a discount capital gain.

Due to the ownership structure of FCL Bidder, in the event that FCL Bidder closes its Offer with more than 50% of the Securities, APT, APT4 and APT5 will no longer qualify as MITs. Accordingly, the MIT CGT elections made by APT, APT4 and APT5 to treat certain assets as being held on capital account will no longer be valid. The revenue versus capital treatment of the underlying assets will be determined based on general principles. Therefore, depending on the nature of any gain distributed as part of the pro-rata distribution, CGT discount may not be available.

The Allowed Distribution may also include a tax deferred component. This component is generally not assessable. However, the tax deferred component generally reduces the cost base of the units in the trusts (where the tax deferred amount is less than the cost base of the unit) and will affect your capital gain or loss on disposal of such units. The components that make up the distribution will be notified in your tax statement for the income year.

5.6 Trust distributions to non-resident Securityholders

In the event that FCL Bidder closes its Offer with more than 50% of the Securities, APT, APT4 and APT5 will no longer qualify as MITs. Accordingly, non-Australian resident Securityholders will no longer benefit from a final MIT withholding tax on certain trust distributions as follows:

- 15% final MIT withholding tax on ‘fund payments’ (e.g. net rental income and capital gains) made to Securityholders resident in an Information Exchange Country (i.e. a country with an effective exchange of information treaty with Australia); and
- 30% final MIT withholding tax on ‘fund payments’ made to Securityholders not resident in an Information Exchange Country.

Rather, the following taxes will apply to the Allowed Distribution to be paid to you as non-resident individual Securityholders:

- 10% final withholding tax on Australian sourced interest income; and
- non-final tax at 45% (to be increased to 47% from 1 July 2014) on Australian sourced net rental income and capital gains.

The Allowed Distribution may also include a tax deferred component. This component is generally not assessable. However, the tax deferred component generally reduces the cost base of the units in the trusts (where the tax deferred amount is less than the cost base of the unit) and will affect the capital gain or loss on disposal of such units (where the units are TAP). The components that make up the distribution will be notified in your tax statement for the income year.

5.7 Receipt of dividends in respect of shares in AHL – Resident Securityholders

If dividends are paid in respect of the shares in AHL, as an Australian resident Securityholder, you will be required to include your share of the dividends distributed in your assessable income when paid.

To the extent the dividend is franked, Australian resident Securityholders may be required to gross up dividends included in their assessable income for the attached franking credits and may be entitled to a tax offset equal to that franking credit, depending on your particular circumstances.

5.8 Receipt of dividends in respect of shares in AHL – Non-Resident Securityholders

For non-resident Securityholders, to the extent the dividend is franked, no dividend withholding tax should be levied on the franked portion of the dividend. However, to the extent the dividend is unfranked, dividend withholding tax at 30% will be applied to the dividend unless a lower rate applies under an applicable tax treaty or a specific exemption is available.

5.9 Goods and Services Tax

The disposal of your Securities in return for cash under the Offer will not attract GST. To the extent that you incur GST on acquisitions which you make in connection with the Offer (such as adviser fees), you may not be entitled to an input tax credit for the GST on those acquisitions, depending on your particular circumstances.

5.10 Stamp Duty

No stamp duty will be payable by a Securityholder on a disposal of their Securities under the Offer.

6 Other Material Information

6.1 ASIC relief, modifications and exemptions

ASIC has published various 'Class Order' instruments providing for modifications and exemptions that apply generally to all persons, including FCL Bidder, in relation to the operation of Chapter 6 of the Corporations Act.

Amongst others, FCL Bidder has relied on:

- a. the modification to section 636(3) of the Corporations Act as set out in paragraph 5(d) of ASIC Class Order 13/521 to include references to certain statements by Australand in this Bidder's Statement without obtaining the consent of those persons. The relevant statements were respectively taken from announcements released to the ASX by Australand and from the Australand Group's website: www.australand.com.au. As required by Class Order 13/521, FCL Bidder will make available a copy of these documents (or relevant extracts of these documents), free of charge, to Securityholders who request them during the Bid Period. To obtain a copy of these documents (or the relevant extracts), Securityholders may telephone the Frasers Offer Information Line on 1800 992 613 (toll-free within Australia) or +61 1800 992 613 (from outside Australia); and
- b. the modification to section 606 of the Corporations Act as set out in ASIC Class Order 13/520 to disregard 'relevant interests' that arise out of the Facility described in section 8.

6.2 Allowed Distribution

Under the terms of the Offer, all Securityholders will receive the Allowed Distribution.

The Allowed Distribution will be paid to all Securityholders on the Australand register of members as at the Allowed Distribution Record Date (which will include all Securityholders that have accepted the Offer before it becomes unconditional).

The Allowed Distribution will be an amount equal to:

- the proportion of Australand's expected second half distribution for 2014 (being 12.75 cents per Security) that is referable to the period from 1 July 2014 until the Offer becomes unconditional (as a proportion of the entire half year ending 31 December 2014 and calculated on a pro-rata basis), up to a maximum of 12.75 cents per Security; or
- if the Offer is not unconditional before 31 December 2014, 12.75 cents per Security.

If for any reason the Allowed Distribution exceeds the amount contemplated above, the consideration paid under the Offer will be reduced accordingly.

If the Allowed Distribution is paid after the Offer becomes unconditional, FCL Bidder anticipates that any distribution for the half year ending 31 December 2014 would be reduced to take account of the Allowed Distribution.

6.3 Potential for waiver of Defeating Conditions

The Offer is subject to a number of conditions set out in section 7.7 including a minimum acceptance condition (see section 7.7(a)). Under the terms of the Offer and the Corporations Act, any or all of those Defeating Conditions (other than the Defeating Condition in section 7.7(b)) may be waived by FCL Bidder. Under the terms of the Bid Implementation Agreement, once the conditions in sections 7.7(a) (minimum acceptance) and 7.7(b) (FIRB approval) are both satisfied, FCL Bidder will waive all Defeating Conditions other than any Defeating Condition in respect of which FCL Bidder has publicly announced a breach or suspected breach before that time.

If an event occurs which results (or would result) in the non-fulfilment of a Defeating Condition, FCL Bidder might not make a decision as to whether it will either rely on the occurrence, or instead waive the Defeating Condition in respect of that occurrence, until the date for giving notice as to the status of the conditions of the Offer under section 630(3) of the Corporations Act (see section 7.8(e)). If FCL Bidder decides that it will waive a Defeating Condition it will announce that decision to the ASX in accordance with section 650F of the Corporations Act.

If any of the Defeating Conditions is not fulfilled, and FCL Bidder decides to rely on that non-fulfilment, then any contract resulting from acceptance of the Offer will become void at (or, in some cases, shortly after) the end of the Offer Period, and the relevant Securities will be returned to the holder.

6.4 Status of Defeating Conditions

The Offer is subject to a number of conditions set out in section 7.7. Set out below is the status of key conditions as at the day before the date of this Bidder's Statement. FCL Bidder will provide updates on any material developments relating to the status of these conditions through announcements to the ASX and the SGX. As at the date of this Bidder's Statement, FCL Bidder is not aware of any events or circumstances which would result in the non-fulfilment of any of the Defeating Conditions. If the Defeating Conditions set out in section 7.7 are not fulfilled, then no contract will be capable of arising at all from acceptance of the Offer.

FIRB Approval

On 12 June 2014, FCL lodged an application with FIRB in respect of the acquisition by FCL Bidder of up to all of the Securities.

6.5 Bid Implementation Agreement

Australand and FCL have entered into the Bid Implementation Agreement, which sets out arrangements in relation to the conduct of the takeover bid by FCL Bidder of all Australand Securities to be implemented in accordance with Chapter 6 of the Corporations Act. The full form of the Bid Implementation Agreement was announced on ASX on 1 July 2014. This section 6.5 contains a summary of the material terms of the Bid Implementation Agreement.

a. Consideration

FCL must make Offers to all Securityholders in respect of all Securities by no later than 7 July 2014 (or such later date agreed by the parties). The offer price for each Security will be a cash payment equal to \$4.48.

b. Exclusivity

Australand represents and warrants to FCL that it has ceased negotiations and discussions in respect of competing proposals.

For the duration of the exclusivity period, which commences on 1 July 2014 and ends at the end of the Offer Period, Australand must ensure that it does not solicit, invite, initiate or encourage any discussions with a view to obtaining any offer or proposal that would be a competing proposal and must ensure that it does not enable any persons to undertake due diligence investigations in respect of Australand without the prior consent of FCL.

Australand is also required to notify FCL of any approach by a third party in relation to a competing proposal and FCL must be afforded an opportunity to match any such proposal if it is superior to the Offer.

The restriction on providing persons with due diligence access and the notification obligation do not apply to the extent that they restrict Australand or the Australand board from taking or refusing to take any action provided that the Australand board has determined that taking or refusing to take the relevant action would be reasonably likely to constitute a breach of the fiduciary or statutory obligations of the directors of the Australand board.

c. Conduct of business

Australand is required to conduct its business in the ordinary course until the end of the Offer Period and (subject to the obligation of the members of the Australand board to comply with their fiduciary duties) not take any action which would constitute a breach of the Defeating Conditions in sections 7.7(c) to (h).

d. Allowed Distribution

Within two business days after the Offer becomes unconditional, Australand will announce to ASX the Allowed Distribution. The Allowed Distribution Record Date must be the date that is five Business Days after the date on which the Allowed Distribution is announced. The Allowed Distribution must be paid not more than ten Business Days after the Allowed Distribution Record Date.

e. **Termination**

The Bid Implementation Agreement may be terminated by either party by notice to the other party:

- i. if the other party is in material breach of the Bid Implementation Agreement and the breach is not remedied in five Business Days;
- ii. if FCL withdraws the takeover bid;
- iii. if there is a material breach of a representation or warranty;
- iv. if a court or Regulatory Authority restrains or prohibits the takeover bid; or
- v. if the Offer is not made before 15 August 2014.

FCL may terminate the Bid Implementation Agreement if:

- i. a superior proposal is made for Australand by a third party;
- ii. a majority of the Australand Board does not recommend that the Securityholders accept the takeover bid or withdraws their recommendation; or
- iii. an Australand entity becomes insolvent.

Australand may terminate the Bid Implementation Agreement if Australand has notified FCL of a superior offer, or potential superior offer, and either FCL does not propose a matching offer or the Australand board determines that the proposed matching offer would provide Securityholders with a less favourable outcome than the superior offer.

6.6 Broker commission

FCL Bidder may offer to pay a commission to brokers who solicit acceptances of the Offer from their clients. FCL Bidder has made no final decision in relation to the matter at this stage.

Any commission payments will be paid only in respect of parcels of Securities held by retail Securityholders who accept the Offer.

If such arrangements are put in place, commission payments will not exceed 0.75% of the value of the consideration payable for parcels of Securities held by retail Securityholders who accept the Offer, and will be subject to minimum payments (not exceeding \$50) and maximum payments (not exceeding \$750) for each acceptance.

If a commission is offered, it will be payable to brokers only and subject to the condition that no part of the fee will be able to be passed on, or paid, to Securityholders.

If and when FCL Bidder decides to offer such a commission to any broker, it will make an announcement to ASX.

It is FCL Bidder's intention that, if and when an offer of commission has been made to any broker by FCL Bidder, the commission arrangement will remain in place for the balance of the Offer Period and the amount of the commission offered will not be increased during the Offer Period.

6.7 Approvals for payment of consideration

FCL Bidder is not aware of any Securityholders who require any approval referred to in section 7.9(e) in order to be entitled to receive any consideration under the Offer.

So far as FCL Bidder is aware, unless the Minister for the Department of Foreign Affairs and Trade has given specific approval under the Autonomous Sanctions Regulations 2011 (Cth), payments or transfers to, by the order of or on behalf of prescribed governments (and their statutory authorities, agencies and entities) and, in certain cases, nationals of prescribed countries are subject to certain limited exceptions, restrictions or prohibitions. Based on FCL Bidder's searches, the prescribed governments, countries and entities are as follows:

- a. supporters of the former government of the Federal Republic of Yugoslavia;
- b. individuals associated with the Burmese regime;

- c. certain individuals associated with the Fiji Government;
- d. certain Iranian entities and persons not already listed by the United Nations Security Council;
- e. certain key persons and entities who were associated with the former Qadhafi regime;
- f. persons and entities responsible for, or involved in, human rights abuses in Syria;
- g. ministers and senior officials of the Government of Zimbabwe, as well as senior management of state owned enterprises of Zimbabwe; and
- h. certain entities and individuals associated with the Democratic People's Republic of Korea.

Part 4 of the *Charter of the United Nations Act 1945* (Cth) prohibits funds and other financial assets from being provided to specified persons associated with terrorism. The places to which, and persons to whom, the *Charter of the United Nations Act 1945* (Cth) currently applies include places and persons specified in regulations made under the *Charter of the United Nations Act 1945* (Cth), and any person or entity listed as being associated with terrorism by the Australian Minister for Foreign Affairs in the Commonwealth of Australia Gazette for the purposes of Part 4 of the *Charter of the United Nations Act 1945* (Cth).

The places to which, and persons to whom, the Charter of the United Nations (Terrorism and Dealing with Assets) Regulations 2002 (Cth) currently apply include the Taliban, a member of the Al-Qaida organisation (also known as the Al-Qaeda organisation), and any person named on the list maintained pursuant to United Nations Resolution 1390 (2002) by the Committee of the United Nations Security Council established pursuant to United Nations Resolution 1267 (1999).

The places to which and persons to whom the Charter of the United Nations (Sanctions – Afghanistan) Regulations 2001 (Cth) currently apply include the Taliban Territory, a bin Laden Entity and a Taliban Entity (as those terms are defined in those regulations).

The Charter of the United Nations (Sanctions – Iraq) Regulations 2008 (Cth) apply in respect of certain assets of the previous government of Iraq, assets removed from Iraq, or acquired, by or on behalf of senior officials of the previous government of Iraq or their immediate families, and certain other assets specified in the regulations. Transactions involving such assets (including, if relevant, Securities) require Ministerial approval.

6.8 Withholding of consideration

FCL Bidder is not currently aware of any amounts that are or would be treated as withholding amounts under section 7.9(f). However, it is possible that FCL Bidder may become aware of an obligation in this regard after the date of this Bidder's Statement.

For example, under section 255 of the *Income Tax Assessment Act 1936* (Cth), the Australian Taxation Office may notify FCL Bidder that all or part of the consideration otherwise payable under the Offer to Securityholders who are non-residents of Australia is to be retained by FCL Bidder, or paid to the Australian Taxation Office, instead of being paid to the relevant Securityholders. Similarly, under section 260-5 of Schedule 1 to the *Taxation Administration Act 1953* (Cth), the Australian Taxation Office may require FCL Bidder to pay to the Australian Taxation Office all or part of the consideration otherwise payable under the Offer to Securityholders who owe tax-related debts to the Australian Government.

6.9 Date for determining holders of Securities

For the purposes of section 633 of the Corporations Act, the date for determining the people to whom information is to be sent under items 6 and 12 of section 633(1) for each Offer is the Register Date.

6.10 No collateral benefits

Neither FCL, FCL Bidder nor any of their associates has in the four months before the date of this Bidder's Statement, or in the period between the date of this Bidder's Statement and the date of the Offer, given, offered to give or agreed to give a benefit which is not offered to all Securityholders under the Offer to another person which was likely to induce the other person (or an associate) to accept the Offer or dispose of Securities.

6.11 No escalation agreements

Neither FCL, FCL Bidder nor any of its associates has entered into any escalation agreement that is prohibited by section 622 of the Corporations Act.

6.12 Consents

- i. before the end of the Offer Period; or

If FCL Bidder does treat such an Acceptance Form as valid, subject to section 7.9, FCL Bidder will not be obliged to give the consideration to you until:

- iv. all of the requirements for acceptance referred to in section 7.3 and in the Acceptance Form have been met (other than the requirement of your Acceptance Form to be received before the end of the Offer Period).

d. Risk in Acceptance Form

The transmission by you of the Acceptance Form and any other documents in accordance with section 7.3 is at your own risk. No acknowledgement of receipt of any such documents will be given to you by or on behalf of FCL Bidder.

- b. subject to all of the Defeating Conditions being fulfilled or waived, you transfer, and consent to the transfer in accordance with ASX Settlement Operating Rules of all of your Securities to FCL Bidder in accordance with this Offer and subject to the conditions of the constitutions of Australand on which they were held immediately before your acceptance of this Offer (and FCL Bidder agrees to take those Securities subject to those conditions);

 - i. all of your Securities are and will be fully paid;
 - ii. you have full power and capacity to accept the Offer and to sell and transfer the legal and beneficial ownership of your Securities to FCL Bidder; and

- i. you agree to indemnify FCL Bidder and each of its agents in respect of any claim or action against it or any loss, damage or liability whatsoever incurred by it as a result of you not producing your Holder Identification Number or your Securityholder Reference Number or in consequence of the transfer of your Securities to FCL Bidder being registered by Australand without production of your Holder Identification Number or your Securityholder Reference Number.

The representations, warranties, authorities and indemnity referred to in this section 7.6 will (unless otherwise stated) remain in force after you receive the Offer consideration for your Securities and after FCL Bidder becomes the registered holder of them.

7.8 Nature and operation of Defeating Conditions

a. Nature of Defeating Conditions

- i. The Defeating Condition in section 7.7(b) is a condition precedent to FCL Bidder's acquisition of any interest in Securities. Notwithstanding your acceptance of this Offer, unless and until the Defeating Condition in section 7.7(b) has been fulfilled or waived:
 - a. no contract for the sale of your Securities will come into force or be binding on you, FCL or FCL Bidder;
 - b. FCL Bidder will have no rights (conditional or otherwise) in relation to your Securities;
 - c. if your Securities are held in a CHESS Holding, you will be entitled to withdraw your acceptance in respect of those Securities by having your Controlling Participant transmit a valid originating message to ASX Settlement specifying the Securities to be released from the sub-position, in accordance with Rule 14.16 of the ASX Settlement Operating Rules, at any time prior to the fulfilment or waiver of that Defeating Condition; and
 - d. if your Securities are not held in a CHESS Holding, you will be entitled to withdraw your acceptance in respect of those Securities by sending a notice to that effect signed by you (or on your behalf, in which case documentation proving that the person or persons signing the notice are authorised to do so must accompany the notice) to any of the addresses specified on the Acceptance Form so that it is received at the relevant address at any time prior to the fulfilment or waiver of that Defeating Condition.
- ii. Each of the other Defeating Conditions is a condition subsequent to the formation of a binding contract upon your acceptance of this Offer. None of those Defeating Conditions prevents a contract to sell your Securities resulting from your acceptance of this Offer, but:
 - a. breach of any of those Defeating Conditions entitles FCL and FCL Bidder to rescind that contract by written notice to you; and
 - b. non-fulfilment of any of those Defeating Conditions at the end of the Offer Period will have the consequences set out in section 7.8(f).

b. Separate Defeating Conditions for benefit of FCL

- i. Each paragraph and sub-paragraph of section 7.7 constitutes, and is to be construed as, a separate, several and distinct Defeating Condition. No Defeating Condition will be taken to limit the meaning or effect of any other Defeating Condition.
- ii. Subject to the Corporations Act and to section 7.8(a)(i), FCL and FCL Bidder alone are entitled to the benefit of the Defeating Conditions and to rely on breach or non-fulfilment of, or to waive, any of those conditions.

c. Fulfilment of Defeating Conditions

FCL and FCL Bidder will use all reasonable endeavours to ensure that the Defeating Condition contained in section 7.7(b) is fulfilled as soon as possible after the date of this Bidder's Statement.

d. Waiver of Defeating Conditions

Subject to the Corporations Act, FCL or FCL Bidder may free this Offer and any contract resulting from your acceptance of this Offer from all or any of the Defeating Conditions generally or in relation to a specific occurrence by giving written notice to Australand:

- i. in the case of the Defeating Condition in section 7.7(g) – not later than three Business Days after the end of the Offer Period; and
- ii. in the case of the other Defeating Conditions – not less than seven Business Days before the last day of the Offer Period.

e. **Notice on status of Defeating Conditions**

The date for giving notice as to the status of the Defeating Conditions required by section 630(1) of the Corporations Act is 31 July 2014 (subject to variation in accordance with section 630(2) of the Corporations Act if the Offer Period is extended).

f. **Contract void if Defeating Conditions not fulfilled**

Your acceptance of this Offer, and any contract resulting from your acceptance of this Offer, will be automatically void if:

- i. at the end of the Offer Period, any of the Defeating Conditions is not fulfilled; and
- ii. FCL Bidder has not declared this Offer and any contract resulting from your acceptance of it free from that Defeating Condition in accordance with section 7.8(d).

7.9 Payment of consideration

a. **When you will generally be paid**

Subject to this section 7.9 and the Corporations Act, if you accept this Offer and the Defeating Conditions are fulfilled or waived, FCL Bidder will provide to you the consideration for your Securities under this Offer by the later of:

- i. 15 Business Days after the date that the Offer becomes unconditional; or
- ii. 10 Business Days after the date that you accept the Offer.

b. **Provision of consideration where additional documents required**

Where additional documents are required, either by the Acceptance Form or otherwise, to be given to FCL Bidder with your acceptance to enable FCL Bidder to become the holder of your Securities (such as a power of attorney) then, subject to sections 7.9(c) to 7.9(f) and the Corporations Act:

- i. if those documents are given to FCL Bidder with your acceptance, FCL Bidder will provide to you the consideration for your Securities in accordance with section 7.9(a);
- ii. if those documents are given to FCL Bidder after your acceptance and before the end of the Offer Period, while the Offer is subject to a Defeating Condition, FCL Bidder will provide to you the consideration for your Securities by the day that is 15 Business Days after any contract resulting from your acceptance of this Offer becomes, or is declared, unconditional;
- iii. if those documents are given to FCL Bidder after your acceptance and before the end of the Offer Period, while the Offer is not subject to a Defeating Condition, FCL Bidder will provide to you the consideration for your Securities by the day that is the later of:
 - a. 15 Business Days after the date that the Offer becomes unconditional; or
 - b. 10 Business Days after the date that you accept the Offer; and
- iv. if those documents are given to FCL Bidder after the end of the Offer Period and the Offer is not subject to any Defeating Conditions, FCL Bidder will provide to you the consideration for your Securities within 10 Business Days after those documents are given. However, if, at the time those documents are given to FCL Bidder, the contract resulting from your acceptance is still subject to the Defeating Condition in section 7.7(g), FCL Bidder will provide to you the consideration for your Securities within 15 Business Days after the contract becomes, or is declared, unconditional.

c. **Delivery of consideration**

Payment of any cash amount to which you are entitled under this Offer will be made by cheque drawn in Australian currency in your favour. The cheque will be sent to you, at your risk, by ordinary mail (or, in the case of Securityholders with addresses outside Australia, by airmail) to your address shown on the Acceptance Form or as recorded in the register of Securityholders of Australand on the Register Date. Payment will be deemed to have been made at the time the cheque is delivered to Australia Post for delivery or placed in an Australia Post postal box.

d. Rights

If FCL Bidder becomes entitled to any Rights as a result of your acceptance of this Offer, it may require you to give to FCL Bidder all documents necessary to vest title to those Rights in FCL Bidder, or otherwise to give FCL Bidder the benefit or value of those Rights. If you do not do so, or if you have received or are entitled to receive (or any previous holder of your Securities has received or is entitled to receive) the benefit of those Rights, FCL Bidder will be entitled to deduct the amount (or an amount equal to the value, as reasonably assessed by FCL Bidder) of those Rights from any consideration otherwise due to you under this Offer. If FCL does not, or cannot, make such a deduction, you must pay that amount to FCL Bidder, except to the extent that FCL Bidder elects to waive its entitlement to those Rights.

e. Non-Australian residents

If, at the time of acceptance of this Offer, any authority or clearance of a Public Authority is required for you to receive any consideration under this Offer or you are resident in or a resident of a place to which, or you are a person to whom:

- x. the Charter of the United Nations (Sanctions – Eritrea) Regulations 2010 (Cth);
- xi. the Charter of the United Nations (Sanctions – Iran) Regulations 2008 (Cth);
- xii. the Charter of the United Nations (Sanctions – Iraq) Regulations 2008 (Cth);
- xiii. the Charter of the United Nations (Sanctions – Lebanon) Regulations 2008 (Cth);

See section 6.7 for information known to FCL Bidder as to whether this restriction may apply to you.

f. **Withholding of consideration by FCL**

If any amount (the **withholding amount**) is required, under any Australian law or by any Public Authority, to be:

- i. withheld from any consideration otherwise payable to you under this Offer and paid to a Public Authority; or
- ii. retained by FCL Bidder out of any consideration otherwise payable to you under this Offer,

the payment, provision or retention by FCL Bidder of the withholding amount (as applicable) will constitute full discharge of FCL Bidder's obligation to provide the consideration to you to the extent of the withholding amount.

7.10 Offerees

a. **Registered holders**

FCL Bidder is making an offer in the form of this Offer to:

- i. each person registered as the holder of Securities in the register of members of Australand as at the Register Date; and
- ii. each person who, during the period from the Register Date to the end of the Offer Period, becomes registered or entitled to be registered as the holder of Securities (whether or not they are registered or entitled to be registered as the holder of other Securities) due to the conversion of, or exercise of rights attached to, other securities convertible into Securities that are on issue at the Register Date.

b. **Transferees**

If at any time during the Offer Period another person is able to give good title to some or all of your Securities, and that person has not already accepted an offer in the form of this Offer for those Securities, then that person may accept as if an offer in the form of this Offer had been made to them in respect of those Securities.

c. **Trustees and nominees**

If at any time during the Offer Period and before you accept this Offer your Securities consist of two or more separate parcels within the meaning of section 653B of the Corporations Act (for example, because you hold your Securities as trustee or nominee for, or otherwise on account of, several distinct beneficial owners), then you may accept as if a separate offer in the form of this Offer had been made in relation to each of those parcels (including any parcel you hold in your own right). Acceptance for any parcel of Securities (including any parcel consisting of two or more parcels) is ineffective unless:

- i. you give FCL Bidder notice stating that the Securities consist of a separate parcel, such notice being:
 - a. in the case of Securities not in a CHESS Holding, in writing; or
 - b. in the case of Securities in a CHESS Holding, in an electronic form approved by the ASX Settlement Operating Rules for the purposes of Part 6.8 of the Corporations Act; and
- ii. your acceptance specifies the number of Securities in the distinct parcel.

d. **Securities subject to Australand transfer restrictions**

If at any time during the Offer Period some of your Securities are subject to transfer restrictions imposed by Australand (for example, because you hold some of your Securities under an employee incentive scheme), then you may accept as if a separate offer in the form of this Offer has been made in relation to the balance of your Securities. Acceptance for the balance of your Securities is ineffective unless you give FCL Bidder notice stating the number of your Securities that are subject to a transfer restriction and explaining the nature of the restriction, and your acceptance specifies the balance of your Securities.

If, for the purpose of accepting the Offer, you require additional copies of this Bidder's Statement and the Acceptance Form, please call the Frasers Offer Information Line on 1800 992 613 (toll-free within Australia) or +61 1800 992 613 (from outside Australia) to request those additional copies.

7.12 Variation and withdrawal of Offer

a. Variation

FCL Bidder may vary this Offer in accordance with the Corporations Act.

FCL Bidder will pay all costs and expenses of the preparation and circulation of this Offer and any Australian stamp duty payable on the transfer of any Securities to FCL Bidder under this Offer.

7.14 Governing law and jurisdiction

This Offer and any contract resulting from your acceptance of this Offer are governed by the laws of New South Wales. In relation to them and related non-contractual matters each party irrevocably submits to the non-exclusive jurisdiction of courts with jurisdiction there, and waives any right to object to the venue on any ground.

- b. the Facility Operator will hold the Acceptance Instructions subject to a bare trust and will not acquire a relevant interest in any of the Securities the subject of the Acceptance Instructions;
- c. the Facility Operator must deliver:
 - i. the Acceptance Forms to:
 - a. in the case of Issuer Sponsored Holdings, Link Market Services Limited (as FCL's share registry); or
 - b. in the case of CHESS Holdings, to the relevant Controlling Participant; and
 - ii. the Custodian Directions to the relevant custodian;
- d. if and when the Facility Operator receives written notice from FCL Bidder (**Confirmation Notice**) that:
 - i. FCL Bidder has declared the Offer free from all conditions that have not been fulfilled or waived;
 - ii. FCL Bidder has declared the Offer free from all Defeating Conditions; or
 - iii. FCL Bidder will declare the Offer free from all Defeating Conditions once all the delivered Acceptance Instructions are validly processed or implemented (as appropriate).

Eligible Securityholders are able to withdraw their Acceptance Instructions at any time prior to the Facility Operator receiving the Confirmation Notice from FCL Bidder.

A copy of the appointment of the Facility Operator will be provided to certain Eligible Securityholders and may also be requested from the Facility Operator by phone on 1800 992 613 (toll-free within Australia) or +61 1800 992 613 (outside Australia).

8.3 Disclosure of Acceptance Instructions

Before 9:00am (Sydney, Australia time) on each Business Day, the Facility Operator will inform FCL Bidder of the number of Securities in respect of which Acceptance Instructions have been received as at 7:30pm (Sydney, Australia time) on the previous Business Day.

Following receipt of this information from the Facility Operator, FCL Bidder will disclose this information to the ASX by 9:30am (Sydney, Australia time) on the Business Day following any movement of at least 1% in the aggregate of the percentage of Securities subject to the Facility and the percentage of Securities in which FCL Bidder and its Associates has a relevant interest, together with a breakdown of the aggregate amount between these two categories.
