RAPTIS GROUP LIMITED (ASX Code RPG)

Market Update

The company is in the process of applying to resume trading and return value to shareholders. Equity funding is available and a development site is currently in hand to relaunch the company.

The company has completed arrangements with the former security holder. This allows Raptis Group Limited to commence its core business of property development.

1. On 9 July 2014 a security registered over all collateral held by Raptis Group Limited was lifted.
2. On 3 July 2014 the appointment to control one subsidiary retired from this limited position.

We are pleased that these developments have now concluded which paves the way for the resumption of business for the group.

James Raptis 0755318100
