### LETTER FROM THE CHAIRMAN

Dear fellow shareholders,

The first half of the 2014 financial year was the second stage of your newly elected board's (Andrew Roberts, Phillip Carter and Niall Cairns) three stage program to fully transform ComOps Limited (ComOps) into a sustainably profitable growing ASX listed corporation, initially focused on the Microster Workforce Management business.

In reviewing the results for the first half to 30 June 2014, it is important to consider them in context of the three stage transformation ComOps is undertaking.

- The first stage was reported on in the 2013 Annual report and included the sale of the Korellus ERP software business, the raising of new capital to settle the Australian Taxation Office debts, the initial reduction in the cost base, and the introduction of new technology growth company expertise and capital.
- The second stage, being this half year, encompasses the final settlement of the dispute relating to the sale of the Korellus ERP software business, cleaning up the remaining issues from prior periods, the implementation of an efficiency program (without reducing operational capability) and the commencement of an acquisition search program.
- The third stage, which we are currently in, focuses on the delivery of operational profitability from Microster, potentially completing on the initial acquisitions announced (non-binding term sheets), bringing on board a new chief executive officer and delivering a sustainably profitable and growing company.

The net loss from continuing activities before tax for the 6 months to 30 June 2014 was \$0.7M and was a significant improvement on the corresponding prior period. There were however significant expenses incurred during the first half that are not expected to be incurred in the second half, which if not included would have resulted in a further and similar improvement. These first half expenses included the expenses removed by the June quarter's efficiency program and the resulting redundancy expenses incurred. This is pleasing as revenue was driven by strong professional services revenue, which was above budget, and not the higher margin license revenue, which was below budget.

Looking forward we expect the Microster business to deliver a solid contribution, with continued strength in professional services revenues being augmented in the second half with licence revenues and steady maintenance revenues. The new, lower cost base will assist the group to build a profitable base; however, final group results will also be dependent on any M&A expenses and the contribution from any newly acquired businesses.

During the period shareholders responded positively to the development of the newly focused ComOps and approved both the replenishment of the company's 15% placement capacity (April) and a further placement, including the approval of a placement to director related entities, at the Annual General Meeting. In June the company raised \$1.65 million from new, existing and director related investors. The company's 15% placement capacity is retained and may be used as part of any future capital raising strategy, which we expect should provide all shareholders with the opportunity to participate.

Overall, ComOps is making good progress in the challenging journey of its transformation into a sustainably profitable and growing listed software solutions company, which is no longer affected by its past. A company "Delivering operationally critical cloud enabled Enterprise Grade Workforce, Workplace & Workflow solutions for the management of complex & asset intensive working environments".

Finally, I would like to thank my fellow directors, past and present, our company secretary, managers and staff for their contributions during the year to date.

Niall Cairns Chairman

Niell Caeral

### DIRECTORS REPORT

The Directors of ComOps Limited submit herewith the half-year financial report for the six months ended 30 June 2014. In accordance with the provisions of the Corporations Act 2001, the Directors report as follows:

#### **Directors**

The names and particulars of the Directors of the Company during or since the end of the half year are:

Mr Niall Cairns
 Mr Andrew Roberts
 Dr Phillip Carter
 Chairman, non-executive Director
 Non-executive Director
 Appointed 22/11/2013
 appointed 28/06/2013
 appointed 22/11/2013

Mr Peter Wicks Non-executive Director appointed 28/06/2013 resigned 14/05/2014
 Mr Stephen Rattray Non-executive Director appointed 30/05/2013 resigned 20/05/2014

### **Description and BIO of each Director**

Mr Niall Cairns is a joint managing director and co-founder of Kestrel Capital Pty Limited, a private equity manager focused on growth companies with global opportunities in the technology, resources, niche manufacturing and services sectors. As an experienced growth company investor and developer, Mr Cairns has over 25 years of direct seed, private equity and listed company experience. In 1993 Mr Cairns cofounded Kestrel Capital, since which he has raised six funds and led the investments and been a director of companies such as Australian Helicopters, Avand (sold to Technology One), GMD (sold to SMS), Gale Pacific (AVCAL award winner) and Intrapower (sold to TPG Telecom). Currently, Mr Cairns is a director of Tru-Test Corporation Limited, Goldminex Resources Limited and Nanyang Australia II Limited. Mr Cairns holds a bachelor of economics (BEc) and is a Chartered Accountant (CA) and Fellow of the Institute of Company Directors (FAICD).

Mr Andrew Roberts is a business executive / entrepreneur with over 20 years' experience in the IT industry across Asia Pacific, and the United Kingdom. He has extensive commercial experience in business aggregation, business strategy, technology strategy, professional services, operations and general management. Mr Robert's specialties include technology incubation, growing business from start-up to sale, business turnarounds, and technology M&A. Over the past 20 years, Mr Roberts has served as a company director on a number of private and public company boards, both in Australia and overseas and is a member of the Australian Institute of Company Directors. He has previously been a director of ComOps Limited after his business was acquired by ComOps in 2008.

Dr Phillip Carter is a joint managing director of Kestrel Capital Pty Limited, the Sydney-based private equity manager. Dr Carter has extensive experience developing and financing technology rich industrials in Australia, Europe and the USA. Recently, as chairman of Prism Group Holdings – a developer of enterprise management information systems software – he led the restructure and turnaround of its global operations and sale of the business to a US competitor, delivering significant returns to investors. Previously, Dr Carter headed a leading UK technology consulting and investment advisory practice and managed the InterTechnology Fund, recognised by the EVCA as one of the most active development capital funds in Europe. Dr Carter has been a non-executive director of Goldminex Resources Limited and Sigtec Holdings Pty Ltd (Australia) for the past 5 years. Dr Carter holds a doctorate and bachelor degree in engineering (PhD, BEng) and a masters degree in finance (MAppFin). He is also a Fellow of the Institute of Company Directors (FAICD) and a Fellow of the Financial Services Institute (FFin).

### **Review of operations**

ComOps is seeking to grow organically and by acquisition to develop a sustainable profitable and growing group that delivers operationally critical cloud enabled Enterprise Grade Workforce, Workplace and Workflow solutions for the management of complex and asset intensive working environments.

The operational results for the period to 30 June 2014, for the first time reflect only the Microster and Salvus businesses. Revenues were down due to lower software licence sales, whilst professional services were above budget by 15% and maintenance revenues on budget. The net loss from continuing operations was significantly reduced as the benefits of actions taken in 2013, to reduce costs and restructure the business, were reflected in the first half.

During the period the board was restructured and an executive management committee established to manage the business whilst a search was undertaken for a new chief executive officer. At the end of the period the executive management committee consisted of:-

- Dr Phillip Carter: Non-Executive Director and Chairman of the Executive Committee
- Mr Christopher Brooke: Chief Financial Officer and Company Secretary
- Mr Graeme Neilson: General Manager Professional Services, Support and Development
- Mr Stephen Aitken: General Manager Sales and Marketing

The current ComOps business is focused on Microster Workforce Management and Salvus Safety Management Solutions to a blue chip client base in ports, shipping, rail and transport, government, security, utilities, health care and the payroll and service provider sectors. The solutions provided include rostering & scheduling, award interpretation, labour cost management, fatigue risk management, leave management, time & attendance, employee self-service portals, risk management & safety compliance and workforce analytics.

### DIRECTORS REPORT (CONTINUED)

The Microster and Salvus solutions deliver substantial financial and operation advantage by aligning people, productivity and performance; making workforces more productive, reducing overheads and increasing profitability.

### Independent Auditor's Review Report To the Members of ComOps Limited

We have reviewed the accompanying half-year financial report of ComOps Limited ("Company"), which comprises the consolidated financial statements being the statement of financial position as at 30 June 2014, and the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the half-year ended on that date, notes comprising a statement or description of accounting policies, other explanatory information and the directors' declaration of the consolidated entity, comprising both the Company and the entities it controlled at the half-year's end or from time to time during the half-year.

### Directors' responsibility for the half-year financial report

The directors of ComOps Limited are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the Corporations Act 2001 and for such controls as the directors determine is necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

### Auditor's responsibility

Our responsibility is to express a conclusion on the consolidated half-year financial report based on our review. We conducted our review in accordance with the Auditing Standard on Review Engagements ASRE 2410 Review of a Financial Report Performed by the Independent Auditor of the Entity, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the Corporations Act 2001 including: giving a true and fair view of the ComOps Limited consolidated entity's financial position as at 30 June 2014 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations

Regulations 2001. As the auditor of ComOps Limited, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

### Independence

In conducting our review, we complied with the independence requirements of the Corporations Act 2001.

### Conclusion

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of ComOps Limited is not in accordance with the Corporations Act 2001, including:

- a giving a true and fair view of the consolidated entity's financial position as at 30 June 2014 and of its performance for the half-year ended on that date; and
- b complying with Accounting Standard AASB 134 Interim Financial Reporting and Corporations Regulations 2001.

### Emphasis of matter

Without qualification to the conclusion expressed above, we draw attention to Note 1 in the financial report which indicates that the consolidated entity incurred a loss before tax of \$808,410 and net cash outflows from operating activities of \$1,382,231 during the period ended 30 June 2014 and, as of that date, the consolidated entity's current liabilities exceeded its current assets by \$586,310. These conditions, along with other matters as set forth in Note 1, indicate the existence of a material uncertainty which may cast significant doubt about the consolidated entity's ability to continue as a going concern and therefore, the consolidated entity may be unable to realise its assets and discharge its liabilities in the normal course of business, and at the amounts stated in the financial report.

### NOTES TO THE FINANCIAL STATEMENTS

for the half year ended 30 June 2014

### 1. Summary of accounting policies

### **Corporate Information**

The interim condensed consolidated financial statements of the Group for the six months ended 30 June 2014 were authorised for issue in accordance with a resolution of the Directors on 14 August 2014.

ComOps Limited is a limited company incorporated and domiciled in Australia whose shares are publically traded. The principal activities of the company and its subsidiaries (the Group) are described in Note 5.

### Basis of preparation

The half-year consolidated financial statements for the six months ended 30 June 2014 have been prepared in accordance with AASB 134 Interim Financial Reporting. The half-year consolidated financial statements do not include notes of the type normally included in an annual financial report and should be read in conjunction with the most recent annual financial report as at 31 December 2013.

The company has adopted a number of new accounting standards and interpretations that became effective 1 January 2014 which have not had a material impact.

### Significant accounting policies

The half-year financial report has been prepared on an accruals basis and is based on historical costs modified by the revaluation of selected non-current assets and financial liabilities for which the fair basis of accounting has been applied.

The following significant accounting policies, which are consistent with the most recent financial report, have been adopted in the preparation and presentation of the financial report:

### Valuation of intangible assets

The valuation of intangible assets and the assessment of the Group as a going concern are based on forecast results prepared by management and approved by the Board of Directors. These forecasts include recent restructuring in operating divisions and the ongoing efforts of the company to build its sales force and revenue pipeline which management is confident will enhance growth prospects.

#### Going concern

The directors have prepared the financial statements on a going concern basis, which contemplates continuity of normal business activities and the realisation of assets and extinguishment of liabilities in the ordinary course of business. The Consolidated Statement of Financial Position as at 30 June 2014 reflects a deficiency in working capital of \$586,310 (31 December 2013: \$1,494,676). As a result of continuing restructuring undertaken during the quarter and from prior periods, the company has reported a net loss before tax of \$808,410 and negative cashflows of \$1,382,231 for the period.

The Company does not expect cash expenditure to continue at the level indicated in the June 2014 Appendix 4C. The Board is confident that significant steps undertaken to restructure the operations will result in positive operating cashflows and will ensure the Company's ability to continue as a going concern.

In August 2013 the company was successful in securing a \$1m trade receivables factoring facility. The outstanding balance of the facility as at 30 June 2014 was \$24,860. The Company has had sufficient cash flows to date, which has resulted in a minimal need to draw down on the facility.

Whilst the company has successes in new business sales, there remains significant economic volatility in the market which causes some uncertainty as to whether forecast sales will be achieved.

Should the company be unable to achieve the forecast profitable growth in the business, this would cast doubt about the company's ability to continue as a going concern. If the company was to not continue as a going concern it may be required to realise its assets and extinguish its liabilities other than in the normal course of business and at amounts different to those stated in the half-year financial report. The half-year financial report does not include any adjustments relating to the recoverability and classification of recorded asset amounts or to the amounts and classification of liabilities that might be necessary should the company be unable to continue as a going concern and meet its debts as and when they fall due.

for the half year ended 30 June 2014

### 2. Income tax

Income tax recognised in profit or loss	<u> </u>	Ψ.
Tax benefit comprises: Current tax benefit	490,999	213,823
R&D tax rebate	-	355,249
Current period losses not booked	(490,999)	(213,823)

At 30 June 2014, there are unrecognised deferred tax assets of \$9,092,705 (31 Dec 2013: \$8,601,706) arising from cumulative income tax losses not brought to account. These losses are available for offset against future taxable profits of the companies in which the losses arose. As of the date of this report, the Directors and management believe it is premature to reflect additional deferred income tax assets based on their conservative assessment that realisation is not probable in the short term.

### Goodwill

Goodwill relates to the Workforce Management Pillar and includes entity acquisitions incorporating Human Capital Solutions Group Pty Ltd, Concentric Business Solutions Limited, Microster Solutions Pty Limited and Salvus Solutions Pty Ltd.

Sensitivity analyses were performed by management taking into account the financial projections noted. A reduction in the projected revenue growth from 10% to 5% would result in goodwill being impaired by \$2.1m. An increase of 5% in the discount rate would not result in any further impairment.
