25 August 2014

Commencement of Aircore Program

Highlights:

- Drilling underway at Gidgee, WA

Gateway Mining Ltd ('Gateway' or 'the Company') is pleased to announce that an aircore program comprising approximately 3,000m has commenced at Gidgee, WA.

Full details of the program can be found in the Company's announcement on 18 August, 2014.

It is expected the program will take approximately three weeks to complete, with assays due around three weeks after completion.

The Company will provide further updates when information becomes available.

Competent Person Statement

The information in this report that relates to Exploration Results, Mineral Resources or Ore Reserves is based on information compiled by Mr Scott Jarvis, a full time employee & Head Geologist at Gateway Mining, a member of the Australian Institute of Geoscientists. Mr Scott Jarvis has a minimum of 5 years' experience which is relevant to the style of mineralisation and type of deposit under consideration and to the activity which he is undertaking to qualify as a Competent Person as defined in the 2012 Edition of the "Australian Code for Reporting of Exploration Results, Mineral Resources and Ore Reserves". Mr Scott Jarvis consents to the inclusion in the report of the matters based on his information in the form and context in which it appears.
