NSW 2000

Dear Sir/Madam

SECURITY PURCHASE PLAN ALLOCATION

Ardent Leisure Group ("Group") today advises that the SPP announced to the market on 07 August 2014 has closed significantly oversubscribed. Applications were received from over 4,460 investors representing approximately 43.75% of the Group's registered holders at the Record Date of 06 August 2014. Due to the level of applications the SPP will be subject to scaleback at the Group's discretion, in accordance with the terms and conditions.

In light of the significant demand from investors the Board of Directors has decided to increase the funds accepted from \$15.0 million to \$20.0 million.

Applications have been scaled back on the basis of the size of the applicant's holding as at the Record Date and applicants have been allocated the lesser of:

- the value of securities they applied for in the SPP; or
- 12.25% of the number of securities they held on the Record Date, subject to each applicant receiving a minimum allocation of 207 securities (\$498.87) and a maximum allocation of 6,224 securities (\$14,999.84).

A total 8,298,754 securities will be issued under the SPP. The issue price of each security under the SPP is \$2.41 (being the price paid by institutional investors in the placement).

For applications subject to scaling, the difference between the application monies received by the Group and the value of securities allocated will be refunded to applicants in accordance with the SPP Rules.

Securities issued under the SPP will be allotted on Tuesday, 16 September 2014 and transaction confirmation statements will be despatched the following day. Trading in these securities is expected to commence on Wednesday, 17 September 2014.
