About Energy Developments

Energy Developments Limited ABN 84 053 410 263 (ENE) is an international provider of safe, clean, low greenhouse gas (GHG) emissions energy and remote energy solutions. ENE currently owns and operates a diversified international portfolio of power stations in Australia, the United States, the United Kingdom and Greece from a range of fuel sources including landfill gas, waste coal mine gas, natural gas and liquefied natural gas.

In the year ended 30 June 2014:

- ENE's worldwide operations produced approximately 3.7 million MWh of energy, enough to power over 600,000 homes; and
- ENE's landfill gas power stations around the world, and waste coal mine power stations in Australia abated and avoided approximately 12 million tonnes of carbon dioxide equivalent of GHG emissions, equivalent to removing 3.5 million cars from the road

Note: in this release, all amounts are Australian dollars unless otherwise specified, and all numbers are approximate unless otherwise specified.
