

## ASX Announcement

1 October 2014

### **Invigor Digital Solutions to build Litter Information Management System for NSW Government EPA**

Invigor Group Limited (ASX:IVO) ("Invigor") advises that Invigor Digital Solutions has been awarded a tender contract with the NSW Environment Protection Authority ("EPA") to deliver a Litter Information Management System. The tender was awarded under the NSW Government ICT Services Prequalification Scheme in which Invigor is an Advanced Registered Supplier for contracts that are high risk or valued over \$150,000.

Mr Gary Cohen, Executive Chairman, welcomed the contract saying: "We are pleased to have been awarded this tender by the NSW Environment Protection Authority. Development of this system will assist the EPA and their stakeholders in managing and sharing their data across key sites and programs. The inclusion of Invigor Digital Solutions as an Advanced Supplier in the NSW Government ICT Prequalification Scheme has been a great stepping stone for Invigor in increasing access to large scale tenders in the NSW Government ICT Tender program."
