Dear Anthony

Analytica Limited (ASX: ALT - Request for extension of voluntary suspension)

Analytica Limited (**Company**) requests that ASX extends the voluntary suspension of the trading in its securities. In accordance with Listing Rule 17.2, the Company advises:

1. The extension to the voluntary suspension is necessary for the Company to finalise the details of a placement and a pro-rata entitlement offer before making an announcement to the market in relation to the capital raising. The Company believes that trading in its securities cannot occur on a reasonably informed basis until this is complete;
2. The Company expects that the voluntary suspension will end when it releases an announcement to the market in relation to the capital raising which is currently expected to be released before the commencement of trading on Friday 3 October 2014;
3. The Company is not aware of any reason why the voluntary suspension should not be granted; and
4. The Company is not aware of any further information necessary to inform the market about the voluntary suspension.

Yours sincerely

Ross Mangelsdorf
Director
