

## ASX Announcement - Quantum Energy Limited (QTM)

### Sale of Manly Sea Eagles NRL Rugby League Club.

23<sup>rd</sup> October 2014 - John Walstab, Quantum Energy Limited

Quantum Energy Limited (ASX: QTM) has entered into an agreement with Penn Sport Pty Ltd to sell 100% of its shareholding in Manly Warringah Sea Eagles Limited (MWSE) NRL rugby league team.

While its shareholding interest in and association with MWSE delivered marketing and commercial benefits to the Quantum Group, the sale at this time enables Quantum's MWSE investment and related expenditures to be fully recouped, with the sale proceeds of A\$3.9 Mil, expected to be received in December 2014 to be applied to the Quantum group's continued growth of its renewable energy and medical equipment businesses in Australia and S.E Asia.
